Bluetooth Ceiling Assembly

Constant fan noise is a thing of the past with the Bluetooth Thermostat.
With the AUTO HIGH or LOW function in the app, the fan will shut off when the desired set point temperature is reached.

ADDITIONAL COMPONENTS *and* FEATURES

Control Package - For Heat Ready Air Conditioners

C9330C755 $**100.00** Cool Only, Heat Ready

Thermostats - Coleman®-Mach® makes a diverse selection of wall thermostats. Available thermostats can be found on the pages following the Coleman-Mach units.

Condensate Pump - Say good-bye to pools of water on your rooftop. Several Coleman®-Mach® air conditioners and heat pumps come with a Condensate Pump which ensures any water generated during the cooling process will be 'whisked' away instead of pooling on your rooftop.

ULTRA-LOW PROFILE
SPECIFICATIONS

The revolutionary MACH 8 Plus SERIES have the lowest aerodynamic profile in the industry at just over 8 inches tall. Fiberglass basepan provides superior strength and durability while reducing weight. The Mach 8 Plus outperforms all competitive models by delivering more cooling at a higher rate of airflow. Built-in 100% condensate water removal option. Also available in Roughneck™ rough duty models.

ULTRA-LOW PROFILE DIMENSIONS

EXTERIOR SHROUD	Height: 8.25”
	Width: 28.4”
	Length: 41.1”
INTERIOR SHROUD	Height: 2.2”
	Width: 21.0”
	Length: 22.1”

AIR CONDITIONER MODELS	BTU/h	AMPS		WEIGHT (lbs)**

Comfort By Design

Setting industry standards. That is what Dometic has been doing for nearly 50 years. Our program of continuous product improvement has paid tremendous dividends for manufacturers and consumers.

Dometic offers the world´s largest range of climate control products. We have the most powerful systems, stylish looks and the most user-friendly climate controls in the industry. Match that with a service network and you have a world-class organization with products that truly provide comfort to your RV zone.

Brisk Air models are the envy of the industry. The contoured shroud has less drag while the operating unit is energy efficient and built for long-lasting performance. The Penguin II is a true low profile model that is fully automated for worry free operation.

The end result: Dometic provides and defines a new level of comfort and convenience to the RV lifestyle.

** Nominal Capacity **Thermostats: Additional control kits for thermostats may be required.*
Note: Include suffix of Heat Pump or Air Conditioner model number (.xxx) being replaced when ordering a replacement unit.

Our AC units will keep your RV cool and comfortable all summer long. Having cool air in your RV is almost a necessity when driving in warm climates. However, if you also plan on traveling to explore colder places then you don't need to worry
- e have RV air conditioners with heaters too!

DOMETIC BRISK II AIR

The Brisk II's smart design and improved materials combine to maximize air flow and performance. It is best-in-class of any standard RV rooftop air conditioner for weight, air flow and capacity. Tested for use in extreme conditions.

DIMENSIONS: (D x H x W) 27.63 x 13.87 x 29.63 in **NET WEIGHT:** 77 lbs

DOMETIC PENGUIN II

This low-profile rooftop air conditioner with sleek, futuristic styling offers premium comfort control and improved aerodynamics. A high-performance motor and fan deliver superb cooling performance.

DIMENSIONS: (D x H x W) 29.00 x 11.25 x 40.50 in **NET WEIGHT:** 101 lbs

DOMETIC BLIZZARD NXT

Sleek and aerodynamic, with a composite base pan and injection-molded shroud that are both UV stable and rated for high impact resistance. The Blizzard NXT was tested for durability in the most extreme environmental conditions.

DIMENSIONS: (D x H x W) 30.00 x 13.99 x 40.00 in **NET WEIGHT:** 92 lbs

PENGUIN II LOW PROFILE HEAT PUMPS

The Dometic Penguin II Heat Pump provides year-round heating and cooling of recreation vehicles and campers. With a low profile under 10 in/25.4 cm, the sleek shroud reduces wind resistance while the vehicle is underway. By using advanced composite materials and advanced design, Penguin II delivers better comfort more efficiently than many other similar models. For non-ducted applications, a Dometic Air Distribution Box is required (available separately).

- Low profile – under 10 in/25.4 cm high
- Sleek, contemporary shroud design
- Eco-friendly refrigerant heats more efficiently

PENGUIN II LOW PROFILE AIR CONDITIONERS

The Dometic Penguin II Rooftop Air Conditioner features a futuristic look with powerful cooling performance. With a low profile under 10 in/25.4 cm, the sleek shroud reduces wind resistance while the vehicle is underway. A rib-reinforced base pan delivers lasting strength. The Penguin II is perfect for non-ducted cooling systems. Non-ducted application requires Air Distribution Box (ADB) (available separately).

- Low profile – under 10 in/25.4 cm high
- Sleek, contemporary shroud design reduces drag for improved mileage
- Perfect for ducted or non-ducted cooling systems

BRISK AIR II COOL ONLY

The Dometic Brisk II Rooftop Air Conditioner is the next generation of one of the most popular and imitated RV air conditioners. Stronger, lighter, smaller and more environmentally friendly than the previous version, the Brisk II features tighter specification tolerances and improved materials to maximize air flow and performance. Non-ducted application requires a ceiling-mounted air distribution box (ADB). Ducted installations are controlled with the CT Single Zone thermostat. (ADB and LCD thermostat are available separately).

- High-performance design
- EPP foam housing
- Custom-composite laminated shroud

BLIZZARD NXT

The Dometic Blizzard NXT air conditioner can be installed in height-restrictive spaces, making it ideal for flybridge, cockpit, engine room, or exterior deck installations. The air conditioner stands just 8 in/203 mm high. The dual blowers can be ducted to different areas or to confined areas such as flybridge dashboards and consoles. The unit features an oversized four-row evaporator coil for excellent heat removal under low fan-speed conditions. A highly efficient blower reduces power consumption, and the blower flows to two outlets.

- Attractive aerodynamic design
- Rugged and durable
- High-impact polypropylene injection-molded shroud and base pan

Cool Only

BRISK II HEAT PUMPS

The Dometic Brisk II Heat Pump provides year-round heating and cooling of recreation vehicles and campers. Stronger, lighter, smaller and more environmentally friendly than the previous version, the Brisk II rooftop unit features tighter specification tolerances to maximize air flow and performance. By using advanced composite materials, Brisk II delivers better comfort more efficiently than many other similar models. For ducted applications, a Multi-Zone Comfort Control Center II thermostat is required.

- High-performance design
- EPP foam housing
- Fits standard 14 in/35.5 cm roof vents

COMMERCIAL GRADE AIR CONDITIONERS

Dometic Commercial Grade rooftop air conditioners are performance-tested to overcome harsh and unusual road and weather conditions. Many standard units break down after just four hours of extreme vibration testing, while the Dometic Commercial Grade is still going strong at 30 hours and more.

- Rugged and strong, yet lightweight
- Galvanized steel top plate for lasting strength
- Motor, compressor and evaporator are bracketed together for vibration-free operation
- Dual rubber bushings at top and bottom control noise and vibration
- Powder-coated base pan is 15 % thicker than other models
- Long copper lines are designed for minimal vibration
- Eco-friendly 410A refrigerant

Air Conditioners

Introducing FURRION CHILL™, the new aerodynamically designed, mid-profile and powerful air conditioner for your RV. These units have been engineered with dual fan technology. They are constructed with lightweight materials to reduce weight impact on your RV.

- Single and multi-zone options
- LED mood lighting options available
- Superior cooling performance
- Compatible with ducted or non-ducted cooling systems
- Easy installation and simple touch operations
- Multiple operating modes and fan speeds
- Dual fans run more efficiently and reduces operating noise
- Aerodynamic rooftop design with UV resistant cover, base and rear grill
- Conversion kit available for easy exchange from other rooftop air conditioners

TV MOUNTS

Our steel TV mounts are well known for rugged quality and sleek functionality. Perfect for recreational vehicles, hospitality suites, and home patios.

BASE MOUNTS

SLIDE OUT

BEST Seller

Designed to swivel and slide out, this bracket is perfect for installation in a cabinet or corner.

- Slides out 7"
- Swivels
- Tilts 0 -10.5°
- Adjust for TV Height
- Up to 200 x 200 VESA

50lb

DIMENSIONS:
6"W x 17"H (tall) or 12.5"H (short) x 15.8"D

	msrp
MRTV40-001H (TALL) UP TO 55" TV	209.99
MRTV40-001H-S (SHORT) UP TO 32" TV	209.99

BASE OR CEILING

This mount is excellent for under-cabinet installation or reinforced ceilings. It can also be mounted to a counter or desk for a great monitor mount.

- Swivel and tilt
- Up to 100 x 100 VESA
- Up to 28" TV
- Requires reinforced structure when used as a ceiling mount

25lb

DIMENSIONS:
6.5"W x 11.5"H or 4.5"D

	msrp
MRTV1-012H	114.94

RIGID ADJUSTABLE

This low profile TV mount with adjustable mounting height is perfect for your new flat screen. Easy to install and the hardware is included.

- Adjust for TV Height
- Up to 200 x 200 VESA
- Up to 40" TV
- Base plate faces toward the front

50lb

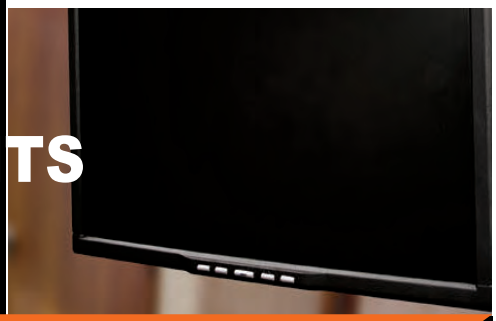
	msrp
MRTV1-003H	119.99

MORryde

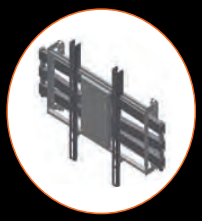
Above. Beyond. Always.

WALL MOUNTS



PULL OUT

The unique double arm swiveling function allows for the TV's angle to be changed from side to side. It simply pushes back into place and is held down with magnets to keep your TV secure.



- Low profile when closed
- Pulls straight out
- Great for exterior entertainment centers
- Swivels for a variety of viewing positions
- Locks in place for safe travel
- Up to 400x400 VESA

msrp

MRTV1-084H 217.99

DIMENSIONS:

22.6"W x 17"H x 2.7"D (closed) or 20"D (extended)

35lb

DROP DOWN

The Drop Down Wall Mount moves out from the wall and drops down for a better viewing angle. The ability to drop your TV mount down allows you to reduce the glare that is all too common.

- Low profile when closed
- Pulls straight out
- Great for exterior entertainment centers
- Swivels for a variety of viewing positions
- Locks in place for safe travel
- Up to 200x200 VESA

msrp

FURRION

Omni-Directional Rooftop Antenna and WiFi Router

Introducing FURRION ACCESS, an aerodynamic antenna that provides automatic 360° signal reception to receive stable VHF, UHF, FM and AM frequencies when you're on the move. It's been designed and engineered to withstand the toughest rooftop conditions. The optional LTE router's sliding mechanism allows for easy and efficient installation on your RV.

Omni-Directional Rooftop Antenna With Ceiling Mount
FPFURFAN73B7C
115.00 msrp

4G Router with ceiling mount

- Omni-directional antenna receives VHF, UHF, FM, AM and LTE signal from every direction
- Surface-treated to withstand severe weather conditions with durable ASA material
- Built-in high gain, low noise amplifier for minimum interference
- SMD technology and micro-electronics ensure excellent performance
- Easy to install 4G LTE WiFi Router
- Compatible with HDTVs of various digital terrestial signals, such as DVB-T, ISDB-T, DTMB, ATSC. and DAB/FM radios

MIRRORS FOR RV TOWING

SCAN HERE
to watch the video
or go to
www.camco.net/products/videos

Tow-N-See™ Power Mirror Extender

NO TOOLS REQUIRED
EASY TO INSTALL

Don't spend money on expensive aftermarket power mirror extensions. Tow-N-See Mirror moves along with your power mirrors so you can adjust your view while sitting in the driver's seat. Installs in just seconds with a twist of the knob, leaving no marks and making it easy to transfer from one vehicle to the next. *Tow-N-See...The one that works!* Patented.

CM25668	Convex	**$28.00**
CM25663	Flat	**$28.00**

CLAMP-ON TOWING MIRRORS give you more visibility when towing, making driving while towing safer and giving you peace of mind. The Clip-On Mirror features 360 degree ball and socket adjustment and an aerodynamic design that reduces vibrations. Installation is easy- there are no tools required. The adjustable rubber straps provide a universal fit. Clip-On Mirror measures 5" x 7-1/2" and fits driver or passenger side mirror. The Dual-View Mirror has two independently adjusting mirrors and an aerodynamic design that reduces vibrations.

CM25650	Single Towing Mirror	**$14.99**
CM25653	Dual Towing Mirror	**$26.99**

All prices listed are manufacturer's suggested retail

MILENCO

Grand Aero 3 XXL Towing Mirror

Easily keep an eye on your trailer or towed vehicle. Extra-large mirror head provides top to bottom view in one glance. Engineered to prevent vibration or shaking movement while in use. Aerodynamic design developed in wind tunnel for steadiness. Guaranteed to fit all vehicle models from 1990 – 2019. Universal clamp fittings ensure a perfect fit. Fully adjustable head and arm to adapt for all drivers. Includes convenient canvas carrying case for easy storage.

P/N	Details	MSRP
MIL-2912	Pair	$129.00

MILENCO

Aero 3 Extra Wide Towing Mirror

Easily keep an eye on your trailer or towed vehicle. Engineered to prevent vibration or shaking movement while in use. Aerodynamic design developed in wind tunnel for steadiness. Guaranteed to fit all vehicle models from 1990 – 2019. Universal clamp fittings ensure a perfect fit. Fully adjustable head and arm to adapt for all drivers. Includes convenient canvas carrying case for easy storage.

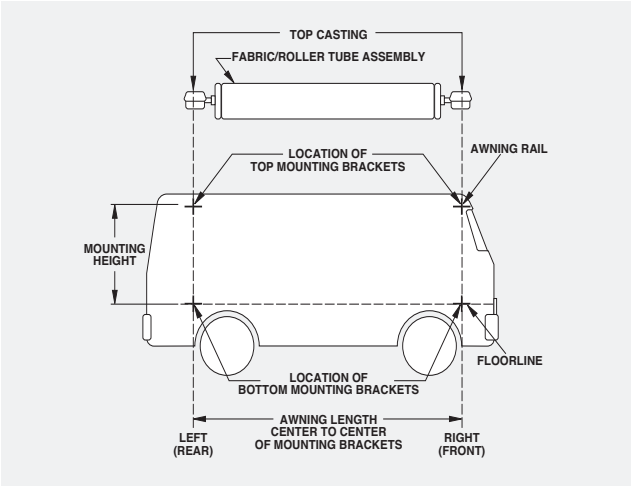
AWNING INSTALLATION MEASURING



PATIO AWNINGS

1. When installing a new patio awning on a recreational vehicle, the location of windows, doors, storage compartments, and trim must be considered so the awning will not block or obstruct them. The floor line and solid structural members must be located for proper and secure mounting of hardware.
2. he true awning length is obtained by measuring between top casting to top casting, center-to-center (see illustration).
3. he two bottom mounting brackets should be positioned directly in line with the floor line of the vehicle. Make sure the center-to-center distance between the two bottom mounting brackets is exactly the same as the distance between the two top mounting brackets and the awning length (see illustration).
4. hen ordering replacement fabrics or roller tubes, specify the center-to-center measurement between the top casting and NOT the length of the fabric or roller tube (see illustration). When ordering new awnings, specify the length to nearest foot, not to a fraction of a foot.

Dometic produces special length awnings, for example: 10′ 8″, 14′ 6″, 16′ 6″, and 19′ 6″. When ordering fabric or roller tubes for these sizes, be sure of the measurement between the center of the top casting to center of top casting. For total overall awning mounting length, add 3 inches to the center-to-center measurement between the top castings.

MEASUREMENTS

HOW TO DETERMINE WHICH MODEL OF HARDWARE YOU CAN USE

1. Measure from top of door to the awning rail. This distance will tell you if you have enough room to install aw Power Awning.
   a. These minimums needed to use STANDARD hardware
      (1) Under 6″ - advisable not to use Power Awning, edge of door will scrape fabric
      (2) Need 6″ to install Power Awning with vinyl weathershield
      (3) Need 7″ to install Power Awning with metal weathershield
      Note: Add 2″ to the minimum needed if door is at or near center of awning*
   b. These minimums are needed to use Basement hardware
      (1) Need 11″ to install Power Awning with vinyl weathershield
      (2) Need 12″ to install Power Awning with metal weathershield
      Note: Add 2″ to the minimum needed if door is at or near center of awning*
2. Want to know how high roller will be from the ground in the extended/out position? Do the math:
   a. Measure distance from ground to awning rail ( ) minus 18″ = ( ) this is the distance roller will be from ground on Standard hardware*
   b. Measure distance from ground to awning rail ( ) minus 36″ = ( ) this is the distance roller will be from ground on Basement and 5th Wheel hardware**

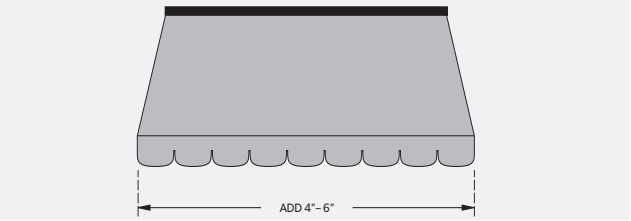
Knowing the above measurements will allow you to make the correct choice as to which model of hardware you want to use on your Power Awning installation.

* Must have minimum of 6″ door to rail to use Standard
** Must have minimum of 11″ door to rail to use Basement. Center-to-center measurement between the top castings.

SPECIFICATIONS

INFORMATION YOU SHOULD KNOW ABOUT THE POWER AWNING.

1. Extension when fully extended: 8 feet
2. Lengths available: from 12 to 21 feet in one foot increments
3. Length measured: from center of arm to center of arm
4. Width of arm: 3″ (1 1/2″: on each side of center)
5. Length of hardware back channel:
   a. Standard hardware, 65 1/2″
   b. Basement hardware, 62 1/4″
6. Depth of arm closed: 3 1/4″
7. Bottom bracket location from awning rail:
   a. Standard hardware, 66″
   b. Basement hardware, 63″ (with extensions add 15″)
8. Pitch of fabric when fully open:
   a. Standard hardware, 13 degrees
   b. Basement and 5th Wheel hardware, 20 degrees
9. Awning roller tube distance below awning rail when fully open:
   a. 18″ when using Standard hardware
   b. 36″ when using Basement hardware
   • with Standard hardware awning roller tube will be 92″ (7′ 8″)
   • with Basement hardware awning roller tube will be 74″ (6′ 2″)



WINDOW AWNINGS

1. When installing window awnings on a recreational vehicle, first measure the overall width of each window frame.
2. The awning length is obtained by adding 4″ to 6″ to the overall width of the window frame.

DOMETIC 9100 POWER PATIO AWNING

The Dometic 9100 Power Patio Awning extends from the side of your vehicle to provide shade, increases the usable living space of your RV, and allows you to spend more time enjoying the outdoors! The awning hardware allows you to raise or lower the awning and independently adjust the pitch to allow for protection from low sun. The 9100 Power Patio Awning is offered in one-foot increments to maximize the shade available for your RV.

- One person control
- In-tube motor design is protected from the elements
- Knee Action design allows awning to flex
- in moderate winds
- Pitch adjustment allows awning to be lowered for low sun or rain shed
- Manual override

DOMETIC POWER WAND ASSEMBLY

The Dometic Power Wand Assembly can easily allow Dometic 9100 or 9200 Power Awnings to be installed without the time and cost of altering your coach for hard wiring. The Power Wand installs in just minutes compared to the hours it could take to rewire your RV. This innovative solution frees you from the expense and hassle of running 12 V power from your power source (battery or converter) to your power awning.

- Hassle-free wiring
- Lithium ion battery powered
- Simple installation for plug-and-play use
- Easier option for upgrading to power awning
- Includes 110 V charger with LED status light
- 50 to 60 awning operations on full battery

		MSRP
D3316736.000	Power Wand Assembly	**252.26**

DOMETIC POWER AWNING PRO FOR 9100 POWER AWNING

- Use with any power awning on the market
- Open/close the awning remotely
- Advanced wind sensor automatically closes the awning in high winds
- Control awning's LED lights remotely (on/off/dim)
- Ignition interlock prevents accidental opening while RV is moving
- Remote control operates up to 100 ft/30 m away from campsite

		MSRP
D3316554.002	Power Awning Pro - White	**132.50**
D3316554.005	Power Awning Pro - Black	**132.50**

DOMETIC POWERCHANNEL USB CHARGER ACCESSORY

- Charging convenience, one 12V port, two USB ports and device strap

DOMETIC 9500 CASE AWNING

The Dometic 9500 Case Awning is a convenient alternative to traditional awnings. The simple single piece assembly and lateral arms provide hassle-free installation.

- Available in 12-volt power or easy, manual crank-out operation
- Power awning's wind sensor automatically retracts awning in winds for maximum protection
- Automatic Rain Shed makes it easy to drain away accumulated water
- Double-sided vinyl Linen Fade fabric
- Case's brush seal cleans and seals the fabric for storage and long life
- Case available in black or white

*** For color coordination vinyl weathershield, replace .000(X) with one of the following: . 300(X) - Black vinyl weathershield: Available only with fabric colors Onyx (NR) or Bark (NU)

DOMETIC

DOMETIC DOOR AWNINGS

The Dometic door awning is totally enclosed in an all-metal case. Its wide canopy provides cover for the door and side window – to protect both your entryway and you while you're looking for your keys. Dometic door awnings are available in white and black, as well as in manual and power versions.

DOMETIC ELITE OASIS II

- Oasis Power Door Awning automatically extends and retracts from inside your RV
- Choose from durable woven acrylic or vinyl polar white fabric
- Canopy is 43 1/2" wide woven
- Available in black or white
- All metal case: 3"D x 5"W, 34" Extension
- 48' or 56' from end of case to end of case

DOMETIC FULL COVER SLIDETOPPER

The Dometic Full Cover SlideTopper comes in a case similar to the 9500 Case Awning. The awning protects your RV slideout room from unwanted debris.

- Reflects light to help keep interior cooler
- Extends and retracts automatically with your slideout room
- Anti-billow device keeps fabric rolled tight to help prevent wind damage
- Full cover case provides maximum protection
- Easy to clean, just hose off or wash with mild soap

12 Volt

Powered Patio Awnings™

Quality • Value • Performance • Style

Altitude has exclusive features not found on any other awning

Altitude™

- Retrofittable to 3" and 3.4" diameter roller tubes
- 54" arm length – shortest awning footprint with an 8' extension
- Fits the gooseneck on 5th wheels
- Self-leveling retraction with Memory Pitch
- Altitude exclusive: External pitch adjustments
- Available in white or black hardware

Altitude comes standard with the Carefree Connects Wireless Awning Control System (901602)

- Provides Bluetooth awning control with our mobile app.
- Add Auto-Retraction with the Bluetooth wireless motion sensor (R060808-001)
- Add optional Remote Key Fob (R001911)

Control your Altitude awning's extension, retraction, and motion sensor sensitivity. All from your mobile device!

Adjust the pitch while it's open . . .

Or when it's closed!

External Pitch Adjustments:

- Exclusive to the Altitude awning!
- Mechanism is accessible with the awning closed
- Ergonomic design engages with just a gentle squeeze.
- Easy to set your awning for optimal shade or rain run-off!

Altitude Arm Sets

(Includes wall switch and Carefree Connects Control System (901602))

Item/Finish	Part#	Sugg. Retail
12V Altitude Arm Set – Polar White – Adjustable Pitch	4625APHW	$839
12 Altitude Arm Set – Black – Adjustable Pitch V	46JVAPHW	839

Roller assemblies sold separately. Requires a flat, unobstructed mounting area of 55" x 3". Arm sets cannot be used with rollers that have an existing metal wrap. Part #s above work with both 3" and 3.4" diameter roller tubes.

Travel'r™

Ideal for:

- Motorhomes
- 5th wheels
- Travel trailers
- 8' extension
- Buy as a complete new awning OR as an upgrade
- Retrofittable to 3.4" diameter roller tubes

Adjustable Pitch is ideal for instant pitch adjustments and features Self-Leveling retraction with Memory Pitch.

Travel'r Arm Sets

8' Extension Hardwired *(Includes wall switch)*

Item/Finish	Part #	Sugg. Retail
12V Travel'r Arm Set - Polar White - Adjustable Pitch	0V25APHW	$1,049
12V Travel'r Arm Set - Black - Adjustable Pitch	0VJVAPHW	1,049

Requires flat mounting area of 60" x 3.5" from awning rail down. Roller assemblies sold separately.

Eclipse & Eclipse XL™

- Six positions, instant pitch adjustments
- Self-leveling retratction with memory pitch
- Hassle free open, adjust and close
- 8' extension, 9' for the XL
- Stays secure even when only partially extended
- No locks or latches
- Motor locks roller in place during travel
- Retrofittable to 3.4" diameter roller tubes

Push button operation and the strongest arms

Eclipse Arm Sets *(Includes wall switch)*

Item/Finish	Extension	Part#	Sugg. Retail
12V Eclipse Arm Set - Polar White - Adjustable Pitch	8'	VX2550HW	$1,365
12V Eclipse Arm Set - Black - Adjustable Pitch	8'	VXJE50HW	1,365
12V XL Eclipse Arm Set - Polar White - Adjustable Pitch	9'	VX2552HW	1,679
12V XL Eclipse Arm Set - Black - Adjustable Pitch	9'	VXJE52HW	1,679

Roller assemblies sold separately. Requires a flat, unobstructed mounting area of 70" x 4.5"
For the XL model, you need a 77" x 4.5" area.

NOTE: ADD "CF" IN FRONT OF PART#

Carefree Connects™ Wireless Awning Control System

Switch Kit

BT Control Module

BT Motion Sensor

BT Remote

The BT 12 system gives you complete control of your awning from your phone.

GET IT ON Google Play

Download on the App Store

Carefree Connects Control System works on these 12V Carefree awnings:

- Eclipse
- Longitude
- Latitude
- Freestyle
- Travel'r
- Compass
- Freedom

Altitude comes standard with system (901600). Add Auto-Retraction (R060808-001) or Remote Key Fob (R001911) only for this awning.

- Bluetooth connectivity
- Single-Touch operation
- Latest in motion sensor technology
- Auto-retraction during inclement weather
- Carefree Connects mobile app for remote control with a smart device!
- App can extend, retract, and adjust motion sensor sensitivity.

Wireless Awning Control System

Item/Part #	Switch Kit	Control Module	BT Motion Sensor	BT Remote	Sugg. Retail

Pioneer™

Pioneer's manual crank operation is a snap to use. The arms are light, yet just as strong as bulkier arms.

"The Carefree Pioneer manual awning is the easiest full size patio awning to operate."

Just turn the crank mechanism and once it is fully open, slide the rafter arm up to the roller and tighten the rafter knobs. Now you can raise the roller with the lift handles to any desired pitch. It's that simple.

For an really taut canopy, backwind the crank. There's never a need to re-tension your canopy. To close, reverse the steps and crank in the opposite direction. That's it. You're ready for travel!

- No locks or straps to fuss with
- Simple operation
- Crank ensures taut canopy
- Billow Proof

Pioneer Endcap Upgrade Kit

- Change existing Spirit, Fiesta or Simplicity to crank operation. *(1997 or newer BN3N4.)*

Use if your fabric, arms and roller are in good condition, and you don't want to trade them out. Springs are replaced with a crank mechanism. Telescoping crank handle is sold separately.

Pioneer Arm Sets *(Includes telescoping crank handle)*

Freedom™

Wall Mount

Mounts on the side of your camper or RV

Roof Mount

Mounts on the roof of your camper or RV

Roof and Wall Mount Freedom Awnings *both come complete with telescoping hand crank for manual operation.*

- Easy operation
  Choose from push button control or easy, hand-crank operation.
- Fast setup
  One person can set up the Freedom in just minutes.
- Sleek look, unmatched beauty
  Freedom case closes up flush and looks like part of the vehicle.
- Fully protected canopy
  The awning case completely encases and protects the canopy.
- Self contained support arms
  The support arms store in the lead rail and fold once it's at eye level. They adjust easily with flip lock controls.
- Manual override
  The 12V model includes a manual override if power is lost.
- Full or partial extension
  You can stop at any point during the extension and set up the Freedom in tight quarters.

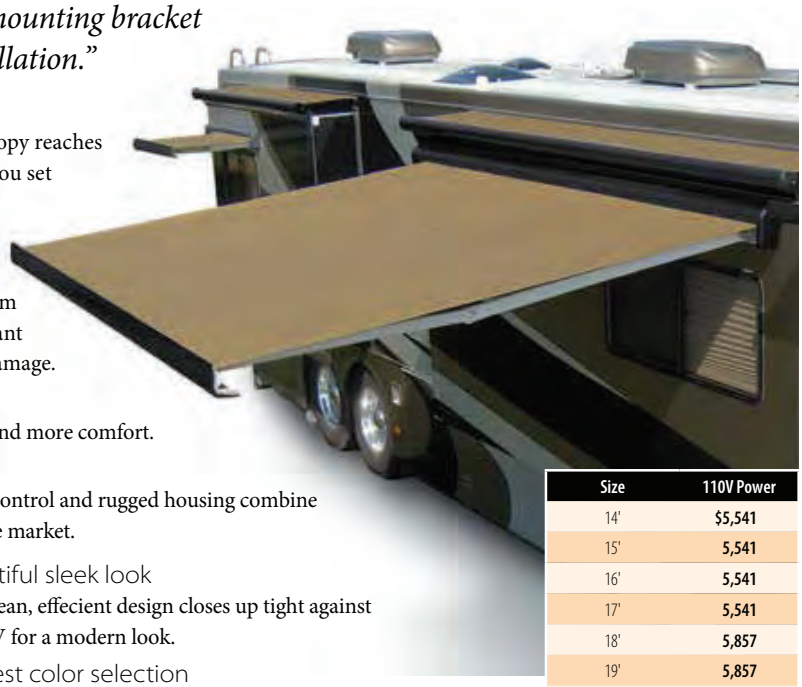
Mirage™ with Direct Response Electronics

"Mirage is the strongest, most durable lateral arm box awning available. The one piece mounting bracket provides a firm, dependable installation."



- Direct Response Electronics
  Mirage automatically retracts when the canopy reaches a predetermined level of movement—and you set the movement level on the control panel.
- 110V power operation
  Includes easy to use controls and the Motion Detection System. This unique system detects canopy movement, the most important element to help prevent wind and weather damage.
- Full 10' projection
  The Mirage extends further for more shade and more comfort.
- Superior design
  Motion Detection Sustem, Wireless remote control and rugged housing combine to make the most advance box awning on the market.

- Beautiful sleek look
  The clean, effecient design closes up tight against the RV for a modern look.
- Largest color selection
  Available in white or black case and over 100 beautiful acrylic colors.
- Lateral arms for maximum head clearance

Bag, Window & Companion Awnings

Quality • Value • Performance • Style

"You should insist on a Campout over any other bag awning."

- The Campout Awning stores in a durable, zippered vinyl bag, has self-contained hardware and a fastener strap holds the rolled up canopy in place.
- Campout's easy set up Self-storing arms and braces fold into the lead bar. Flip-lock levers make arm and brace adjustment quick and easy.
- Campout's durable construction Heavy-duty aluminum channels, sturdy hardware and rugged vinyl fabric make the Campout the strongest bag awning available.
- Campout's best looks The Campout is available in a wide range of colors to perfectly match your trailer! The storage bag is white.
- Mounting area The Campout requires a flat, unobstructed area three inches longer than the bag size. An 8'–5" Campout awning would require a mounting area of 8'–8".

12 Volt Folding Camper Lift™

- Lifts more, works faster
  Easier to install than any other lift.
- Stops at any time
  tuck in the fabric when lowering.
- Easy DIY install
  Just change out your manual crank*.
- Protective black cover & switch
  Uses the same bolt holes as your current lift mechanism and cables.

Item	Part #	Sugg. Retail
12V Camper Lift	P92001	$482

Replaces Dutton Laison Model 880 manual crank. Uses your existing crank and lift mechanism. 1200 lb. rated lifting capacity.

**Current application replaces most manual winches used by many manufacturers today. See your dealer for details.*

Color LED

Universal Light Kit

"Switch between white or any of 15 colors on your RF remote control!"

Be the envy of the campsite with adjustable light that is bright enough to read by. These fun, 3M® adhesive-backed energy saving LEDs are great for parties or just enjoying the evening outside. These lights can attach to your awning, the side of your coach or just about anywhere you want them.

- Choose any color on the remote: **White or 15 color options shown below!** Also features flash, fade and strobe functions.

- 16′ of LED Lights with 3M® adhesive backed strip
- Trim to fit custom lengths
- 110V plug and play or 12V hardwire application
- Water resistant, wireless RF remote control
- Flash, fade & strobe features
- Simple installation

No drilling or dealer installation required!

White LED

Universal Light Kit

"Now sundown doesn't have to stop the outside fun. Let Carefree throw a little light on the subject and keep the day going, even after dark."

These 3M® adhesive-backed energy saving LEDs provide adjustable, clean white light that's bright enough to read by. Great for any night time activity. You can attach these lights to your awning, the side of your coach or just about anywhere else you want them.

- 16′ of White LED Lights with 3M® adhesive backed strip
- Trim to fit custom lengths
- 110V plug and play or 12V hardwire application
- Water resistant, wireless RF remote control
- Dimmable
- Simple installation

No drilling or dealer installation required!

Carefree uses waterproof RF receivers, while competitive brands are not sealed to protect against water damage!

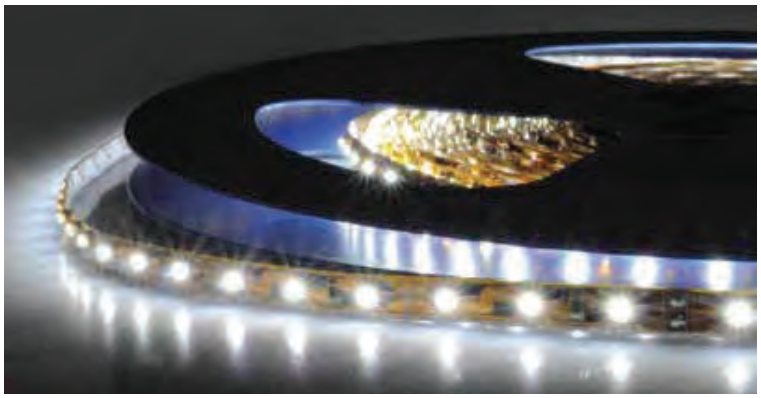
Universal White LED Replacement Strips

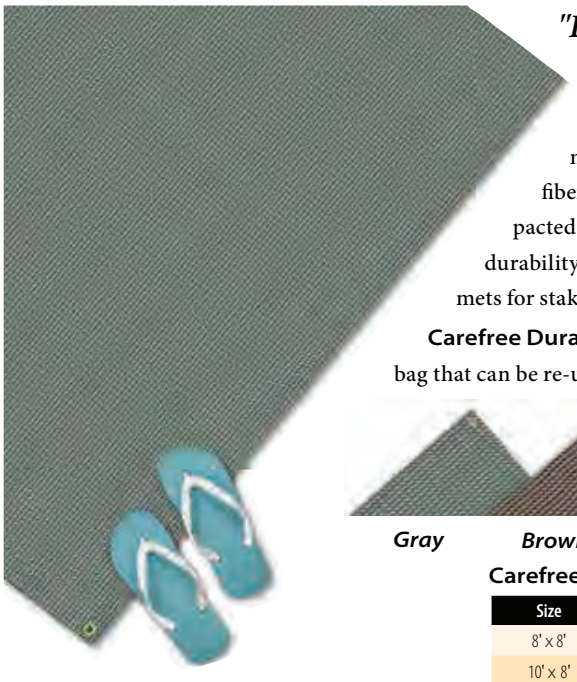


Replacement LED light strips provide clean white light. Two intensities; either 30 lights per meter or 60 lights per meter. They come in 16' rolls with a 26" long lead. Trim the strip to size, plug it in, and you can use it nearly anywhere. Works with competitive brands.

Item/Color	Description	Size	Part#	Sugg. Retail
Universal White LED Replacement Strip	30 lights per meter	Long – 16' strip with 26" lead	901092	$70
Universal White LED Replacement Strip	60 lights per meter	Long – 16' strip with 26" lead	901094	$80

Replaces Carefree and most other brands of LEDs. Includes butt splice connectors for replacing competitive brands.

Carefree Dura-Mat™



The Carefree Dura-Mat opens up big, lays flat, and folds up small. It comes in a handy, re-useable carry and storage bag.

"Dirt and water filter through. And they're hemmed all around."

The most rugged and beautiful mat onthe market; colored vinyl strands and reinforcement fibers are loomed into a woven fabric then compacted and bonded for exceptional strength and durability. Constructed with reinforced brass grommets for staking mat to the ground.

Carefree Dura-Mats come in their own handy storage bag that can be re-used for years. They fold up small for storage.

Carefree Ascent™

Quality • Value • Performance • Style

Slide awning innovation at its finest

"The Ascent is the most innovative automatic slideroom awning on the market. Nothing else comes close to matching its performance & style."

- Works with the longest slide out rooms, including the "Super Slides."
- Protects your coach from water, dirt and debris that can be dragged inside when retracting your room.
- Keeping dirt out extends the life of your room seals and interior flooring.
- All mounting hardware is concealed for a clean, finished look.
- The Ascent has no travel locks or anti-billow mechanisms to fuss with.
- The Ascent extends automatically with your slideout.

The Ascent *features an enclosed roller assembly that provides both protection for your awning, and a sleek, modern look when closed for travel.*

The removable hinged cover *provides maximum fabric protection along with a clean, finished look. It also provides easy access for cleaning.*

- Roller tray runs the entire length of the awning, eliminating the roller sag you see with other brands of slideout awnings—the number one reason for water pooling.
- The Ascent maximizes water run-off.
- Works with even the longest slideout rooms—up to 32' lengths.
- Available in all Carefree fabric colors and styles in white or black housing.

NOTE: ADD "CF" IN FRONT OF PART#

Ascent™ Roller Assemblies – *Order optional mounting brackets separately.* Actual length of Ascent *(endcap to endcap)* measures approximately 6" longer than fabric width.

Sideout Kover III™

Quality • Value • Performance • Style

"Notice how the SideOut Kover III slideout awning integrates with the patio and window awnings for a sleek, modern unified look."

The SideOut Kover III *with an aluminum cover to protect the fabric is shown top. The SOK III with wind deflector is shown below.*

- Works automatically with your slideroom
  Helps protect from damaging leaves, debris and water.
- Concealed, built-in cradle support
  Prevents the roller assembly from sagging
- Covered and concealed mounting screws
  Enhances the unified, sleek, modern look of your RV.
- Extruded aluminum for long lasting durability.
  Roller tube, bracket assemblies, wind deflector and cover
- Available in standard white, black and satin.
  White comes with matching white brackets and endcaps while all other colors come with black.
- Billow-free fabric while traveling.
  Deflector and optional cover prevent flapping in the wind.

Tip: *Under certain conditions, water may pool on top of any brand of extended slideout cover. If you retract your slideout in steps (stop & go), the roller can take up the fabric and dump most of the water.*

SideOut Kover III with Deflector & SideOut Kover III with Cover *(Complete – Includes awning rail)*

Includes roller assembly, wind deflector (and/or cover), mounting hardware & awning rail. Note: Actual length of SideOut Kover III (endcap to endcap) measures approx. 6" longer than the fabric width.

