WARNING - To reduce the risk of electrical shock, do not remove cover (or open unit). **NO USER SERVICEABLE** parts are inside. Refer servicing to **QUALIFIED SERVICE PERSONNEL**.

The design and manufacture of this player takes personal safety into consideration. However, any improper operation may result in electric shock, fire, or other hazard.

DO NOT open the cabinet by yourself to prevent electric shock. Please contact a professional technician to preform any service needed. Please use only components recommended by factory when replacement is necessary.

Please turn unit off when not in use. Use a dry, soft cloth to clean face with the system turned off.

PRECAUTION - Moisture may cause the lens on loader in this unit to malfunction. To remedy the problem, turn unit on, eject disc and run 1-2 hours to vaporize moisture inside the unit. Do not repeatedly turn unit off and on. After turning unit off wait 10 seconds before turning on again. Do not use broken, scratched, or twisted discs in player. This could result in damage to the unit. Use only 5", 12cm discs in this unit.

ONE (1) YEAR LIMITED WARRANTY

The Manufacturer warrants to the original retail purchaser of this unit that is or any part therein, under normal use and condition, be proven defective in material or workmanship within 1 year from the date of original purchase, such defect's will be repaired or replaced at the manufactures option without charge for parts and repair labor.

This warranty does not extend to the elimination of externally generated static or noise, to the correction as antenna generated noise or to the cost incurred to correct this noise. The warranty does not cover the removal or the reinstallation of this unit or damage to any CD's, Speakers, accessories, or the vehicle's electrical system.

This warranty does not the cabinet appearance or apply to the unit or any part of the unit which, in the opinion of the manufacture, has been damaged through alterations, improper installation, mishandling, misuse, neglect, or accident, THE EXTENT OF THE MANUFACTURE'S LIABILITY UNDER THIS WARRANTY IS LIMITED TO THE REPAIR OR REPLACEMENT PROVIDED ABOVE , AND IN NO EVENT SHALL THE MANUFACTURE'S LIABILITY EXCEED THE PURCHASE PRICE PAID BY THE ORIGINAL BUYER FOR THE UNIT.

This warranty extends only to the original purchaser of the unit and is not transferable. Some states do not allow limitations on how long an implied warranty lasts, and some states do not allow the exclusion or limitation on incidental or consequential damages, so the above limitation of exclusions may not apply to you.

This warranty gives you specific legal rights. To obtain repair or replacement within the terms of this warranty, the radio is to be delivered with proof of purchase and a discription of the defect(s), freight prepaid to the original dealer or to:

GENESIS
TECHNOLOGIES™

GT-2.0

CD/MP3/MP4/DVD Disc Player

Compatible with standard size CD, MP3, MP4 and DVD discs (4.75" or 12cm). The GT-2.0 is designed to read standard DVD, MP3, MP4, CD, CD-R, CD-RW, JPEG-CD Disc. Because of variations in recording methods some discs may not play on this unit. This unit will play region 1 DVD's (USA and Canada).

USB / SD Card

This unit allows users to play files stored on both USB and SD cards including MP3 music, MP4 short video clips and JPEG photo files. The USB port will also charge many devices like iPods and MP3 players.

Built-In AM/FM Tuner

27 preset FM stations and 18 AM stations available to select.

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Genesis Technologies is under license.

Bluetooth® Link

This unit contains Bluetooth® technology enabling secure, wireless connections between portable and fixed devices. This unit, when enabled can place and receive cellular phone calls through the GT-2.0s remote keypad and built in microphone.

The GT-2.0 Bluetooth® link also enables handheld control of streaming music from users wireless device play list.

This unit supplies quality high power audio and video outputs to three different rooms. Room A receives 2.1 digital surround sound. Room B and C receive standard stereo audio.

Sound Equalization Control

Allows control of the Bass, Treble, Balance and four preset EQ settings.