Alpine Slideout Cover™

The Alpine protects your slideroom from dirt, debris, and moisture

Billo-Stop Inertia Lock prevents any billowing while the awning is closed in transit

"A new generation of slideout protection for budget conscious applications."

- A more affordable, efficient, practical, and easy-to-install slideout cover
  Works on even the longest super-slides at an affordable price.
- The Alpine's Billo-Stop™ Inertia Lock
  Patent-pending "Billo-Stop" is fully automated and self-contained in the end caps. It even prevents billowing if the room isn't fully closed or straight!
- Lightweight, easy to install
  Lock calibration and hardware have been eliminated, saving installation time;
- Optional FLXguard fabric protection
- Short or tall brackets adapt to any size slideout
- New sleek end-cap design
- Available with black or white hardware
- Available with Carefree's vinyl fabric

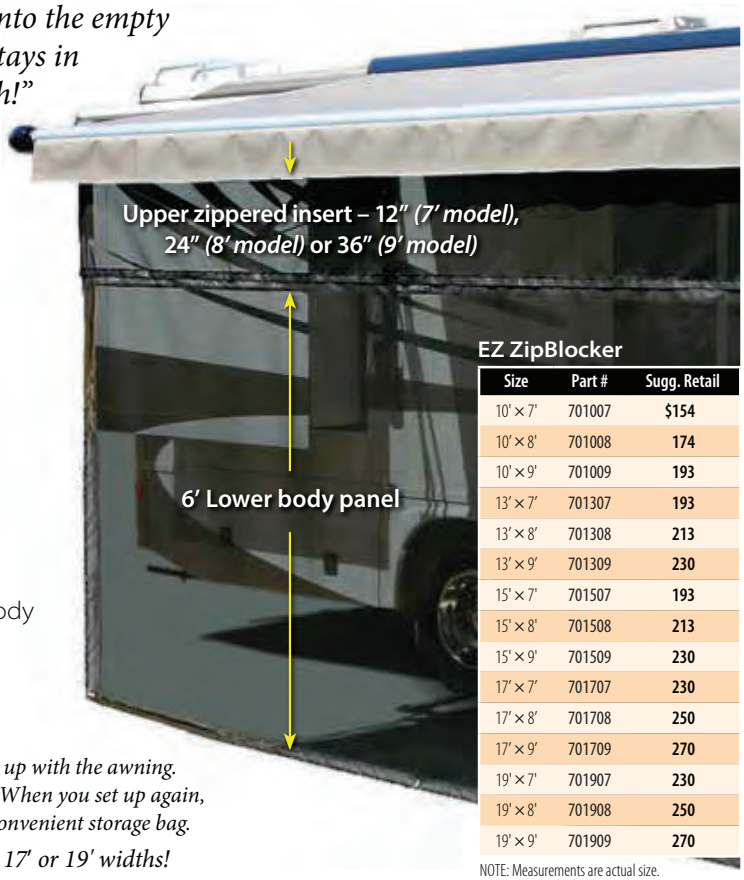
EZ ZipBlocker™

Designed specifically for 12V Awnings

"Fits most brands of awnings. Slides into the empty slot of your awning. The top portion stays in your awning to make it easier to reach!"

- Open weave fabric cuts approximately 85% of the sun's light
- Keeps you cool and comfortable.
- Unique vinyl coated polyester fabric provides years of use.
- Spikes and tie downs included.
- Blocks the sun, keeps the view.



- EZ ZipBlocker comes in two pieces: a 6' body panel and an insert:
  - 7' drop has a 6' body panel and a 1' insert.
  - 8' drop has a 2' insert
  - 9' drop has a 3' insert.

The insert slides into the awning roller and rolls up with the awning. This allows you to reach the zipper without a ladder. When you set up again, simply zip the body panel into the insert. Includes convenient storage bag.

Available in 7', 8' or 9' drop and 10' 13', 15', 17' or 19' widths!

Making it simple and easy to:

POWER UP

Power Up your mobile lifestyle with the Solera Smart Arm 12V Power or 18V Battery Operated awnings. Save yourself the stress and added time of manually setting up your awning!

UPGRADE

Upgrade your current manual or power awning with Solera Universal Hardware! Our Hybrid and Power awnings set up automatically for camping as they extend.

FIX IT

Tired of your old manual or power awning? With our newly designed Solera Universal hardware, replacing your broken or worn out awning has never been easier, no matter what awning brand you have.

⚠ **WARNING:** This product can expose you to chemicals including DEHP and other Phthalates, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov. Wash hands following installation or before eating.

110V Easy Access Charging Adapter

Integrated 18V Battery Power Pack

AC Adapter plugs in to any 110V outlet

18V Power Features

- Save 1-2 hours of additional installation expense as there is no need to wire this directly in to your RV's power supply
- Waterproof switch offers easy, push-button operation
- Auto rain dump feature activates when rain water pools in the canopy, automatically lifting the awning arms to release the pooled water
- Operates 22-25 times before needing a simple plug-in recharge
- Exclusive, quick and simple independent pitch adjustment for relief from the sun at any point in the day
- Faster extend and retract time
- Includes 110V charging kit
- Easy DIY installation; no internal wiring needed to the RV's main power source
- Easy access manual override, an industry first!† In case of power failure, simply use a power drill to extend or retract your awning
- **NEW!** Universal Solera 18V Power Hardware option allows for an easy UPGRADE on Dometic®* (A&E) and Carefree™** manual or power awnings

TALL ARM

Adjustable Pitch

- Requires 69" unobstructed area from awning rail straight down
- Requires min. clearance of 4" between awning rail and top of entry door
- This hardware will roll the awning out to a pre-set pitch for maximum shade and ideal rain runoff
- Two-position pitch

ORDERING: **UNIVERSAL 18V, 12V and HYBRID ROLLER ASSEMBLIES**

How to Order Universal 18V Power, 12V Power and Hybrid Awnings

1. Measure the area where you want to mount the Solera awning, making sure the awning will not interfere with windows and doors.

2. Taking that measurement, order that size Awning Roller Assembly, and choose your desired vinyl color.
Use the Awning Roller guide for 12V Power, Hybrid, & Power 18V Battery to select the correct part number.

3. Measure the distance from the awning rail down the side wall to order the correct arms from the arm guide.
You will need to have 1 part number for the awning roll and 1 part number for the hardware selected for a complete order.

PRO-TEC™

PRO-TEC RV COVER MINI Protect your investment with Camco's Pro-Tec Mini Travel Trailer Cover. The cover's sides, front and back are made of three-layer non-woven polypropylene, while the top is a three-layer material made of DuPont Tyvek and non-woven polypropylene. Not only are these materials extremely durable, they are also breathable, water resistant and offer UV protection. A zipper entry door provides easy access during covered storage. Covered air vents help stop trapped moisture and mold. The air vents also help keep the unit cooler as well as prevent the cover from billowing in high winds. To fit your RV properly, the front and rear cinching straps reduce loose fabric and an underbelly strap system further secures the cover.

CM56370	Up to 13'7"	$275.99
CM56371	Up to 16'2"	$299.99
CM56372	Up to 17'7", Front Door	$329.99

LIPPERT COMPONENTS

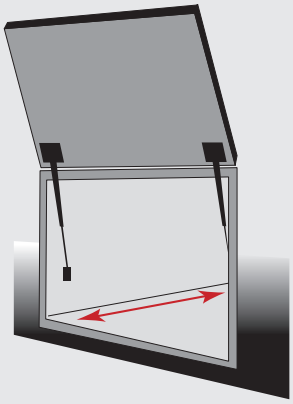
KWIKEE® CARGO TRAYS

Customize for easy access to storage

Kwikee Cargo Trays make accessing storage so much easier. RVers can stop climbing into deep storage compartments or straining to reach items in the back. Instead they can simply slide out the tray and grab what they need. Industrial grade ball-bearing slides keep trays gliding smoothly and allow them to extend all the way out. You customize the Kwikee Cargo Trays to perfectly fit each customer's storage compartments using plywood. Once installed, cover with carpet, rubber matting or vinyl.

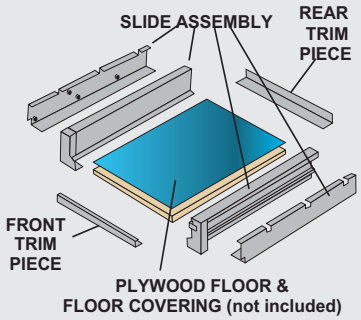
How to Measure

1. To select slide size (length), measure depth of compartment.

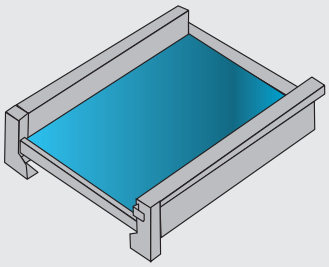


2. Determine desired width, allowing 4" for frame sides. Cut a section of 3/4" plywood (not supplied) and both trim pieces (if needed). Attach plywood to inner slide frame.

3. Square outer slide frame. Mark support holes, drill, and secure outer frame through the basement floor.



4. Cover plywood with carpet, rubber mat, or vinyl (not supplied).



CUSTOMIZE FOR EASY ACCESS TO STORAGE

Kwikee Products by Lippert Components

Kwikee Cargo Trays make accessing storage so much easier. RVers can stop climbing into deep storage compartments or straining to reach items in the back. Instead they can simply slide out the tray and grab what they need. Industrial grade ball-bearing slides keep trays gliding smoothly and allow them to extend all the way out. You customize the Kwikee Cargo Trays to perfectly fit each customer's storage compartments using plywood. Once installed, cover with carpet, rubber matting or vinyl.

FLEX GUARD

The patented Flex Guard is a heavy-duty, flexible rail that offers support and protection to vital slide-out plumbing, wiring and hoses under the slide room floor. The Flex Guard straightens out during extension and bends in an arc as it contracts. Its unique design prevents sagging during slide-out operation that could cause stress and lead to breakage.

FEATURES

- Can be installed on any slide-out system that uses a 1/4" steel rod or swing arm for the same application
- Single, double and triple applications
- All kits come with 8" mounting post with washer and five Flex Guard clips

LOOP IT, LOCK IT, & LEAVE IT.

Lock up the bike, ATV, grill, generator, camp chairs, dirt bike— just about anything — with the ToyLok anti-theft device. Simply bolt ToyLok onto the RV chassis, hitch or bumper and easily secure valuable personal property outside by extending the self-retracting cable, looping it through valuables and locking it with the heavy-duty padlock.

FEATURES

- Weighs only 5.5 pounds
- Easy bolt-on application
- 8,000-pound capacity cable
- Built-in clutch prevents cable snap back while retracting
- Features padlock, 2 keys and 15-foot PVC-coated cable
- Internal braking and pulley system allows users to choose the optimal cable length
- Easy bolt-on hardware kit includes two 1/4" 28 tpi x 3" bolts with security nuts

dicor products

An AIRXCEL Brand

the rv roofing experts

CLEAN & PROTECT

Dicor's roof care and maintenance products contain no harmful petroleum distillates, harsh abrasives or citric ingredients that can cause irreparable damage.

D E F RUBBER ROOF CLEANER

Formulated specifically for RV rubber roofing, this biodegradable deep cleaning formula lifts dirt and grime, yet is gentle on the surface. Simply spray on, brush with a bristle brush and rinse off. For best results follow with Dicor Roof Gard Roof Protectant.

D	DC RP-RC160C	16 oz	Cleaner Concenrate	$ 13.95
E	DC RP-RC320S	32 oz	Trigger Spray	$ 16.95
F	DC RP-RC-1GL	1 gal	Trigger Spray Refill	$ 26.95

G H ROOF-GARD RUBBER ROOF UV PROTECTANT

Helps prevent EPDM rubber oxidation caused by harsh UV rays. The mild, nonabrasive formula keeps surfaces cleaner longer with no residue or oily build-up. Contains no silicone, waxes, glycerine or petroleum distillates. Simply spread evenly with a damp mop or cloth and let air dry. Will not harm rubber roofing.

G	DC RP-RG320S	32 oz	Trigger Spray	$ 16.95
H	DC RP-RG-1GL	1 gal	Trigger Spray Refill	$ 29.95

Not shown	Extension Tube	57181	57182

A. RV Universal Fit Stove Top Cover

Protect and hide burners and add counter space in your RV. Cover acts as a splash guard between burners and wall when folded back. Flip up one side to use two burners or fold and store it away compactly when you need all four burners. 20-gage steel with powder-coated finish.

		MSRP
CM43559	almond	$78.50
CM43554	black	$78.50
CM43557	white	$78.50

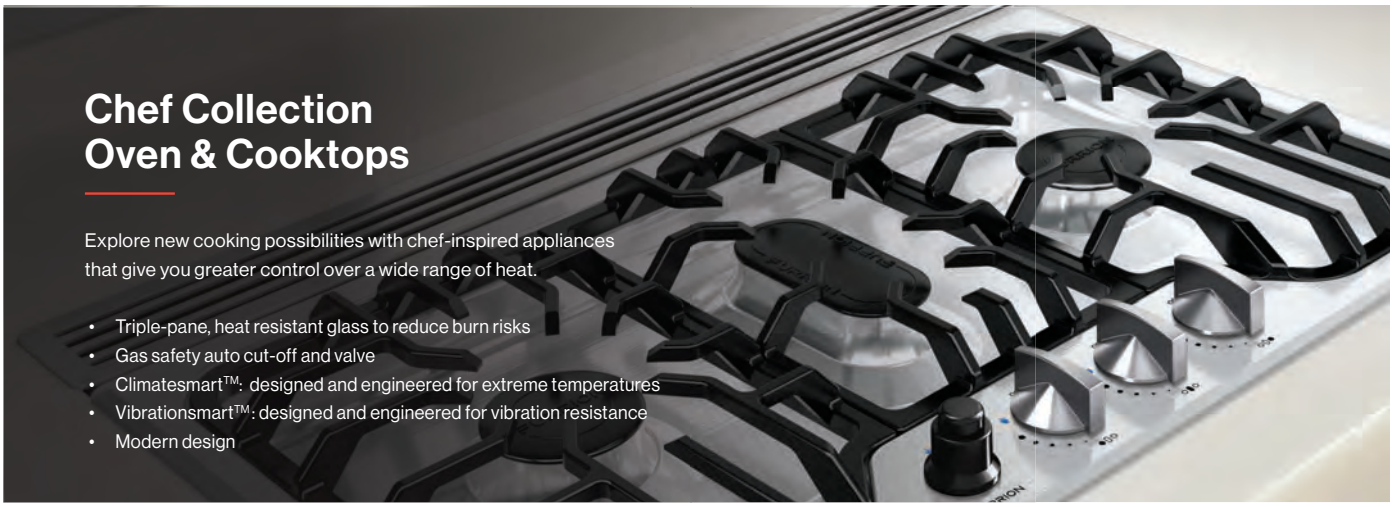
B. Magic Chef® Grommets

Rubberized silicone grommets protect your stove top from scratches caused by the grate. Specially sized for Magic Chef brand grates.

CM43614 4/pack $3.99

All prices listed are manufacturer's suggested retail

Chef Collection
Oven & Cooktops



Explore new cooking possibilities with chef-inspired appliances that give you greater control over a wide range of heat.

- Triple-pane, heat resistant glass to reduce burn risks

INDUCTION

Elite SERIES

Suburban Induction Cooktops

QUICKER
heats up rapidly and cools off **QUICKER** than electric cooktops

SAFER
no open flames or heated metal coil elements

VERSATILE
for **PORTABLE** or **BUILT-IN** countertop applications

Engineered for portable use or built-in countertop applications

Ideal for RVs, campgrounds, cabins, kitchens - almost anywhere you have a 120v AC outlet.

INDUCTION

Induction cooking requires pots and pans that are made of ferromagnetic materials. Look for the induction symbol on the cookware packaging or on the pan.

BOTH UNITS FEATURE

- 1800 watts of ideal cooking power
- Compact, sleek and stylish
- 1 to 240 minute cooking timer
- 10 levels of heating power
- Auto safety shut off
- Soft Touch Control Center
- 4-digit LED display
- Smooth, grade "A" crystal cooktop
- Energy efficient
- Child Lock safety feature

SINGLE ELEMENT INDUCTION COOKTOP

3308A

POWER: 1800 Watts
VOLTAGE: 120V/60Hz
LEVEL SELECTIONS: 1 - 10 (SETTINGS)
MAX TIME: Set Timer up to 240 Minutes
MATERIAL: Grade A Crystal Top
DIMENSIONS: 11.8" W x 15.3"L x 3.5"H

DOUBLE ELEMENT INDUCTION COOKTOP

3309A

POWER: 1800 Watts
VOLTAGE: 120V/60Hz
LEVEL SELECTIONS: 1 - 10 (SETTINGS)
MAX TIME: Set Timer up to 240 Minutes
MATERIAL: Grade A Crystal Top
DIMENSIONS: 23.6" W x 15.3"L x 3.5"H

NOTES:

SRNA3 Range component information

Suburban uses three (3) suppliers for the mercury free range control systems on our SRNA3 ranges, SABAF, COPRECI, and ROBERTSHAW. The information below will assist you with identifying between the three systems.

The SABAF system is manufactured using a round tube manifold and the oven thermostat on this model is a cylinder style brass control with a micro switch attached. Should a replacement part be required for this type system each individual part can be replaced.

The COPRECI system is manufactured using a round tube manifold and the oven thermostat on this model is a cylinder style brass control. It does not have a microswitch attached to the thermostat. Should a replacement part be required for this type system, a complete manifold will be shipped that includes the oven thermostat, top burner valves and thermostat knob.

The ROBERTSHAW system incorporates a square tube manifold and the oven thermostat control is a cast aluminum body. Should a replacement part be required for this system a complete manifold will be shipped that includes the oven thermostat, top burner valves, and thermostat knob.

ADDITIONAL NOTES:

SRNA Range component information

Suburban has used three (3) suppliers for the conventional top burner assemblies, ROBERTSHAW, Mueller, and SI. The information below will assist you with identifying the burners.

ROBERTSHAW - Original Production, round top with aluminized steel body.

Mueller - Production start date of October 2012. Tapered aluminized steel body.

SI - Production start date of April 2013. Low profile black burner.

SRSA Range component information

Suburban has used two (2) suppliers for the sealed top burner assemblies, ROBERTSHAW and SI. The information below will assist you with identifying the burners.

ROBERTSHAW - Original Production, round top with aluminized steel body.

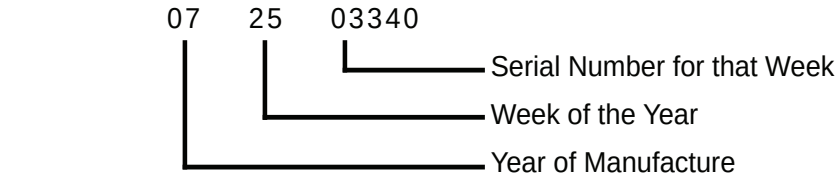
SI - Production start date of April 2013. Low profile black burner.

SUBURBAN SERIAL NUMBER INFORMATION

All Suburban Serial Numbers manufactured after January 1990, will be nine digits. The first two (2) digits signify the year of manufacture. The next set of digits, indicate the week of the year and the remaining digits are serial numbers.

EXAMPLE SERIAL NUMBER DESCRIPTION

Sample Serial Number:



REPLACEMENT PARTS

Only FACTORY AUTHORIZED PARTS are to be used.
Do not attempt to repair defective parts.

When ordering repair parts from your dealer, a Suburban Service Center, or distributor, always give the following information:

1. Part Number (Not Item No.)
2. Part Description
3. Model and Serial Number of furnace
4. Number of Parts Required

NOTES

Cook Tops

Defining European styling and functionality, Thetford leaps ahead of standard cook top appearances and adds the functionality you demand.

Topline 920

Features:

- Upscale feel, look and functionality of easy-to-clean glass surfaces
- Largest burner spread in class accommodates larger cookware
- Solid, no-rattle design
- Sealed cast (not pressed) metal burners for improved durability and cleaning
- 12V electronic ignition
- Flame failure auto gas shutoff
- 2-year limited warranty

Topline 920

Designed for upscale interiors, this two-burner, black glasstop model normally mounts on the countertop, but can be installed recessed. 10″ burner spread.

Topline 160

Available in three configurations. Recessed burner, glass-lined cook tops with glass lid can mount flush with countertop for a clean, streamlined galley counter.

NEW PRODUCTS!

RV CHEF COLLECTION

The RV Chef Collection™ is not just a name, its an idea. A vision of contemporary design and absolute control to master any type of cooking. But we didn't stop there, we've made Furrion's gas appliances more intuitive and safer than any other appliance in the industry. Cook with precision, consistency and safety that no other RV appliance can deliver.

STAINLESS STEEL DISHWASHERS

The RV chef collection dishwasher is designed to clean every item in the dishwasher with exceptional power and range. Featuring a wash management system that helps ensure optimal performance while reducing water consumption and special insulation that keeps noise to a quiet 55 decibels or less.

- Fully integrated light-touch electronic controls
- Low water useage per cycle, ideal for RV or Yacht applicants
- Durable racks are designed for efficient loading and secure dishes
- Bright annealed stainless steel interior for durable and lasting finish
- Glasses cycle selection is specifically designed to hand a full load of glass wear

Durable & Lasting Finish

Luxurious stainless steel design fits beautifully with your decor.

Control Panel

Fully integrated light-touch electronic controls.

Durable Racks

Dishwashing Made Easy

Handles Six place-settings!

The VESTA Space-Saving Countertop Dishwasher

A specialized dishwasher for the RV and Marine industries designed to clean glasses and dishware without wasting valuable water or space.

VESTA™

Maximum Performance. Minimum Consumption.

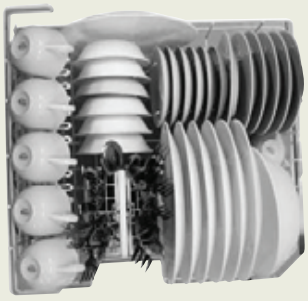
VESTA's new dishwasher uses no more than 2.4 to 4.2 gallons of water to get your dishes clean and dry. So, you'll not only be getting outstanding dishwashing results, but you will also be conserving a precious resource in your RV or boat - water.

Easy to install. Connects to the Sink.

VESTA's handy dishwasher can be placed on top of a counter and fits perfectly under most overhead cabinets. When placing it on a counter, the quick-connect kit connects the dishwasher to your kitchen faucet where it drains directly into the kitchen sink.

Easy to use.

Load your dishes and set the controls with ease - VESTA's controls are redesigned with 6 handy wash cycles. The detergent and rinse aid dispensers are easy to fill. The LED display counts down the cycle progress and the end-of-cycle signal lets you know when your dishes are done.



Cleans Better.

Cleaner and safer than hand washing, VESTA's intensive cleaning cycles heat your dishes, glasses and cutlery to higher temperatures for better wash results. From heavily soiled pots and pans to lightly smudged cups and glassware, it offers cycle for any type of load. There's even a handy Soak cycle that rapidly rinses dishes you plan to wash later that day.

Handy capacity.

The VESTA dishwasher may be small in stature, but it offers outstanding load size capabilities. Equipped with a specially designed dish rack and cutlery basket, the VESTA dishwasher can handle up to 6, four-piece place settings.

Built tough.

The VESTA dishwasher not only offers the space, weight and water savings that are so important in RV's and boats, but they are built tough to withstand the rigors of the road and the sea. VESTA dishwashers are equipped with stainless steel interiors and reinforced cases for a long travelling life.

Specifications

VESTA Space-Saving Countertop Dishwasher

Your dishes, cleaned with less water in the least amount of space.

VESTA's compact RV/Marine dishwasher leads the industry in installation flexibility, efficiency and performance.

VESTA™
Space-saving RV/Marine Dishwasher

Splendide® XC, Combo

This handy appliance gets clothes clean and dry in half the space. A washer and dryer in one, it makes short work of all your dirty laundry from heavily soiled cottons to delicate silks and wools. Plus, it's 'Class A' rated for superior results. With all the features you expect at home, yet sized-right with enhanced springs and shock absorbers that make it fit for travel, the XC's extra large drum can handle 15 lb. loads and its 11½" wide door opening makes loading easy. LED's illuminate as the cycles progress and detergent, bleach and softener are dispensed right when they're needed. The 'Add-an-item' option lets you open the door instantly during any cycle, and after washing, the drum spins up to 1200 rpm to remove more moisture from fabrics. During the dry cycle, the dual-rotating drum helps fabrics dry even faster with less creasing. All the while, the brushless motor works quietly so you can relax while the laundry gets done.

Features 10 wash cycles, 3* timed dry cycles, low heat, extra rinse, pre wash, low spin, automatic water-level and load-balancing, self-cleaning lint filter, adjustable water temperatures and more. Max. Capacity: 15 lb. Wash/11 lb. Dry. Extremely energy efficient. Available in white or platinum color with a vented or ventless* drying system. Backed by an industry leading 1-Year Limited Warranty (extendable to 5-years).

Electrical: 120V, 60Hz,11A
Size: 33 1/8"H x 23 ½"W x 22 5/8"D*
Weight: 148 lbs. **Water Use**: 7.5-16 gal.
Listings: cULus

	MSRP
SPWD2100XC Vented Combo, White	**$1300.00**
SPWDC7100XC Ventless* Combo, Plat	**$1375.00**

* Ventless model is 22 1/4"D and uses 2.5 gallons of water/hr during the dry cycle. It has an additional Auto Dry cycle and is available in platinum color only.

Splendide® Vent Kit

Ready-to-use kit includes a UV-protected, paintable louvered vent, UL-approved flexible metallic ducting and worm-driven screw clamps for a safe and easy RV dryer installation.

	MSRP
SPVI422 Vent Kit, Paintable	**$10.00**

Splendide® Deluxe Vent Kit

Deluxe vent kit with smooth, upgraded vent cover for high-end RV dryer installations. Includes flexible metallic ducting, worm-driven screw clamps, and a flap/insect seal. Vent cover available in paintable white or automotive chrome finish.

	MSRP
SPVID403A Vent Kit, Paintable	**$35.40**
SPVID403AC Vent Kit, Chrome	**$50.00**

Splendide® 90° Vent Elbow

Lightweight, aluminum vent elbow, turns 90° within 4-1/2" for close-wall dryer installations.

	MSRP
SPVI490D, 90° Vent Elbow	**$15.00**

Splendide® SecureFit™ Brackets

Prevent the appliance from shifting side-to-side or front-to-back in RV or Marine applications. Heavy duty galvanized brackets hook around the two front level legs and secure to the floor with the included self-tapping screws.

	MSRP
SPMK01, SecureFit Brackets	**$9.55**

Splendide® Detergent

3-in-1 detergent contains no artificial colors or fragrances. All-natural formula with built-in oxygen bleach and softeners brightens and softens fabrics as it cleans. HE formula works great in cold water and won't overfoam in your high efficiency washer. Safe for the environment and for those with sensitive skin. Super-concentrated. 5 lb. box. 100 to 200 loads.

MSRP

SP1005, Splendide Detergent **$ 19.95**

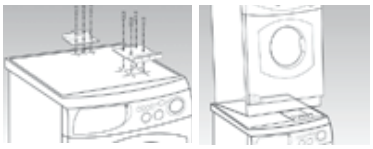
Drain-A-Way™ Pan

Practical pan with 1/2"ID drain fitting fits beneath the washer for added floor protection. Made of seamless, rotomolded plastic for extra durability. **Size:** 1 ½"H x 24"W.

MSRP

SPPI-22, Drain Pan, 22 1/4" D **$57.90**

SPPI-24, Drain Pan, 23 3/4" D **NLA**
USE SPP122



Splendide® RV Stack Kit

Exclusive RV/Marine Stack Kit. Unlike side-mounting kits, this kit fastens to the washer top allowing you to install the washer first and then the dryer, for easier hook-up in tight-fitting areas.

MSRP

SPSK02, RV Stack Kit **$75.00**

120V Dryer by Splendide®

Class-leading stackable dryer features super-sized, 4.0 cubic foot stainless steel drum, Easy-Clean lint filter, 3 timed cycles, Sensor Dry, bi-directional drum rotation for less wrinkling, and a Low Heat option. 13lb. capacity. 1-Year Limited Warranty (extendable to 2-years).

CAMCO

Fold-Away Grab Handle - Gray

CM42173 Fold-Away Grab Handle-Gray **$ 7.00**

Fold-Away Grab Handle - Black

The Camco RV Grab Handle is a simple, efficient way to make entering and exiting your RV safer. After the one-time, easy installation, the Camco RV Grab Handle provides a secure hand-hold on the left or right side of your RV door. When not in use, the Grab Handle easily lifts and rotates to lay flat against the side of the RV. The durable aluminum construction with UV resistant plastic brackets is built to last. Use the Camco RV Grab Handle to replace your old or broken grab handle, or to install on an RV that has never had a grab handle. All installation hardware is included.

- Provides a secure hold for entering and exiting your RV
- Easily installs to the side of any RV
- Ergonomic design provides solid, secure grip
- All installation hardware included
- Durable and weather resistant

CM42175 Fold-Away Grab Handle-Black **$30.00**

Short Fold-Away Grab Handle - Black

The Camco small foldaway RV grab handle is a simple, efficient way to make entering and exiting your RV safer. After the one-time, easy installation, the small RV grab handle provides a secure hand-hold on the left or right side of your RV door. When not in use, the grab handle easily lifts and rotates to lay flat against the side of the RV. The size is ideal for smaller vehicles and trailers. Durable aluminum construction with UV resistant plastic brackets is built to last. Use the Camco RV grab handle to replace your old or broken grab handle, or to install on an RV that has never had a grab handle. All installation hardware is included.

- Provides a secure hold for entering and exiting your RV
- Easily installs to the Side of any RV
- Ergonomic design Provides solid, secure grip
- Reduced Size for smaller vehicles and trailers
- Durable and weather resistant, all installation hardware included

CM42197 Short Fold-Away Grab Handle-Black **$25.00**

All prices listed are manufacturer's suggested retail

In just our first five years in the entry door market we brought 40+ never-before-seen product improvements and innovations, including three that are patent pending.

FEATURE	LCI	COMPETITION
Outer Frame Thickness	**1/8"**	1/16"
UV Stable Window	**Standard**	N/A
Hinge Size	**9-1/2"**	6-1/2" to 7-1/2"
Built-in Camber	**Standard**	N/A
Integrated Felt Seal	**Standard**	N/A
Screen Door Thickness	**1"**	1/2"
Screen Door Hinge	**Stainless Steel**	Aluminum

Upgrade package includes the following:

Friction Hinge

- Wind (up to 30 mph) will not blow entry door shut
- Replaces gas struts and plastic door catches that often break
- Seamless integration requires no additional parts
- Innovative engineering makes door sturdier

Lighted Threshold

- Lighted threshold activated upon opening
- Takes the guesswork out of step location in the dark
- Durable and protective cover strong enough to withstand the heaviest traffic
- Delivered pre-wired, making it easy to install

Larger Window with Obscure Glass

- Allows more natural light inside with a 12" x 36" window (black frame)

MOTOR HOME_ENTRY DOORS

We have the only motorized entry door on the market that is completely certified FMVSS 206. Most door manufacturers only certify their hinges and latches. LCI has made sure that the entire door assembly holds up to the highest standards. Its interior super-substructure adds extra strength and stability.

AUTOMATICALLY CLOSES THE SCREEN DOOR AND KEEPS PESTS OUT!

"Close the screen door!" How many times have you heard this shouted while RVing? That's because most RV screen doors DO NOT come with a retracting hinge. With our "junior" RVers constantly going inside and outside, this invites unwanted pests inside your living space.

The Screen Shot™ by Lippert Components solves this issue. With its patent pending design, the Screen Shot closes your screen door* automatically, every time.

How does it work? The Screen Shot is designed to install snugly into the inner channels of your screen door frame, held in place with anchor screws. The Screen Shot's elastic webbing is affixed directly into the doorjamb, expanding when the door is opened and then pulls the door shut by itself.

FEATURES

- Patent pending design automatically closes the screen door when left opened
- Keeps unwanted pests out of your living space
- Easy DIY installation
- All required fasteners included
- Fits ONLY Lippert Components entry doors; check the door's identification sticker, typically located on the entry doors inside frame, before ordering (most LCI entry doors have an LCI decal in the bottom right-hand corner of the entry door window as well)

*Only for use with Lippert Components right-hand screen doors. Lippert Component's entry door identification labels are typically located on the entry door's inside door frame.

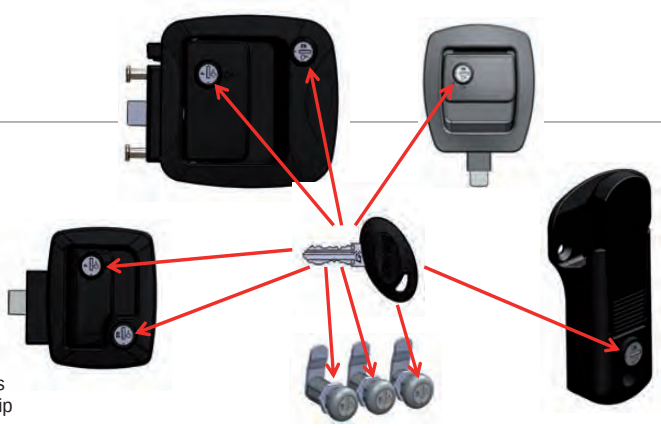
AP Products

Keyed-A-Like Locks



AP Products Keyed-A-like products offer customers one key to operate entry doors, baggage doors slam latches, ramp doors, bar locks, and handles. New locks can be installed in just a few minutes on most coaches by dealers and service techs.

IMPORTANT - All hardware must be from the same company. All entry handles, slams, cams, bar locks must be manufactured by the one company. The coach must have ALL Bauer or ALL G-Series locks to execute the re key process. To key alike, lock brands must match cylinders, do not interchange between brands.

- Use one key to unlock all exterior locks
- Opens entry doors, ramp doors, handles, bar locks and slam latches
- Can be installed on most coaches in minutes at a local RV dealership

Cylinders

For Bauer Locks and Cams

A control key from the lock manufacturer is required to perform a cylinder change. Ask your rep for part numbers and availability to order control keys.

For Bauer

- All Entry door locks, including electric locks, require (1) master cylinder (marked "P" on the cylinder) and (1) non-mastered cylinder (marked "DB" on the cylinder)
- All Bauer Slam Baggage Locks and Cam Baggage Locks use NON-MASTERED ("DB") cylinders for rekeying.

Replacement cylinders are packages of 10 and marked with the key number on the side.

Bauer

Replacement Master and Non-Mastered Lock Cylinders for Bauer Entrance, Slam, and Cam Locks. (Marked on cylinder: P = Paddle, DB = Dead Bolt)

KEY-ALIKE PROGRAM

ONE KEY - MULTIPLE LOCKS

Creative Products Group offers the Key Alike Program that allows RV and trailer owners the benefit of having just one key for an entire unit, providing increased security and convenience.

CPG DEALER KIT

This system allows a dealer to change key cylinders on Global Link locks to have all locks on a towable unit keyed to the same Global Link key code.

The CPG Dealer Kit Includes:

- **A 30 drawer cabinet**
- **100 Mastered cylinders** *(10 each of 10 different key codes)*
- **100 Non-mastered cylinders** *(10 each of 10 different key codes)*
- **200 Keys** *(20 each of 10 different key codes)*
- **2 Change keys**

***Multiple variations of these dealer kits**

DEALER PRICE 550.00

Call your sales representative to decide which kit is right for your dealership

CPG
Creative Products Group
Global PRO Series

Stop RocKEY!

Fact: Over 4 Million Units have at least one door keyed to these mass produced generic key codes: CH751, G391, CK330, CH502, R001, 357.

*Key your RV with the Global Pro **1Key** System that is safe and secure.*

All locks in the Global Pro Series have the capability of being keyed to match any Global series key codes. *(G301-G390)*

TriMark by RV Designer

TriMark's range of Motorhome, Travel Trailer and Compartment Hatch locks are second to none in design, reliability and function.

TriMark represents QUALITY and SECURITY

RV Designer®

TRIMARK MOTORHOME DOOR LOCKS

Designed for motorhome doors these locks provide easy installation. Paddle lock (T505) can be locked before door is shut. Comes with comfortable finger access, inside assist for easy closing and service-able shuttered key cylinder. Built-in dead-bolt (T507) eliminates the need for add-on residential type lock. Locks into the fully extended position for true deadbolt functioning. Strike plates are heat treated and zinc plated steel.

PowerMax

State-of-the-art 3 Stage Smart Charging technology, PowerMax Power Converter/Battery Chargers are engineered with the user and variable environmental conditions in mind. Extra care has been given to insure many years of service-free operation, even when subjected to extremely harsh conditions. **PM4** multi-stage chargers ensure that deep cycle batteries are charged quickly and efficiently without over-charging for your RV while also supplying DC power.

LC381613 F50-ATS 50 Amp 125/250 VAC 195.00 list

- Vibration Resistant Brass Terminals
  - -Designed to withstand vibration from RV
  - -Reduces the risk of loose terminals arcing
- High Copper Content Brass Terminals
  - -Brass Terminals reduce operating temperature range compared to other terminal materials used
  - -Improved thermal and electrical conductivity
  - -Reduced risk of thermal event
- Direct Connection to the safety interlock contactors
  - -Less resistance in the circuit reducing heat
  - -Improved thermal and electrical conductivity
  - -Reduced risk of thermal event
- Mechanical safety interlock prevents generator and shorepower source from contacting at the same time and provides stronger terminal contact
- UL94 fire resistant plastic casing
- Better quality and thicker silver contacts for longer durability in service
- Multiple cable strain punch out holes for easier and more installation options

50A Hardwire - Model 40100
Basic Automatic Transfer Switch

TRC Technology Research Corporation

120/240V, 50A, 60 Hz

The Surge Guard model is a basic automatic transfer switch. It is generator dominant and transfers to generator power automatically when energized after 30 second delay. Once the generator is shut down, shore power activates after a 3-4 second delay.

- Time delay at power up
- Third party listed
- Generator dominant
- Mechanical interlocking contactors

FEATURES

Built-in protection features against low transient AC line voltage, and current limit and thermal overload protection.

Lower operating temperature for longer component life and safer operation in limited compartment spaces.

Proportional Fan Control provides 'whisper-quiet' operation, utilizing the fan only when needed and at minimal speeds, eliminating sudden and obtrusive start-up noise.

External Reverse Polarity automotive blade-type protect the unit in the event of incorrect battery hook-up.

Dual Voltage jack allows for manual selection between Normal and Absorption Phase charging as well as easy installation of the IQ4 Smart Charge Controller.

Can be used with the optional IQ Smart Charge Controller for automatic multi-stage charging to prevent battery sulfation and stratification.

Backed by IOTA's Two-Year Warranty.

UL Listing on most models for both United States and Canada.

- Freight Terms are FOB Tucson
- Case quantity orders only
  Case Qty: 6 (4 per case for DLS-UI-27-40)
  5% Re-packaging Fee for less than Case Qty orders
  No mixing of units in case permitted
- Pallet quantity = 216 units

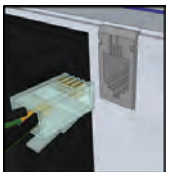
www.iotaengineering.com

A CONVERTER/CHARGER DESIGNED WITH THE USER IN MIND...