This unit has 1 Video Input, 3 Video outputs, 4 Audio inputs, 1 Digital Optical input and 1 Coaxial Input to allow users to enjoy entertainment from other sources such as Satellite Radio, Cable and Satellite TV, VCR's, Digital Cameras, Video Game players and a convenient 3.5mm Audio Input on the front panel

for iPods and MP3 Players. These sources must be connected through the inputs on the unit or through additional accessory wall plates. The Digital Optical input is used to enable digital audio from A/V components with digital optical output.

Clock

This unit has a built in clock that can display the time when any button is pressed and a sleep timer that turns off the radio for you.

GT-2.0 FEATURES

① **POWER**

Turns the power on and off.

② **IR**

Infrared remote sensor.

③ **MODE**

Select between AU1, AU2, AU3, AU4, AV1, BT, Radio

Note: Pressing and Holding the MODE button for 10 seconds will re-boot the radio and reset all defaults. It will leave the radio off. Press the on button to continue operation.

④ **AM/FM**

Allows you to select FM1, FM2, FM3, AM1, or AM2. Each band can be auto programmed with 9 station presets. 27 total preset stations for FM and 18 total preset stations for AM. (See FFWD or FRWD Radio Mode for auto scan features.)

⑤ **Bluetooth®**

Press this to enable Bluetooth® connectivity.

⑥ **VOLUME**

Increase or decrease the volume in all rooms where sound is being played.

⑦ **PLAY / PAUSE**

Press to play disc or pause playback of disc.

⑧ **EJECT**

Press to eject a Disc from your GT-2.0 built in player.

⑨ **FWD and RWD buttons**

Radio Mode: Press to select next frequency, higher or lower.

DVD Mode: Moves menu selection.

⑩ **F. RWD**

Radio Mode: Press to auto scan and memorize band preset stations. Scan through all lower preset stations.

Disc Mode: Select different levels of fast reverse.

⑪ **SPEAKERS A-B- C**

Turns sound on or off in corresponding rooms A, B or C.

⑫ **MIC**

Microphone for Bluetooth® cell phone communications.

⑬ **CLOCK**

Press this to see time. This function works in all modes and even when the unit is turned off. Press to change to the clock display. Press and hold to turn the display indication and button illumination off or on.

GT-2.0 FEATURES

⑭ AUDIO SETUP

Controls under this menu include Volume, Bass, Treble, Balance and EQ controls.

Volume:	39 different levels
Bass:	14 different levels
Treble:	14 different levels
Balance:	14 different levels

SEE Accessories Page 30.

Load a Disc

There are several ways to select and load a disc in the GT-2.0. If you have left a disc in the unit you can just press PLAY. If you are using the remote, press the PLAY button. Either of these options will start the disc playing. Another way to play a disc is to insert it into the slot. The unit will switch to LOAD by itself.

Insert Disc into built-in GT-2 Player loader, label side facing up

LOAD will automatically appear in the display

Eject a Disc

Regardless of which function is playing, if the eject button on the front panel or the remote control is pushed, the unit will stop playing and eject the disc. The unit will keep the disc in the slot with EJECT showing on the Digital Display. If there is no disc inside the unit, a disc placed in the slot will be taken inside automatically with LOADING showing on the Digital Display.
NOTE: When the unit ejects and the disc isn't removed after 1 minute, the unit will automatically reload the disc. This feature protects the disc from being dropped and damaged.

Press EJECT

DVD/CD/MP3/MP4 OPERATION

PLAY / PAUSE

Normally, when the unit accepts a disc with no Playback Control, the unit will play the disc from the beginning. When a Playback Control exists, the user needs to push the PLAY button to start to play the disc. If the user pushes this button again, the unit will pause the disc. To release Pause, push this button again, and play will continue.

PLAY/PAUSE

Push to pause disc.

PLAY/PAUSE

When disc is paused, push to play disc.

Stop

When the unit is playing, push the STOP button to stop playing the disc.

STOP

Push the STOP button to stop playing the disc.

Fast Reverse / Fast Forward

Regardless whether you use fast forward or fast reverse, (during DVD mode) there are 6 different speeds to select from: 1X, 2X, 4X, 8X, 16X, 20X To select a normal speed, push the PLAY button. The unit will immediately play the disc at a normal speed. On the unit the PLAY button must be pressed second time to Play from Pause.

F RWD

Push the Fast Rewind button to rewind DVD

F FWD

Push the Fast Forward button to advance the DVD

PREVIOUS

NEXT

Previous / Next

Pushing the Previous button, the unit will play the disc from the beginning of the previous track. Pushing the Next button, the unit will play the disc from the beginning of the next track.

To Load USB and SD Media

Insert USB device or SD card into proper socket on the front of the radio to begin playing media. To view, navigate and select between music and video/photo media the TV or Monitor must be on and set to AV mode. Use remote NAVIGATION buttons to navigate on screen menu.

Because of variations in 3rd party recording methods some discs, USB devices or SD cards may not play on this unit. Also, the SD and USB ports are capable of playing short video clips. Long playing video files may experience buffering delays and video freeze if viewing is attempted through these ports. Bluetooth® is not video enabled and will not play video files.

Bluetooth® PAIRING

Pairing the GT-2.0 with a Bluetooth® device

With the GT-2.0 powered on Press the button marked “Bluetooth®” to enter Bluetooth® setup. The GT-2.0 screen will report “NO LINK” until a Bluetooth® device is successfully paired with the GT-2.0.

The GT-2.0 will send a password request to the Bluetooth® device that reads “Enter a numeric PassKey for GENESIS TECHNOLOGIES ****”. The factory default pass key is (0000). Enter the 4 digit numeric code to unlock the Bluetooth® connection. The GT-2.0 will send a confirmation request to the device that reads “Accept Connection Request from GENESIS TECHNOLOGIES?” Confirm GENESIS TECHNOLOGIES connection to successfully pair device with the GT-2.0

Pairing the GT-2.0 to a cell phone will configure the GT-2.0 to allow hands-free listening and talking. The built in microphone is located on the face of the GT-2.0 with a range of 12 feet. Sound is transmitted to any of the selected rooms A, B and or C.

The paired Bluetooth® connection also allows remotely controlled streaming stereo audio from the paired device from as far away as 25 feet.

Bluetooth® pairing is not video enabled.

Press the “Bluetooth®” button to enter setup

Enter a numeric PassKey

PLACING A CALL - GT-2.0

REMOTE CONTROL Guide

⑥ BAND

Once the radio is selected, this button allows you to select FM1, FM2, FM3, AM1, AM2. Push the "RADIO" button and the unit switches to Radio immediately. During radio mode, press "RADIO" again to switch receiving band.

⑦ NAVIGATION BUTTONS

Press the appropriate button to move around any menus that are selected on screen. Center button is the "select / enter" button.

⑧ ENTER

Use to finalize selection.

⑨ SETUP

Press the "SETUP" button to activate the System Setup on screen display Video Monitor menu . Use the NAVIGATION buttons to navigate the OSD menu options.

⑩ SLOW

Pressing the SLOW button while in DVD mode turns on slow motion play back in steps of 1/2, 1/3, 1/4, 1/5 and 1/6 of standard play speed.

⑪ VOLUME

Press the "VOLUME" (+ or -) button to increase or

decrease the volume level respectively.

⑫ AUDIO - DVD Only

Adjusts the surround sound mode as well as selects the language. Must be set before play.

⑬ SOUND

Radio Mode: Repeatedly pressing the "SOUND" button moves you through 6 modes. VOLUME, BASS, TREBLE, BALANCE, EQ and TIME. Adjustment in anyone of these modes is done by pressing the "VOLUME" (+ or -) key. Controls can be modified differently for each room.