THE DUAL VOLTAGE JACK



The Dual Voltage Jack allows easy two-step charging for batteries. By inserting the included Dual Voltage Plug, IOTA battery chargers will deliver an increased output for faster charging. For example, units for 12V batteries typically charge at 13.6 volts. When the plug is inserted into the jack, voltage output increases to 14.2 volts. Remove the plug to resume normal charging. The Dual Voltage Jack also provides simple installation of the IQ4 Smart Charge Controller.

PROPORTIONAL FAN CONTROL

The unique Proportional Fan Control cir-cuit maintains fan speed in direct propor-tion to the converter's internal ambient temperature, enabling the fan to turn on and off slowly and quietly, minimizing op-erating noise.

REVERSE POLARITY PROTECTION

Secure external fuses protect IOTA pow-er converters and battery chargers in the event of incorrect battery installation. IOTA units utilize standard automotive blade-type fuses for easy replacement.

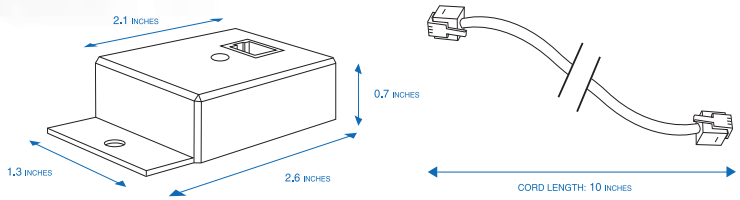
EXTERNAL AND INTERNAL IQ MODELS AVAILABLE

IQ4 4-STAGE SMART CHARGE CONTROLLER

The IQ4 Smart Charge Controller offers automatic charging control for DLS battery chargers, providing longer and safer use of your system's battery. The IQ4 controller allows the battery charger to operate as an automatic "smart charger." This gives the user the benefit of Bulk, Absorption, and Float stage charging, decreases charge times, insures proper and safe battery charging, and minimizes overcharging. The IQ4 monitors the battery at all times. If the DLS voltage remains in the long term Float stage for more than seven days, the IQ4 Smart Charger will automatically deliver a boost charge for a predetermined time, then return to the normal Float stage.



1 BULK
Batteries are charged up to the full-rated output of the DLS battery charger, reducing the time needed to charge the battery.

2 ABSORPTION
The voltage drops and the batteries are then held for a controlled period at the absorption phase to insure a full and complete charge.

3 FLOAT
The battery charger delivers a 'trickle' charge, maintaining the battery's full charge and avoiding "gassing" caused by over-charging.

4 EQUALIZATION
If the battery remains in the 'Float' state for seven days, the IQ4 delivers a Smart Charge cycle to dissolve sulfate layers and to avoid stratification.

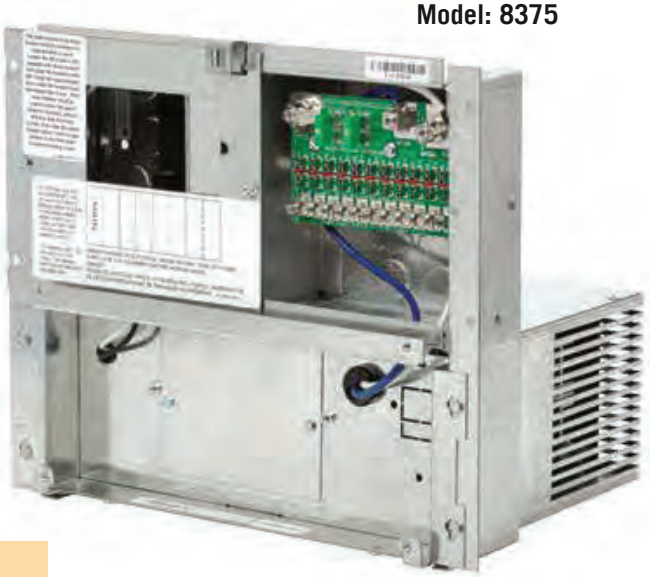
Power Centers
8300 Series

PARALLAX® POWER SUPPLY

TempAssure™

The 8300 Series brings output amperages to 30 amp shore services. Filtered full-range DC outputs of 45, 55, 65 and 75 amp. Active power factor correction* allows converter sections to operate on 120VAC 15A branch circuits leaving plenty of power for running other 120VAC devices. The series is also available with a 120VAC 30 amp line generator transfer switch or a 20 amp load shed device. Series has a full temperature quick charge function with a TempAssure option available to give you a premium value. **Upgrade with the 4400TAU (See page 8).**

Model: 8375



- 30 amp 120VAC Shore Service
- Filtered Full-Range DC Outputs of 45, 55, 65 and 75 amp
- Main and 6 120VAC branch circuits
- Durable Steel Enclosure
- 11 Position Fuse Block with Blown Fuse Indicators
- TempAssure option available (Patent US 7,245,109)

Model: 8345R

**Standard on 65 and 75 amp models*

Power Centers
5300 Series

PARALLAX® POWER SUPPLY

TempAssure™

The 5300 Series Power Centers bring output amperages to 50 amp shore service while offering filtered full range DC outputs of 55, 65 and 75 amps. Active power factor correction* allows converter sections to operate on 120VAC 15A branch circuits (which total 12) 120VAC branch circuits and 15DC branch circuits with open fuse indicators. The 5300 series has a full temperature quick charge function with a TempAssure option available.

Upgrade with the 4400TAU

- 50 amp 120/240V Shore Service
- Filtered Full-Range DC Outputs of 55, 65 and 75 amp
- Main and 12 120VAC branch circuits
- Durable Steel Enclosure
- 15 Position Fuse Block with Blown Fuse Indicators
- TempAssure option available (Patent US 7,245,109)

**Standard on 65 and 75 amp models*

Power Centers
6730D & 7155 Series

PARALLAX® POWER SUPPLY

6730D

Model: 6730D

The model 6730D electronic converter/charger from Parallax is the perfect power solution for small RV classes. The filtered DC power is free from spikes and surges, ensuring bright lighting and smooth operation of amenities.

part #	msrp
PC6730D	**235.00**

- Designed for the tent, pop-ups, and truck camper markets
- Designed for 30 amp 120VAC service
- Panel pre-wired and preloaded with a 30 amp main breaker, one 20 amp circuit breaker & two 15 amp circuit breakers
- Converter section provides 30 amp DC output, fan cooled
- Reverse polarity protection
- 5 position DC fuse board
- Product dimensions: 13.75" W x 7" H x 5.5" D, Wt 12.2 lbs

7155

7155 model features solid construction and quality components, which stand up to the rigors of RVing. The distribution panel meets the requirements as a CTL Class I listed enclosed panel board, an important safety benefit. Other features include steel chassis, ventilated steel door, and fuse clips.

Model: 7155

Model: 081-7155-000

- Designed for 30 amp 120VAC shore service
- Main and 5 12V branch circuits
- 11 position DC fuse board with blown fuse indicators
- Two separate cooling fans

Distribution Panels
500-12 & 80D Series

PARALLAX® POWER SUPPLY

500-12

The Model 500-12 was introduced a few years back as a 50 amp service distribution replacement for the Model 100 (Now Obsolete). Designed to minimize the cutout space required for a 50 amp panel, with improved capacity, the 500-12 includes 15 DC circuits. Standard configuration is with a decorative brown door.

part #	msrp
PC500-12	195.00

- Designed for 50 amp 120/240V shore power
- Panel rated for Main and 12 AC branch circuit
- 15 position DC fuse board
- Rugged steel construction
- 12.125"W x 12.25"H x 4.75"D, Wt 15 lbs

ETL LISTED c US Intertek

80D Series

The Model 80D distribution panel features an 11 position fuse block with open fuse indicators. Built for 120VAC 30 amp service. For a customized solution, the 80DA includes a 120VAC 30 amp automatic transfer switch.

part #	msrp
P-RV80D	156.00

Model: 80D

- Designed for 30 amp 120VAC shore service
- Panel rated for Main and 5 branch circuits
- 11 position DC fuse board
- "Open" fuse LED indicator at each DC load circuit
- 14.25"W x 7.375"H x 3.125"D, Wt 8 lbs

Fuse Panels
FB Series

All FB models have 3 large non-fused terminals rated for 2-14AWG wires. These terminals are common to one another and are the supply side for the branch circuits. Branch circuits are rated for 20ADC maximum and the branch circuit terminals are rated for 12-16AWG. FB series circuit panels can be used with any deckmount style converter or system without a built-in DC load distribution panel.

- Three common DC positive inputs for converter and batteries
- Galvanized metal chassis and hinged cover
- Terminal bar for 12V negative connections
- Utilizes standard automotive "blade" type fuses
- 7"L x 5.25"W x 1.75"H, Wt Varies

Model: FB12

Available in these models:	msrp
*P FB9-Nine DC Load Circuits	47.00
*P FB12-Twelve DC Load Circuits	50.00
*P FB15-Fifteen DC Load Circuits	60.00

Transfer Switches
ATS Series

The ATS line generator switches transfer power between shore service and RV generators. With extreme ease, the improved ATS models transfer power smoothly regardless of line voltage conditions. Benefit from elimination of handling plugs or electrical cords. Parallax offers robust line generator switches specifically designed for 30 amp, 120VAC and 50 amp 120/240V electrical systems.

- Quality engineered for reliability and performance
- Robust Transfer Switch
- UL type 1-16 GA Steel
- Conforms to UL Std. 1008 (CSA C222#178.AEI)

Deckmount **Converters**

5400 Series

PARALLAX® POWER SUPPLY
A Division of Connecticut Electric Inc.

The 5400 series of high quality deckmount converters feature active power factor correction, which allows the converter to make better use of incoming power. The 65 and 75 amp deckmount converters operate on a standard 15 amp outlet. Our 65 and 75A units aren't the only products that benefit from this extremely efficient feature. Our 90A unit is capable of operating on a standard 20 amp outlet. This series is part of the ParaMode converter product line. ParaMode converters are modular products that have the ability to be upgraded in the field and interact with other Parallax products. The 5400 series is compatible with an abundance of accessories including the TempAssure module. Our patented TempAssure technology allows your battery to charge in any season or environment with full protection against shorts. Active power factor correction allows converter sections to operate on 120VAC 15A branch circuits leaving plenty of power for running other 120VAC devices.
Upgrade non-TC units with the 4400TAU

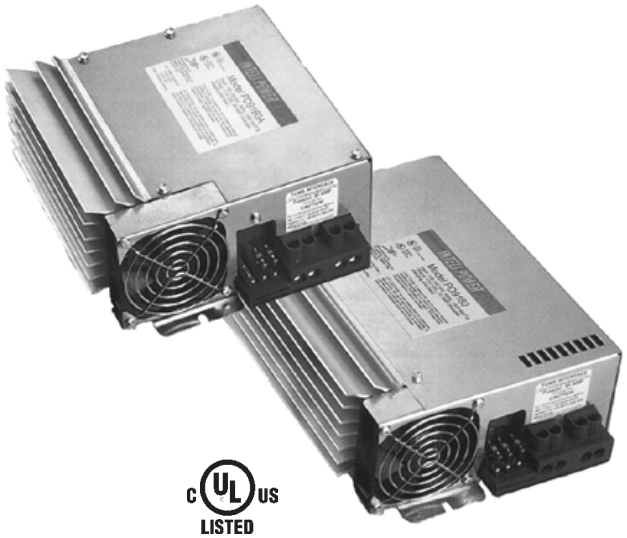
CONVERTER/CHARGERS



c UL us LISTED

LIMITED 2 YEAR WARRANTY

Standard Features:

- Reverse battery protection prevents damage from improper battery connection
- Converter/chargers deliver constantly filtered DC power to all 12 volt circuits
- Electronic current limiting automatically reduces output voltage when maximum capacity is reached and shuts down if voltage is insufficient, automatically resuming operation after voltage stabilizes
- Cooling fan operates only under high load conditions, giving you quieter evenings when power demand is low
- UL listed for U.S. and Canada, Built-in Total Charge Management System (TCMS) connecter accepts the optional **Charge Wizard** that constantly monitors voltage
- Two-year warranty

CHARGE WIZARD®

The Charge Wizard is a powerful microprocessor that turns your Inteli-Power converter into a completely automatic 12 Volt charging system. Once in place, select one of the 4 operating modes to properly maintain or recharge the RV battery. **BOOST MODE** (14.4V) rapidly returns battery to 90% full charge in as little as 3 hours then automatically activates **NORMAL MODE** (13.6V) to safely complete the charge. The **STORAGE MODE** (13.2V) automatically activates after 30 hours of non-use of the 12 Volt electrical system reducing battery gassing and water usage while maintaining the charge. In the Storage Mode, Charge Wizard automatically switches to the **EQUALIZING MODE** (14.4V) for 15 minutes every 21 hours to mix up battery electrolytes and prevent battery stratification and the resulting problems of battery sulfation, your battery's number one enemy

RV Converter/Chargers with built-in Charge Wizard®

Progressive Dynamics, Inc.

INTELI-POWER® 4600 SERIES

UPGRADE OR REPLACEMENT FOR MANY
RV POWER CENTER CONVERTER/CHARGERS

Features:

Charge Wizard 4-Stage charging system built-in dramatically increases battery life.

This converter/charger will not boil the battery!

55 Amp (PD4655V), 45 Amp (PD4645V) and 35 Amp (PD4635V) models available.

The intelligent way to charge & maintain your RV battery.

Easy to install.

Specifications:

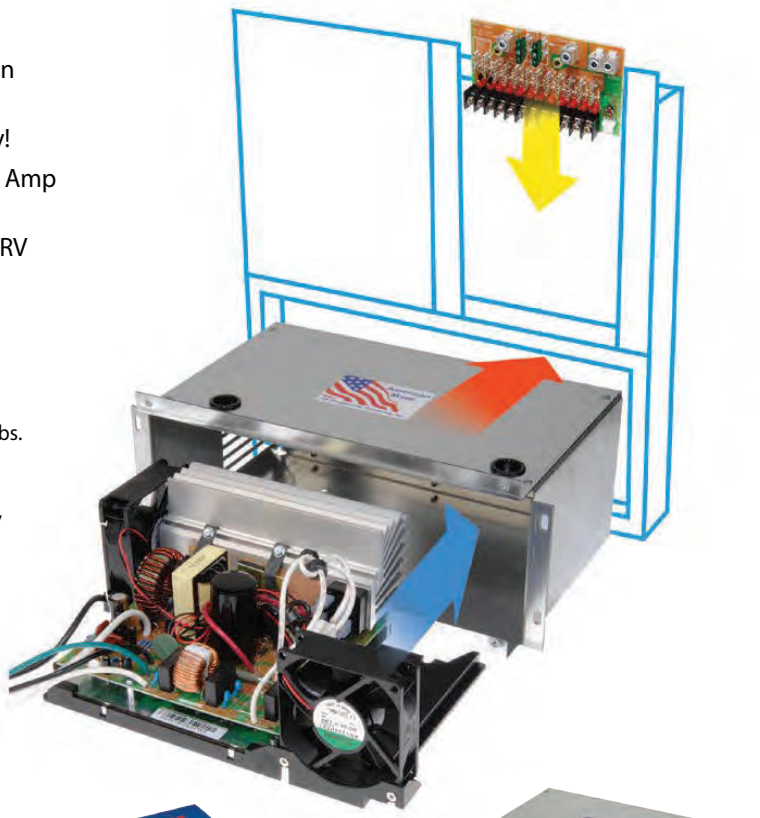
Dimensions: 13.25"W x 8"D x 5.38"H

Weight: 35 & 45 Amp Models, 9 lbs. ; 55 Amp Model, 10 lbs.

Inteli-Power 55 Amp Converter/Charger
Model #PD4655V replaces these converter sections:
Parallax/Magnatek #6355, Parallax #7355, Parallax #8355, Parallax #7155, WFCO™ #8955

Inteli-Power 45 Amp Converter/Charger
Model #PD4645V replaces these converter sections:
Parallax/Magnatek #6345, Parallax #7345, Parallax #8345, WFCO™ #8945

Inteli-Power 35 Amp Converter/Charger
Model #PD4635V replaces these converter sections:
Parallax/Magnatek #6336, WFCO™ #8935



Built-in Charge Wizard constantly monitors voltage status and automatically manages your battery. Inteli-Power 4600 Series models can recharge the battery to 90% in 3-6 hours using our patented Charge Wizard technology.

Retail Display Package
Colorful graphics grab attention. Product features and benefits present a strong sales message.

A metal enclosure is included in every package for replacement Parallax/ Magnatek 6300 Series, 7300 Series or 8300 Series Converter.

PD4600 Series Features:

- Reverse Battery Protection
- Total Charge Management System
- Electronic Current Limiting
- Low Voltage Protection
- Variable Speed Intelligent Cooling Fan
- High Voltage Protection
- Automatic Thermal Shutdown

Inteli-Power 4600 Series models can recharge the battery to 90% in 2-3 hours using our patented Charge Wizard technology.

The built-in Charge Wizard automatically selects one of four operating modes**: BOOST, NORMAL, STORAGE, DESULFATION**.

- **BOOST** Mode 14.4 Volts - Rapidly brings RV battery up to 90% of full charge.
- **NORMAL** Mode 13.6 Volts - Safely completes the charge.
- **STORAGE** Mode 13.2 Volts - Maintains charge with minimal gassing or water loss.
- **DESULFATION** Mode 14.4 Volts every 21 hours for a period of 15 minutes to prevent battery stratification.

INTELI-POWER 4000 SERIES

The PD4000 series "Mighty Mini" is a compact All-In-One AC/DC distribution panel and Inteli-Power converter with built-in Charge Wizard

Compact and lightweight, the PD4000 has front access to a large wiring compartment. The snap cover stays shut while traveling yet opens with a touch. The AC distribution panel is rated for 120VAC at 30 AMPS. The DC section has up to 12 branch fuse holders. The "Mighty Mini" is available in a 45 amp model.

Cutout size: 10.75"w x 7.25"h

MODEL #	DESCRIPTION	RETAIL
PD4045KV	45 AMP COMPLETE CONVERTER	$265.00

AC/DC Distribution Panel/Converter with built-in Charge Wizard®

INTELI-POWER® 4100 PD4135KWV 195.00 msrp

COMPACT ALL-IN-ONE-SYSTEM... DIRECT REPLACEMENT FOR WFCO 8735!

Features:

Available with our exclusive built-in Inteli-Power Converter...

"The most reliable converter in the RV industry."

The converter section is easily servicable. The AC Distribution Panel is rated for 120 VAC @ 30 Amps with up to 5 branch circuits.

The DC section has 6 branch fuse holders. Retail model includes all wire tails for ease of installation. OEM models have 1/4" tab connectors.

LED indicators identify which fuse is blown.

Easy access to reverse battery protection fuse. Replaceable converter section.

Specifications:

Panel Dimensions: 11.25"W x 8"H x 3.8"D
Cutout Size: 10.25"W x 7.0"H
Weight: 3.8 lbs.

Retail model PD4135KWV
Input: 105-130VAC 50/60HZ 725 Watts Output: 13.6VDC 35 Amps
DC rating 1-40A, 1-30A, 4-20A fuse holders

OEM model PD4135K
Input: 105-130VAC 50/60HZ 725 Watts Output: 13.6VDC 35 Amps
DC rating 1-40A, 1-30A, 4-20A fuse holders

OEM model PD4135KW (with wires) Input: 105-130VAC 50/60HZ 725 Watts Output: 13.6VDC 35 Amps DC rating 1-40A, 1-30A, 4-20A fuse holders

Manufactured and Serviced in the USA

Covered by one or more of the following U.S. Patents: RE39,461 and 7,782,002.

Built-in Charge Wizard constantly monitors voltage status and automatically manages your battery. The Inteli-Power 4135 can recharge the battery to 90% in 3-6 hours using our patented Charge Wizard technology.

The PD4500 is the ultimate All-In-One AC/DC distribution panel and Inteli-Power converter/charger

The AC distribution panel is rated for 240 VAC at 50 amps. The DC section has up to 18 branch fuse holders. Available with either a 60 or 90 amp Inteli-Power converter, the patented built-in Charge Wizard reduces RV battery recharge time and increases battery life, while reducing battery sulfaction maintenance problems.

Cutout size: 10.125"w x 13.25"h

MODEL #	DESCRIPTION	RETAIL
PD4560K12LV	60 AMP COMPLETE CONVERTER	$439.00

30 AMP, 120 VAC 5000 SERIES
PD50B3Q26P 90.00 msrp

Inside with full front cover off

Rear view showing screw connections

ATTRACTIVE, COMPETITIVELY PRICED CONTROL CENTER THAT FITS YOUR ELECTRICAL INSTALLATION COST REQUIREMENTS

Features:

Provisions for 30 Amp AC main and up to 9 AC branch circuits.

Generous wiring space for easy installation — also reduces costly wiring errors.

Built-in wire strain relief for each branch circuit. Saves over 50% on installation costs.

Space for up to 12 fused DC branch circuits for 12 Volt lighting and DC appliance circuits.

Accepts rated fuses up to 30 Amp — eliminates auxiliary fuse panels for slide-outs and leveling jacks saving you even more money.

Attractive lightweight panel design made from black or brown impact-resistant high temperature polymers.

All 12 VDC branch circuit connections located on outside rear of panel — reducing installation time and costly errors.

High current 12 VDC input power terminal strip provides easy connection point for battery and converter.

Available Options:

(Specify options when ordering)

- 120 VAC, 15 Amp outlet available for power converters and other AC appliances.
- 11 terminal negative 12 VDC bus bar provides common connection point for all DC circuit negative wires.

Connector type and product color must be specified:

- 12 VDC screw-type circuit terminals.
- 12 VDC 1/4" tab connectors.
- Available in black or brown.

Measurements and Weight*:

Dimensions: 13.4"W x 7.1"H x 4.0"D

Cut-out size: 12.25"W x 5.875"H

Weight: 1.45 lbs.

*Retail and OEM Part Numbers will be determined by your selected options when you place your order.

AC/DC Power Distribution Panels

50 AMP, 240 VAC 5500 SERIES
PD55B000V 75.00 msrp

Features:

A split 50/30 panel accepts — LEFT SIDE: dual 50 Amp main and up to 10 branch circuits — RIGHT SIDE: 30 Amp main and up to 4 branch circuits.

A split 50/50 panel accepts — LEFT SIDE: dual 50 Amp main and up to 8 branch circuits — RIGHT SIDE: dual 50 Amp main and up to 4 branch circuits.

A split 30/30 panel accepts — LEFT SIDE: 30 Amp main and up to 8 branch circuits — RIGHT SIDE: 30 Amp main and up to 8 branch circuits.

Special order configurations available on request.

Compatible with 6000 Series DC Power Distribution Panel.

Press open door for easy access to circuit breakers.

AC Panel features 12 built-in push and lock strain relief connectors.

Attractive lightweight panel design made from black or brown impact-resistant high temperature polymers.

AC Panel designed with large front wiring compartment.

Available Options:

(Specify options when ordering)

• Optional 15 Amp/120 VAC outlet on rear of AC Panel

Measurements and Weight*:

Dimensions: 11.7"W x 9.2"H x 4.1"D

Cut-out size: 10.5"W x 7.5"H

Weight: 2 lbs.

Automatic Transfer Switches

5100 / 5200 SERIES

SCREW TYPE WIRING TERMINALS ENSURE
EASE OF WIRING AND PREVENTS WIRING ERRORS

5100 Series Automatic Transfer Switch

Features:

Quick change circuit board is easily replaced in the event of failure. No need to disconnect and reinstall the entire unit.

Time delay feature ensures generator voltage is at a stable level before transfer occurs.

Built-in strain reliefs allow the installer to simply push the branch circuit wires inside the unit for connection.

Eliminates the need to purchase and install separate strain reliefs for each circuit.

Screw-type wiring terminals ensure ease of wiring and prevents wiring errors.

1 year limited warranty.

U.S. Patents: RE40,354; 6,430,036.

Specialty Vehicle & Other Applications

5300 SERIES CONTACTOR DESIGNED AUTOMATIC TRANSFER SWITCH

Provides automatic power source switching between two separate 120/240 VAC input sources. A typical application is to switch between a shoreline connected cord and an onboard generator. The transfer switch senses the presence of the available supplies and automatically selects the proper one.

Standard features:

- Electrical and mechanical interlocks prevent cross connection of power sources.
- Quick change circuit board is easily replaced in the event of failure. No need to disconnect and reinstall the entire unit.
- Time delay ensures generator voltage is at a stable level before transfer occurs. The time delay can be disabled when an inverter is used as the alternate source.
- Rugged, heavy-duty, screw-type wiring terminals allow direct connection to contactor for more reliable operation.
- Heavy Duty metal enclosure with easy to use wiring diagram permanently attached.
- 1 year limited warranty.

SURGE GUARD*
RV POWER PROTECTION

BASIC AUTOMATIC TRANSFER SWITCHES

Mechanical interlocking contactors.Time delay at power up. Transfers to generator power automatically when energized after a 30-second delay. 50A, FLA contactor. **SPECIAL ORDER**

		MSRP
SG 40100	120/240V, 50A	$175.00
SG 41300	120V, 30A	$100.00

SURGE GUARD* AUTOMATIC TRANSFER SWITCH

Protects RV from the most damaging common electrical faults. Transfers to either shore power or generator automatically when energized. In the event both shore and generator powers are available, generator power will dominate after a 30 second delay. Includes 2,600 Joules of surge suppression (fuse protected), and protects against open neutral and reverse polarity. 50A, FLA contactor.

		MSRP
SG 41260	120/240V, 50A	$325.00

SURGE GUARD* RVC COMPATIBLE AUTOMATIC TRANSFER SWITCH

Same great features as the Surge Guard* ATS plus total electrical protection from faulty park power. Provides added protection from low (<102V) and high (>132V) voltage, miswired pedestal, open ground, and high and low frequency. Oversize contactors 65A, FLA contactor rating. 3,350 Joules of surge protection.

		MSRP
SG 41390	120/240V 90A	$1200.00
SG 40350	120/240V, 50A	$895.00
SG 40299	120V, 30A, Remote Display	$110.00
SG 40258	Remote Display, 50' Communication Cable	$ 20.00

DIGITAL VOLTAGE MONITOR

Fully tests incoming power for: open ground, reverse polarity, and high/low voltage. Constantly monitors line RMS voltage and checks frequency. Small, rugged construction. Includes audible alarm when electrical fault occurs.

	MSRP
SG AECM20020	$ 70.00

NEUTRAL-GROUND BONDING PLUG

Provides protection for a single 15A receptacle from over-voltage conditions with limited surge protection. Can be used on any 15A receptacle in a RV, home, or campground. Great add-on when using a portable surge protector device to enhance protection.

	MSRP
SG 44300	$ 30.25

OVER-VOLTAGE ADAPTER

This plug is used on portable generators that are designed with a floating neutral electrical system. All RV full electrical protection devices devices detect this as an open ground fault and will not allow power to pass through. Simply plug into one of the 15A outlets on the generator to use.

	MSRP
SG 44400	$ 10.50

LOCK HASP

Prevents unauthorized removal of your portable Surge Guard* device from your RV. Also can be used to protect connection points of extension cords and adapters.

*Only compatible with 44260, 44270, 44750.

	MSRP
SG 34590	$ 25.00

WFCO Product List

WF-8500 Series Power Center 40 and 60 Amps DC	
WF-8540-S	30 Amp AC service, Main and 9 branch AC circuits, 13 DC branch circuits, 40 Amps, Screw Terminals
WF-8540-Q	30 Amp AC service, Main and 9 branch AC circuits, 13 DC branch circuits, 40 Amps, QC Terminals
WF-8540-W	30 Amp AC service, Main and 9 branch AC circuits, 13 DC branch circuits, 40 Amps, Pig Tail Wires
WF-8560-S	30 Amp AC service, Main and 9 branch AC circuits, 13 DC branch circuits, 60 Amps, Screw Terminals
WF-8560-Q	30 Amp AC service, Main and 9 branch AC circuits, 13 DC branch circuits, 60 Amps, QC Terminals
WF-8560-W	30 Amp AC service, Main and 9 branch AC circuits, 13 DC branch circuits, 60 Amps, Pig Tail Wires

WF-8700 Series Power Center 12 to 40 Amps DC	
WF-8712-P	30 Amp AC service, Main and 3 branch AC circuits, 4 DC branch circuits, 12 Amps
WF-8712-PB	30 Amp AC service, Main and 3 branch AC circuits, 4 DC branch circuits, 12 Amps - Black
WF-8725-P	30 Amp AC service, Main and 3 branch AC circuits, 4 DC branch circuits, 25 Amps
WF-8725-PB	30 Amp AC service, Main and 3 branch AC circuits, 4 DC branch circuits, 25 Amps - Black
WF-8735-P	30 Amp AC service, Main and 5 branch AC circuits, 6 DC branch circuits, 35 Amps
WF-8735-PB	30 Amp AC service, Main and 5 branch AC circuits, 6 DC branch circuits, 35 Amps - Black
WF-8740-P	30 Amp AC service, Main and 5 branch AC circuits, 6 DC branch circuits, 40 Amps
WF-8740-PB	30 Amp AC service, Main and 5 branch AC circuits, 6 DC branch circuits, 40 Amps - Black

WF-8935 Series Power Center - 35 Amps DC	
WF-8935PEC	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits
WF-8935PEC-B	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits - Black
WF-8935-MBA	Replacement Converter - Main Board Assembly

WF-8945 Series Power Center - 45 Amps DC	
WF-8945PEC	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits
WF-8945PEC-B	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits - Black
WF-8945PEC-B/T30	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits with T-30 - Black
WF-8945-MBA	Replacement Converter - Main Board Assembly

WF-8955 Series Power Center - 55 Amps DC	
WF-8955PEC	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits. New Generation
WF-8955PEC-B	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits. New Generation - Black
WF-8955PEC-B/T30	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits. New Gen. - Black with T-30
WF-8955PEC/T30	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits. New Gen. with T-30
WF-8955-MBA	Replacement Converter - Main Board Assembly
WF-8955PEC-MBA	Replacement Converter - Main Board Assembly - New Generation

WF-8965 Series Power Center - 65 Amps DC	
WF-8965AN-P	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits
WF-8965AN-PB	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits - Black
WF-8965ANP/T30	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits with T-30
WF-8965ANPB/T30	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits - Black with T-30
WF-8965-MBA	Replacement Converter - Main Board Assembly

WF-8975 Series Power Center - 75 Amps DC	
WF-8975AN-P	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits
WF-8975AN-PB	30 Amp AC service, Main and 5 branch AC circuits, 11 DC branch circuits - Black
WF-8975-MBA	Replacement Converter - Main Board Assembly

WF-9960 Series Power Center - 60 Amps DC	
WF-9960	50 Amp AC service, Main and 12 branch AC circuits, 18 DC branch circuits

WF-9990 Series Power Center - 90 Amps DC	
WF-9990	50 Amp AC service, Main and 12 branch AC circuits, 18 DC branch circuits

Transfer Switches	
T-30	30 Amps Automatic Power Transfer - Shore to Generator
T-57P	50 Amps Automatic Power Transfer - Shore to Generator

Universal Replacement Kits for Non-WFCO Power Centers	
WF-8945-REP	Converter/Charger 45 Amps DC Output, includes 11 branch circuit fuses, using WF-9845
WF-8955-REP	Converter/Charger 55 Amps DC Output, includes 11 branch circuit fuses, using WF-9855

WF-6800 Series Deckmount Converter/Charger – 80 to 100 Amps DC	
WF-68100	100 Amps DC Output with Power Factor Correction, reverse polarity fuses (15 Amps AC Power Cord)

WF-9800 Series Deckmount Converter/Charger – 35 to 75 Amps DC	
WF-9835	35 Amps DC Output, reverse polarity fuses (15 Amps AC Power Cord)
WF-9845	45 Amps DC Output, reverse polarity fuses (15 Amps AC Power Cord)
WF-9855	55 Amps DC Output, reverse polarity fuses (15 Amps AC Power Cord)
WF-9865	65 Amps DC Output, reverse polarity fuses (20 Amps AC Power Cord)
WF-9875	75 Amps DC Output, reverse polarity fuses (20 Amps AC Power Cord)

220VAC Models (used in Europe, Australia or wherever 220VAC is available)	
WF-8725E	Power Center for **220V** AC service, Main and 3 branch circuits, 25 Amps DC Output with 4 circuits
WF-8725EB	Power Center for **220V** AC service, Main and 3 branch circuits, 25 Amps DC Output with 4 circuits - Black
WF-8735E	Power Center for **220V** AC service, Main and 3 branch circuits, 35 Amps DC Output with 4 circuits
WF-8735EB	Power Center for **220V** AC service, Main and 3 branch circuits, 35 Amps DC Output with 4 circuits - Black
WF-8955E	Power Center for **220V** AC service, Main and 5 branch circuits, 55 Amps DC Output with 11 circuits
WF-8955EB	Power Center for **220V** AC service, Main and 5 branch circuits, 55 Amps DC Output with 11 circuits - Black
WF-8855E	Converter/Charger Deckmount for **220V** AC, 55 Amps DC Output (15 Amps power cord)

WF-8930/50 Series Distribution Panel	
WF-8930/50NP	30 Amp or 50 Amp AC service, Main and 12 branch AC circuits, 15 DC circuits
WF-8930/50NPB	30 Amp or 50 Amp AC service, Main and 12 branch AC circuits, 15 DC circuits - Black
WF-8930/50NP-30	30 Amp AC service, Main and 5 branch AC circuits, 15 DC circuits
WF-8930/50NPB-30	30 Amp AC service, Main and 5 branch AC circuits, 15 DC circuits - Black

WF-5100 Series Pure Sine Wave Power Inverter	
WF-5110HP	1,000 Watt provided with hard-wired installation

* Note: For model numbers listed with an "xx" replace with your converter model amperage, i.e. WF-8955: xx=55.

Select WFCO Products as Your Replacement of Choice

You can easily upgrade the obsolete or defective converters and electrical components in your RV by installing one of WFCO's high performance replacement products. Take the guesswork out of choosing the right replacement by selecting the WFCO products identified in the charts below. Dimensions are provided to assist you with proper form and fit. Use our convenient crossover charts located on the reverse side of this page to replace other manufacturers' products with high performance WFCO products.

POWER CENTERS

WFCO	DESCRIPTION	DIMENSIONS/CUTOUT (W,H,D)
WF-8540	40 Amp DC	7-7/8 x 11-1/4 x 7-3/8
WF-8560	60 Amp DC	7-7/8 x 11-1/4 x 7-3/8
WF-8712	12 Amp DC	10-7/16 x 6-1/8 x 3-3/4
WF-8725	25 Amp DC	10-7/16 x 6-1/8 x 3-3/4
WF-8735	35 Amp DC	10-3/8 x 6-7/8 x 4-5/16
WF-8740	40 Amp DC	10-3/8 x 6-7/8 x 4-5/16
WF-8935	35 Amp DC	12-3/16 x 10-7/8 x 7-1/4
WF-8945	45 Amp DC	12-3/16 x 10-7/8 x 7-1/4
WF-8955	55 Amp DC	12-3/16 x 10-7/8 x 7-1/4
WF-9540	40 Amp DC	10-1/8 x 13-1/16 x 8-5/8
WF-9560	60 Amp DC	10-1/8 x 13-1/16 x 8-5/8
WF-9580	80 Amp DC	10-1/8 x 13-1/16 x 8-5/8
WF-9960	60 Amp DC	12-9/16 x 13-5/8 x 8
WF-9990	90 Amp DC	12-9/16 x 13-5/8 x 8

DECKMOUNT CONVERTERS

WFCO	DESCRIPTION	DIMENSIONS (W,H,D)
WF-9835	35 Amp DC	4-5/8 x 4 x 7-1/2
WF-9845	45 Amp DC	4-3/4 x 4 x 8-3/4
WF-9855	55 Amp DC	4-3/4 x 4 x 8-3/4
WF-9865	65 Amp DC	5-1/8 x 4 x 10-1/4
WF-9875	75 Amp DC	5-1/8 x 4 x 10-1/4
WF-68100	100 Amp DC	7-5/8 x 4 x 12-11/16

MAIN BOARD ASSEMBLIES (MBA)

WFCO	DESCRIPTION	DIMENSIONS (W,H,D)
WF-8945REP	45 Amp DC	12-1/8 x 4-3/4 x 7-13/16
WF-8955REP	55 Amp DC	12-1/8 x 4-3/4 x 7-13/16
WF-8945MBA	45 Amp DC	7-1/16 x 3-7/8 x 9-1/2
WF-8955MBA	55 Amp DC	7-1/16 x 3-7/8 x 9-1/2

DISTRIBUTION CENTER

WFCO	DESCRIPTION	DIMENSIONS/CUTOUT(W,H,D)

MAGNUM ENERGY

MS SERIES PURE SINE WAVE INVERTER/CHARGER

The MS Series Inverter/Charger from Magnum Energy – a pure sine wave inverter designed specifically for the most demanding mobile and off grid applications. The MS Series is powerful, easy-to-use, and best of all, cost effective.

Power Factor Corrected (PFC) Charger: Our PFC charger is built into all of our inverter chargers. It uses less energy from a generator than a standard charger – using 25-30% less AC current than standard chargers.

Safe and reliable: The MS2000, MS2012, MS2812, and MS4024 are ETL Listed to the stringent requirements of UL/cUL 458 for mobile use and the MS2012, MS2812, and MS4024 are ETL Listed UL 1741 and CSA C22.2 #107.1-01 for renewable energy installations. All models also meet KKK-A-1822E standards for emergency vehicle use.

Easy-to-install: Install the MS Series in four easy steps: simply connect the inverter's output to your distribution circuits or electrical panel, connect your utility power cable to the inverter's easy-to-reach terminal block, connect the batteries, and switch on the power.

Features:

Pure sine wave: Power your T.V.s, stereos, plasma screens, and other sensitive electronics without worry. The pure sine wave inverter and power factor corrected charger provide clean, reliable inverter power with low total harmonic distortion (THD) of less than 5%.

Choices: The MS Series comes in 12 and 24 volt configurations, allowing you to choose the model that is right for you.

Versatile mounting: Mount the MS Series on a shelf, bulkhead, or even upside down.

Lightweight: The lightweight aluminum base and cover also provides noise reduction and corrosion resistance.

Multiple ports: The MS Series provides multiple ports, including an RS485 communication port for network expansion, and a remote port.

Expanded transfer relay: 60 Amp transfer service is available on all models.

Accessible design: The extra large AC access cover with terminal screw block and 360° DC connection terminals with covers make this inverter more accessible when it needs to be.

Convenient switches: The MS Series comes with an on/off inverter-mounted switch with an easy-to-read LED indicator.

Buy with ease: The MS Series is backed by a three-year (36-month) limited warranty.

ME SERIES INVERTER/CHARGER

Reliable Mobile Power from Magnum Energy

The ME Series Inverter/Charger from Magnum Energy is a new generation inverter designed specifically for rugged mobile applications. The ME Series is powerful, easy-to-use, and best of all, cost effective.

Safe and reliable: The ME Series is ETL Listed to the stringent requirements of UL/cUL 458 and CSA C22.2 #107.1-01, ensuring that the inverter is safe and reliable.

Easy-to-install: Install the ME Series in four easy steps: simply connect the inverter's output to your distribution circuits or electrical panel, connect your shore power cable (AC) to the inverter's easy-to-reach terminal block, connect the batteries, and switch on the power.

Features:

Power Factor Corrected (PFC) Charger: Our PFC charger is built into all of our inverter chargers. It uses less energy from a generator than a standard charger – using only 15 amps per 100 amps versus 23 amps used by standard chargers.

Lightweight: The lightweight aluminum base and cover also provides noise reduction and corrosion resistance.

Convenient switches: The ME Series comes with an on/off inverter-mounted switch with an easy-to-read LED indicator.

Choices: The ME Series comes in three power models, allowing you to choose the model that is right for you.

Multiple ports: The ME Series provides multiple ports, including an RS485 communication port for network expansion, and a remote port.

Expanded transfer relay: 60 Amp transfer service is available on all models.

Versatile mounting: Mount the ME Series on a shelf, bulkhead, or even upside down.

Accessible design: The extra large AC access cover with terminal screw block and 360° DC connection terminals with covers make this inverter more accessible when it needs to be.

Buy with ease: The ME Series is backed by a three-year (36-month) limited warranty.

ME-RC REMOTE CONTROL

The **ME-RC** Remote Control communicates with the inverter to easily operate and monitor your inverter and charger from a remote location. This Remote Control has an easy-to-read LCD screen and displays the inverter/charger status with the "at a glance" LEDs. Soft keys provide simple access to menus and a rotary encoder knob allows you to scroll through and easily configure the adjustable settings in the inverter (or any connected accessory) and maintain the critical settings in nonvolatile memory.

The ME-RC also has the option of controlling the ME-AGS Automatic Gen Start and the ME-BMK Battery Monitor Kit (requires revison 2.0 or higher remote) using a network connection to the inverter. This remote has convienient finger-tip operation, including the new one-knob programming.

PMX Series Inverter

The PowerMax PMX series of Power Inverters are a designed to provide clean 120 Volt AC Power for many application from a 12Vdc Battery or bank. Our PowerMax Pure Sine Wave Inverter output is capable of efficiently running a wide variety of devices such as Power Tools, Office Equiment-Computer, Kitchen appliances-Microwaves and Home Electronics-TV, Stereo's, and more.

Standard Features:

- Digitaly controlled Pure Sign Wave Output
- 12v DC to 115V AC meets 120v Electronic operating safety standards
- GFCI and USB Outlets
- Led status indicator lights
- Internally mounted cooling fan
- Remote function (available)
- 1 year warranty

Smart choice for power™

OLD INVERTER/CHARGER REPLACEMENT OPTION

Easily swap out old Magnum ME/MS, Xantrex RS/458, Trace & other make/models with the FREEDOM SW. No need to run a New remote panel cable, use the network cable adapter (808-9010). Drops into the same location. Save time & labor.

FREEDOM SW
INVERTER/CHARGER

True sine, high surge, wide temp and full featured, the Freedom SW is the state of the art. The heart of RVs power system.

- Parallel stacking enables double the available AC output
- Series stacking enables operation of 240V applications
- Extended surge of 5 seconds
- Built-in hybrid functionality

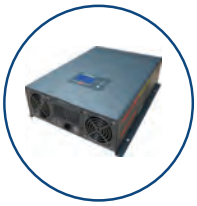
FREEDOM 458
INVERTER/CHARGER

Trusted solution in RV inverter/chargers, economical an dependable

- Power share prevents tripping of circuit breakers
- Option of dual input and dual output connections
- Temp compensated,multi-stage charging
- Extended surge of 5 seconds

BROKEN CONVERTER? CONSIDER AN UPGRADE

Replace broken converter with an inverter/charger, an all-in-one system. The transfer relay and converter is built right-in.



FREEDOM XC
INVERTER/CHARGER

Compact, lightweight, full featured True Sine Wave models ideal for dry camping.

- Full output in invert or charge mode from -4°F tp 104°F
- Dead battery charging down to 0 Vdc
- Configurable low battery voltage shutdown
- Built-in 30A Automatic Transfer Switch
- Configurable charge algorithm
- Compatible with lithium ion battery bank

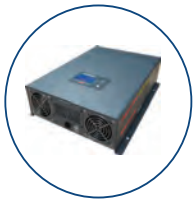
FREEDOM HF
INVERTER/CHARGER

Modified sine wave mobile power system in a box. Perfect intersection of features and value.

- The quick-connect AC terminals on both AC input and output enables incredibly easy installation
- Detachable digital remote control panel display provides system information (Cable included)

ADD POWER FOR RESI FRIDGE & OTHER AC APPLIANCES

Add to an RV that already has a converter in good working condition. An inverter nicely complements a converter.



FREEDOM X
INVERTER

Compact, lightweight, full featured True Sine Wave models.

- Full output from -4°F tp 104°F. Operates up to 140°F
- Extended surge, 10ms AC transfer time
- Configurable low battery voltage shutdown
- Built-in 30 A Automatic Transfer Switch

PROwatt SW
INVERTER

Entry level, True Sine Wave inverters, hardwirable via optional 15A transfer relay.

- Automatic AC transfer function and hardwire through the optional Transfer Switch
- Built-in USB port to power USB-powered devices

ELECTRICAL CORDS AND ADAPTERS Arcon 100V Pigtail Adapters adapt all brands of plugs. Made of durable PVC with solid brass contacts. The premium Pigtail Adapters feature a yellow cord that is more visible and a unique handle. The new handle makes plug extraction effortless and stores flat against the plug. The economy models come with a black cord, do not have a handle, and are only available in bulk. The 100V flat wire pigtail economy adapters have easy grip on both ends and are manufactured of flexible flat bonded 10/3 gauge wire.

110-VOLT ECONOMY SERIES FLAT WIRE PIGTAIL ADAPTER

MARINCO
Detachable Power

ParkPower by Marinco

ParkPower® Detachable Power Makes Electrical Hook-Up Easier

ParkPower® detachable power is the most convenient way to hook-up your RV's electrical service. With detachable power you get ease of installation, power cord and adapter options to fit diverse applications and a weatherproof connection for reliable power in adverse conditions.

ParkPower® is the leader in detachable power for recreational vehicles. We offer components for 15, 20, 30, and 50A service. 30A and 50A connectors and inlet combinations have a locking feature that secures the connection. All of our products are designed and built to withstand harsh environments.

ParkPower® Detachable Power Features Easy Lock™ System

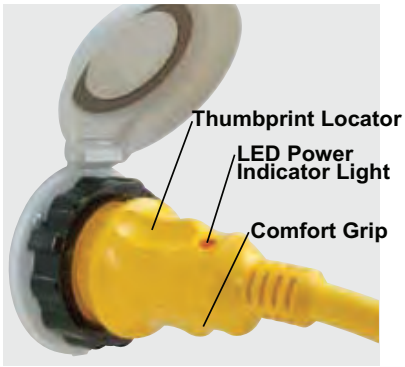
ParkPower® has an exclusive Easy Lock™ system which makes hook-up quick and easy.

Just connect the cordset (with an Easy Lock™ locking ring installed) to the inlet and turn the locking ring less than a quarter turn. The tabs on the locking ring lock into the inlet for a positive watertight hookup. The locking ring features lock locators that improve finger grip during attachment. Easy Lock™ inlets have a threaded boss that accepts threaded cordsets as well.

The Easy Lock™ system is a standard feature on ParkPower® 30A and 50A inlets and cordsets

Soft Touch™ Cap

ParkPower® contoured and stainless steel inlets feature the Soft Touch™ cap design. The Soft Touch™ hinge is designed with a special cam feature that allows it to stay "locked" open in the upright position during hook-up. A "soft touch" unlocks it for closing.



PowerCord Plus™ Features:

Power Indicator Light

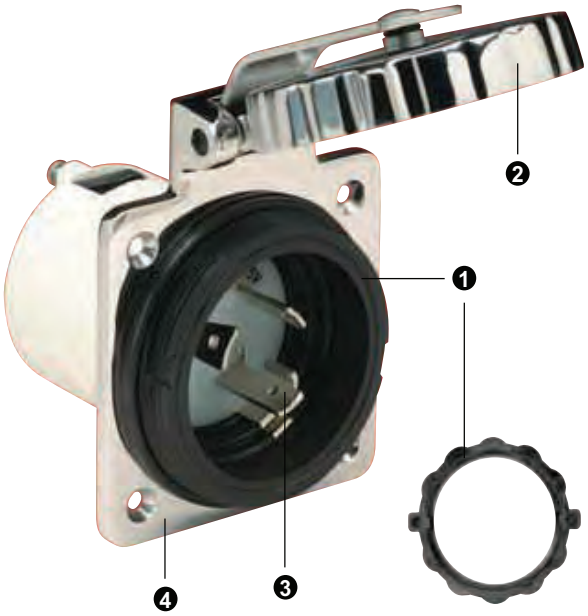
Coach side connector features a molded-in LED light. When it glows red, you know you have power to the RV.

Comfort Grip
Connector end is molded to fit the contour of your hand

Thumbprint Locator
When the thumbprint is in the 12 o'clock position the blades line up for easy connection.

Inlets

ParkPower® power inlets are the industry standard. Offered in three styles, they all feature robust construction and corrosion-resistant materials for long life in the harsh marine environment. Each has technical features that make them easy to install and a pleasure to use for the marine professional or the casual recreational boater.



1. Easy Lock™ – ParkPower's exclusive Easy Lock™ System has been designed to make hook-up quick and easy. Just connect the cordset (with an Easy Lock™ locking ring installed) to the inlet and turn the locking ring less than a quarter turn. The tabs on the locking ring lock into the inlet for a positive watertight hook-up while eliminating any chance of cross threading. The locking ring features lock locators positioned at 180º to improve finger grip during attachment.

   Easy Lock™ inlets have a threaded boss that will accept threaded cordsets as well. The Easy Lock™ system is a standard feature on some ParkPower® 30 amp and 50 amp inlets and cordsets.
2. The covers on all ParkPower® inlets are designed to stay hinged open when the cover is lifted up. This allows the boater to connect their ParkPower® shore power cord while the cover remains open and out of the way. A soft touch unlocks it for closing.
3. Blades are nickel plated brass for maximum corrosion resistance.
4. Interior hardware is marine-grade stainless steel.

Rear Enclosure

- Made of flame-resistant UL94Vø plastic
- All rear enclosures are glass-filled polyester for strength
- Integral strain relief complies with ABYC requirements
- Multiple positions allow for maximum installation flexibility

Stainless Steel

ParkPower® stainless steel inlets are solid cast marine grade 316 stainless steel and include a heavy duty cap strap for strength and durability.

Contoured

ParkPower® contoured inlets feature UV stabilized glass-filled polyester construction for long-lasting strength.

Standard

ParkPower® standard inlets feature UVstabilized glass-filled polyester construction for long-lasting strength.

ParkPower by Marinco

MARINCO

Detachable Power: **Conversion Kits**

Establishing a quick hook up

ParkPower® makes hooking up your RV's electrical service much easier. The ParkPower detachable power system uses the same rugged components developed for marine use. At the core is the ParkPower inlet and connector with weatherproof cover. After installing the inlet on the side of the RV, the original power cord that came with the RV can be modified by installing the connector and cover on the severed end. Detachable power allows you to use a variety of power cords and adapters to make hook-up easier. All components are of the highest quality construction and are built to give years of service. ParkPower stands behind our electrical products with a 5 year warranty. Easy to follow installation instructions make conversion to detachable power a snap.

30 Amp Conversion Kit

Converts 30A hard wired RV power hook-up to detachable power hook-up.

- Includes everything needed to complete the conversion:
  - 304EL-BRV 30A contoured power inlet
  - 305CRV 30A female connector (installs to RV power cord)
  - 103RV comfort grip weatherproof cover with threaded ring
  - Mounting adapters and gaskets
  - Electrical box
- Easy to install
- Easy Lock™ system
- High quality corrosion resistant construction
- Circular metal ring covers the opening left by the removal of the access port door
- Strain relief
- Easy to follow installation instructions

ParkPower by Marinco

MARINCO

Detachable Power: **Cordsets**

All ParkPower® cordsets are made of the highest quality, marine-grade construction with features you won't find on other power cords.

1. Watertight molded plug and connector for safety and durability
2. Heavy duty, super flexible marine-grade cable (30 amp 10 gauge, 50 amp 6 gauge)
3. All models include a standard threaded ring for hook-up to ordinary threaded inlets
4. Corrosion resistant, nickel plated contacts
5. **Power Indicator Light:** Boat side connector features a molded-in LED light. When it glows red, you know you have power to the boat.
6. **Contour Grip with Thumbprint Locator:** Both plug and connector ends are molded to fit the contour of your hand. When the thumbprint is in the 12 o'clock position, the blades line up for easy connection.
7. **ParkPower's Easy Lock™ system:** quickly locks the cord set to the inlet in just 1/8 of a turn. The exclusive locking tabs engage slots built into all ParkPower® inlets.

NEMA

30A Generator Cordsets

Connect your RV to a standard 30A 125V generator receptacle. Made with the highest quality materials with watertight molded plug and connector for safety and durability. Included locking rings allow the generator cordset to be used as a detachable power cord extension between the inlet and the detachable power cord.

CSA® UL LISTED

RV EEL Cordsets

One Hand. A simple twist. Full Power.

The RV EEL (Easily Engaged Lock) Detachable Cordset has a patented, industry first, jaw-clamp design that provides one-handed operation and a secure waterproof seal, eliminating the need for a locking ring. Built for the harshest environments, the RV EEL connection is UL listed. Best of all, it works with your current inlet. The plug end of the cord features a large grip handle that provides a safe connection and is movable so the electrical box can be closed. In addition to cordsets with RV EEL technology, ParkPower® also offers a full range of pigtail adapters featuring the new RV EEL technology.

RV Connection End

- EEL Jaw clamp technology—Eliminates locking ring
- LED power indicator
- Secondary lock for added security
- Cord light
- Water-tight seal
- Works with your current inlet

Power Connection End

- Large Grip Swivel handle allows box cover to close
- Keeps hand away from dangerous high voltage contacts
- Easier to insert and remove electrical plug
- Meets and exceeds rigorous UL testing standards
- 30 Amp and 50 Amp cordset models in 25' lengths
- RV EEL product line includes connectors, pigtail and straight adapters

Adapters

No matter what your RV's power needs are, ParkPower® detachable adapters allow you to use a variety of RV park, storage or home electrical service options. ParkPower® "Y" adapters will also solve different electrical power hook-up needs.

- Convert your existing 30A or 50A detachable power cord from a straight connection to a right angle connection
- Ideal right angle detachable connection provides minimal cordset protrusion from inlets for more clearance in tight RV spaces
- GripLock™ handle design for easy hook-up and correct blade alignment with inlet, even in darkness
- Includes threaded ring and Easy Lock™ ring
- Also includes sealing collar for maximum moisture protection between connector and cordset where indicated

TECH TIP

Weatherproof Protection

ParkPower® recommends using a weatherproof cover when replacing any male plug or female connector. A weatherproof cover protects the cord and the plug or connector from moisture and other environmental hazards. This increases the longevity of the cord while also allowing a threaded ring to be used with the female connector. The threaded ring on the female connector ensures a weatherproof connection to the inlet for a safe, secure connection to the RV.

ELECTRICAL/SURGE PROTECTION

A. **Power Defender™ with PowerGrip™ handles** Helps protect your RV from damaging low/high voltage levels and power spikes and surges. Camco's Power Guardians monitor incoming power, automatically disconnecting it when dangerous voltage levels are detected and automatically reconnecting once it stabilizes between 102–132 VAC. Reconnect Delay protects sensitive equipment, such as AC units, by not rapidly cycling power. Includes diagnostic lights for visual indication of faults. Water resistant unit incorporates integrated multilevel surge protection and diagnostic lights for visual indication of faults. Available in 30 and 50 AMP.

		*MSRP
CM55301	30 Amp	**$299.00**
CM55306	50 Amp	**$399.00**

B. **30 Amp Circuit Analyzer**
Help protect your RV from improperly wired electrical boxes. Diagnostic lights indicate faults before you connect your electrical cord. Also includes integrated surge protection.

CM55310	Circuit Analyzer	**$70.00**

*All prices listed are manufacturer's suggested retail

NEW!!!

Introducing our newest Portable EMS Surge & Electrical Protector. We listened to what you had to say and made some impressive new improvements to the design and function of our most popular Portable EMS Surge Protector. The new EMS-PT-X's are ***better than ever.***

EMS-PTSOX & EMS-PT30X FEATURES

- Over/Under Voltage Protection
- Open Ground, Open Neutral & Reverse Polarity Detection
- Open Ground, Open Neutral & Reverse Polarity Protection
- Miswired Pedestal Indication
- Surge Failure & Current Indication
- Adjustable Time Delay
- High & Low Voltage Protection (Low <104, High 132>)
- Frequency Protection (Low <51Hz, High 69Hz>)

SPECS	PTSOX	PT30X
Ratings	120V/240V	120V
Surge Protection	3,580J	1,790J
Op. Temperature	-40C to+ 105C	-40C to+ 105C

Part # **PI EMS-PT50X** MSRP **495.00**
Part # **PI EMS-PT30X** MSRP **350.00**

PORTABLE SSP-50XL

Our impressive new SSP-XLs include:

- Brighter 3-color LED indicators
- Cable splash-up Guard
- Tough Lexan Housing
- Rugged Pull Handle
- Improved Locking Bracket
- Higher Rated Wire (6) AWG */SSP-50XL mode/only)*

Electrical Rating:
50Amodel 120/240V, 12,000W
30Amodel 120V, 3,600W

Part # **PI SSP-50XL** MSRP **159.95**
Part # **PI SSP-30XL** MSRP **120.00**

PORTABLE SSP-50X

Identifies power source prior to use and offers surge protection with the added benefit of a built-in polarity tester. Sleek compact & portable design makes unit easy to use & store. Features include: Lost/Open Neutral, Reverse Polarity & Open Ground indication. Weather resistant. Electrical Rating:
50A model 120/240V, 12,000W
30A model 120V, 3,600W

Part # **PI SSP-50X** MSRP **150.00**
Part # **PI SSP-30X** MSRP **100.00**

CHEATER BOX ADT-230

Designed to supply various amperage combinations for a 50Amp RV. Unit has 2- 30A connectors with a 30-15A adapter. This allows for three combinations (2) 30A; (1) 30A and (1) 20-15A; or (2) 20-15A connections with an additional 30-15A adapter (only 1 adapter is included.) Weather resistant. 1-year warranty. NOTE: Unit will not operate on a GFCI protected circuit and requires separate circuits.

Part # **PI ADT-230** **NLA**

Specializing in the finest RV Surge & Electrical Protection

HARDWIRED EMS-HW50C

Protects RV against all adverse power conditions. Automatically, shuts off the power when excessive voltage, Low (<104) and High (132>), open ground or neutral is present. Built-in fault indicator, Amperage Meter, Voltage Meter, Frequency Meter. Includes remote digital display (14' data cable included), scrolling continuously through power source information. State of the art microprocessor.

Electrical Rating:

50A model 240V, 12,000W Part # **PI EMS-HW50C** MSRP **410.00**
30A model 120V, 3,600W Part # **PI EMS-HW30C** MSRP **300.00**

HARDWIRED EMS-LCHW50

Protects RV against all adverse power conditions. Automatically, shuts off the power when excessive voltage, Low (<104) and High (132>), open ground or neutral is present. Built-in fault indicator, Amperage Meter, Voltage Meter, Frequency Meter. Includes digital display scrolling continuously through power source info. State of the art microprocessor.

Electrical Rating:
50A model 240V, 12,000W
30A model 120V, 3,600W

Part # **PI EMS-LCHW50** MSRP **360.00**
Part # **PI EMS-LCHW30** MSRP **265.00**

EMS-Extra Digital Remote

Remote allows users the option to add an additional digital

Part # **PI EMS-RDS** MSRP **104.00**

EMS-ByPass Switch Kit

EMS-ByPass Switch enables user to go into ByPass mode without opening the unit.
For EMS-LCHW series only.

Part # **PI BYPASS SWITCH** MSRP **29.95**

Dead Front Receptacles

Receptacles are ideal for new installations or replacing worn out receptacles. Made of high heat, impact-resistant plastic and heavy-duty, Nickel-plated, highly conductivemetal contacts. Zinc plated metal mounting plate (includes 4 screws). For 50A and 30A power.

Part # **PI RV14-50DFR** MSRP **25.80**
Part # **PI RVTT-30DFR** MSRP **22.50**

Generator Plug

Generator Plug ties the neutral and ground wires together for after-market generators preventing "open ground" error messages.

Part # **PI GEN PLUG** **NLA**

50 Amp Extension Plug

50 Amp pedestal receptacle Extension Plug allows your RV surge protector to hang vertically when plugged in to the pedestal.

Part # **PI EXT-PLUG** **NLA**

30-50 and 50-30 Adapters

Adapts 50A RV receptacle to 30A plug (50R-30P). Adapts 30A RV receptacle to 50A plug (30R-50P). Nickel-plated contacts. Unlike the "dog-bone" type adapters, no cable is used; eliminating cable separation. Made of high heat, impact resistant Valox plastic. Designed for outdoor use.

Part # **PI RV 50-30 ADAPTER** MSRP **33.40**
Part # **PI RV 30-50 ADAPTER** MSRP **29.50**

Receptacle & Plug Replacement Ends

Part # **PI 14-50P** MSRP **31.52**
Part # **PI 14-50R** MSRP **29.10**
Part # **PI TT-30P** MSRP **20.00**
Part # **PI TT-30R** MSRP **22.95**

Receptacle and Plug replacement ends are made with heavy-duty, highly conductive metal contacts making the replacement better suited to handle the heat created by heavy loads as opposed to molded-on varieties. Made of high heat, impact resistant Valox plastic. Nickel plated contacts. Designed for outdoor use.

RV SURGE AND ELECTRICAL PROTECTION

2020 NEW PRODUCTS

ParkPower by Marinco
Progressive Industries

Progressive Industries

Portable Surge Protector Kits

Portable surge protector kits contain a separate receptacle tester to detect wiring faults at the pedestal and surge module to attach to the detachable power cord. Separating the two functions reduces the size of the product while increasing protection from inclement weather. Kit contains receptacle tester and surge module.

30A
PIRRT-30
MSRP $39.99

30A
PIRRT-50
MSRP $49.99

RV Receptacle Testers

Receptacle testers detect wiring faults at the pedestal, including open ground, open neutral, open hot, hot/neutral reversed and hot/ground reversed. Includes swivel handle for easy removal from the pedestal.

PICBA-5015
MSRP $49.99

Resettable Circuit Breaker Adapter

50A RV male to (2) 15A female resettable circuit breaker adapter provides 2 resettable 15A receptacles from a 50A pedestal. This adapter is designed for 30A RV users that do not want to draw additional power from their 30A or 15A service which may trip breakers at the pedestal. Each 15A receptacle is wired independently to an illuminated circuit breaker making it the safest and easiest to use solution for additional 15A power. The compact design allows the electrical box to close and makes it optimal for use with power strips and extension cords.

30A
PIPSK-30
MSRP $69.99

50A
PIPSK-50
MSRP $89.99

30A
PIRSM-30
MSRP $39.99

50A
PIRSM-50
MSRP $49.99

RV Surge Modules

Surge modules attach to the detachable power cord to provide surge protection. The compact size increases protection from inclement weather. Contains surge protection indicator alerting user when depleted.

Surge module ratings:

- 30A: 22,500A max spike / 1,100 joules
- 50A: 45,000A max spike / 2,030 joules

Portable Surge Protectors

Weekender portable surge protectors provide surge protection and detect wiring faults at the pedestal. The compact footprint and intuitive design simplify storage and usage.

- Open ground, open neutral & reverse polarity detection
- Mis-wired pedestal indication
- Surge failure indicator
- Brighter 3-color LED indicators
- Weekender pull handle
- Weather resistant /designed for outdoor use

Surge ratings:

- 30A: 22,500A max spike / 825 joules
- 50A: 45,000A max spike / 1,650 joule

30A

3 YEAR WARRANTY

SURGE GUARD*
RV POWER PROTECTION

FULL ELECTRICAL PROTECTION

Surge Guard full electrical protection products are ideal for larger travel trailers, fifth wheels, and motorhomes that contain more electronics. These products protect the RV by disconnecting the power supply, preventing the bad power from entering the RV. These units provide protection against:

- Power surges
- Open ground
- Open neutral
- Reverse polarity
- Miswired pedestal
- Low (<102V) and High (>132V) voltage

SURGE PROTECTION

Surge Guard surge protection products with pedestal wiring diagnostics are designed for pop-up campers and small travel trailers with less electrical amenities. These devices provide high level surge protection along with visual identification of a wiring issue or power supply fault.

FULL PROTECTION HARDWIRE

Automatically shuts off the power when excessive voltage, low (<102V) and high (>132V), or an open ground or neutral is present. Auto reset on power restoration. Caution light indicates surge failure, miswired pedestal, reverse polarity, and elevated ground voltage. 128 second reset delay. Fits neatly inside RVs electrical compartment. Optional Remote Power Monitor LCD Display (sold separately).

		MSRP
SG 35550	120/240V, 50A	$390.00
SG 35530	120V, 30A	$290.00
SG 40300	Remote Display	$130.00

FULL PROTECTION PORTABLE

Automatically shuts off power for overheating, excessive voltage, low (<102V) and high (>132V), or open ground/neutral conditions are present. Auto reset on power restoration. LCD display shows voltage and amp draw on all legs. Shows faults for open neutral, open ground, reverse polarity, miswired pedestal, or elevated ground voltage. 128 second reset delay. Easy-T-Pull™ plug handles. Weather resistant.

		MSRP
SG 34950	120/240V, 50A, RV Side Open Neutral, Elevated Ground Live Voltage Protection, Start sequence is 10 seconds	$495.00
SG 34930	120V, 30A, Elevated Ground Live Voltage Protection, Start sequence is 10 seconds	$350.00

PORTABLE SURGE PROTECTORS

Surge protector designed to handle the high power consumption demands of RVers. Analyzes circuits to identify power supply status. Checks for open ground, open neutral, correct polarity, and reversed lines/ground. Features surge protection indicator and thermal sensor to indicate overheating plug/receptacle. Easy-T-Pull™ plug handles. Weather resistant with a rain-proof cover.

		MSRP
SG 44380	120V, 30A	$125.00
SG 44390	120/240V, 50A	$155.00

		MSRP
SG 44280	120V, 30A	$120.00
SG 44290	120/240V, 50A	$150.00

PORTABLE SURGE PROTECTORS

Identifies faulty park power plus offers surge protection. Analyzes circuits to verify pedestal power. Checks for open ground, open neutral, and correct polarity. Illuminated power status indicators. Easy-T-Pull™ plug handles.

		MSRP
SG 44260	120V, 30A	$110.00
SG 44270	120/240V, 50A	$135.00

PORTABLE SURGE GUARD WITH GROUND FAULT

Great for pop-ups and travel trailers. Automatically shuts off the power when ground faults are present. Requires manual reset after a ground fault. Weather resistant. Easy-T-Pull™ plug handles.

		MSRP
SG 44750	120V, 30A	$90.00

Single Coax Cable TV Plate

TF94326 Black **$ 9.96**

Enclosure w/ Switch Cutout

- Switch not included

TF94325 Black **$ 8.56**

PHONE/CABLE TV PLATE

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- Non-Yellowing, UV stable/colorfast
- 1 GHz – Coax transfer power
- Includes installation kit
- Impact & Road Salt Resistant
- Cutout Dim: 2.5" dia.
  Outside Dim: 3.0"h x 4.0"w

TF94322 Polar White **$16.96**

DUAL COAX CABLE/ CABLE TV PLATE

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- Non-Yellowing, UV stable/colorfast
- 1 GHz – Coax transfer power
- Includes installation kit
- Impact & Road Salt Resistant
- Cutout Dim: 2.5"dia.
  Outside Dim: 3.0"h x 4.0"w

TF94323 Polar White **$15.56**

ROUND ELECTRICAL CABLE HATCH w/ BACK

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- Non-Yellowing, UV stable/colorfast
- Vermin door accepts both 30 and 50 Amp cord
- Replaces round hatches up to 4-1/2"
- Includes installation kit
- Impact & Road Salt Resistant
- Cutout Dim: 3-1/2"
  Outside Dim: 4-5/8"
  Collar Depth: 2-3/8"
- NSF, CSA & TEI Certified

TF94327 Colonial White **$ 7.96**

TF94328 Polar White **$ 7.96**

DELUXE ROUND ELECTRIC CABLE HATCH

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- UV stable/colorfast
  – Non-yellowing (white)
  – Fade-resistant (black)
- Vermin door accepts both 30 and 50 Amp cord
- Replaces round hatches up to 4-1/2"
- Extra strength hinge for longer life
- Includes installation kit
- Impact & Road Salt Resistant
- Cutout Dim: 3-1/2"
  Outside Dim: 5-1/8"
  Collar Depth: 2-3/8"
- NSF, CSA & TEI Certified

Cable Hatch with Back:

TF94329 Polar White **$ 7.56**

TF94330 Black **$ 7.56**

Cable Hatch without Back:

TF94331 Polar White **$ 8.36**

TF94332 Black **$ 8.36**

ACCESS HATCHES

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- UV stable/colorfast
  – Non-yellowing (white)
  – Fade-resistant (black)
- Key locks are "key alike ready" to match entry door or other compartment locks
- Replaceable Door
- Includes installation kit
- Impact & Road Salt Resistant
- NSF, CSA & TEI Certified
- Paintable

MULTI-PURPOSE HATCH SQUARE HOLE BACK

- Thumb lock
- Cutout Dim: 4.25"h x 3"w
  Outside Dim: 6-1/4"h x 5"w
  Collar Depth: 1"
  Inside cutout for switch: 1.1"h x .9"w

TF94297 Polar White **$21.96**
Replacement door:
TF94176 Polar White **$15.50**

MULTI-PURPOSE HATCH w/ FLAT BACK

- Key Lock
- Cutout Dim: 4-3/8"h x 3-1/8"w
  Outside Dim: 6-1/4"h x 5"w
  Collar Depth: 1"

TF94298 Polar White **$21.96**
Replacement door:
TF94176 Polar White **$15.50**

MULTI-PURPOSE HATCH w/ FLAT BACK

- Key Lock (94310/White)
- Thumb Lock (94311/Black)
- Impact & Road Salt Resistant
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 2"

TF94310 Polar White **$31.96**
TF94311 Black **$30.96**
Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

MULTI-PURPOSE HATCH w/o BACK

- Key Lock
- Cutout Dim: 4-3/4"h x 4-1/4"w
  Outside Dim: 6-1/2"h x 6"w
  Collar Depth: 3/8"

TF94299 Polar White **$20.60**
Replacement door:
TF94180 Polar White **$13.00**

MULTI-PURPOSE HATCH w/o BACK

- Thumb Lock
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 1-1/8"

TF94306 Polar White **$31.96**
Replacement door:
TF94184 White **$19.40**

STORAGE/SEWER HOSE HATCH

- Back plate accepts a 4" rigid PVC or flexible hose to create storage area
- Key Lock (94301)
- Thumb Lock (94302-94303)
- Collar depth of PVC attachment 7/16"
  Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w

Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

FUEL HATCH w/ OVAL

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"
  Oval: 5" stretched to 6"

TF94304 Polar White **$37.96**
Replacement door:
TF94340 Polar White **$20.90**

FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: No Collar

TF94305 Polar White **$33.96**
Replacement door:
TF94340 Polar White **$20.90**

EXTRA LARGE FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 9-1/8"h x 8"w
  Outside Dim: 11-3/8"h x 10-3/8"w

TF94313 Polar White **$55.96**

MULTI-PURPOSE/FUEL HATCH w/o BACK

- Key Lock (94308/White)
- Thumb Lock (94309/Black)
- Impact & Road Salt Resistant
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"

TF94308 Polar White **$33.96**
TF94309 Black **$33.96**
Replacement door:
TF94340 Polar White **$20.90**
TF94341 Black **$20.90**

FUEL HATCH w/ SLANT BACK

- Key Lock
- Cutout Dim: 6-3/4"h x 6-3/4"w
  Outside Dim: 9.5"h x 9.5"w
  Collar Depth: 3.25"

TF94312 Polar White **$39.96**

MULTI-PURPOSE ACCESS HATCH

Without Access/Vermin Door:

- Key Lock (94314/White)
- Thumb Lock (94315/Black)
- Cut Out Dim: 6"h x 11-1/16"w
  Outside Dim: 7-3/4"h x 12-5/8"w
  Collar Depth: 1-1/8"

TF94314 Polar White **$53.96**
TF94315 Black **$52.96**

With Dual Access/Vermin Doors:

- Accepts both 30 & 50 Amp cord
- Key Lock
- Cutout Dim: 6"h x 11-1/16"w
  Outside Dim: 7-3/4"h x 12-5/8"w
  Collar Depth: 1-1/8"

TF94316 Polar White **$53.96**
TF94317 Black **$53.96**

REPLACEMENT DOORS

Without Vermin Door:

Fits B&B Molder 8.5" x 8" door:
TF94340 Polar White **$20.90**
TF94341 Black **$20.90**
Fits B&B Molder 6.25" x 5" door:
TF94177 Black **$15.50**
Fits B&B Molder 6.5" x 6" door:
TF94180 Polar White **$13.00**
TF94181 Black **$13.00**
Fits B&B Molder 6.5" x 8" door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

Without Access Port:

Fits B&B Molder 6.5" x 6" door:
TF94178 Polar White **$15.90**
TF94179 Black **$15.90**
Fits B&B Molder 6.5" x 8" door:
TF94182 Polar White **$19.90**
TF94183 Black **$19.90**
Fits B&B Molder 8.5" x 8" door:
TF94186 Polar White **$20.90**
TF94187 Black **$20.90**

STANDARD ELECTRICAL

GFI RECEPTACLES

With reset button and LED light indication of no power, miswire or end of life indication when unit is not longer capable of providing GFCI protection. 15A or 20A, 120VAC with maximum interrupting Capacity of 2,000 Amps. UL Listed, CSA approved and complies to NEC, CEC and OSHA.

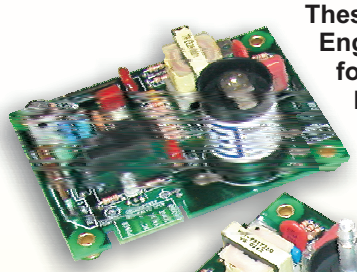
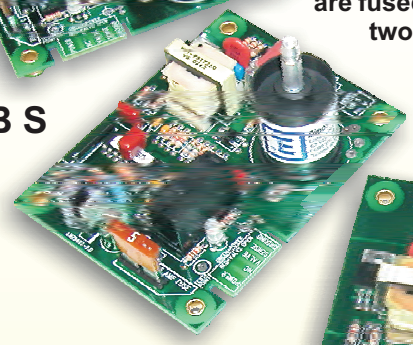
Universal and Fan Control Ignitor Boards

Universal Ignitor Boards

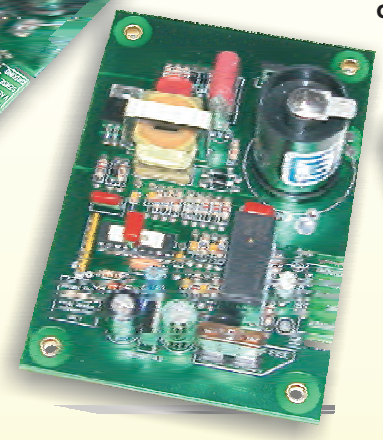
For 12 Volt Furnaces, Refrigerators and Water heaters



UIB S



UIB S Post



UIB L

UIB L Post

These universal 12VDC ignitor boards are certified by Testing Engineers International to meet UL 372 & UL 353 specifications for use in the RV industry. The UIB S, UIB S Post, UIB L and UIB L Post are all "electrically" identical but "mechanically" different for convenient installation. These rugged boards use double sided-plated thru hole technology for added reliability. They are fused to protect the board from short circuits in the NC and Valve circuitry. A two color LED monitors the NC and Valve terminals to let you know when there is power to the board - "GREEN" and when there is power for the Valve - "RED". These delayed 3-try ignitor boards with 20 second purge cycles and LOCAL flame sense also incorporate an option jumper. Removal of the jumper, for water heater and refrigerator use only, converts the board to INSTANT fire with a ONE minute purge cycle between the three ignition tries.

Ignitor board sizes

Standard direct spark ignitor (DSI) boards come in 2 sizes. Large and small. Most appliances today use the small size boards with a spade spark coil connector. You can use a small board in place of the large boards by simply drilling a new mounting hole to accommodate it. For Atwood water heaters that use module boards that mount with 2 tabs at either end of the module like the DSI boards from Channel Products®, we recommend using one of our 2 tab mounting kits in order to mount the UIB S without having to drill any new holes. The 2-tab mounting kit eliminates the risk of accidently drilling through the hot water tank.

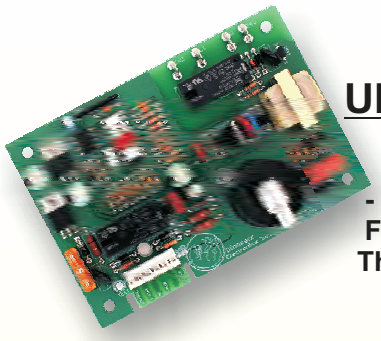
Park Model Ignitor Board & Ignitor Board Accessories

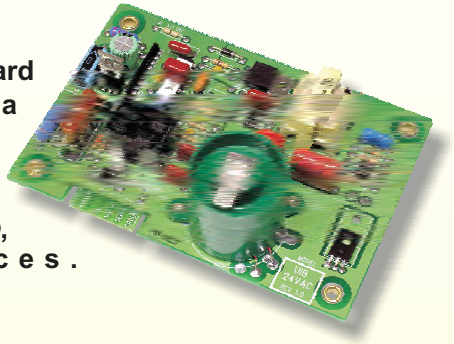


UIB 24VAC Fan Control

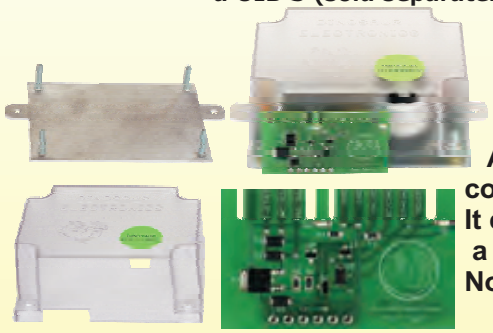
This "Park model" board is a 3-try board using both remote and local flame sense. It is fuse protected and has a two color LED to let you know when there is power to the board - "GREEN" and when there is power for the valve - "RED". The UIB 24VAC Fan Control can be used in, Hydro-Flame® and Suburban® furnaces. This board is only to replace the 24V AC Park model Fan control boards.

UIB 24VAC

This "Park model" board comes as a 3-try board using both remote and local flame sense. It can be converted to a single try by removal of a jumper on the board. It is fuse protected and has a two color LED to let you know when there is power to the board - "GREEN" and when there is power for the valve - "RED". The UIB 24VAC can be used in Duo-Therm®, Hydro-Flame® and Suburban® furnaces.



The kit shown assembled with a UIB S (sold separately)



AC/Gas Adapter Kit

If you want to use a UIB S to replace an Atwood®/Hydroflame® AC/GAS water heater board that has both a 4 pin and a 6 pin connector, use our UIB S along with this AC/Gas Adapter Kit. It consists of a small 4 and 6 pin electronic"control" board, a mounting plate, a cover and the appropriate hardware! Note: The UIB S is not included in this kit.

2-Tab Mounting Kit

If you want to use a UIB S to replace an Atwood®/Hydroflame®water heater board with the"2 TAB" mounting style, use our 2 Tab Mounting Kit that consists of a mounting plate, a board cover and the appropriate hardware!

Ignitor board covers

These translucent covers are made from fire retardant ABS and are for use in water heaters and refrigerators. In addition to providing some moisture protection from condensation and "hosing off" the coach, they also allow you to see the diagnostic LED without having to remove the cover.

Not for use in furnaces!