⑭ REPEAT

DVD Mode: Press "REPEAT" to repeat the current track being played. Press it twice to repeat playing all of the tracks.

CD, MP3, VCD Mode: Press "REPEAT" to repeat the current track being played. Press it twice to cancel the repeat function.

⑮ 0-9 NUMBERS

Radio Mode: You can select one of the 9 stored stations on each band by pressing any one of the number buttons (1-9).

REMOTE CONTROL Guide

Disc Mode: You can select any track directly by using the number buttons (0-10+). *Example: If you want track number 25. Consecutively press the number 2, then 5 and track number 25 will begin to play.*

16 A, B and C Rooms

Turns sound on or off in the corresponding rooms A, B or C.

17 EJECT

When the unit is in Disc Play mode, pushing the “EJECT” button will eject the disc. When the unit ejects a disc and the disc is not removed after 1 minute, the unit will automatically reload the disc.

18 SUBTITLE (SUB-T) / RETURN

DVD only. Returns to previously selected tracks. Press to select language or to turn off subtitles. Press and hold for 3 seconds to return to previous chapter.

19 MENU / DISPLAY

DISC only. Selects upper menu. Press the button for 3 seconds to display the status of the DVD or CD that is currently playing.

CD/VCD/DVD Mode: Press the “DISPLAY” button and the

GT-2.0 Display Screen and attached Video Monitor will show single track elapsed time, single track remaining time or entire disc time, It also shows the track being played and the amount of the whole disc.

MP3 Mode: Press the “DISPLAY” button and the OSD will show single track elapsed time only.

20 FAST REVERSE / FORWARD

Press to select different levels of Fast Reverse or Fast Forward. Press Play to resume selection.

21 ZOOM - DVD Only

DVD, VCD: Press the “ZOOM” button once to enable 2X zoom mode. Pressing the “ZOOM” button repeatedly moves the zoom mode through 3X, 4X, 1/2X, 1/3X, and 1/4X zoom levels. Press “ZOOM” again to exit the zoom mode.

22 PREVIOUS / NEXT

Radio Mode: Press to select higher or lower stations.

Disc Mode: Press to select previous or Next track or chapter. Pushing the Previous button, the unit will play the disc from the beginning of the previous track. Pushing the Next button, the unit will play the disc from the beginning of the next track.

REMOTE CONTROL Guide

②③ PROGRAM

CD/VCD: You can set the program order to play, by following the steps below. Press “PROGRAM” button and the LCD displays programming P00:00. You can set the program order to play them by using (0-10+) number button, and then press “PLAY/PAUSE” to play.

Note:

- (1) Program does not function in playing MP3.
- (2) CD Only- Allows you to re-arrange the play back order of the individual tracks differently from the order on the original disc.
- (3) If there are mistakes in programs, you can press “PROGRAM” button again then press “PROGRAM” button to play in order.

②④ STOP

DVD, VCD, CD: Press “STOP” to suspend playback mode. STOP will display on the TV Screen. Pressing “STOP” a second time will end all disc playback.

②⑤ PLAY / PAUSE

Press “PLAY/PAUSE” button to suspend the playback of CD, MP3, MP4, VCD and DVD media. Press it again to return to normal playback mode.

②⑥ 10+

FCC COMPLIANCE

15.19 Labeling requirements.

(a) In addition to the requirements in part 2 of this chapter, a device subject to certification, or verification shall be labeled as follows.

(1) Receivers associated with the operation of a licensed radio service, e.g., FM broadcast under part 73 of this chapter, land mobile operation under part 90, etc., shall bear the following statement in a conspicuous location on the device: This device complies with art 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference.

(2) A stand-alone cable input selector switch, shall bear the following statement in a conspicuous location on the device: This device is verified to comply with part 15 of the FCC Rules for use with cable television service.

(3) All other devices shall bear the following statement in a conspicuous location on the device:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