Call For Pricing

Note: When checking in our price book please include DP in front of the Dinosaur Part Number

Ignitor Board & Ignitor Board Accessories

UIB 64 The UIB 64 is a universal ignitor board specialized to work in Atwood's® AC/Gas water heaters with "4 + 6 pin or edge" style connectors, or with the single "10 pin" connector used in the latest models. The UIB 64 can also be configured to replace standard ignitor boards that use a single 6 position connector found in older water heaters, refrigerators and furnaces. The UIB 64 shares all of the same features as our UIB Series ignitor boards and comes with mounting hardware and a cover. On board diagnostic LEDs to help with troubleshooting.

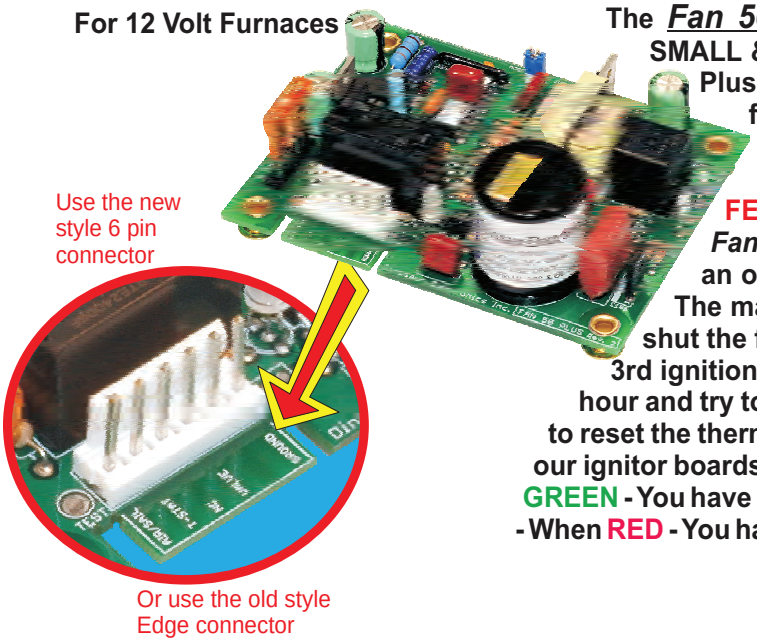
- "GREEN" LED= POWER TO BOARD
- "RED" LED= POWER TO GAS VALVE
- "YELLOW" LED= POWER TO THE AC RELAY

The UIB 64 can be used in Duo-Therm®, Hydro-Flame® and Suburban® furnaces.

TDR Our replacement Time delay relay is for use in older furnaces that use a standard 12VDC ignitor board. The TDR has a 4 second delay before applying power to the fan motor, and a 2 minute cool down period at the end of the heat cycle before removing power from the fan motor. can be used in Duo-Therm®, Hydro-Flame® and Suburban® furnaces

Fan 50 Plus Pins

For 12 Volt Furnaces



The *Fan 50 Plus Pins* replaces Dinosaur's earlier SMALL & LARGE fan boards as well as the Fan 50 Plus. It can also be used to replace the present fan control ignitor boards Being used by Suburban® and Atwood/Hydroflame®, but keep in mind that THE FAN CONTROL FEATURE MUST BE USED! In addition, the *Fan 50 Plus Pins* can also be used to UPGRADE an older furnace, giving it fan control features. The main features of the Fan 50 Plus Pins are (1) shut the fan motor OFF a minute and a half after the 3rd ignition try fails to sense a flame. And (2) wait one hour and try to cycle again before locking out and having to reset the thermostat. Besides being fused, a feature of all our ignitor boards is the GREEN / RED LED indicator - When GREEN - You have power to the board.
- When RED - You have power to the Gas Valve.

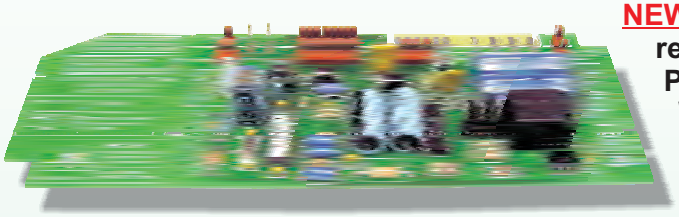
Replacement boards for MICRO P Series

replacement circuit boards for Dometic® refrigerators have built in Microcontrollers for highly reliable operation. A self-resetting circuit breaker on the 12 Volt circuit protects the board from short circuits and accidental reverse polarity and a red LED comes on when the circuit breaker is tripped. These boards are fused on both sides of the AC to protect the board from short circuit faults in the AC heater element and wires.

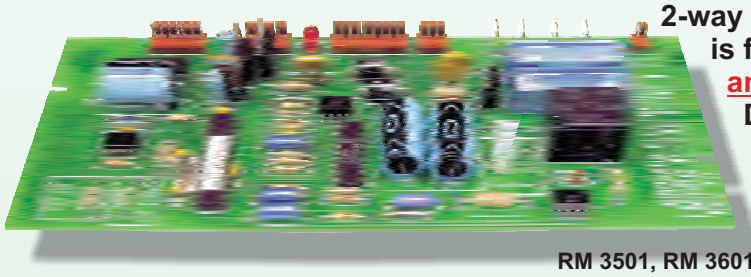
Dinosaur Electronics

MICRO P-1338 Rev. 5 3-way (AC/DC/GAS) Is fully compatible with both OLD and NEW gas valve systems used in Dometic® refrigerators. It replaces the earlier Micro P-13 and Micro P-1338.

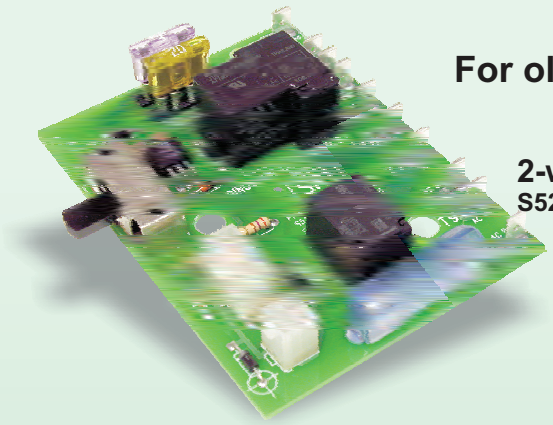


Works in the following models:
RM 663, RM 763, RM 1303, RM 3500, RM 3600, RM 3800

MICRO P-246 Plus Comes as a 3-way (AC/DC/Gas). Remove an option jumper for 2-way operation. The New MICRO P-246 Plus is fully compatible with both the OLD and NEW gas valve systems used in Dometic® refrigerators. It replaces the earlier MICRO P-24 2-way, MICRO P-24 3-way and the MICRO P-26.



~~Works~~ in the following models:
RM 2602, RM 2603, RM 2802, RM 2803, RM 3501, RM 3601, RM 3604, RM 3801, RM 3804, RM 4801, RM 4804, RM 4804.002, RM 4804.004, RM 4804.005, RM 4804.005, RM 4804.006 and RM 7030 (prod #921890201 and 921890301)



For older Dometic®/Servel® refrigerators

SR1

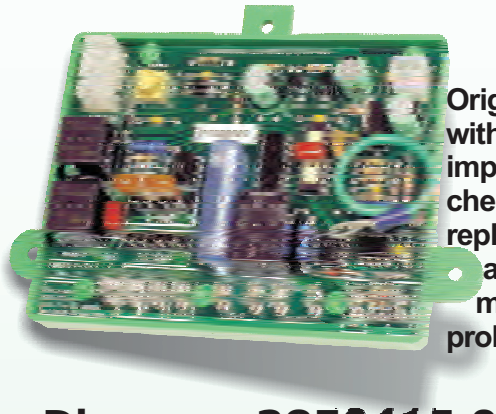
2-way or 3-way Works in the following models:
S520, S530, S619, S620, S630, S819, S820 and S830

Call For Pricing

Note: When checking in our price book please include DP in front of the Dinosaur Part Number

Dometic® Refrigerators

“Black Box” Replacements have a variable Temperature adjustment for use with FIXED TEMP refrigerators. Fuse protected. Offer both 2-way and 3-way operation. The CHECK light comes on after each ignition try fails to sense a flame. In 3-way operation the DC element will drop out and the DC mode light will flash in 3-ways if the voltage levels fall to low for more then 10 seconds.

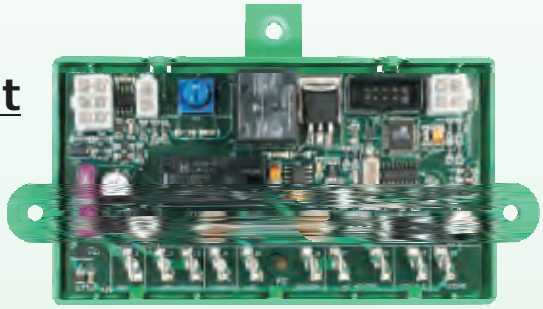


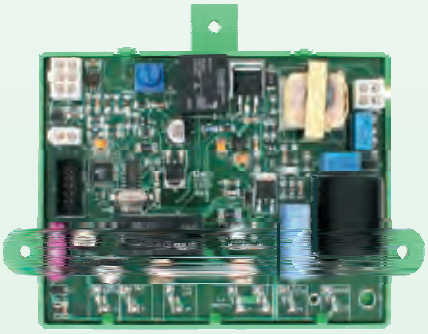
MICRO P-711

Original “Black box” replacement. Used to replace boards with part numbers beginning with 293. Our board has an improved thermocouple circuit to eliminate the “Recurring check light” problem. The Micro P-711 can be used as is to replace 2-way boards and can be used as a 3-way by adding the supplied fuse. All connections are clearly marked. This board works with or without the “Ground problem” wiring kit.

Dinosaur 3850415.01 Replacement

USE DINOSAURS 3850415.01 BOARD ONLY TO REPLACE PREVIOUSLY PROPERLY INSTALLED DOMETIC® 3850415-01 BOARDS.





Dinosaur 3850712.01 Replacement

USED TO REPLACE DOMETIC® 3850712-01 BOARD WITH BUILT IN RE-IGNITOR.

Dometic Variable Thermistor Adjuster

This Device is designed to be placed in series with the thermistor in the “fixed temperature” Dometic® Refrigerators. It then allows the owner to adjust the temperature. This product will only make a refrigerator run colder it will not allow you to adjust it to a warmer temperature.

Call For Pricing

Note: When checking in our price book please include DP in front of the Dinosaur Part Number

Cross-reference charts for Dometic® Refrigerators

A note about the cross-reference charts

The following cross-reference charts are offered for reference purposes ONLY. It is ESSENTIAL that you get the actual part number of the board that is in the refrigerator for correct replacement purposes.

IMPORTANT!

The MICRO P-1338 Rev 5 and the MICRO P-246 Plus boards will work in the Dometic® models noted in this chart, with the old style gas valves or the new style gas valves. The MICRO P-246 Plus comes as a three way board but has a removable jumper for two way operation.

Additional information for Dometic® Refrigerators

What do I do with the thermocouple wires?

If you are using our Micro P-1338 or Micro P-246 Plus in a Dometic® that has their Kit that replaces the circuit board, adds a thermocouple and replaces the old style gas valve (with the integrated thermocouple) with the new style gas valve, you will not need to use the thermocouple. Simply remove it or wrap the wires up and get them out of the way.

About the Thermocouple

Thermocouples have a + and - polarity, with the + being the outside case of the thermocouple. Pay attention when connecting the thermocouple to the Micro P-711 and the 3850415.01 boards. The + wire always goes to the right side “T-couple”tab and the - wire always goes to the left side “T-couple” tab; Even on the RM 7030 fridges where the boiler column is on the left side.

The reignitor continues to spark even though the flame is lit

Reignitor modules sense the flame using local flame sense like most modern ignitor boards. When the flame is lit, the reignitor module should stop sparking. If it does not, make sure the spark electrode assembly is clean and properly adjusted. Also make sure the spark wire has perfect continuity so that the flame sense circuitry can complete the circuit through the flame. If the spark electrode assembly and spark wire check our okay then you probably need to replace the reignitor module.

In older Dometic® AES refrigerators (prior to the use of the black box boards), the AES boards used a signal from the “L” terminal of the reignitor for making “operational decisions”. A negative pulse on the “L” terminal told the AES board if the reignitor was sparking. The gas valve does not get power to open until the AES board sees the negative pulses from the reignitor. If after applying power to the reignitor, the AES board does not “see” these negative pulses within 15 seconds, power is removed from the reignitor and the “CHECK” light comes on. If the AES board “sees” the pulses from the reignitor it will then apply power to the gas valve and hopefully the gas will light and the sparking will stop. If the reignitor should continue sparking for any reason, such as a faulty reignitor, a faulty spark wire, a faulty electrode assembly etc.; after two minutes of continuous sparking and “negative pulses” going back to the AES board, will say “I don’t see a flame” and will then remove power from the gas valve and the reignitor and then turn the “CHECK” light on.

Our IMT-12P Tester Adapter Package includes a reignitor test adapter.

Is the storage switch ON? Or OFF? And is it working?

In the older models of Norcolds® where there is an "Eyebrow". a "power supply board", and an "Ignitor board" the "storage switch" can be a problem. When you've got the 12 Volts to the power supply board and there are still no lights on the Eyebrow, check the storage switch. On some models that use the D-15650 or the D-15711 the storage switch may be on the edge of the power supply board: make sure it's ON. On other models that use the 618661, 618666, 61647422 or 61647622 power supply boards, the storage switch is in the door jam of the fresh food compartment. Make sure it's ON, and working.

These storage switches frequently develop corroded and oxidized contacts, causing intermittent , flakey or NO operation. The 618661, 618666, 61647422 and 61647622 power supply boards have a pair of blue wires that come off the top edge of the board and end in male and female connectors which connect to the wires that go to the storage switch. If you suspect the storage switch, disconnect the blue wires of the power supply board and then connect the male and female ends together, thus bypassing the storage switch. If you now have lights at the eyebrow, GREAT! The problem is in the storage switch. If not, continue troubleshooting.

See our Norcold®/Servel® Exerciser on Page 19. It is an excellent tool to help you troubleshoot

Ignitor boards in older Norcolds®

There were a variety of boards used in the older Norcolds®! Some used "Remote" flame sense from a finger on the edge of the board. Others used "External" flame sense from a separate wire that dangled out of the board. And still others used "Local" flame sense where the board ignited and sensed the flame through the spark wire.

If you wish to replace a faulty ignitor board in one of these old Norcolds®, and you use one of Dinosaur Electronics UIB S or UIB L boards, don't be concerned about the old "Remote" or "External" sense wires and sense electrodes: Our ignitor boards all "ignite" and "sense" through the spark wire.

You may wish to cut the "instant" fire jumper that is on our boards so that ignition will take place in a couple seconds instead of the normal 20 second delay of our UIB S and UIB L boards. The board will still be a "3 try board" but there will be a one minute delay between the first and second try, and the second and third try.

When installing our UIB S and UIB L boards in refrigerators or water heaters, please cover them with our appropriate small or large translucent covers.

For all of our UIB Series Ignitor boards and Ignitor Board Accessories see pages 4 -5.

TRI-FOLD SOFA

Shown in
Grantland Doeskin

Available Colors:

- Cobble Creek Fabric
- Majestic Chocolate PolyHyde
- Grantland Doeskin PolyHyde

VERSATILE AND COMFORTABLE

Known for its versatile functionality and comfortable sleep surface, the Thomas Payne Collection Tri-Fold Sofa converts to a very supportive, high-density foam bed in four simple steps. Its sleek design maximizes space because it takes up about one foot less when extended than a traditional hide-a-bed. Durable PolyHyde™ upholstery resists stains better than leather or fabric.

With the addition of Battery Doctor Products we have also brought in these Funnel King Products . We do have access to the entire line of funnels and accessories, so let us know if you need us to stock specific items from Battery Doctor and Funnel King (Wirthco lines).

PMG Series – 4000W Inverter Generator

$1195 MSRP

PMG 4000iSR – 4000 Watt Inverter Generator Features

- MAX. Peak Output 4000 Watt
- Continuous 3500 Watt Rated
- Features a stable Sine Wave 120Vac output, safe to use with Sensitive Electronic Equipment
- Remote Control Start
- Sleek Impact Resistance Design with Grip and Extendable Handle
- 224cc OHV Engine – **Runtime 12 Hours at 1/2 Load**
- Quiet operation <63 Decibels
- Outlets: 1-30A RV, 2-AC 120V (13A), 1-12Vdc (8A), 1-5Vdc USB
- Circuit Breakers
- Fuel Tank 3.4Gal / 13L
- EPA, CARB & CSA Certifications
- 2 Year Limited Warranty

Product Specifications:
This generator is an engine-driven, portable generator. It is designed to supply electrical power to operate tools, appliances, camping equipment, lighting, or serve as a backup power source during *power outages.*

AC Output	Rated AC Voltage	120V
	Rated Frequency	60Hz
	AC Current	20A & 30A RV
	Rated Output	3500W
	Maximum Output	4000W
DC Output	USB Outlet	5V DC 1.5A
	Cigarette Outlet	12V DC 8A
Engine	Displacement	224cc
	Engine Type	Single cylinder, 4 Stroke, OHV, Air Cooled
	Engine Oil Type	SAE 10W30
	Engine Oil Capacity	600ml / 20.2oz
	Fuel Tank Capacity	13L / 3.4Gal

The emissions control system for this generator is compliant with all standards set by the Environmental Protection Agency.

MEASUREMENTS

All lengths are measured from center to center of the cylinder end fittings.

A) is the extended length
B) is the compressed length
C) is the stroke length

The weight measurement should be stated on the chamber.

Installation Instructions

Have someone hold the hatch, hood, trunk, or rear window open while replacing the lift support. Do not use a prop.

Before removing the old lift support, examine any hardware provided to determine which components must be reused.

The new lift support must be installed in the same position as the one which was removed. Do not scratch rod.

When installing the rod, the chamber side must be placed upward while the rod side is down.

Removable Ball Connectors

Remove old lift support by prying off the retaining ring, cap lock, or the security lock ring.

Press new lift support onto ball stud and properly install retainer.

Economy Rubber Seals for Slide Out Rooms - Includes Wipers

Economical rubber base includes Bulb Seal and wiper. Comes with strong adhesive w/release liner. Simply cut to length, remove release liner and apply pressure to adhere to side wall for a positive seal around your SlideOut Room.

Rubber Slide out Seal w/ Wiper & Tape

MSRP

AP018-314 *White* w/Hats (Red Tape) 5/8" x 1-15/16" x 35' — **163.74**

Premium EK Seal for Slide Out Rooms - Includes Wipers

Advanced EK Series is the ultimate Slide Out Seal System. Can be used for new installations or when upgrading worn out rubber seals. Order in two parts. The EK Base comes with wiper and is designed with straight edge for easy alignment w/adhesive backing. Fasten-ers maybe used to install as well. D Seal, purchased separately, easily slides onto track in base, hides fasteners and provides a positive seal. EK Series may also be used on interior wall for protection when Slide Out Room is extended or when replacing a double seal.

Tow-N-See™ Power Mirror Extender

NO TOOLS REQUIRED
EASY TO INSTALL

Don't spend money on expensive aftermarket power mirror extensions. Tow-N-See Mirror moves along with your power mirrors so you can adjust your view while sitting in the driver's seat. Installs in just seconds with a twist of the knob, leaving no marks and making it easy to transfer from one vehicle to the next. ***Tow-N-See...The one that works!*** Patented.

CM25668	Convex	**$28.00**
CM25663	Flat	**$28.00**

CLAMP-ON TOWING MIRRORS give you more visibility when towing, making driving while towing safer and giving you peace of mind. The Clip-On Mirror features 360 degree ball and socket adjustment and an aerodynamic design that reduces vibrations. Installation is easy- there are no tools required. The adjustable rubber straps provide a universal fit. Clip-On Mirror measures 5" x 7-1/2" and fits driver or passenger side mirror. The Dual-View Mirror has two independently adjusting mirrors and an aerodynamic design that reduces vibrations.

CM25650	Single Towing Mirror	**$14.99**
CM25653	Dual Towing Mirror	**$26.99**

MARINE and RV

True North™

True North™ AC Electric Space Heater

This rugged electric heater has a solid steel housing with built-in adjustable thermostat that keeps the cabin warm on the chilliest of nights. The True North heater is equipped with 5 settings including steady heat to high output for maximum heat and air circulation. The Anti-Freeze setting is a great winter storage solution that automatically turns on when the weather drops to 38°F (3°C), ensuring the air temperature in the cabin remains above the freezing point. Low profile design prevents tip over and makes it easy to store when not in use.

Product dimensions: 9.4"L x 11.0"W x 5.0"H

Materials: Steel and plastic
Safety features: 2 stage overheat protection
Warranty: 5 years

Power Supply	Power	BTUs	Draw	Colour	Model	MSRP
120V AC, 60Hz	600W, 900W, 1500W	5200	5.00A-13.00A	Black	CAF 9206CABBX	99.99

CAMCO

OLYMPIAN™ WAVE™ CATALYTIC SAFETY HEATERS

An ideal primary or secondary heating source. Wave™ heaters operate on low pressure LP gas, and can be wall mounted or used as portables. Equipped with an integral safety shut-off valve to help prevent accidental non-ignition fuel discharge. The built-in Piezo electric spark starter will last for 20,000 starts. No electrical drain or battery connection. Leg stands not included.

CM57331	Olympian™ Wave 3 Adjustable from 1600 to 3000 CM	$398.49
CM57341	Olympian™ Wave 6 Adjustable from 3200 to 6000 BTUs	$536.49
CM57351	Olympian™ Wave 8 Adjustable from 4200 to 8000 BTUs	$623.99

WATCH THE VIDEO

www.camco.net/products/videos

Flame-type heaters waste up to 45% of all heat produced. Catalytic heating is over 96% efficient, resulting in efficient, low-cost heat.

Refer to the chart below to choose the correct size heater for your RV

	BTU Output	Room Area Heated	Size of RV
Wave 3 Catalytic Safety Heater	1600 to 3000	100 sq. ft*	12 ft.
Wave 6 Catalytic Safety Heater	3200 to 6000	200 sq. ft*	18 ft.
Wave 8 Catalytic Safety Heater	4200 to 8000	290 sq. ft*	23 ft.

CUSTOM FITTED DUST COVERS

CM57706	Wave 3/3100 Dust Cover	$23.99
CM57713	Wave 6/6100 Dust Cover	$27.99
CM57715	Wave 8/8100 Dust Cover	$30.99
CM57722	Wave 3 Dust Cover (portable)	$21.99
CM57723	Wave 6 Dust Cover (portable)	$25.99
CM57724	Wave 8 Dust Cover (portable)	$28.49

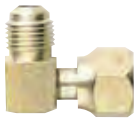
LEG STANDS FOR WAVE HEATERS

CM57701 Black, set of 2 — $17.99

90° CONNECTOR ELBOW

3/8" swivel flare female x 3/8" flare male.

CM57633 Elbow with full 360° swivel — $17.99



LP GAS REGULATOR WITH HOSE

For use with all Olympian LP gas fired heaters.

CM57703	Regulator with 6' hose	$49.99
CM57704	Regulator with 8' hose	$55.99
CM57721	Regulator with 12' hose	$65.49
CM59863	Regulator with 22" hose	$44.99

All prices listed are manufacturer's suggested retail

FURNACE CORES

Why remove and repair a furnace with individual parts when you can simply install a furnace core. Backed by a Two (2) Year Limited Warranty!

SF-Q and SF-FQ SERIES

NT-SQ and NT-SEQ SERIES

NT and Park Models

Suburban Furnaces and Furnace Cores Feature a 2 Year Limited Warranty. Thermostats and Doors Sold Separately
GAS APPLIANCES MUST BE INSTALLED BY A QUALIFIED SERVICE TECHNICIAN

AIRXCEL

Suburban
An AIRXCEL Brand

FURNACE CORE
Replacement

Don't let the chill of expensive and time consuming repairs raise your temperature.

Suburban is now pleased to offer our Furnace Core Replacement program - an affordable alternative to replacing old and worn out parts with little to no warranty.

Why repair a furnace with individual parts when you can simply install a furnace core.

- Quieter
- Higher Value
- Better Quality
- More Efficient

Give your customer reliable comfort and peace of mind. Each Suburban Furnace Core replacement is backed by a Two (2) Year Limited Warranty.

Fireplaces

Create the perfect ambiance wherever you are. Our superior fireplaces combine elegance and functionality, offering modern, luxurious design and robust heating capabilities.

- Flame effect ambiance, available in crystal or simulated wood with 4 level LED flame technology
- Adjustable temperature settings from 65°F to 95°F
- Slide-out safety cut-off: proximity sensor switches power off automatically
- LED control panel
- Climatesmart™: designed and engineered for extreme temperatures
- Vibrationsmart™: designed and engineered for vibration resistance
- Multiple flame color options
- 4 brightness settings

ELECTRIC CABLE HATCH

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- Non-Yellowing, UV stable/colorfast
- Replaceable Door
- Vermin door accepts both 30 and 50 Amp cord
- Open Back
- Impact & Road Salt Resistant
- Includes installation kit
- NSF, CSA & TEI Certified
- Paintable

Small Electric Cable Hatch:

- Cutout Dim: 4-3/4"h x 4-1/4"w
  Outside Dim: 6-1/2"h x 6"w
  Collar Depth: 3/8"

TF94334 Polar White w/Key Lock **$23.16**

TF94333 Polar White w/Thumb Lock **$22.16**

Replacement door:

TF94178 Polar White **$15.90**

Medium Electric Cable Hatch:

- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 1-1/8"
- Key Lock

TF94335 Polar White **$33.96**

TF94336 Black **$33.96**

Replacement doors:

TF94182 Polar White **$19.90**

TF94183 Black **$19.90**

Large Electric Cable Hatch:

- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"

TF94337 Polar White w/Key Lock **$35.96**

TF94338 Black w/Key Lock **$35.96**

TF94339 Polar White w/Thumb Lock **$34.96**

Replacement doors:

TF94186 Polar White **$20.90**

TF94187 Black **$20.90**

COAX CABLE TV PLATE

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- UV stable/colorfast
  – Non-yellowing (white)
  – Fade-resistant (black)
- 1 GHz – Coax transfer power
- Includes installation kit
- Impact & Road Salt Resistant

- Cutout Dim: 1" dia.
  Outside Dim: 2.7" dia.

TF94318 Polar White **$ 6.56**

TF94319 Black **$ 6.56**

- Cutout Dim: 1" dia.
  Outside Dim: 3.125" dia.

Ready to Tow Hitch Kits

Pre-installed components save installation time

eaz lift Since 1952

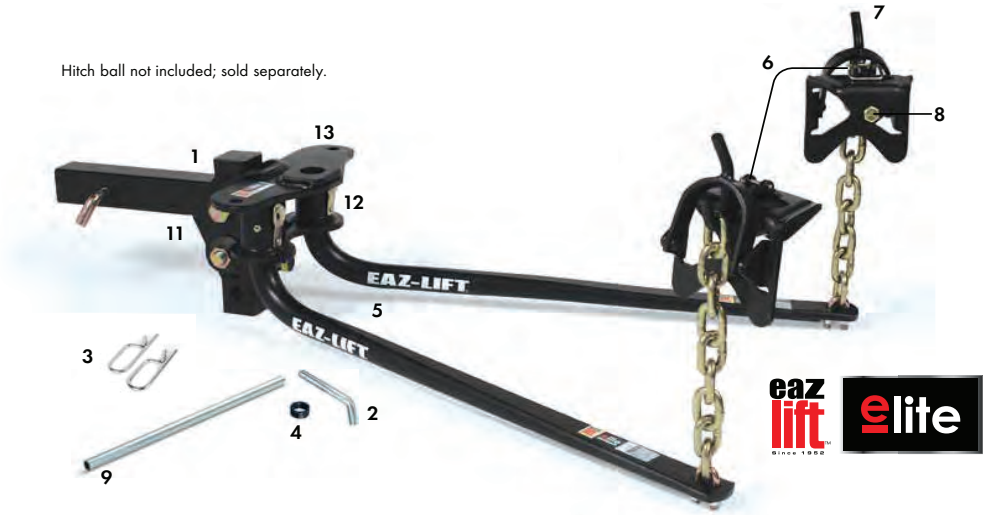
Hitch ball not included; sold separately.



Round Bar Weight Distributing Hitches Over five decades ago, Eaz-lift became the first patented weight distributing system in North America. Designed with fewer parts, forge tapered round spring steel bars provide a smoother ride with interchangeable bars that have positive latching action for operation.
Eaz-Lift has a broad selection of weight distributing hitches that include right and left hand sway control mounts and bolt together ball mounts providing adjustability of ball height and ball mount angle. Each hitch includes hook-up brackets, spring bars, chains, ball mount, shank and hitch pin, clip and bolt package for adjustable hitches.

Do not overload any part of your towing system. Consult the vehicle manual for towing recommendations and limitations.

Weight Distributing Hitches with bolt-together adjustable shank

- No need to grease bars
- No drilling to install
- Quiet operation

reCURVE WDH R6

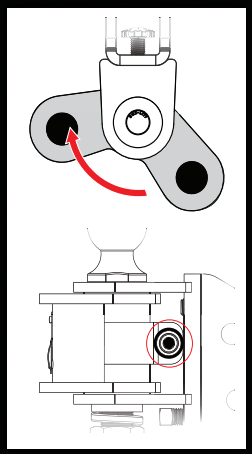
WDH with **Adaptive** Sway Control

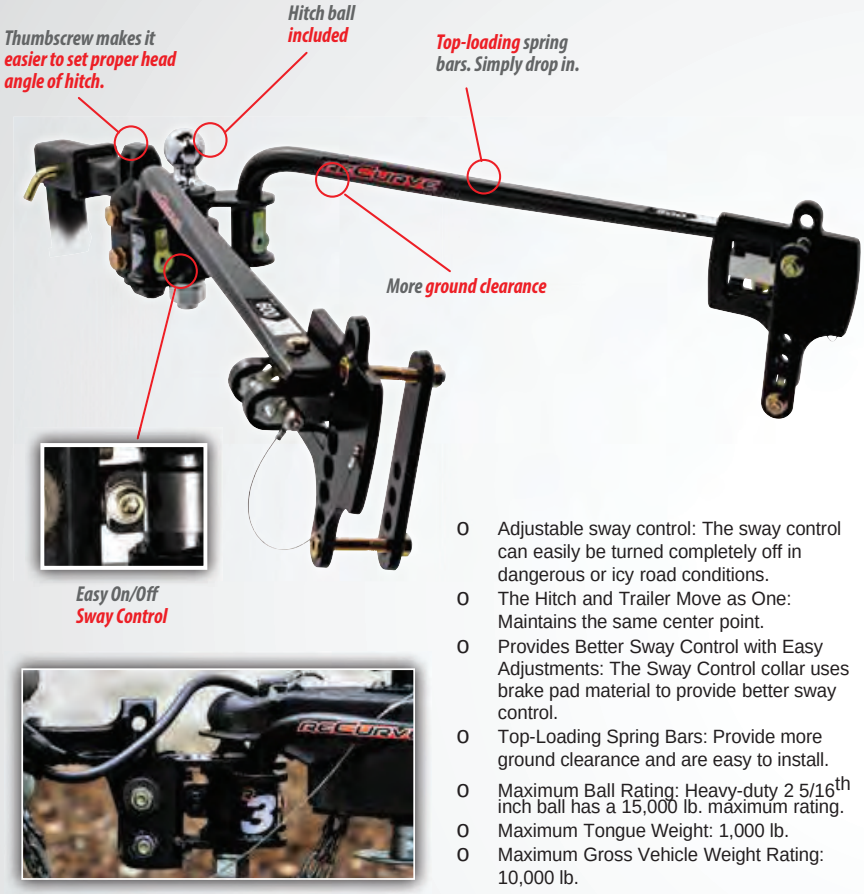
BETTER ★★★★½

ReCurve R3 WDH

WDH with **Adjustable** Sway Control

- Hitch and trailer move as one
- No need to grease bars
- No drilling to install
- Quiet operation
- One bolt adjustable sway control





- Adjustable sway control: The sway control can easily be turned completely off in dangerous or icy road conditions.
- The Hitch and Trailer Move as One: Maintains the same center point.
- Provides Better Sway Control with Easy Adjustments: The Sway Control collar uses brake pad material to provide better sway control.
- Top-Loading Spring Bars: Provide more ground clearance and are easy to install.
- Maximum Ball Rating: Heavy-duty 2 5/16th inch ball has a 15,000 lb. maximum rating.
- Maximum Tongue Weight: 1,000 lb.
- Maximum Gross Vehicle Weight Rating: 10,000 lb.

RECURVE R3
is a weight distribution hitch that features adjustable sway control. By simply adjusting the clamp, you can decide how much sway control is exerted on the trailer. The ReCurve R3 will distribute the weight of your trailer evenly across the axles of the vehicle and provide as much sway control as you choose. Or, turn the sway control completely off in dangerous or icy road conditions. Its top-loading spring bars give it more ground clearance than other hitches, and the streamlined design makes the hitch and the trailer move as one, while creating a sleek look. Hitch ball included.

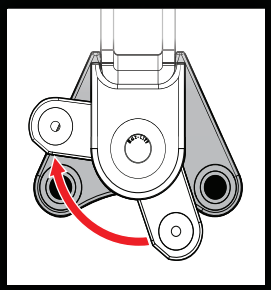
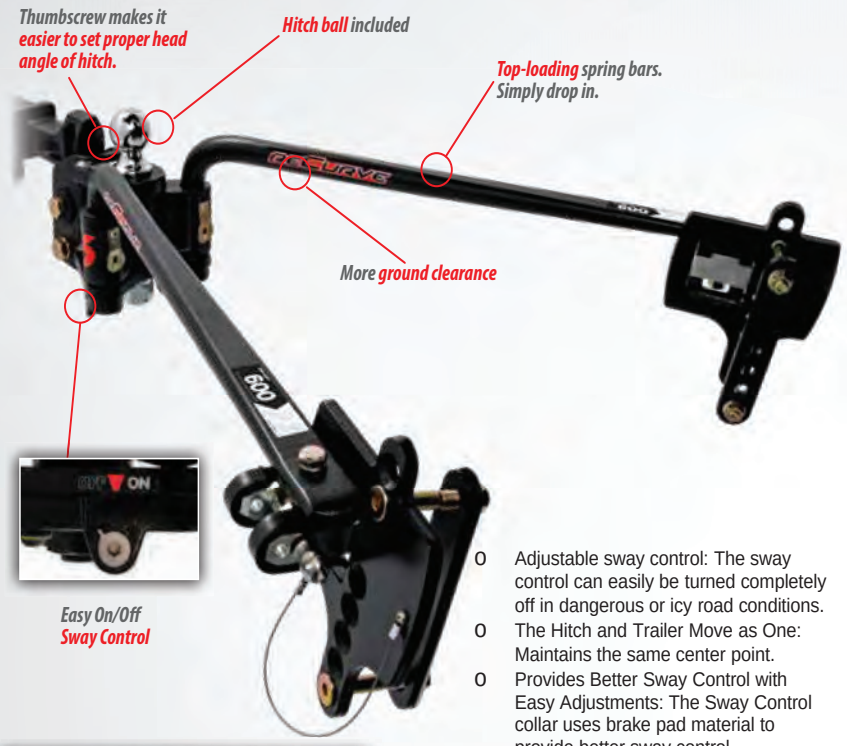
- Simple on/off sway control
- Back up without disengaging
- Hitch the trailer move as one
- Sway control can be disengaged
- No need to grease bars
- No drilling to install
- Quiet operation



ReCurve™ R6 WDH

WDH with **Adaptive** Sway Control



- Adjustable sway control: The sway control can easily be turned completely off in dangerous or icy road conditions.
- The Hitch and Trailer Move as One: Maintains the same center point.
- Provides Better Sway Control with Easy Adjustments: The Sway Control collar uses brake pad material to provide better sway control.
- Top-Loading Spring Bars: Provide more ground clearance and are easy to install.
- Maximum Ball Rating: Heavy-duty
- 2 5/16th inch ball has a 15,000 lb. maximum rating.
- Maximum Tongue Weight: 1,000 lb.
- Maximum Gross Vehicle Weight Rating: 10,000 lb.

RECURVE R6
is our most user friendly weight distribution hitch, and it features premium adaptive sway control. With other sway control hitches, turning can be an even bigger hassle than it usually is with a trailer because the sway control "locks" the trailer straight. With the ReCurve R6, the hitch will control your sway for normal driving, but when you turn, the sway control will automatically disengage, making maneuvering smoother and easier on the driver. The sway control can easily be turned completely off in dangerous or icy road conditions. Its top-loading spring bars give it more ground clearance than other weight distribution hitches, and the streamlined design makes the hitch and the trailer move as one, while creating a sleek and subtle look. Hitch ball included.

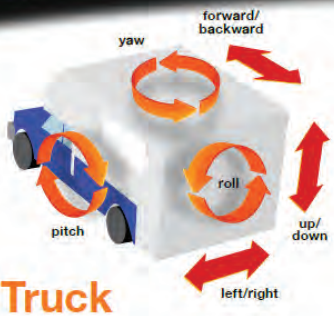
LIPPERT COMPONENTS®



Direct-to-Frame Tiedowns

Be One With the Truck

HappiJac's innovative, patented Tie Down systems combine truck frame strength with sophisticated engineering principles to create an I-beam truss structure that effectively makes your camper an integral part of the truck. While other tie downs may "hold your camper down," only HappiJac Tie Downs prevent camper movement in all directions.

- Prevents camper movement in all directions (forward-backward, up-down, left-right, yaw, pitch and roll)
- Eliminates leverage and stress forces on the truck
- Patented, time-tested design makes your camper an integral part of the truck

Camper Tie Down Systems

Camper Anchor Tie Downs

NOTE: With the exception of the CA-FD4 & CA-FD7 for late model Ford F150 series, the older style "CA" prefix camper tie downs listed below do not contain a frame mount component and were designed for use on older truck models prior to 1999. In the few instances where either a "CA" and an "FT" model will fit, the "FT" is always the best option, and must be used if the truck is an extended or crew cab model, or the camper's dry weight is more than 2,500 pounds.

One touch leveling for travel trailers is here

Introducing the first ever one touch leveling system for travel trailer RVs. Ground Control® TT levels and stabilizes your travel trailer quickly and accurately. It's a long and difficult process to get an RV level with manual jacks, chocks and wedges. Ground Control TT levels and stabilizes the travel trailer in a matter of minutes and features our all new Smart Jack that includes a battery indicator and hitch height memory.

- First ever automatic leveling system designed for travel trailers
- Automatic, one-touch electric leveling
- New Smart Jack remembers trailer hitch height
- Under 3 minutes to level!
- Compatible with OneControl™ wireless technology

Ground Control® TT

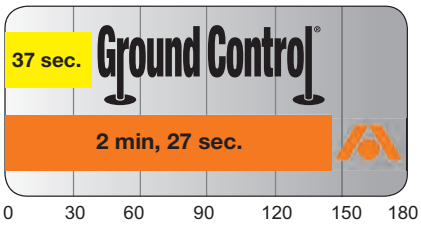
LIPPERT COMPONENTS

GROUND CONTROL® ELECTRIC LEVELING SYSTEM

With the push of a button, Ground Control 3.0 levels and stabilizes an RV quickly and accurately, enhancing the overall camping experience. It can take up to an hour to get an RV level with manual jacks, chocks and wedges. Ground Control 3.0 levels and stabilizes the RV in a matter of minutes and features automatic re-hitch memory that remembers the exact height at which the RV was unhitched to save RVers time when hooking up.

Ground Control Speed vs. Atwood



Automatic, one-touch electric leveling

Only 3 minutes to level

Stronger, faster jacks

Easy bolt-on installation

Optional one-touch wireless remote

HYDRAULIC LEVELING SYSTEMS
By Power Gear

SET UP YOUR CAMP IN A FLASH

power gear® Advanced Actuation Solutions

Power Gear Leveling Systems are Proudly MADE IN USA

The Power Gear Hydraulic Leveling System levels and stabilizes an RV quickly using one-touch automatic or semi-automatic leveling.

Power Gear Leveling enhances the overall camping experience by preventing annoying rocking and swaying at the campsite and can accommodate a wide range of vehicle sizes from Class A to Class C units.

- Levels most Class A coaches
- Supports many applications with jack capacity range from 6K to 22K
- Choose from power down/power up or power down/spring return hydraulic systems
- Choose from semi-automatic or fully automatic leveling systems; fully automatic systems feature one-touch leveling

POWER GEAR® HYDRAULIC LEVELING SYSTEM

power gear®
Advanced Actuation Solutions
by Lippert Components®

The four-point Power Gear Hydraulic Leveling System levels and stabilizes a motorhome in just a few minutes using one-touch, automatic or semi-automatic leveling. Power Gear Motorhome Leveling enhances the overall camping experience by preventing annoying rocking and swaying at the campsite and can accommodate a wide range of vehicle sizes from Class A to Class C units.

QUICK FACTS

- American-made leveling jacks can lift 6,000–24,000 pounds each
- Automatic and semi-automatic aftermarket kits available
- Automatic system uses smart electronics to minimize frame twist
- Manual bi-level mode can lift front or back only
- Patented safety feature retracts all jacks when the parking brake is released
- Lightweight and compact; all components fit under the coach

A complete line of aftermarket kits and replacement parts available

Automatic and semi-automatic aftermarket kits for a range of vehicles from class A to class C units

Tongue Jacks

LIPPERT COMPONENTS

QUICK DROP TONGUE JACK

NEW

QUICK FACTS

- Raise or lower jack using a power drill and 3/4" socket head**
- No hand cranking required
- 2,000-pound lifting capacity
- 14" stroke
- Fits most cargo, utility and travel trailers
- Powder coating protects against the elements
- Removeable foot pad with locking pin included
- Patent pending

* Do not use an impact drill for operation
** Power drill and ¾" socket head not included

POWER TONGUE JACKS

QUICK FACTS

- 3,500-lb capacity
- 30 AMP, 18" stroke
- Textured casing helps protect from chips and cracks
- 4 LED lights provide excellent illumination
- Helical cut gears reduce noise and improve operating efficiency
- Quiet and efficient
- Kit includes mounting hardware, pins and manual crank handle

SMART JACK™

QUICK FACTS

- Standard XL 9" diameter footpad
- Drop leg with four position height adjustments at 1 1/2" increments
- Backlit modern control panel replaces tired looking rocker switches
- Battery indicator alerts user of remaining coach battery life
- Auto-Hitch Memory Function remembers where your hitch height is
- Easy auto-retract feature retracts the jack to towing height without having to hold down the switch
- Updated hood mirrors the design in today's travel trailers and hides the motor, preventing cords and wires from becoming snagged
- 3,500-pound capacity
- Easy access manual override on top of jack in case of power failure
- 30 AMP, 18" stroke

MANUAL SIDEWINDER

QUICK FACTS

- 2,000-lb capacity
- Rust-resistant finish on all metal surfaces
- Comes with hardware mounting kit
- 14-3/4" stroke
- 2-3/8" outer, 2" inner tube

JT'S STRONG ARM™ JACK STABILIZER ACCESSORIES

Jack Adapter Lug: Hydraulic

2 per package: Lugs can be welded to round hydraulic foot pads to attach JT's Strong™ Arm Jack Stabilizers. Bolt-on or weld-on application. Bolts included.

LC314592 58.95

4" Swing Bolt Kit

Replacement bolt kit: 4" swing bolts are used on front and rear jacks to attach stabilizer bar.

LC314596 36.95

Spacer Mount

2 per package: Spacer kit used when Nylock nut can't be installed at the end of the bolt due to restricted access such as a chassis or floor insulation/underbelly.

LC314600 *CFP

Silver Bullet Lifting Handle

2 per package: Threads into 4" swing bolt on front landing gear leg and can be used to manually lift front jack when needed.

LC314593 *CFP

Electric Stabilizer Jack Pad Adapter Kit

4 per package: Used to attach stabilizers to LCI® electric stabilizer jack foot pads. One plate goes on each side of jack pad to allow electric jack to retract fully.

LC314597 34.95

Front Landing Gear Clevis Kit

Replacement kit: Fits around fifth-wheel front landing gear legs in order to attach stabilizer bars.

LC314601 NLA

T-Bolts

2 per package: Replacement T-Bolts tighten stabilizer arms. Must loosen T-Bolts before extending or retracting all jacks or else jack damage can occur.

LC314594 28.95

Stiffening Pads

2 per package: Use on cross members to strengthen thinner gauge material or use two to sandwich compartment floor. Place pads 1/4" from the front or back edge.

LC314598 *CFP

T-Handle Tightening Tool

This 27-1/2" tool allows you to tighten or loosen T-Bolts without kneeling or crawling on the ground.

LC314602 21.95

1-1/4" Swing Bolt Kit

Replacement bolt kit: 1-1/4" swing bolts are bolted to the frame or spacer mount on units with an enclosed underbelly to attach stabilizer bar.

LC314595 28.95

Thread Cutting Bolt Kit

12 per package: Used to attach spacer mounts to the frame. Drill 1/8" pilot hole, then use 5/16" bit. Bolts are designed to cut through frame as you drill.

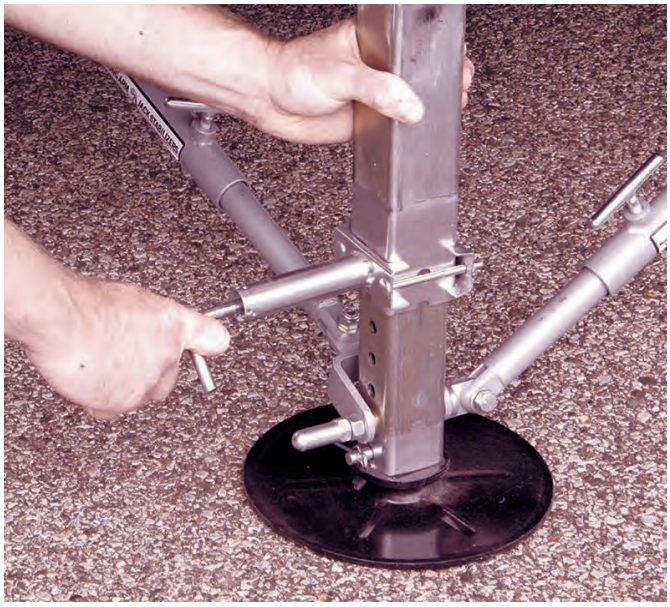
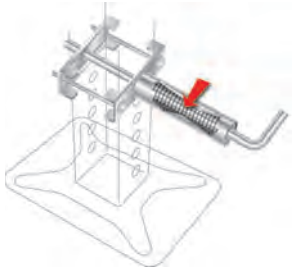
QUICK RELEASE PULL PINS

Standard landing gear pull pins are a pain. Simply pull the Quick Release Pull Pin and let the inside leg drop to the ground. When jacks are raised or lowered, the pin will automatically snap itself into place. No more messing with those cumbersome lynch pins. Simply pull and release.



QUICK FACTS

- Makes operating landing gear legs less cumbersome
- Quicker and easier than standard hair pin
- Bright, zinc-plated finish
- 3/8" diameter pin fits 7/16" hole
- One-time installation/permanently attached
- Works with all type of jacks
- Bolt-on installation; no welding required



Heavy-duty spring-loaded pull pins

allow for quick height adjustment and secure hook-ups on a fifth-wheel trailer.

SnapPad®

SAY "HELLO" TO THE NEXT GENERATION OF JACK PADS

AND GOODBYE TO RV LEVELING HASSLES. PERMANENTLY.

MORE CONVENIENCE, MORE STABILITY. BETTER PROTECTION.

RV SnapPads are the world's only permanent jack pads. Designed to snap on easily and stay on for good, SnapPads are made from highly durable recycled tire rubber and offer a lifetime of benefits for the passionate RVer.

Permanently attached means no more crawling under the rig or carrying and storing blocks and boards. Increased footprint and rubber construction means more stability on uneven or sloped terrains. SnapPads are the only "set it and forget it" jack pad option on the market. Install them once and make your leveling system truly automatic.

SET IT & FORGET IT

Installs in seconds. Stays on forever. Say goodbye to crawling under your rig every time you set up.

PROTECTS YOUR JACKS

SnapPads absorb the daily punishment of the road and elements instead of your metal landing feet.

INCREASED STABILITY

SnapPad increases stability in 3 ways: a larger footprint, more vibration dampening, and by conforming to uneven terrain like gravel.

LAB TESTED

Our process uses recycled tire crumb, high strength resin, and a 100+ ton press to make SnapPads extremely durable.

SnapPad®

PRODUCT COMPATIBILITY CHART

RV SnapPads have been designed to be compatible with a wide variety of RVs and Motorhomes, including Fifth Wheels, Class A, B & C Motorhomes, Travel Trailers, Truck Campers, and more. The best method for ensuring compatibility is through a visual inspection of the rig's landing gear. Below is a quick guide to determining compatibility for any SnapPad product.

COVER FEATURES

We believe the Clever Cover is so great that we decided to spotlight each one of its features. Safety chain hooks to keep the chains off the ground, a clear window gives full access to the controls, electric plug pouch protects the plug from the elements, reflective strips provides visibility, the cover lock secures the cover to the jack while a water repellent fabric works hard to keep the element out.

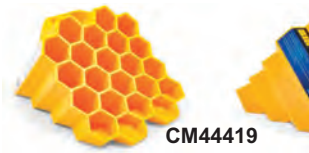
CM44475	Super Wheel Chock with rope	$ 12.00



CM44419

- Helps keep vehicles and trailers in place while parked, allows you to re-hitch trailers with confidence
- Honeycomb design makes wheel chock lightweight but durable
- Integrated handle makes placing and removing the chock easy
- Meets SAE J348 for tires up to 30" in diameter
- Made in the USA

CM44475

CM44423

Leveling Blocks

Heavy duty blocks are safe and easy to use. They offer many options for leveling single wheels, dual wheels, hydraulic jacks, tongue jacks, stabilizer jacks, 5th wheel jacks and tandem axles. Customize your levels: Stack interlocking blocks to desired height. Strong and durable blocks are available in a ten-block set and a four-block build-up set. Patented.

		MSRP
CM44505	10-Block Set	$44.99
CM44501	4-Block Set	$18.99

All prices listed are manufacturer's suggested retail

LEVELING & STABILIZATION

FASTEN LEVELING BLOCKS allow you to stack the interlocking blocks to the desired height for safe and easy leveling. Each block adds a full inch to stack height. Can be used with single wheels, double wheels, hydraulic jacks, tongue jacks, stabilizer jacks, 5th wheel jacks and tandem axles. The convenient carrying handle easily pulls up for carrying, or twists down to secure blocks together for storage. Strong, durable construction; engineered with a patent-pending design to optimize both strength and weight. UV stabilized resin; built to last even with extended exposure to sunlight.

CM44512 2 x 2 Yellow **$50.99**

CM44515 4 x 2 Yellow **$81.99**

LIGHT BULBS

Camco offers both clamshell and bulk packages and we are committed to providing you a well designed product that has been developed through rigid adherence to product specifications. The nominal voltage for most of our bulbs is 12.0.

DESIGN VOLTS:	The voltage at which the lamp is designed for rated amperage, candlepower and life characteristics.
CANDLEPOWER:	The average value of total light output of miniature lamps at design volts.
LIFE HOURS:	The rated average life to be expected when operated at design volts. Actual service life can vary depending upon application.
SERVICE DESC.:	The major applications for each bulb. In most cases they can be used in many other applications.
FIG. NUMBER:	Refers to the diagrams on page sides.

Tomorrow's Lighting Technology Today

LED Exterior Lighting - OEM Certified

DG52434VP $ 36.00

Weatherproof 6" Oval LED Light - 10 diode

Functions as a stop, turn & taillight. Operates from 8-16V. Grommet mount with standard plug. 6-1/2" L x 2-1/4" W x 3/4" D.

DG52502VP – Grommet only

DG52435VP $ 33.50

Weatherproof 12" Red LED Bar Light - 20 diode

Functions as a stop, turn and taillight. Surface/screw mount design for RV's under 80 inches wide.
12-3/4" L x 1-1/2" W x 3/4" D.

DG52436VP $ 36.00

Weatherproof 18" Red LED Bar Light - 20 diode

Functions as a stop, turn and taillight. Surface/screw mount design for RV's over 80 inches wide.
18" L x 1-1/2" W x 3/4" D.

DG52715PB $ 51.30

Waterproof 8" Oval LED Light - 52 diode

Functions as a stop, turn, taillight with license plate holder. Use in conjunction with Part # DG52438VP for complete conversion of your taillight system to LED. Surface mount, 3-wire connection. OEM replacement. DOT Approved.
8-3/8" L x 5-5/8"bW x 7/8" D.

DG52449VP $ 62.50

LED Side Marker Light - 28 diode

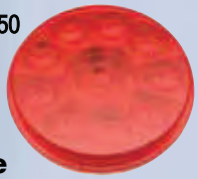
Mid turn auxiliary lamp. Grommet mount, standard plug with reflective lens and ABS housing.
6-5/8" L x 2-3/8" W x 2-3/4" D.

DG52443VP - *RIGHT* $ 14.10
DG52444VP - *LEFT* $ 14.10

Weatherproof LED Fender Marker Light Kit - 2 diode

2-wire assembly, amber/red fender mount for left or right applications.
6-1/4" L x 2-1/4" W x 3/4" D.

DG52447VP $ 38.50



Weatherproof 4" Round LED Light - 10 diode

Functions as a stop, turn, and taillight. Operates from 8-16V. Grommet mount with standard plug. Pig tail and grommet included. 4-1/4" Diameter x 3/4" D.

DG52446VP – Pig Tail Only
DG52433VP – LED Light Only
DG52501VP – Grommet only

DG52720PB $ 87.50

Weatherproof LED Tail Lamp, Turn Signal and Brake Light

Large surface light source; surface mounted with 80 diodes. Easy to install and great for replacement of your existing incandescent light system. Includes reflector and DOT approved. 11" L x 8" W x 1.25" D.

DG52721PB $ 97.00

Weatherproof LED Tail Lamp, Turn Signal, Brake Light w/LED Back Up Light

Large surface light source; surface mount with 76 diodes. Easy to install and great for replacement of your existing incandescent light system. Includes reflector and DOT approved. 11" L x 8" W x 1.25" D.

DG52448PB $ 36.00

Waterproof 8" Oval LED Light - 52 diode

Functions as a stop, turn and taillight. Surface mount, 3-wire connection. OEM Replacement.
8-3/8" L x 5-5/8" W x 7/8" D.

DG52526PB $ 54.35

Eurostyle Porch Light - 27 diode

Surface mount application with ABS lens and white ABS plastic housing. Weatherproof. 5500 Kelvin, daylight white.
9-3/4" L x 3-3/8" W.

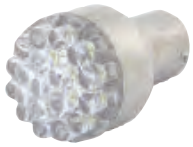
LED LIGHTS

LIST

KPWP05-0123



19 Diode Directional LED bulb for 1141/1156 replacement

BA15S Bayonet Connector recommended for reading - top mount/overhead use. Built-in surge protection. Also replaces 903 & 1003 style bulbs. 5500 Kelvin or daylight white color scheme. 145 Lumen, .07 Amp draw.

Warm (natural)White Version KPWP05-0123-NW - LED bulb - 3500 Kelvin. 145 Lumen. **3.00**

KPWP05-0117

SMD Technology 15 Diode LED bulb for 1141/1156 Replacement

BA15S Bayonet Connector recommended for top mount/overhead use. Built-in surge protection. Also replaces 93 and 1003 style bulbs. 5500 Kelvin or daylight white color scheme. 135 Lumen, 0.08 Amp draw.

Warm (natural)White Version KPWP05-0117-NW - LED bulb - 3500 Kelvin. 135 Lumen. **3.60**

KPWP05-0116

SMD Technology 15 Diode LED bulb for 906/921 Replacement

Wedge Mount connector recommended for top mount/overhead use. Built-in surge protection. Also replaces 161,168, and 194 style bulbs. 5500 Kelvin or daylight white color scheme. 135 Lumen, .08 Amp draw.

Warm (natural)White Version KPWP05-0116-NW - LED bulb - 3500 Kelvin. 135 Lumen. **3.95**

KPWP05-0115

SMD Technology 18 Diode LED bulb for 906/921 Replacement

Wedge Mount connector recommended for top mount/overhead use. Built-in surge protection. Also replaces 161,168, and 194 style bulbs. 5500 Kelvin or daylight white color scheme. 175 Lumen, 0.12 Amp draw.

Warm(natural)White Version KPWP05-0115-NW- LED bulb - 3500 Kelvin. 175 Lumen. **4.15**

Exclusively Kaper II Products

13 Diode LED bulb for 906/921 Replacement

KPW05-0112

Wedge Mount connector recommended for side, hanging, or overhead applications where 360 degree light output is needed. Built-in surge protection, 5500 Kelvin or daylight white color scheme. 215 Lumen, 0.19 Amp draw.

Warm(natural)White Version KPWP05-0112-NW - LED bulb - 3500 Kelvin. 215 Lumen. **4.50**

5 Diode LED bulb for 194 Replacement

KPWP05-0127

Wedge Mount connector recommended for side, hanging, or overhead applications where 360 degree light output is needed. Built-in surge protection, 5500 Kelvin or daylight white color scheme. Mini tower bulb great for small applications or decorative lighting and marker lights. 140 Lumen, .08 Amp draw.

Warm(natural)White Version KPWP05-0127-NW- LED bulb - 3500 Kelvin. 140 Lumen. **2.80**

9 Diode LED bulb for G-4 Replacement

KPWP05-0113

Slim line construction with multidirectional output provides easy replacement of halogen 2-pin bulbs for fixtures with confined or restricted bulb replacement. Works great with built in reflectors. Built-in surge protection, 5500 Kelvin or daylight white color scheme. 180 Lumen, .09 Amp draw.

Warm(natural)White Version KPWP05-0113-NW - LED bulb - 3500 Kelvin. 180 Lumen. **3.90**

9 Diode LED bulb for G-4 Replacement

KPWP05-0129

9 Diode LED disc bulb for G-4 applications with inset or top mount pins. Disc provides directional light output for halogen replacements; not recommended for use with reflectors. Built-in surge protection. 5500 Kelvin or daylight white color scheme. 180 Lumen, .07 Amp draw. KPWP05-0129

3.55

LED LIGHTS

LIST

9 Diode LED disc bulb for G-4 applications w/side mount pin placement

Disc provides directional light output for halogen replacements; not recommended for use with reflectors. Built-in surge protection. 5500 Kelvin or daylight white color scheme. 180 Lumen, .07 Amp draw.

Warm(natural)White Version KPWP05-0111-NW - LED bulb - 3500 Kelvin. 180 Lumen, .07 Amp draw. **3.60**

COB Technology high output G-4/JC20 applications w/side mount pin placement

Disc provides directional light output for halogen replacements. 20 Watt equivalent with built-in surge protection. 5500 Kelvin or daylight white color scheme. 210 Lumen, .08 Amp draw.

Warm(natural)White Version KPWP05-0135-NW - LED bulb - 3500 Kelvin. 210 Lumen, .08 Amp draw. **4.80**

Fluorescent LED replacement bulbs

Easy change over with 2 wire connection including quick connect wiring ends make conversion simple and quick. Bipolar wiring construction provides no mistake hookup. Built-in surge protection.

39 Diode, Replaces T5 - 12 inch Bulb.

Daylight White Version KPWP05-0040 - 5500 Kelvin. 400 Lumen, and 0.27 Amp draw. **26.78**

Warm(natural)White Version KPWP05-0040-NW - 3500 Kelvin. 400 Lumen, and 0.27 Amp draw. **26.78**

66 Diode, Replaces T8 - 18 inch Bulb.

Daylight White Version KPWP05-0041 - 5500 Kelvin. 750 Lumen, and 0.47 Amp draw. **40.75**

Warm(natural)White Version KPWP05-0041-NW - 3500 Kelvin. 750 Lumen, and 0.47 Amp draw. **40.75**

KPWP05-0114

LED bulb replacement for 20-99 applications

BA15S Connector for 1156 style bulbs and direct replacement for bathroom and vanity bulbs provides significant light output, with built-in surge protection. 5500 Kelvin or daylight white color scheme.

KPWP05-0114 1 watt equivalent energy consumption, 100 Lumen and 0.03 Amp draw. **4.20**

KPWP05-0130 3 watt equivalent energy consumption, 215 Lumen and 0.17 Amp draw. **4.60**

Exclusively Kaper II Products

KPWP05-0118

KPWP05-0024

WP05-0118

WP05-0024

LED Multidirectional Radial Tower Bulbs

Features 13 daylight white diodes with superior 360 degree light output and is recommended for hanging, side mount and some overhead applications. Built-in surge protection.

KPWP05-0118 ***BA15S Single Contact***, Replaces 1003, 1141, 1139IF, 1141LL and 1156 Bulbs 5500 Kelvin, approximately 215 Lumen, and 0.19 Amp draw. **6.40**

Warm(natural)White Version KPWP05-0118-NW-LED bulb - 3500 Kelvin. 215 Lumen, and 0.19 Amp draw.

KPWP05-0024 ***BA15D Double Contact***, Replaces 1004 ,1076, 1157, 1157LL & 1034 Bulbs. **11.58**
5500 Kelvin, approximately 215 Lumen, and 0.19 Amp draw.

LED LIGHTS

Slim Line Single/Double LED Dome Lights

Now our great LED Pancake Lights come in a new slim line version with all the same great benefits but in a lower profile version. Easy 2-wire installation, white housing, surface mount. 175 Lumen, .12 amp draw.

Single - 7.50" x 4.25" x 1.0".
Double - 7.50" x 4.25" x 11" x 4.50" x 1.0"

Tank Check™

Accurately Measures Level Of LP

The LPG Tank Check is able to accommodate a variety of LP Tanks and provide you with up to date levels. Tank Check's unique Sensors accurately measure your Tanks LP level and communicate that information to you via the optional Monitor or through the use of most any device equipped with Blue Tooth. The Sensor's Blue Tooth communications range enables remote monitoring up to 50' away, depending upon obstructions such as walls and other material. Monitoring the Sensor with a smart device requires downloading the free App. Visit www.mopeka.com

ULTRASOUND TECHNOLOGY MEASURES FUEL LEVELS ACCURATELY

STANDARD SENSOR

Magnetically attaches to the underside of tank. Works on any size LP tank under 100#. Syncs to smart device and/or monitor.

LP TANK HALO - AP024-5002 11.04 msrp

The Tank Halo is a thermoplastic rubber foot ring for 20, 30, and 40 lb. propane cylinders. It protects your RV floor surfaces from the rust that builds up on cylinder tanks. Halo also provides the space for use of propane tank sensor units. Great replacement item for lost aluminum spacers.

ALUMINUM FEET - AP024-1005 8.50 msrp

Raises tank up off of flat surfaces when needed. Provides clearance for sensor.

LP TANK ANCHOR - AP024-5001 13.90 msrp

The Tank Anchor is a folding tank stand It protects your RV and f oor surfaces from rust. The Tank Anchor can also be used in conjunction with a sensor unit to provide space for the sensor, and improve wireless range.

Mopeka Tank Blanket

- AP Products Part no. 024-5003
- Mopeka Tank Blankets are electrical wrap heaters (120V) designed to fit 30# LP cylinders.
- Helps make LP heaters & appliances in RVs, ice houses and garages run longer and more efficiently in cold weather.
- When vaporization is a problem, the Tank Blanket ensures no flame outs.
- With a temperature dial up to 60° (140F), you can adjust for current conditions.
- 30” electrical cord
- Unit package size: 9.5” x 5.75” x 5.75”
- Retail weight: 2.05 lbs
- UPC #: 711217031908
- HS Tariff code: 8516790000
- Hazardous material: NO
- **AP Products Part No.**

Find the Propane Connection Kit that best fits your needs.

A. **Brass Tee with Three Ports and 12' Hose** Mounts in-line between supply and regulator on a motorhome to allow connection of an additional propane appliance such as a tabletop grill, camp stove or lantern. Provides excess flow protection in case of broken gas line. Includes propane tee (Female P.O.L./Male Acme Thread x excess flow soft nose P.O.L. x 1"-20 male throwaway cylinder thread) and 12 ft extension hose with male x female swivel 1"-20 female throwaway cylinder threads.

		MSRP
CM59103	3-Port Tee and Hose	$79.50
CM59093	3-Port Tee only	$40.50

B. **Brass Tee with Four Ports, 5' Hose and 12' Hose** Mounts in-line between supply and regulator on a motorhome to allow hook-up of an auxiliary propane cylinder and the connection of an additional propane appliance such as a tabletop grill, camp stove or lantern. Provides excess flow protection in case of broken gas line. Includes propane tee (Female P.O.L./Male Acme Thread x excess flow soft nose P.O.L. x 1"-20 male throwaway cylinder thread x 1/4" inverted flare), 12 ft extension hose with male x female swivel 1"-20 female throwaway cylinder threads and 5 ft supply hose with excess flow soft nose P.O.L. x 1/4" inverted male flare connections.

		MSRP
CM59123	4-Port Tee and Hoses	$111.50
CM59113	4-Port Tee only	$49.50

C. **Brass Tee with Four Ports and 5' Hose** Mounts in-line between supply and regulator on a motorhome to allow hook-up of an auxiliary propane cylinder Provides excess flow protection in case of broken gas line. Includes propane tee (Female P.O.L./Male Acme Thread x excess flow soft nose P.O.L. x 1"-20 male throwaway cylinder thread x 1/4" inverted flare), and 5 ft supply hose with excess flow soft nose P.O.L. x 1/4" inverted male flare connections. (Allows connection of an additional propane appliance that requires a high-pressure source with the addition of a 59043 or 59045 propane extension hose -sold separately).

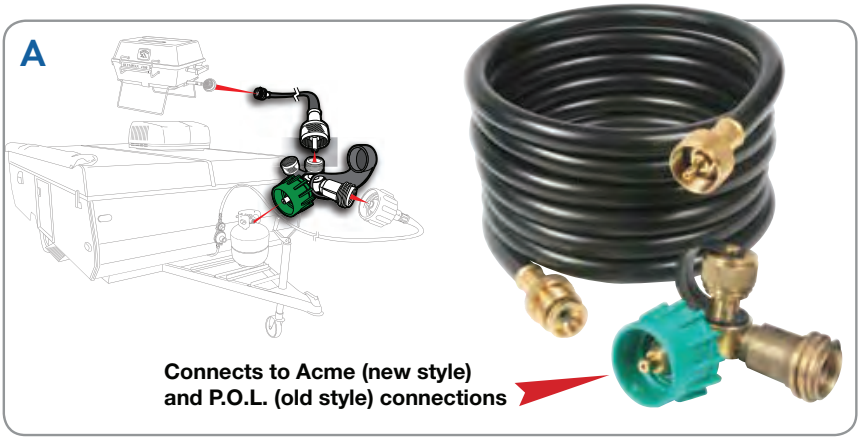
		MSRP
CM59125	4-Port Tee with 5' hose	$91.00

LP GAS HOSES

A. 90° Propane Tee with 12' Hose

Connects to camper or trailer propane cylinder to allow connection of an additional propane appliance such as a tabletop grill, camp stove or lantern. Provides thermal protection in case of fire and excess flow protection in case of broken gas line. Includes propane tee (Type 1 Acme nut x female P.O.L. and male acme thread x 1"-20 male throwaway cylinder thread) and 12 ft extension hose with male x female swivel 1"-20 female throwaway cylinder threads.

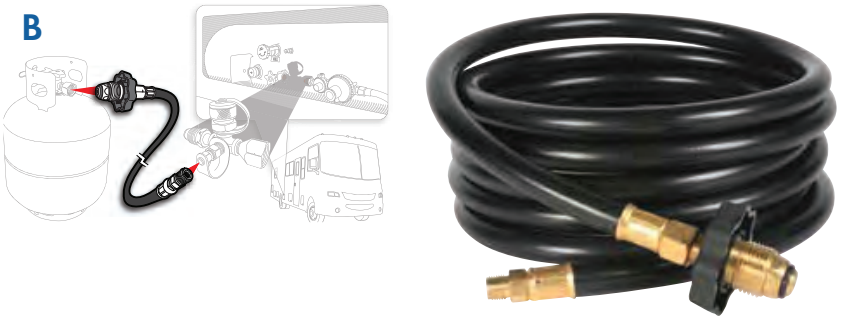
		MSRP
CM59143	90° Tee and Hose	$82.50
CM59133	90° Tee only	$50.50



B. Propane Supply Hose

Replacement for hose in Propane Kits #59123 and #59125. Excess Flow Soft Nose P.O.L. x 1/4" Inverted Male Flare. Connects a propane cylinder to any device that has a 1/4" inverted female flare connection.

		MSRP
CM59032	5'	$21.50
CM59033	5'	$26.00
CM59035	12'	$44.00



C. Propane Hose Assembly

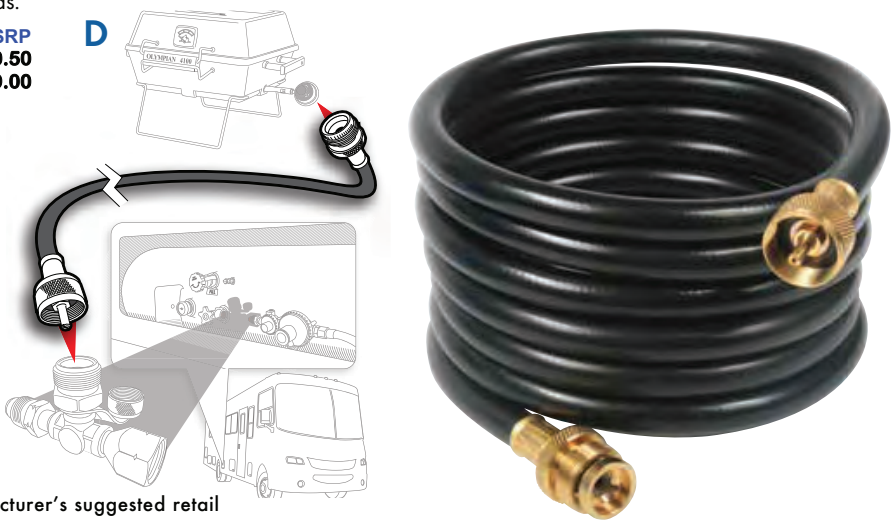
For use with an existing gas supply to connect an appliance equipped with a 3/8" male flare. 3/8" female flare x 3/8" female flare.

		MSRP
CM59913	3'	$16.00

D. Propane Extension Hose

Replacement for 12' hose in the following Propane Connection Kits: #59123 (4-Port Tee with 12' Hose and 5' Hose) #59103 (3-Port Tee with 12' Hose) #59143 (90° 4-Port Tee with 12' Hose) M x F swivel 1"-20 female throwaway cylinder threads.

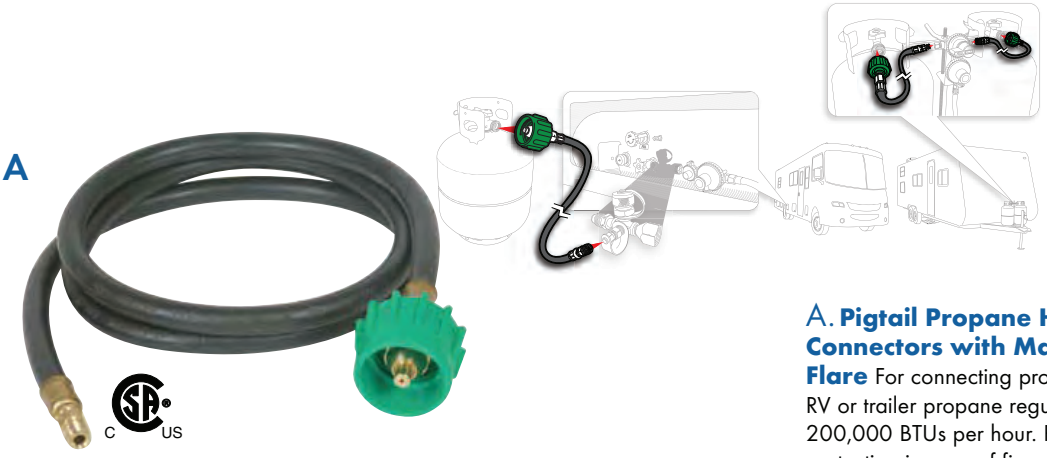
		MSRP
CM59045	5'	$30.50
CM59043	12'	$39.00



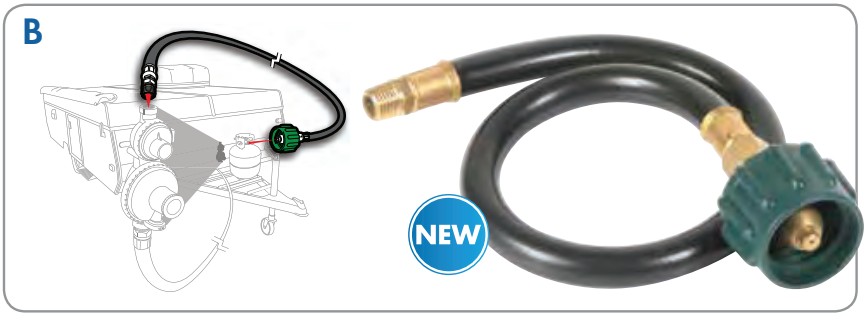
All prices listed are manufacturer's suggested retail

LP GAS HOSES

A



B



C

D

A. Pigtail Propane Hose Connectors with Male Inverted Flare

For connecting propane cylinder to RV or trailer propane regulator. Rated for 200,000 BTUs per hour. Provides thermal protection in case of fire and excess flow protection in case of broken gas line. Type 1 ACME nut x 1/4" inverted male flare.

		MSRP
CM59053	12" Pigtail Connector	**$16.00**
CM59065	15" Pigtail Connector	**$18.00**

CM59825	12'	**$51.50**

D. Propane Appliance Extension Hose

For use on a 20- or 30-lb refillable propane tank to provide an extension for portable propane appliances. 1/4" Male NPT x 1/4" Female NPSM.

		MSRP
CM59883	5'	**$23.00**

All prices listed are manufacturer's suggested retail

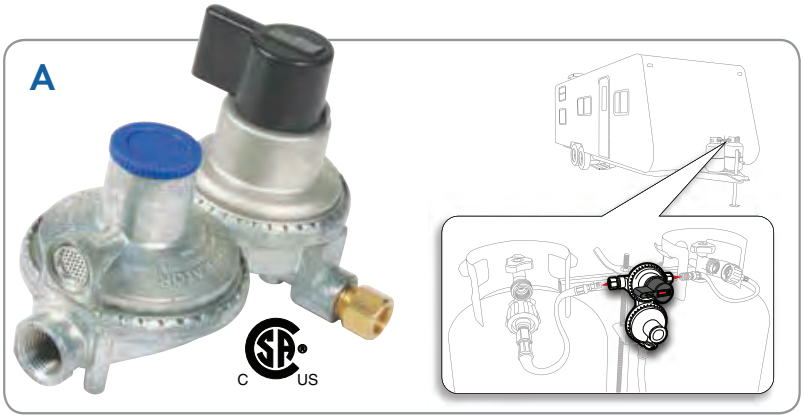
LP GAS FITTINGS

CAMCO

A. Automatic Changeover Two-Stage Regulator

For RVs with dual propane tank hookup. Regulator maintains constant gas pressure and automatically changes from empty tank to full one. Allows removal of empty cylinder for refill without interrupting propane supply. Inlet: 1/4" SAE inverted flare. Outlet: 3/8". NPT female. BTU rating: service cylinder: 210,000 BTU/hr; reserve cylinder: 130,000 BTU/hr.

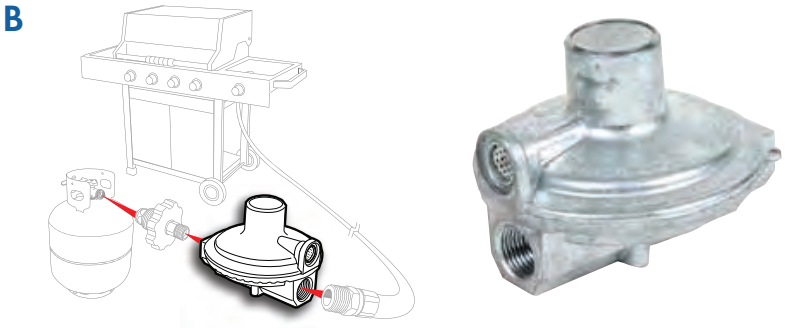
		MSRP
CM59005	Automatic Changeover Regulator	$56.50



B. Single Stage Propane Regulator

For connecting a free-standing gas bottle to a grill or other low-pressure gas appliance. Maintains a constant 11" w.c. propane pressure. 200,000 BTU/HR.

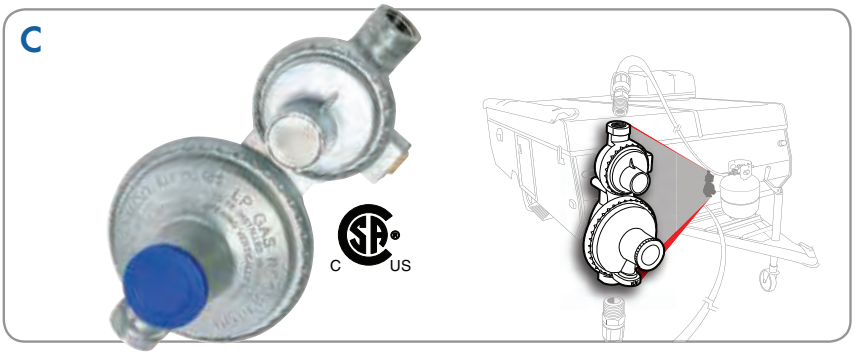
		MSRP
CM59013	Single Stage Regulator	$19.00

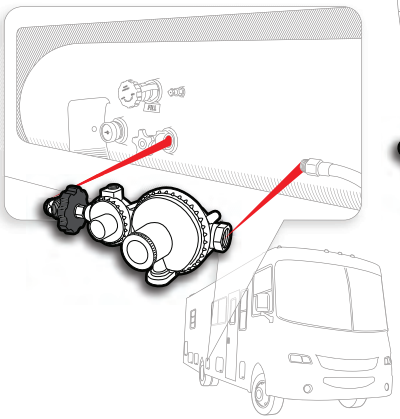


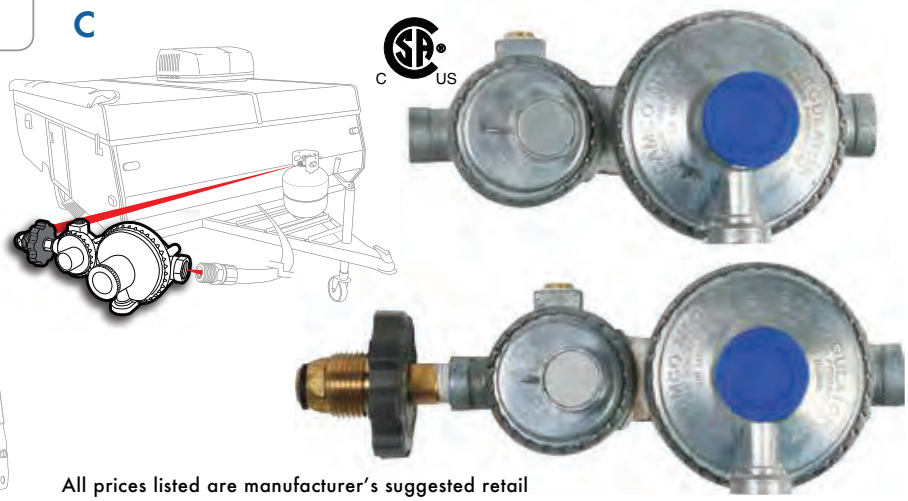
C. Two Stage Propane Regulator

Integral first and second stages ensure a smoother, more consistent flow of gas to all appliances. CSA Listed. Inlet: 1/4" NPT. Outlet: 3/8" NPT. Outlet pressure: 11" WC. BTU Capacity (propane): 160,000 BTU/HR.

		MSRP
CM59313	Vertical	$32.50
CM59323	Horizontal	$32.50
CM59333	Horizontal with P.O.L.	$40.00
CM59344	Covers for Two Stage Regulators (set of 2)	$3.50

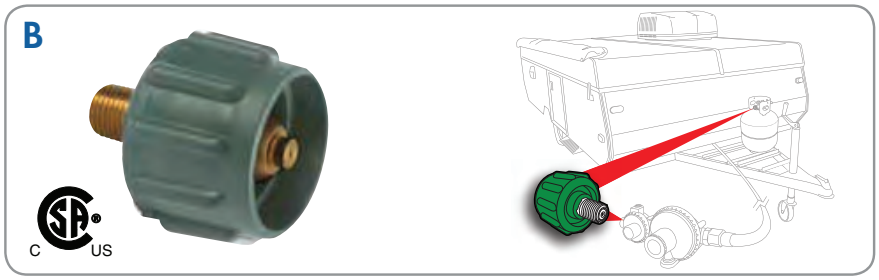


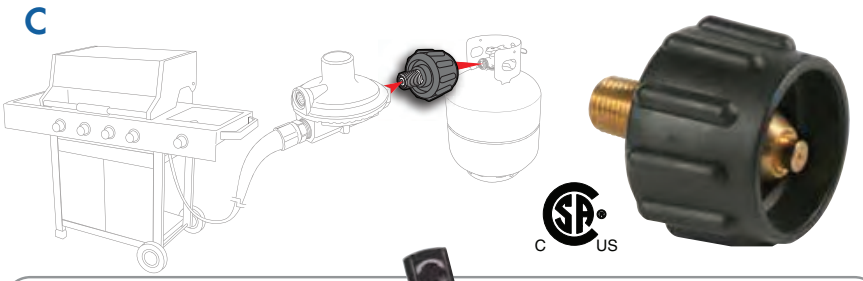


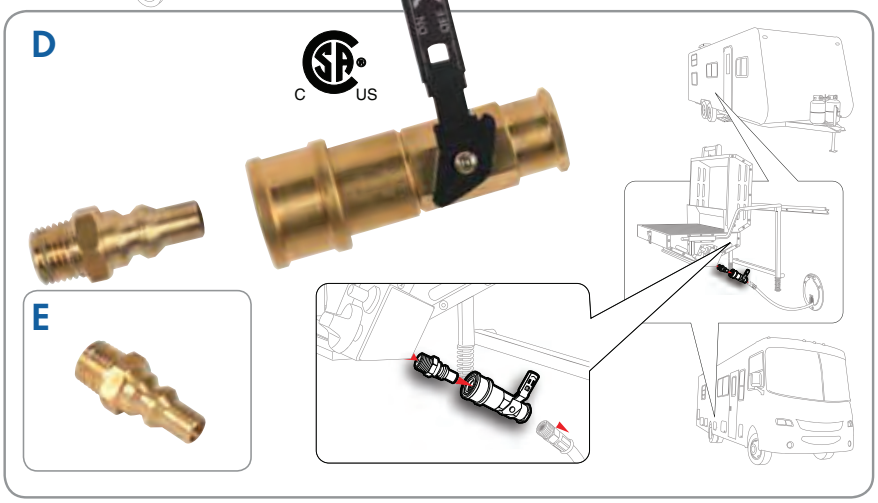


All prices listed are manufacturer's suggested retail

LP GAS FITTINGS







All prices listed are manufacturer's suggested retail

A. Propane Distribution Post with Storage Bag

Use up to three propane appliances simultaneously–with just one tank! Lantern, Portable Campfire, Grill, Camp Stove/Griddle, Heater and more. Includes: One 15-inch Propane Distribution Post: Excess Flow, Soft-Nose P.O.L. Propane Tank Connection and THREE–1"-20 Male Throwaway Cylinder–Appliance connections and one 15-inch Propane Distribution Post Extension: 1"-20 Male/ Female Throwaway Cylinder Threads. All outlets feature auto-shutoff.

		MSRP
CM51096	Propane Distribution Post	$53.00

B. Green Propane Acme Nut

200,000 BTU/hour. For use on a 20- or 30-lb refillable propane tank to connect to a regulator/hose assembly. Provides thermal protection in case of fire and excess flow protection in case of broken gas line. Acme nut x 1/4" NPT.

		MSRP
CM59923	200,000 BTU Acme Nut	$16.00

C. Black Propane Grill Acme Nut

70,000 BTU/hour. For use on a 20- or 30-lb refillable propane tank to connect to a regulator/hose assembly. Provides thermal protection in case of fire and excess flow protection in case of broken gas line. Acme nut x 1/4" NPT.

		MSRP
CM59933	70,000 BTU Acme Nut	$14.50

D. Propane Quick-Connect Kit

For use in low-pressure propane systems to add a convenient connect/disconnect method or to add an additional safety shut-off. Valve: 1/4" Female NPT x Female Quick Connect; Full Flow Plug: 1/4" Male NPT x Male Quick-Connect.

		MSRP
CM59853	Quick-Connect Kit	$40.00

E. Quick-Connect Full-Flow Plug

For use in low-pressure propane systems to add a convenient connect/disconnect method. 1/4" Male NPT x Male Quick-Connect.

		MSRP
CM59903	Full-Flow Quick-Connect Plug	$13.00

LP GAS FITTINGS

A. **Propane Y Adapter with Handwheel** For use on a 20- or 30-lb refillable propane tank. Allows you to operate two appliances such as a Campfire and a grill at once from the same cylinder. Provides excess flow protection in case of broken gas line. Male Soft-Nose P.O.L. x Two 1"-20 Male Throwaway Cylinder Thread Connections.

		MSRP
CM59893	Propane Y Adapter	$47.00

B. **Propane Cylinder Adapter** For use with any appliance designed to use a 1-lb throwaway cylinder. With this handy adapter, you can power your small LP appliance directly from a 20- or 30-lb refillable tank. Provides excess flow protection in case of broken gas line. Soft Nose P.O.L. x 1"-20 Male Throwaway Cylinder Thread.

		MSRP
CM59943	Propane Cylinder Adapter	$17.50

C. **P.O.L. Plug Adapter** For use on a 20- or 30-lb refillable tank to connect cylinder to regulator. Converts 1/4" NPT to female P.O.L. Provides excess flow protection in case of broken gas line. Soft Nose P.O.L. x 1/4" Male NPT.

		MSRP
CM59203	P.O.L. Plug Adapter	$16.00

D. **Gas Gauge/Leak Detector** See at a glance when your propane level is low. Type 1 for gas grills, RVs and boats. Fits all propane tanks manufactured after 1995. Provides thermal protection in case of fire and excess flow protection in case of broken gas line. Acme Nut x Acme Thread and Female P.O.L.

		MSRP
CM59023	Gas Leak Detector	$36.50

E. **Propane Fitting** For use on some regulators to allow connection of a propane pigtail with 1/4" inverted flare connection to a regulator that has female 1/4" NPT port(s). 1/4" Male NPT x 1/4" Female Inverted Flare.

		MSRP
CM59953	NPT 1/4" Fitting	$4.50

QUICK DISCONNECT FITTINGS

Designed to provide convenient quick connect and disconnect for low pressure gas appliances with 100% positive gas shut off at female coupler end of the connection. Maximum operating pressure 1/2 PSIG.

- Convenient wrench flats for securing connection points
- One piece coupler body
- Approved for all low pressure gas applications
- Durable all brass construction
- For indoor & outdoor applications

QUICK-DISCONNECT ADAPTERS

Allows two low-pressure appliances to be easily connected to the quick-connect output fitting on your RV. This 1/4" quick-connect is the standard size found on nearly all RV's. Just connect the male end of the adapter into the standard female quick-connect port found on most RV's. Now you have two female quick-connects available.

MER14TCQDMP-144	**144" LENGTH**	**64.02**

MER14TCMPQD SERIES

QD high pressure hose will allow you to extent the length of your current QD hose so you can move your LP gas appliance further away from your RV.

1/4" MNPT X QD Male Nipple
Available in 36", 48", 60", 72" and 120" lengths **(Bulk# MER14TCMPQD-"X")**
Available in 72" length **(Packaged# MER14TCMPQD-72P)**

MER14TCMPQD-36	**36" LENGTH**	**15.69**
MER1TCMPQD-48	**48" LENGTH**	**17.85**
MER14TCMPQD-60	**60" LENGTH**	**20.56**
MER14TCMPQD-72P	**PACKAGED 72" LENGTH**	**34.26**
MER14TCMPQD-120	**120" LENGTH**	**38.24**

MER14TCMPQD6FS SERIES

This QD high pressure hose is designed so you can hook up the new portable grills to your QD on your RV (this is only for the new portable grills with the removable regulator).

1/4" QD Nipple x 3/8" F. Flare Swivel
Available in 60", 72" and 144" lengths **(Bulk# MER14TCMPQD6FS-"X")**

Call For Pricing

FLOW-LONGER / FLOW-LONGER PLUS HOSE KITS

The **Flow-Longer** Propane Kits are designed to connect small, portable appliances, normally fueled by disposable LP-Gas cylinders, to the existing LP-Gas fuel supply of a recreational vehicle, cottage, backyard patio, etc. without interrupting the supply of regulated fuel to the system. **Flow-Longer** eliminates the need to purchase an extra LP-Gas cylinder or several small, disposable type cylinders.

part # **MER470** msrp **$62.00**

MER470 FLOW-LONGER PROPANE KIT INCLUDES

- Brass tee connection (ME415) .9 GPM excess flow male hard nose POL x female POL x 1”-20 male
- 12 foot hose (MER421-144) 1”-20 male x 1”-20 female

part # **MER471** msrp **$80.50**

MER471 FLOW-LONGER PLUS PROPANE KIT INCLUDES

- Brass elbow connection (ME423) .9 GPM excess flow male hard nose POL x 1-5/16” male Acme/female POL with quick closing poppet x 1”-20 female
- 12 foot hose (MER421-144) 1”-20 male x 1”-20 female

STAY-LONGER / STAY-LONGER PLUS HOSE KITS

The **Stay-Longer** Propane Kits are designed to give you new flexibility on how you use your LP-Gas. You can stay longer by hooking up auxiliary LP-Gas cylinders, or you can tap into the RV’s LP-Gas system to fuel portable high-pressure appliances.

part # **MER472** msrp **$64.50**

MER472 STAY-LONGER PROPANE KIT INCLUDES

- Brass tee connection (ME420) .9 GPM excess flow male hard nose POL x female POL x 1”-20 male x 1/4” female inverted flare
- 5 foot hose (MER401-60) .9 GPM excess flow male POL x 1/4” male inverted flare

part # **MER473** msrp **$97.00**

MER473 STAY-LONGER PLUS PROPANE KIT INCLUDES

- Brass tee connection (ME420) .9 GPM excess flow male hard nose POL x female POL x 1”-20 male x 1/4” female inverted flare
- 5 foot hose (MER401-60) .9 GPM excess flow male hard nose POL x 1/4” male inverted flare
- 12 foot hose (MER421-144) 1”-20 male x 1”-20 female

All kits include installation instructions and a convenient reusable box for storage.

NOTE: The tee fitting must be installed between the vapor withdrawal valve on your LP-Gas container and the pressure regulator. This properly places the tee fitting in the high pressure portion of the LP-Gas system. Gas connections to the tee fitting are not designed for movement or rotation after installation. Flexing, twisting, or vibration should be avoided.

WARNING: An excess flow valve will not activate if there is a break or leak downstream of the valve that does not equal or exceed the closing flow of the valve or if the excess flow valve installed exceeds the flow capacity of the system. See the Excess Flow Warning page for more information regarding the use of excess flow devices.

SERVICEMAN’S FRIEND

The serviceman’s friend (METL051 & METL052) eliminates the hassle of carrying numerous bushing and fittings to each job site. It has three threads on one end with a hose barb and an 1/8” MNPT on the other end. A hose can easily be attached to either end and can be connected to a manometer or other flow meters to check line pressure on an appliance.

METL051

Protect your family from the dangers of carbon monoxide gases.
This Dometic CO alarm is less sensitive to humidity and "false" gases compared to other brands. Includes a loud alarm, digital display and patented fuel cell technology powered by batteries to utilize a more accurate sensor. Approved for ceiling mount applications. Includes three AA batteries. Industry leading 10-year life cycle.

DOMETIC DUAL LP/CO ALARM

Single unit detects both LP and CO gases.
Uses patented fuel cell technology.

- Electrochemical sensor contains a proton conducting membrane which generates a current in the presence of Carbon Monoxide (CO) – alerting users
- Detects LP and CO gas

DOMETIC CO DETECTOR DIGITAL ALARM SYSTEM

This digital alarm employs a new electrochemical sensor which signals the presence of Carbon Monoxide (CO).

- Easy-to-read digital display that clearly indicates CO levels
- Can be wall mounted or used as a tabletop unit
- Industry leading 10-year life cycle

DOMETIC CO DETECTOR NON-DIGITAL ALARM SYSTEM

This alarm employs a new electrochemical sensor which signals the presence of Carbon Monoxide (CO).

- Can be wall mounted or used as a tabletop unit
- Industry leading 10-year life cycle
- Includes three AA batteries

CAMCO FRESH WATER FITTINGS

CAMCO

A. **90° Water Faucet** Get an extra outside water source right at your RV's side with this lightweight plastic faucet. Lets your fresh water hose hang without kinking. Use as a pressure release valve during disconnection.

	MSRP
CM22463 90° Water Faucet	$22.00

B. **Water Diverter** Provides an extra faucet at your water source. Threaded faucet attaches to a standard garden hose, allowing you to use the hose without disconnecting the RV water hook-up. Also acts as a pressure release during disconnection.

	MSRP
CM22475 Water Diverter	$24.00

C. **Hose Elbows** Prevent hose kinking and strain, and extend hose life. 90° and 45° elbows eliminate unnecessary stress and strain on all RV water intake hose fittings. Perfect for RVs, or just around the house. Made of brass for years of trouble-free use.

	MSRP
CM22505 90° Hose Elbow	$7.50
CM22605 45° Hose Elbow	$7.50

D. **Water Bandit** Hook this 3-1/4" connector to any standard-size, unthreaded faucet or those with stripped threads and attach your garden hose. Stop wasting water due to poor connections.

	MSRP
CM22484 Water Bandit	$8.50

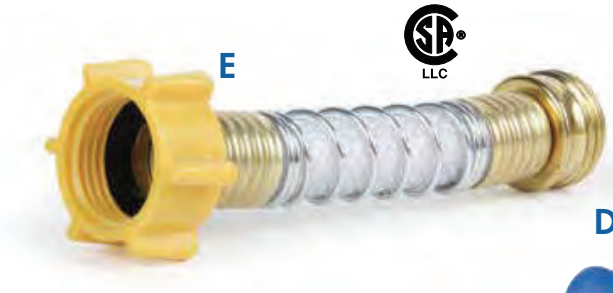
E. **Flexible Hose Protector with Easy Gripper** Coiled attachment eliminates hose kinking at the faucet. Comes complete with Easy Gripper for effortless attachment to the faucet.

	MSRP
CM22703 Hose Protector	$6.50

Connects to RV at fresh water inlet
to provide an outside water faucet at the RV.

Connects to fresh water supply faucet
to provide an outside water faucet while RV is connected to water source.

All brass water fittings are 2010 Compliant



PREMIUM HEATED DRINKING WATER HOSE

Keep your water supply flowing even in freezing temperatures. Camco's Heated Water Hose combines a drinking-water-safe hose with a self-regulating heat source which is encapsulated in an all-weather, PVC jacket for durability. Features machined and Nickel-plated fittings for maximum corrosion protection. Includes a female-to-male adapter for connection of the water source to either end of the hose; depending on the location of your electrical connection. Made with an NSF 61 certified, 5/8" I.D. drinking water safe hose that is BPA, phthalate and lead free.

CM22922 25 ft Heated Drinking Water Hose **$235.99**

Premium Drinking Water Hoses

Heavy duty reinforced 5/8" ID drinking water hoses are 20% thicker than standard hoses. Anti-kink design features machined fittings and strain-relief ends for added durability. Lead-free, drinking water safe. BPA-free, phthalate-free formulation. No strong plastic taste is imparted to the drinking water. UV-stabilized for long life. Made with NSF certified hose. Made in USA.

		MSRP
CM22823	10' Premium Drinking Water Hose	$17.00
CM22833	25' Premium Drinking Water Hose	$25.00
CM22843	35, Premium Drinking Water Hose	$30.50
CM22853	50' Premium Drinking Water Hose	$39.00

HEATED DRINKING WATER HOSE WITH THERMOSTAT

Made with an NSF 61 certified, 5/8" I.D. drinking water safe hose that is BPA, phthalate and lead free. Won't leach harmful chemicals into water or leave it tasting like plastic. Energy saving thermostat only heats as needed, saving money on the electric bill. Fittings are heavy duty machined and plated for maximum corrosion resistance and the durable exterior jacket protects water hose and electrical components from damage or exposure. Protects to -20° F.

CM22910 12 ft Heated Drinking Water Hose **$91.99**
CM22911 25 ft Heated Drinking Water Hose **$107.99**
CM22912 50 ft Heated Drinking Water Hose **$149.99**

TASTEPURE™ DRINKING WATER HOSES

Reinforced hoses for maximum kink resistance. Made with NSF certified hose. Lead-free, drinking water safe. BPA-free, phthalate-free formulation. No strong plastic taste is imparted to the drinking water. UV-stabilized for long life. Made in USA.

CM22763 4 ft Fresh Water Hose (1/2" ID) **$5.99**
CM22733 25 ft Fresh Water Hose (1/2" ID) **$19.99**
CM22753 50 ft Fresh Water Hose (1/2" ID) **$26.99**

EVOFLEX

A Superior, Flexible Drinking Water Hose

Camco's EvoFlex Drinking Water hoses are perfect for both RV and marine applications. They are constructed to be extra flexible and to hold no memory. This makes the hoses easy to use and store. Made of high-quality flexible PVC, they are equipped with nickel-plated machined fittings that are corrosion-resistant. Drinking water safe, the hoses do not leave an unpleasant plastic taste in your water. They are lead-free, BPA-free and phthalate-free and are UV-stabilized for a long life.

Made proudly in the USA.

HYDRO LIFE™
WATER FILTRATION SYSTEMS

INTERIOR FILTRATION

HYDRO LIFE HL-170 QC UNDER-COUNTER FILTER KIT The Hydro Life Water Filter Under Counter Kit is perfect for the icemaker, kitchen or bathroom faucet on your boat or RV. It installs on the cold water line for use with your existing faucets. The kit fits under the counter, completely hidden and occupies minimal space. After the kit is installed, the filter is easily replaced annually without tools. The Hydro Life filter utilizes the patented KDF media in conjunction with granular activated carbon (GAC) to provide superior filtering and protection from many contaminants. Fine mesh activated carbon provides safer, cleaner, better tasting water by filtering contaminants including those that cause bad odor and taste. The EPA approved filter media, KDF, controls bacteria growth that may occur in standard carbon filters. Working pressure range: 20-100 PSI. Maximum flow rate: 1 GPM

CM52101 HL 170 QC Replacement Filter **$41.49**

CM52101

HYDRO LIFE HL-170 TF REPLACEMENT UNDER COUNTER FILTER
The Hydro Life filter utilizes the patented KDF media in conjunction with granular activated carbon (GAC) to provide superior filtering and protection from many contaminants. Fine mesh activated carbon provides safer, cleaner, better tasting water by filtering our contaminants including those that cause bad odor and taste. The EPA approved filter media, KDF, controls bacteria growth that may occur in standard carbon filters. Easily replace your threaded under counter water filter kit. Working pressure range:

20-100 PSI. Maximum flow rate: 1 GPM

CM52117 HL 170 TF Replacement Filter **$41.49**

HYDRO LIFE HL-170 PP REPLACEMENT UNDER COUNTER FILTER
The Hydro Life filter utilizes the patented KDF media in conjunction with granular activated carbon (GAC) to provide superior filtering and protection from many contaminants. Fine mesh activated carbon provides safer, cleaner, better tasting water by filtering our contaminants including those that cause bad odor and taste. The EPA approved filter media, KDF, controls bacteria growth that may occur in standard carbon filters. Easily replace your push/pull under counter water filter kit without the use of tools. Working pressure range: 20-100 PSI. Maximum flow rate: 1 GPM

CM52073 HL 170 PP Replacement Filter **$41.49**

EXTERIOR FILTRATION

HYDRO LIFE C-2471 REPLACEMENT CARTRIDGE
Hydro Life's radial flow Carbon Block Cartridge has several advantages. Water touches the entire surface area of filter, increasing the dirt-holding capacity and performance. No carbon particles are released into the water as it is filtered. It has a high flow rate (2.5 GPM), since water contacts the entire exterior surface area of filter and percolates from the outside in. Carbon Block Cartridge virtually eliminates chlorine and potentially dangerous micro-organisms as well as turbidity. It is also effective in reducing many other contaminants. Working pressure range: 20-100 PSI.

CM52418 C 2471 Replacement Cartridge **$35.99**

CAMCO

Evo™

EVO™ PREMIUM WATER FILTER WITH REPLACEABLE CARTRIDGE

Reduces bad taste, odors, sediments, bacteria, chlorine and much more. Includes filter housing, one extension hose and one replaceable premium spun polypropylene filter cartridge. Filtration begins with water traveling through a porous shell with openings no greater than 5 microns in diameter. Filtered water then passes through a bed of KDF® and GAC (Granulated Activated Carbon) for further filtration and bacteria control. The result is fresh, clean, great tasting drinking water straight from your tap. For exterior use.

CM40631 Evo™ Premium Water Filter $67.49
CM40620 Evo™ Premium Spun PP Replacement Cartridge, VOC *CFP
CM40772 Water Filter Stand *CFP

CAMCO FRESH WATER FITTINGS

All brass water fittings are 2010 Compliant

A. Water Pressure Regulators

Stop damage to your RV water hose, pump or internal lines from inconsistent water pressure in campgrounds. Reduce water pressure to a safe, consistent 40–50 PSI of operational pressure. Protects equipment and prevents hose failure, helping to prolong equipment life. Available in durable ABS plastic or brass. (3/4" Male × Female Garden Hose Threads) Patented.

		MSRP
CM40143	Plastic Regulator 3/4" 6/ctn	$8.00
CM40055	Brass Regulator 3/4" 6/ctn	$12.50
CM40052	Brass Regulator 3/4" Bulk	$11.50
CM40054	Stainless Steel Regulator 3/4"	$23.00

B

B. Stop Leak Connector

Connect bent hose ends. This versatile connector includes a built-in, one-piece, flow-through, flexible washer. Recommended for connecting damaged hose couplings and for new hoses to protect hose threads. Fits male or female end of a 3/4" garden hose.

		MSRP
CM20213	6/ctn	$3.00

C

C. Water Pressure Regulator with gauge

Helps protect RV plumbing and hoses from damage that can be caused by high-pressure city water. Attaches easily with convenient 3/4" garden hose threads. Easy-to-read dial. Pressure is factory pre-set at 40-50 PSI. Patented.

		MSRP
CM40064	Regulator with gauge	$22.99

D

D. Backflow Preventers

Allows fluid to only flow in one direction. Prevents backflow. Heavy duty brass body with stainless spring. 1/2" or 3/4" (Male x Female NPT).

		MSRP
CM23303	1/2" skinpack (CSA approved) 6/ctn	$9.00
CM23402	3/4" bulk 50/ctn	$11.50

E

E. Filter Washers

Filter trash and debris from your water system. Washer fits any standard garden hose female coupling. Stainless steel 60 x 50 mesh traps dirt particles before they enter your RV system. Ideal for washing machine hookup at home.

		MSRP
CM20183	1" Washers 3/card	$2.50

F

F. Hose Washers

Stop your garden hose from leaking at the faucet and hose connections. Self-locking tabs prevent loss of washer when hose is disconnected.

		MSRP
CM20153	10/card	$2.50

All prices listed are manufacturer's suggested retail

A. Quick Hose Connects

Attach hoses quickly and easily for RV or residential hook-up. Choose a solid brass model with automatic shut-off when disconnected, or a sturdy plastic model with convenient built-in shut-off valve.

		MSRP
A1	**CM20103** Plastic connector with shut-off	$5.00
A2	**CM20135** Brass connector with auto-shut-off	$11.00
A3	**CM20143** Brass connector / flow-through	$11.00

A1

A2

A3

NEW

B. Shut-Off Valves

Control water flow with a quarter-turn pressure seated valve. Y-style converts a single-line hose to two directions. Each side is valve controlled to easily adjust flow and pressure. Made of resilient plastic; wye also available in metal.

CM20113	Metal	Y-valve	$5.50
CM20073	Plastic	Y-valve	$3.50
CM20003	Plastic straight valve		$3.50

C. Brass Shut-Off Valves

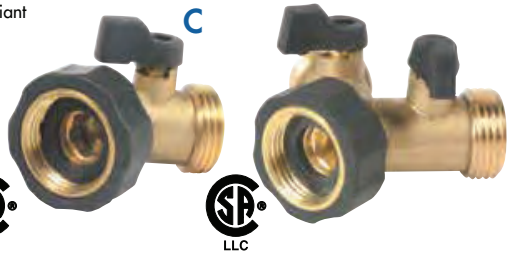
Solid brass housing with non-corrosive stainless-steel quarter-turn pressure seated shut-off valves. Features easy-grip valve handles and hose connection.

		MSRP
CM20123	Brass Y-Valve	$21.00
CM20173	Brass 45° Valve	$11.50

B

All brass water ittings are 2010 Compliant

C



D. Quick Hose Connect Value Pack

includes two extra male connectors. Connect/Disconnect quickly between water hose and multiple attachments such as spray nozzle, sprinkler, water hose, pressure washer and many more! Shuts off automatically when disconnected. Use at your home, RV, boat or campsite—anywhere with a standard water hose hookup! Solid brass construction provides years of service.

CM20136 Quick Hose Connect Value Pack $18.50

CAMCO FRESH WATER FITTINGS

A. **Flexible Camper Drain** Complete rust-proof drain system designed especially for campers and RVs. Drain trap is made of durable, chemical resistant polypropylene, evacuation flange is made of durable ABS construction with UV stabilizers. Includes 25" of 3/4" ID hose.

		MSRP
CM37420	Flexible Camper Drain	$11.00

B. **Camper Drain Trap** Camper drain trap is designed especially for campers and RVs. Made of durable, chemical resistant polypropylene; won't rust. Barbed for 3/4" ID hose.

		MSRP
CM37262	polar white	$5.50

C. **Evacuation Flange** Durable ABS construction with UV stabilizers; won't rust. Barbed for 3/4" ID hose. Use with camper drain trap for a complete drain system.

CM37271	polar white	$3.00

D. **Dual Size Drain Valves** Easily drain your RV fresh water tank. Available with or without flange, each valve is graduated for use with 1/2" or 3/4" vinyl tubing. Durable plastic construction.

			MSRP
D1	**CM22243**	Dual size drain valve without flange 3/8" or 1/2" Male NPT thread	$5.50
D2	**CM22223**	Dual size drain valve with flange 3/8" or 1/2" barb	$5.00

E

E. **Replacement Hose Plugs and Caps** Replacement 3/4" hose plugs and caps to keep dust and dirt out of your water system. Each comes with an easily attached lanyard to help prevent the loss of your cap or plug.

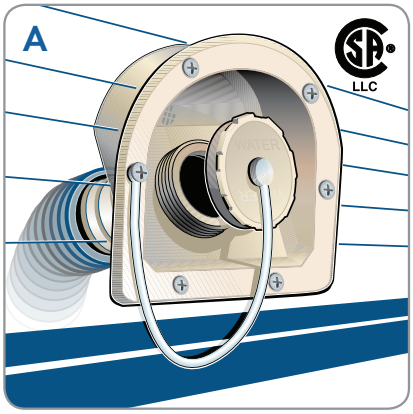
		MSRP
CM22104	Male plug with lanyard	$2.50
CM22204	Female dust cap with lanyard	$2.50

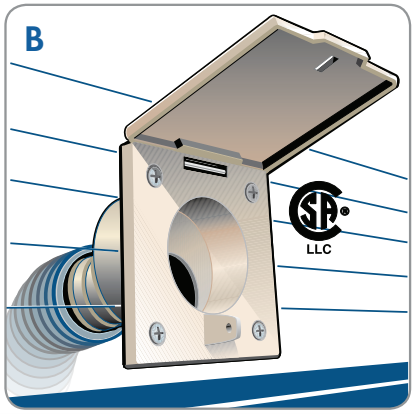
F. **Lanyards** help prevent lost caps and plugs. Use with male or female plugs or dust cap.

		MSRP
CM22062	Snap-Fit lanyard, clear	$0.50
CM22072	New Style lanyard, clear	$0.50

F

CAMCO FRESH WATER FITTINGS





A. **Replacement Recessed Water Fill** Replace your cracked or broken RV water fill with an original replacement part. Durable white plastic construction—will not rust or corrode.

		MSRP
CM37221	25/ctn	$9.00

B. **Fill Spout with Door** Fill spout with door is designed with a loop and slot for pin or lock to ensure secure closure. Colonial white. Door is spring-loaded snap-shut design.

		MSRP
CM37102	25/ctn	$23.00

C. **Flush Mount Fill Spout** Flush mount fill spout is designed to mount flush with RV side. Top-fill door is secured with sliding lock. Colonial white.

		MSRP
CM37002	25/bulk	$8.50

D. **Water Tank Fillers** Fill your water tank in a fraction of the usual time and eliminate "bubble-back." Large 5/8" fill tube allows you to fill your camper, trailer or motorhome water tank at or near full pressure while minimizing line backflow. Quarter-turn pressure-sealed valve allows you to selectively control water flow.

		MSRP
CM40003	Filler with shut-off valve	$4.00
CM40023	Filler without shut-off valve	$3.00

E. **Plastic Water Fill Hose** Ten foot hose for connecting a fill spout or city water fill to a water tank. 1-1/4" diameter. FDA non-toxic formulation, IAPMO® TSC 31-90 and TSC 7-90 compliant, IAPMO® listed file No. T-3334. Will not kink.

		MSRP
CM36601	Water Fill Hose	$45.00

All prices listed are manufacturer's suggested retail

ACCESSORIES/PARTS

Flair-It fittings are constructed of durable Polyoxymethylene (POM) and are compatible with PEX and PB. The patented design consists of a nut and flared insert and requires no tools. The fittings push against the ID and OD of the pipe, creating a strong long-term seal. Flair-It fittings are available in 3/8" - 3/4" and are stocked in bulk and barcoded versions. Must be ordered in lots of ten. Starter kits are also available. Valves are directional.

- MALE/FEMALE ADAPTERS
- ELBOWS
- MALE ELBOWS
- TEES
- PLUGS
- VALVES
- CLAMPS
- ADAPTERS
- INSTALLATION TOOL

Until now, the PEX industry has been limited in it's ability to grow because of the need for special expensive tooling required by the metal PEX connection clamps. With the PEXLOCK clamp, anyone can plumb with PEX using just a pair of common household pliers.

- All PEXLOCK part numbers come retail bagged fitting plus rings

BESTPEX BRASS INSERT PEX FITTINGS

BestPEX Lead Free brass insert fittings are constructed of durable high quality brass. They meet cNSF-14g ASTM F877, F1807 and CSA B137.5 standards and are compatible with both copper crimp rings and stainless steel clamps. 3/8" - 1" BestPEX brass insert fittings are sold in bulk, barcode and contractor packs (bulk fittings in a barcoded bag). Starter kits are available.

Connecting Solutions for PEX Plumbing Applications

Efficient. Reliable. Secure.

OETIKER®
Connecting Technology

For nearly 70 years, Oetiker high-tech hose and tubing connections have been used throughout the industry. Oetiker clamps are currently being used on Polyethylene cross-linked tubing applications by the PEX Plumbing Industry. The specified clamps are suitable for fast and secure connections of PEX tubing in the plumbing field. The clamp design ensures tamper detection. The clamp sizes are solely intended for PEX applications with corresponding inch sizes. The robust interlock design, specifically developed for PEX applications leads to even higher radial loads of the clamp.

Connections for PEX plumbing systems

Oetiker Stepless® Ear Clamps 167 for PEX offer these unique special advantages:

Standard PEX

+ 360° Stepless design
+ Certified by NSF to meet NSF / ANSI 14 requirements
+ Narrow band for concentrated seal compression
+ Requires only one installation tool for all clamp sizes
+ Fast, simple and secure installation
+ Tamper-detectable design

New PEXGrip Technology* PEXGrip

+ *Preset to prevent clamp from sliding
+ *Grips tube for easy installation
+ *Shortens tool stroke
+ 360° Stepless design
+ Certified by NSF to meet NSF / ANSI 14 requirements
+ Narrow band for concentrated seal compression
+ Requires only one installation tool for all clamp sizes
+ Fast, simple and secure installation
+ Tamper-detectable design

*Patent Pending

Order Information

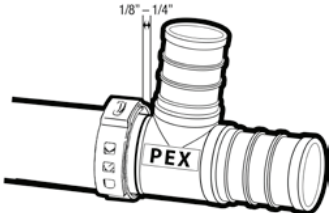
Stepless® Ear Clamps 167 for PEX
Conform to ASTM F2098 Stainless Steel Clamps for use with F877 PEX Systems and F1807 or F2159 insert fittings.

Clamp Size	PEX tube (inch)	Band width x thickness	Standard PEX clamp item no.	LIST PRICE
13.3 mm	3/8"	7.0 x 0.6 mm	FL41117	.35
17.5 mm	1/2"	7.0 x 0.8 mm	FL41118	.50
23.3 mm	3/4"	9.0 x 0.8 mm	FL41119	.65

Installation of Oetiker Sealing Solutions for PEX Systems

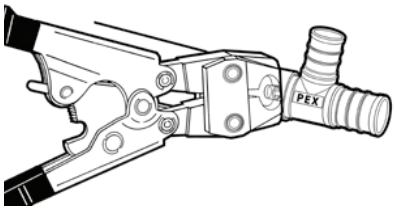
OETIKER®
Connecting Technology

1. Slip clamp over tubing.



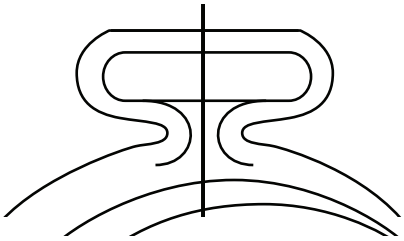
The recommended distance (dimension) between the “Clamp” and “End of the Tube” is 1/8" – 1/4".

2. Close clamp ear with tool, tool will not release until clamp is fully closed.



IMPORTANT For proper installation of standard PEX and PEXGrip clamps, ear closure is required.

3. Visually inspect clamp for correct closed ear form.



* For proper installation of clamps, please use an Oetiker recommended installation tool.

Installation Tools

3-Handle Ratchet Pincers **LIST PRICE**
Item no. FL14100280 **155.00**

+ Single handed installation
+ Tool can be calibrated
+ Heavy-duty commercial grade
+ Tool will not release until clamp is properly closed
+ Lightweight for easy handling
+ Heavy-duty sealing action for stainless steel Ear Clamps

DIY Economy 2-Handle Ratchet Pincers Item no. FL41010 **LIST PRICE** **80.00**

+ Light duty tool
+ Includes “go / no-go” gauge
+ Tool will not release until clamp is properly closed
+ Lightweight for easy handling
+ Heavy-duty sealing action for stainless steel Ear Clamps

Flair-it 01150 Plastic Tubing Cutter **LIST PRICE**
Item no. FL01150 **10.20**

+ Works on PEX and Rubber Hose
+ Super Sharp
+ Long Lasting

QUICK CONNECT FITTINGS

Sea Tech, Inc., was established in 1995 and provides reliable, high-quality cost-effective solutions for water connection needs. Sea Tech's Quick Connect Water System offers a wide range of standard 1/2" Nominal (5/8" O.D.) fittings and tubing, plus 3/8" Nominal (1/2/" O.D.) and 3/4" Nominal (7/8" O.D.) adapters. Fittings have 2 patent pendings on the collet and O-ring guide designs.

The Sea Tech Water System is designed for use with water. Tubing should be supported at minimum of 36" to prevent excessive load to the connectors. Do not install tubing supports closer than 3" from the connector ends. New installations should be thoroughly tested prior to use. Do not use with explosive gasses, petroleum products, or other fuels.

MATERIAL SPECIFICATION

MATERIAL	FITTINGS COLOR	O-RING
Thermal Plastic	5/8" O.D. White	EPDM

MAX PRESSURE AND TEMPERATURE

SIZE	WORKING PRESSURE	TEMP
5/8" O.D.	100 psi 6.8 bar	180°F 82°C

TORQUE VALUES

THREADS:	3/8", 1/2"	3/4"
TORQUE:	Min. 17.7 in-lbs Max 26.5 in-lbs	Min. 22 in-lbs Max. 31 in-lbs

TUBING TOLERANCES

SIZE	TOLERANCE
5/8" O.D.	+0.004" ~ -0.004" -.010mm ~ -.010mm

CONNECT TO MULTIPLE MATERIALS!

The Sea Tech System incorporates Stainless Steel Gripping Teeth in its Collet. These corrosion-resistant teeth allow the connectors to interconnect with multiple materials without the need for special tools.

THE O-RING GUIDE IS THE KEY!

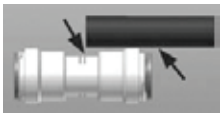
Sea Tech connectors incorporate an explusive O-ring Guide for improved reliability. This unique feature insures zero-leak connects by protecting the O-ring from damage during assembly, increasing the connector's side load capacity, and correctly aligning the tubing with the O-ring every time.

MAKING A CONNECTION

Cut the tubing to length using the Sea Tech tubing cutter or similar tool. Slight pressure as if to twist the curtter around the tubing will aid cutting.

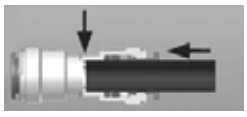
1. Cut the tubing square using a proper tube cutter. It is essential that the outside diameter of the tubing be free of scratches and damage. The outer surface of the tube needs to be smooth and clean.

2. Mark the insertion depth on the tubing end. Sea Tech connectors have an insertion depth line molded onto the outside of the connector bodies



3. Push the tubing into the connector until the insertion mark on the tubing meets the edge of the connector collet.

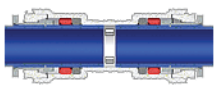
4. Make certain to push the tubing completely into the connector until it comes into contact with the internal tubing stop



5. To disconnect, ensure the system is depressurize before removing connectors. Push the collet in squarely against the face of the fitting. With the collet held in this position, tubing can be removed. The connectors can then be reused.

ROTATES UNDER PRESSURE!

After a joint is made, the tubing can still swivel while connected, even under maximum pressure!



HIGHEST FLOW!

Sea Tech connectors join the tubing on the outside. Because there is no barb fitting on the inside of the tubing the flow capacity is increased by more than 30%.

Flow·Max™

Positive Displacement 3-Chamber Fresh Water Pump

LIPPERT COMPONENTS®

Fresh water when you want it and when you need it. Lippert Components' Flow Max water pump delivers a steady flow of water to your RV. Compared to other water pumps on the market, Flow Max delivers superior pressure performance, averaging 45 PSI with an average 3.20 gallons per minute water flow (12V version). This is especially important on larger RVs that have extended plumbing running between the source point and the pump. Flow Max also features the quiet, disturbance-free operation campers need. Seeing is believing! Flow Max offers superior performance all at a price below similar products on the market today.

Quiet, Dependable Operation

- Average 3.20 gallons per minute (GPM) flow - *Competition* averaged 2.36 GPM when independently tested*
- Average leading pressure of 45 PSI - *Competition* averaged 42 PSI when independently tested*
- Freeze/thaw tested up to five 2-hour cycles - *Competition's* housing cracked after one cycle*

4008 FRESH WATER PUMP

REVOLUTION™ 4008 SERIES PUMPS

A

B

SHURFLO's Revolution™ fresh water pump design was created with a unique one-piece diaphragm and internal by-pass, assuring long life and top performance in all plumbing systems. Designed as the next legendary pump to exceed the expectations of our customers, the Revolution™ pump is constructed for high flow demand, low noise and no rapid cycling. SHURFLO's quality reputation has been built on the reliability and dependability of every pump we build. The Revolution™ fresh water automatic demand pump is super quiet, thermally protected and can run dry without damage. Mounts in any position.

SHURFLO Revolution™ Model # Aftermarket#	MSRP	Voltage	Dimensions Inches/mm	Flow Rate GPM/LPM	Amps (Max.)	Shut-off Pressure

FRESH WATER pumps

4048 HIGH FLOW PUMP

SHURFLO®

The next pump in the by-pass Flow Reaction Technology Series, this pump has a unique one-piece diaphragm and internal by-pass to assure smooth flow, long life and top performance in any plumbing system. Designed and built for high flow, low noise, smooth flow with no rapid cycling and SHURFLO reliability, this fresh water demand pump is quiet and can run dry without damage. Mounts in any position. This pump is designed to replace both the 4900 and 5900 Smart Sensor series products.

FRESH WATER pumps cont.

SLV SINGLE FIXTURE AUTOMATIC DEMAND PUMP

SHURFLO®

This compact automatic demand fresh water pump offers durability and dependability making it ideal for low volume, intermittent duty applications. The 105 pump self-primes up to 2.5 vertical feet while delivering 1.0 GPM. A 12 volt low power consumption motor, equipped with thermal protection and long life pressure switch rated to 30 PSI, provides high pump performance and reliability.

IN-LINE CHECK VALVE

SHURFLO®

This check valve allows water to flow in only one direction helping to safeguard against back surge pressure up to 100 PSI.

Model # Aftermarket	MSRP	Description	Designation
In-Line Check Valve SFP340-001	$14.04	Allows Flow in One Direction Only to Safeguard Against Backsurge up to 100 PSI [6.8 BAR]	1/2" Barb Ports

HOSE SPRAY NOZZLE

SHURFLO

SHURFLO's Blaster™ Nozzle is designed to be used with SHURFLO pumps producing spray action to wash down motorhomes, fifth wheels, campers, trailers and other outdoor uses. The Blaster™ Nozzle has a lock clip for continuous water flow and a smooth comfortable handle for easy handling.

Model #	MSRP	Description	Designation
Hose Spray Nozzle SFP94-010-00	$12.80	High Impact Plastic for Long Life. Use with SHURflo Pumps or Garden Hose. Adjusts From Fine Mist to Full Stream. Lock Clip for Continuous Spray	3/4" (F) Garden Hose Thread

PRE-PRESSURIZED ACCUMULATOR TANKS

SHURFLO

Specifically designed to be installed downstream of your pump, these tanks help reduce unwanted cycling, pulsation and pressure spikes, while helping to prolong pump life and save battery power. SHURFLO accumulator tanks use a patented domed displacement diaphragm to minimize noise and power usage. These accumulators are available in both a 24 oz. nylon tank as well as a 2-gallon stainless steel tank, helping to accommodate any space constraints in your RV.

Model # Aftermarket	MSRP	Ports	Dimension	Total Volume	Max. PSI

PUMP REPAIR

SHURFLO pumps have set the standard for RV performance and reliability. To keep that performance and reliability at its peak, SHURFLO offers a wide range of kits for bench and field repair of its products. For detailed listings of individual part numbers, refer to SHURFLO pricing guides and repair manuals. This overview indicates the type of kits available.

3200 SERIES

INSTALLATION

Pump Mounting

SOLID SURFACES are required to lessen vibration and noise. A thin surface can amplify noise.

EASY ACCESS for strainer and pump maintenance is needed, as well as space around the pump to keep it cool.

POSITIONING the pump horizontal is best, but most pumps can be mounted in any position. Pumps will push water better than pull, so mount the pump within 6 feet of the water tank for best performance.

ANCHOR the pump snug, but don't flatten the feet to keep vibration from transmitting to the system.

Inlet Side of Pump

FLEX LINES help reduce normal vibration of the pump being transmitted through the system. The lines should be rated to not collapse under pump vacuum. Collapsing inlet lines cause pump starvation, cavitation and noise. Route lines so they don't kink.

STRAINERS with adequate screen size are required to keep debris out of the pump and minimize vacuum and circulation.

VALVES for tank shut-off or winterizing should be full-port style, or as open as possible to reduce vacuum and cavitation, which cause system noise.

PUMP FITTINGS on both inlet and outlet must seal on the internal taper of the threaded pump ports. For quick-connect fittings, make sure the O-rings are lubricated and the fittings are pushed in straight. Minimize side-to-side stresses on all plumbing system fittings.

Outlet Side of Pump

FLEX LINES should be anchored where the flex meets the hard tubing and throughout the coach. Make sure plumbing does not rattle behind walls, showers and where it goes through walls and shelves. **Valves** should be full-flow with minimum back pressure. **Check Valves** on the water heater inlet keep hot water from pressurizing the cold water side of the system.

ACCUMULATORS should be charged to the restart [On] pressure of the pump to provide the best system flow, low pump cycling and smooth performance. The Revolution™ High Flow series pumps do not require an accumulator.

Pump Electrical

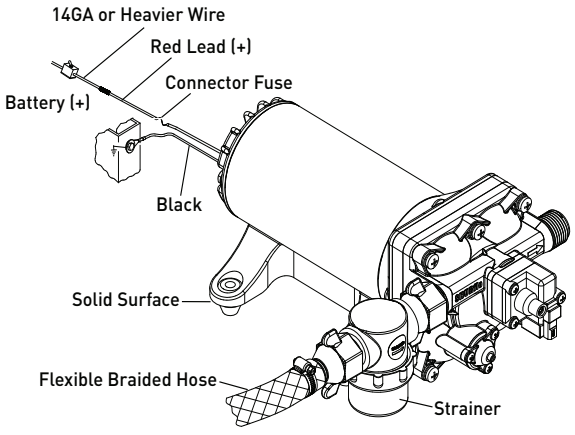
WIRE SIZE is very important to keep proper voltage at the pump. See the chart for wire sizing.

FUSING & SWITCHING are very important, as they allow shutting the pump off separately for service and providing an extra layer of safety in case of problems.

12 VDC 15 AMP CIRCUIT

Total Wire Length*	Minimum Wire Size	
Feet [Meters]	3% Drop	10 % Drop
1-10 [.3-3]	#12	#16
11-20 [3.3-6]	#10	#14
21-30 [6.4-9.1]	#8	#14
31-40 [9.1-12.2]	#6	#12
41-60 [12.2-18.3]	#6	#10

*Length from power source to motor and back to ground.
Red wire (+) positive. Black wire (–) negative.



Typical Pump Installation

& maintenance tips

Filtration

Your choice of filtration products will depend on your RV Lifestyle. From part-time to full-time, from pop-up to Class A's and beyond, SHURFLO water filters will meet your needs.

IN-LINE FILTERS are great for under-the-sink installation, separate single-tap faucets and icemakers. They are sized to meet many flow and life requirements, and can even be used to filter the water coming in through the city water entry. Be sure to make clean tubing cuts, and handle tubing carefully to avoid scratches, kinks and damage.

HOUSING & CARTRIDGE FILTERS combine the ease and convenience of a permanent installation with a variety of filter media choices to meet your needs. If the housing is installed for "Full-House Filtration", make sure the filters meet your needs. A high flow of water through a filter reduces its' ability to clean the water and can create significant backpressure on the pump, creating low system pressure and flow. Most filters are only designed to filter at a low flow rate.

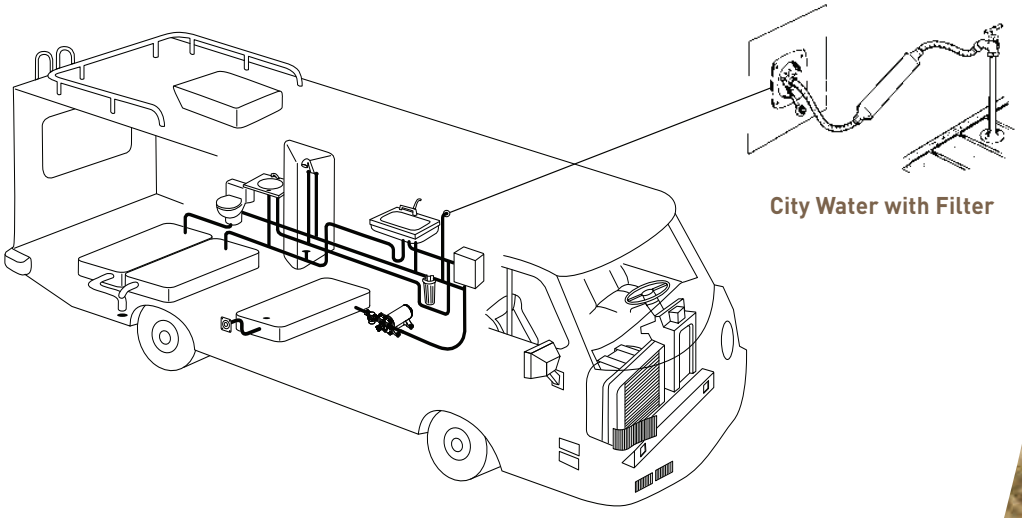
If you want to use **REVERSE OSMOSIS**, the standard RV pumps are not designed for the high pressures and continuous-duty cycles that are needed. Contact SHURFLO for help here. Do not use filters with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the unit. Some state and local laws and regulations may pertain to the installation of any plumbed-in components. Check for compliance in your area. Do not install filters near a heat source. Do not allow filters to freeze. Do not expose filters to direct sunlight or Ultra Violet radiation [UV]. Do not use filters beyond stated capacity. Do not attach filters to hot water lines. Do not overpressurize filters.

General System Care

Road vibration can loosen system components. Check all plumbing components, fittings and connections regularly. If something is loose, tighten it up. Don't store things on top of plumbing system components.

SANITIZING keeps your system clean. Make sure to follow your manufacturer and component manuals for recommendations and sanitize your system. It's easy to do and helps to extend component life. Many pump and valve failures can be attributed to scaling or other build-up that could easily be prevented with proper maintenance. Bypass or remove filters before sanitizing.

WINTERIZING Don't let plumbing system components freeze with water in them. Severe damage and flooding can result. Use winterizing procedures recommended by the coach manufacturer or your local dealer. There are many good ways to winterize systems for freezing weather and long storage.



City Water with Filter

Aqua FRESH

BLUE DRINKING WATER HOSES

- Preinstalled hose savers on both ends

High Pressure Drinking Water Hose

- High pressure, non-toxic drinking water hose
- Includes easy to use hose gripper
- 160 psi working pressure - 1/2"; 120 psi working pressure - 5/8"
- NSF listed materials
- Blue hoses come with pre-installed hose savers on both ends

W01-5300

		Retail
VW01-5180	Drinking Water Hose, 1/2" x 15', White	12.10

Heated Water Hose

- Heated fresh water supply hose provides smooth flowing drinking water in sub-zero temperatures
- The heating source is self-regulating and supplies additional heat as needed as the temperature drops - thermostat is not required
- Hose operates at 120VAC
- Lighted electrical plug
- Drinking water safe
- Zippered installation cuffs at each end for added freeze protection

W01-5315

		Ctn. Qty.	Retail
VW01-5315	Heated Water Hose, 90 Watts, 1/2" x 15', Blue	2	105.95

Hose Savers

- Prevents hose from kinking or pinching
- Works for RV's or homes

A01-0020VP

		Ctn. Qty.	Retail
VA01-0020VP	Hose Saver, 90°, Brass, Lead-Free, Carded	10	7.00

Freshwater Products

Lead-Free Water Regulators

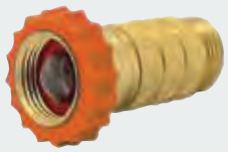
- Conforms with federal and state laws for drinking water fixtures
- Protects RV plumbing against high pressure
- Regulates incoming water pressure to 40-50 psi

VA01-1120

		Ctn. Qty.	Retail
VA01-1120	Water Regulator, Brass, Lead-Free, Bulk	24	11.20
VA01-1120VP	Water Regulator, Brass, Lead-Free, Carded	12	12.95

Lead-Free High Flow Water Regulators

- Conforms with federal and state laws for drinking water fixtures
- Protects RV plumbing against high pressure
- 15% to 20% more flow



VA01-1122VP

		Ctn. Qty.	Retail
VA01-1122VP	Water Regulator, High Flow, Brass, Lead-Free, Carded	12	17.00

Quick Fills

- Reduces back flow pressure, cutting fill time in half
- Easily slips into all water tank fill fittings

		Ctn. Qty.	Retail
VA01-0031VP	Quick Fill Pigtail With Shut-Off, Carded	25	4.00

Adjustable Water Regulator

- Conforms with federal and state laws for drinking water fixtures
- Protects RV plumbing system against high pressure
- Factory pre-set to 45 psi; adjusts for maximum water flow
- Easy to read gauge

A01-1117VP

A01-1112

		Ctn. Qty.	Retail

ACCESS HATCHES

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- UV stable/colorfast
  – Non-yellowing (white)
  – Fade-resistant (black)
- Key locks are "key alike ready" to match entry door or other compartment locks
- Replaceable Door
- Includes installation kit
- Impact & Road Salt Resistant
- NSF, CSA & TEI Certified
- Paintable

MULTI-PURPOSE HATCH SQUARE HOLE BACK

- Thumb lock
- Cutout Dim: 4.25"h x 3"w
  Outside Dim: 6-1/4"h x 5"w
  Collar Depth: 1"
  Inside cutout for switch: 1.1"h x .9"w

TF94297 Polar White **$21.96**
Replacement door:
TF94176 Polar White **$15.50**

MULTI-PURPOSE HATCH w/ FLAT BACK

- Key Lock
- Cutout Dim: 4-3/8"h x 3-1/8"w
  Outside Dim: 6-1/4"h x 5"w
  Collar Depth: 1"

TF94298 Polar White **$21.96**
Replacement door:
TF94176 Polar White **$15.50**

MULTI-PURPOSE HATCH w/ FLAT BACK

- Key Lock (94310/White)
- Thumb Lock (94311/Black)
- Impact & Road Salt Resistant
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 2"

TF94310 Polar White **$31.96**
TF94311 Black **$30.96**
Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

MULTI-PURPOSE HATCH w/o BACK

- Key Lock
- Cutout Dim: 4-3/4"h x 4-1/4"w
  Outside Dim: 6-1/2"h x 6"w
  Collar Depth: 3/8"

TF94299 Polar White **$20.60**
Replacement door:
TF94180 Polar White **$13.00**

MULTI-PURPOSE HATCH w/o BACK

- Thumb Lock
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 1-1/8"

TF94306 Polar White **$31.96**
Replacement door:
TF94184 White **$19.40**

STORAGE/SEWER HOSE HATCH

- Back plate accepts a 4" rigid PVC or flexible hose to create storage area
- Key Lock (94301)
- Thumb Lock (94302-94303)
- Collar depth of PVC attachment 7/16"
  Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w

TF94301 Black **$34.76**
TF94302 Polar White **$33.76**
TF94303 Black **$33.76**
Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

FUEL HATCH w/ OVAL

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"
  Oval: 5" stretched to 6"

TF94304 Polar White **$37.96**
Replacement door:
TF94340 Polar White **$20.90**

FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: No Collar

TF94305 Polar White **$33.96**
Replacement door:
TF94340 Polar White **$20.90**

EXTRA LARGE FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 9-1/8"h x 8"w
  Outside Dim: 11-3/8"h x 10-3/8"w

TF94313 Polar White **$55.96**

MULTI-PURPOSE/FUEL HATCH w/o BACK

- Key Lock (94308/White)
- Thumb Lock (94309/Black)
- Impact & Road Salt Resistant
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"

TF94308 Polar White **$33.96**
TF94309 Black **$33.96**
Replacement door:
TF94340 Polar White **$20.90**
TF94341 Black **$20.90**

FUEL HATCH w/ SLANT BACK

- Key Lock
- Cutout Dim: 6-3/4"h x 6-3/4"w

A. RV/Marine Showerhead

Enjoy longer showers with this ergonomically designed, handheld showerhead. Handy on/off switch allows you to pause water flow while shampooing, greatly reducing the amount of water used. No more rushing your shower to conserve water. Choice of four spray patterns from a drenching rain to a gentle massage; you can personalize your shower with your favorite comfort settings. Heavy-duty construction for years of use. Washers included.

		MSRP
CM43710	chrome	$19.50
CM43711	white	$17.00
CM43712	off-white	$16.50
CM43763	Showerhead Gasket (10/pk)	$1.59

B. RV/Marine Showerhead Kit

The same showerhead described in item A, packaged with a flexible 60" shower hose. Kit includes showerhead, flex hose, washers, wall mount and hardware. Shower Flex Hose features built-in connectors for easy installation to a standard 1/2" shower arm and reinforced construction to eliminate hose kinking. Heavy-duty construction for years of use.

CM43713	chrome	$32.50
CM43714	white	$27.50
CM43715	off-white	$31.00

C. Showerhead Mounts

Adjustable chrome showerhead wall mount gives you great flexibility in positioning your showerhead. Two-position chrome showerhead wall mount gives you a choice of two angles for your showerhead. Hardware included.

CM43718	Two-position	$5.50
CM43719	Adjustable	$5.50

D. RV/Marine Shower Flex Hose

Flexible 60" replacement hose with built-in connectors for easy installation to a standard 1/2" shower arm. Reinforced construction eliminates hose kinking. Washers included.

		MSRP
CM43716	chrome	$14.00
CM43717	white	$11.00

E. Outdoor Showerhead

Easy-to-install showerhead fits in RV's outdoor shower area. This high flow showerhead has a convenient on-off switch to help conserve water.

CM44023	Outdoor Showerhead	$12.00

THOUGHTFULLY DESIGNED
WITH MODERN IN MIND

Add a splash of modern to your kitchen or bath with a Stainless Steel Faucet by Lippert Components. Available in a variety of spout constructions like coiled spring and high-arched, we're challenging how the world feels about faucets. Constructed with quality stainless steel, these sleek faucets are designed for maximum lifespan and durability.

FEATURES

- 304 Grade stainless steel construction
- Pull-down faucet head with toggle (719323 and 719333 only)
- Toggle for stream or spray options (719323 and 719333 only)
- Easy DIY installation
- Pairs well with stainless steel sink sets by LCI*
  *Items sold separately

PREMIUM QUALITY **MODERN DESIGN**

Available in single bowl and double bowl varieties. Modern .3937" coved corners give a sleeker look than the standard .5" corners, but are easier to clean than zero radius corners. Stainless steel material makes for easy clean up and an updated appearance. The standard 3 1/2" drain opening is compatible with most garbage disposals and drain baskets. Channel grooves prevent sitting water in the sink bowl.

- Premium quality at an affordable price
- Stylish modern design
- Coved corners for a sleek look and easy cleaning
- Made of extra thick, durable steel
- 20 gauge T-304 stainless steel meets or exceeds industry standards mandated by IAPMO

HELIUM REFRIGERATOR ONLY PARTS AVAILABLE

Atwood Helium Refrigerators are designed to perform where traditional RV refrigerators fail. When used in an out of level situation, traditional RV refrigerators with hydrogen gas in the cooling system can generate excessive heat and compromise system integrity. Atwood refrigerators utilize a helium based cooling system strategically engineered to minimize excessive heat while providing superior durability and performance.

Upscale Features
Modern design, blue LED cabinet lights, blue tinted door shelves and a standard door ajar alarm.

Integrated Tilt Sensor
Provides a visual cue for the consumer to ensure maximum performance of their refrigerator.

Popular Sizes
6 & 8 cu.ft. class sizes available with right swing door and fan for slideroom applications.

Americana II is our latest innovation and the head of the double door 6 ft & 8 ft family of RV refrigerators. Redesigned, this refrigerator remains affordable while sporting many features and benefits. Absorption technology with 2-way power (110v AC and LP Gas) enables you freedom to travel anywhere, while automatic electronic LP ignition cools the unit based upon the surrounding ambient temperature.

DOMETIC AMERICANA II

Dometic Americana is one of the best built RV refrigerators on the road. It automatically controls the cooling unit based on the surrounding ambient temperature, ensuring an efficient performance and keeping your food at the perfect temperature. The refrigerator also features a solid steel frame construction and improved electronic controls that are easy to use, all at an affordable price.

DOMETIC AMERICANA II PLUS

Dometic Americana Plus offers many upgraded features, with versatile interior storage, user-friendly eye-level electronic controls, and two- or three-way power with automatic LP ignition this is a world-class RV refrigerator. It also offers a climate control system that saves energy, and helps prevent condensation - this is the perfect travel companion.

DOMETIC RENAISSANCE II

The new Dometic Renaissance II Refrigerator provides RVer's the comfort of home through the sleek, modern look and feel that it gives the kitchen. Designed and engineered to minimize frost - no need for frost limiters. This 7 cu. ft refrigerator provides 17% more capacity than similar-sized units.

DOMETIC ELITE 2+2

The Elite 2 + 2 Series offers masses of convenience and style, setting a higher standard for RV refrigeration. Unlike other two-door refrigerators, it features a divider-less freezer compartment for wall-to-wall cooling. Have home-style convenience, on the go!

- Premium double-door convenience and space
- Divider-less freezer compartment for wall-to-wall cooling
- Three crisper bins, dual-action shelf guards 13.5 cu. ft. capacity

DOMETIC NEW GENERATION

Thanks to advanced insulation technology, Dometic has expanded the storage space of the New Generation Series Refrigerator, without increasing its outside dimensions. Also featuring adjustable shelves and self-locking handles for convenient and secure storage.

- Self-locking door handles designed for easy operation and security
- Stylish, residential appearance
- Versatile racking system, four interior food shelves are adjustable

CRX SERIES

3-IN-1 REFRIGERATORS

TRUCK MODEL REFRIGERATORS

The CRX Series of refrigerator is a veritable chameleon. It's a fridge, it's a fridge-freezer and it's a freezer. This patented invention is down to the removable freezer compartment and smart electronics that regulate the compressor speed, simultaneously saving energy. The freezer box can simply be pulled out to make a larger fridge or freezer and the desired temperature manually set.

DOMETIC

***CFP-Call For Pricing**

Our high-performance coolers keep ice frozen for days! Built to last trip after trip with thick PU insulated walls, a single piece roto-molded construction, and a full-length hinge pin. We even care what's inside, using environmentally friendly C5 insulation which reduces GHG emissions by over 90% compared to its predecessor. More than just a box to put ice in, these coolers offer smart features like Patrol's leak proof drain, deep-freeze lid seal and one-hand rubber latch opening.

D9600006283 **$349.99MSRP**

OUR TIP!

PRE-COOL CONTENTS
When possible, chill or freeze your goods prior to packing them into your Patrol cooler. The ice won't have to work as hard to get the contents cold and it will last longer.

FILLING THE PATROL COOLER
Fill the Patrol cooler with ice as much as possible. Ideally 2 times the amount being stored is recommended. More ice means less air, and longer ice retention.

CAMCO

COOLER CART KIT Camco's Cooler Cart kit allows you to roll your cooler, rather than having to carry it. The cart fits different sized hard coolers with widths of up to 17.5" (adjusts approximately 15.5"–17.5"). Its large, 12" wheels provide easy toting over different terrain and the cart comes equipped with a powder-coated steel frame on zinc-plated steel axles and polyester straps.

CM51798 Cooler Cart Kit **$69.99 msrp**

All prices listed are manufacturer's suggested retail

N305–N306 / 323 / N260

NORCOLD®

High quality in small packages... add value to your vehicle.

N306

323T

N260.3

N305–N306 2.7 cu. ft.

- Superior cooling performance refrigerator/freezer.
- Adjustable thermostat responds to changes in ambient temperatures and varied use.
- Easy-to-operate, top manual controls with Piezo gas ignition and on-off switch.
- Contemporary design with ergonomic controls and latch.
- Freezer compartment.
- Flame current meter monitors gas ignition.

323 1.7 cu. ft.

- Easy-to-operate manual controls readily-accessible through lower vent, with Piezo gas ignition.
- Easy to install; fits most ice box cutouts.
- Easily-reversible door opens 180°.
- Built-in mounting flange and combustion seal.
- Easy-clean, no-tarnish white powder-coated shelves.
- Adjustable, removable shelves and tall container storage.
- Travel/storage latch.

N260.3 2.4 cu. ft.

- Superior cooling performance refrigerator.
- Adjustable thermostat responds to changes in ambient temperature and varied use.
- Manual controls readily-accessible through lower vent, with Piezo gas ignition system.
- Contemporary-design, easily-reversible door opens 180°.
- Built-in mounting flange and combustion seal.

N512 (Black)

N412 (Black)

N410 (Beige)

5.5 cu. ft. / 4.5 cu. ft.

Performance

- Largest capacity in their class!
- Adjustable thermostat responds to changes in ambient temperatures and varied use.
- Built-in control diagnostics provide valuable information to simplify servicing, speed repairs, and increase customer satisfaction.
- Auto changeover between gas and electric.
- Freezer compartment – larger than the competition!
- Easily-reversible, self-latching door opens 150° and accepts side-installed decorative door panels.
- Automatic cycle to limit frost buildup on the refrigerator cooling fins.

Convenience

- Convenient eye-level controls.
- Easy-clean, no-tarnish white powder-coated shelves.
- Adjustable, removable door bins.
- One-gallon container shelf storage, and 2-liter bottle and 1/2 gallon door bin storage.
- Flip up bottom shelf holds gallon jug.

Safety

- Automatic re-ignition if gas flame goes out.
- Travel latch with storage position.

ULTRALINE 1210

12 cu. ft.

Experience quality and performance with unmatched style, and see the value evident in your customer's satisfaction.

Performance

- Adjustable thermostat so user can respond to high or low ambient temperature swings.
- Embedded frame protected from bending, scratching and corrosion:

- **Steel A-frame construction 18 gauge Steel C-channels**
- **Automatic frost limiting.**

Features include:

- Eye-level, easy-to-see and operate LED Control Panel with built-in diagnostics which provide valuable information to simplify servicing, speed repairs and increase customer satisfaction.
- Unique, side-by-side four-door unit means users reduce cold air loss while accessing their specific storage area.
- Removable, adjustable shelving and door bins in fresh food and freezer compartments for maximum flexibility.

Optional wrapped-edge stainless steel door panels.

Three pull-out bins provide flexible storage – taller items stow away for easy access.

NR751SS

NR751BB

NR740SS

NR740BB

Performance

- Danfoss BD35 compressor improves performance, especially at higher ambient temperatures
- Self-venting – a Norcold exclusive
- Improved styling – new "hidden" ventilation grill

Convenience

- LED interior light
- Closing freezer door
- White powder-coated wire shelf with raised lip
- Removeable door bins for easy cleaning, plus a wire retainer keeps taller items secure
- Elegant European styling with sleek, easy-pull handle.

Technical Information

- Base model is 12/24 DC – AC operation comes w/optional Power Cord
- Fewer SKUs streamlines your product mix
- Flush- or proud-mountable without additional hardware
- 2-Year Warranty

NR751/NR740 Power Supply Options:

AC = Alternating Current (US/Canada): 120 Volts @ 60 hz
DC = Direct Current: 12 or 24 Volts
EV = European/Australian Voltage: 230 Volts AC @ 50 hz

Power Cord Options for NR740 and NR751

SKU	Description	Voltage	Amps	RETAIL

NEW COLOR: TAN!

Dicor Products proudly introduces a new member to its color family - tan!

Rudy

RUBBER ROOF COATING SYSTEMS

Introducing our new color: Tan! Two part, commercial grade systems provides an excellent protective barrier for extending the life of EPDM. Part 2 now available in Standard, CoolCoat™ or Signature. Saves over 25% in labor compared to similar systems. Quick drying time.

A Part 1: Cleaner/Activator cleans and prepares EPDM roofing for maximum adhesion of the Part 2 coating. Spray on and rinse off thoroughly. Coverage rate 125 sq. ft. per quart. Biodegradable.

SELECT YOUR COATING OPTION

B Part 2: Option 1, Acrylic Coating* is an excellent protective barrier extending the life of your rubber roof membrane. Provides superior weatherability and UV resistance. Use with Dicor Rubber Roof Cleaner/Activator for proper adhesion. Requires two coats. Coverage rate of 1 gallon per 125 sq. ft. per coat.

C Part 2: Option 2, CoolCoat™ Insulating Coating* has Ceramic MicroCells™ to reduce heat transfer, known as heat flux, to the coach interior up to 29%. CoolCoat reflects and dissipates solar heat with tiny yet indestructible vacuum spheres to reduce A/C demand. Use with Dicor Rubber Roof Cleaner/Activator for proper adhesion.

D Part 2: Option 3, Signature Extended Life Coating* Never coat your RV roof again! Our Signature XL is 100% silicone coating. Permanently flexible, unaffected by UV rays, temperature extremes and withstands ponding water, Signature XL dries to the touch in one hour and is walkable in two. For EPDM roofs only.

D	DC RP-SELRCT-1	1 gal	Tan	$136.75

*Not for use on metal roofs.

FIBERGLASS ROOF COATING SYSTEM

D Part 1: Fiberglass Clean and Prep To ensure proper adhesion of Dicor Fiberglass RV Roof Coating to a fiberglass roof, it is essential to first prepare the surface using Dicor Fiberglass Clean & Prep. Dicor Fiberglass Clean & Prep is specifically formulated to remove all wax, oils, road grit and other contaminates on gel coat and to enhance the adhesion of the roof coating.
Fast Acting Formula • Biodegradable • Easy to use

E Part 2: Fiberglass RV Roof Coating This 100% acrylic resin coating forms a flexible layer over any fiberglass roof to protect and beautify. Dicor Fiberglass RV Roof Coating gives roofs a super bright white finish, which resists mildew and algae and reflects the sun's heat to help keep the interior cooler. Always use Dicor Fiberglass Clean & Prep and allow to dry before applying this coating product. Two coats are required. One gallon of Dicor Fiberglass RV Roof Coating will cover 350 sq. ft. per coat.
Protects roof • Easy to apply • Soap and water clean up

D	DC RP-FCP-1	1 gal	Fiberglass Clean & Prep	$45.00

METAL ROOF COATING SYSTEM

A Metal Roof Rust Inhibitive Primer halts the rusting process and creates a barrier to prevent rust from bleeding through. First remove all surface rust, dirt and debris with a wire brush. Rinse, let dry, then apply the primer which is specifically formulated to reduce further corrosion of metal roofs, while enhancing the adhesion of the Dicor Elastomeric RV Roof Coating.
Helps control rust • Water clean up • Easy to use

B Coating Ready Cover Tape For use on metal RV roofing, Dicor Coating Ready Cover Tape is a fleece backed sealing tape for use on metal RV roofing seams prior to coating. Its aggressive grip provides immediate sealing on contact and cures completely in 24 hours. Must be followed with Dicor Elastomeric Coating.

C Elastomeric Metal RV Roof Coating For use on metal RV roofing **(NOT RECOMMENDED FOR EPDM RUBBER, TPO, FIBERGLASS OR ALUMINUM ROOFING)** Dicor Elastomeric RV Roof Coating protects and beautifies metal, steel, and previously coated RV roofs. Dicor Elastomeric RV Roof Coating is formulated with 100% Acrylic Elastomeric resins to form a rubber-like coating that will expand and contract with the roof movement. Arctic White RV Elastomeric is brilliant white to provide a superior reflectivity, thereby lowering interior temperatures. Requires two coats for adequate protection at an application rate of 1 gallon per 200 sq. ft. per coat.

A	DC RP-MRRIP-Q	1 qt	Metal Roof Rust Inhibitor Primer	$39.95
B	DC RP-CRCT-4-1C	50 ft	Coating Ready Cover Tape	$45.00

DC RP-RRKT-30	Roof Renew Kit	Tan	$550.00

CLEAN & PROTECT

Dicor's roof care and maintenance products contain no harmful petroleum distillates, harsh abrasives or citric ingredients that can cause irreparable damage.

D E F RUBBER ROOF CLEANER

Formulated specifically for RV rubber roofing, this biodegradable deep cleaning formula lifts dirt and grime, yet is gentle on the surface. Simply spray on, brush with a bristle brush and rinse off.
For best results follow with Dicor Roof Gard Roof Protectant.

D	DC RP-RC160C	16 oz	Cleaner Concenrate	$ 13.95
E	DC RP-RC320S	32 oz	Trigger Spray	$ 16.95
F	DC RP-RC-1GL	1 gal	Trigger Spray Refill	$ 26.95

G H ROOF-GARD RUBBER ROOF UV PROTECTANT

Helps prevent EPDM rubber oxidation caused by harsh UV rays. The mild, nonabrasive formula keeps surfaces cleaner longer with no residue or oily build-up. Contains no silicone, waxes, glycerine or petroleum distillates. Simply spread evenly with a damp mop or cloth and let air dry. Will not harm rubber roofing.

G	DC RP-RG320S	32 oz	Trigger Spray	$ 16.95

CLEAR CAP SEALANT HAPS FREE

Excellent for sealing the perimeters of windows, entry doors, compartment doors and joints made of bare or repainted materials. UV and water resistant. Fast drying, easy gunning and paintable.

DC 351CSCL-1	Clear	$ 9.00
DC 351CST-1	Tan	$ 9.00
DC 351CSW-1	White	$ 9.00
DC 351CSB-1	Black	$ 9.00

LAP SEALANT FOR MOST ROOFING APPLICATIONS

Helps create a watertight seal along a roof's edges, air vents, vent pipes and screw heads. Dicor Products Lap Sealant is a versatile sealant formulated for EPDM roofing but also compatible with most other roofing material, including Dicor DiFlex II™, Tufflex™ PVC and BriTEK™ TPO roofing. It offers excellent adhesion to aluminum, mortar, wood, vinyl, galvanized metal and concrete. Continuously seals and remains flexible. Color matched, our lap sealants are UV stabilized to prevent discoloration and deterioration and will not stain or discolor any material to which it is applied.

NEW

SEAL-TITE™ CORNER SEAL KIT

Corner Seal Kit includes two rolls of Corner Seal Tape; six tubes of a joint filling sealant to serve as a conventional putty and cap sealant; a putty knife to remove excess sealant; and a spray bottle for the cleanup process.

CORNER SEAL KIT		
DC CS-114Kit	1.25" x 50'	$ 150.00
DC CS-112Kit	1.50" x 50'	$ 145.00
DC CS-200Kit	2.00" x 50'	$ 155.00

SEAL-TITE™ CORNER SEAL

Seal-Tite™ Corner Seal has a sealing side consists of a thick, pressure-sensitive elastomeric seal that sticks and conforms to any smooth or irregular surface, including S-locks. The fleece side provides more superior caulk-cure adhesion than the typical smooth surface of RV exteriors. Designed to be used with Akfix ALL BOND Universal Joint Sealer.

SEAL-TITE™ CORNER SEAL		
DC CS114B-1	1.25" x 50'	$ 19.95
DC CS112B-1	1.50" x 50'	$ 22.50
DC CS200B-1	2.00" x 50'	$ 26.50

NEW

AKFIX™ ALL BOND BOX OF 6

Akfix ALL BOND Universal Joint Sealer fills and seals gaps of virtually any material: metals, plastics, wood, glass, fiberglass or rubber. Solvent-free for both indoor and outdoor use. Waterproof, UV resistant, shrink-free and elastic bonding for high vibration environments.

AKFIX ALL BOND - *SINGLE*		AKFIX ALL BOND BOX OF 6	
DC AMS22-1	$ 12.00	DC AMS22-6	$ 75.00

NEW

SEAL-TITE™ WINDOW RESEAL KIT

Seal-Tite Window Reseal Kit stops existing window leaks and provides a long-lasting, watertight seal for new windows with our unique Seal-Tite Foamcore technology, enough to reseal 6 to 8 windows, depending on size. The Foamcore Kit includes: two rolls Corner Seal Tape, two tubes of Dynaflex 230®, a Putty knife, a spray bottle and instructions.

WINDOW FOAMCORE KIT	
DC WRK-1	$ 85.00

No matter what roof you need, we got you covered on the next page!

DICOR PRODUCTS
COMPLETE ROOFING HEADQUARTERS

DICOR ROOFING SYSTEMS

Dicor Roofing Systems assures a watertight roof that is easy to maintain and saves energy through its heat reflecting characteristics. It is highly puncture and tear resistant, has superior tensile strength and withstands damaging UV rays. The membrane resists uneven weathering, fading or chalkiness. All Dicor Roofing Systems us the same three installation components: bonding adhesive, butyl tape and lap sealant. These elements can be purchased separately or as a package in the Dicor Products Roof Installation Component Kit.

SLIDEOUT ROOFING SYSTEM

ROOF RESTORATION COATINGS

FREEDOMFLASH™

REVOLUTIONARY ROOF REPAIR SEALANT

Part Number	Size	MSRP
KS0066920-01	10 oz Cartridge	13.25
KS0066920-17	2-Gallon Pail	195.00

FEATURES AND BENEFITS:

- Single-step application for ease and convenience
- One coat with no fabric reinforcement needed
- Easy application by brush or caulking gun
- Permanent seal that remains flexible and strong
- Topcoat with acrylic or silicone Kool Seal® Coatings

ADHERES TO THESE SURFACES:

- Asphalt BUR
- EPDM
- Aged TPO
- Mod-Bit
- Aged PVC
- Metal
- Brick
- Concrete
- Stone
- Fiberglass
- Vinyl
- Plastics
- Acrylic Coatings
- Silicone Coatings

Kool Seal FreedomFlash can be used to seal and waterproof the following areas and more!

- Flashings
- Seams
- Penetrations
- Sky Lights
- Gutters
- Chimneys
- Vents
- Hatches
- Pitch Pans
- Fasteners
- Termination Bars
- Parapet Walls
- Scuppers
- Drains
- Stacks
- HVAC Base Flashing
- Solar Panel Penetrations
- Valleys

KOOL SEAL RV
TOTAL RV ROOFING SOLUTION

TUNDRA™

SILICONE
RUBBERIZED ROOF COATING

Benefits of Kool Seal® Tundra™ Silicone Roof Coating:

- ☑ UV resistance with bright white reflective finish helps lower cooling costs
- ☑ Limited lifetime product warranty
- ☑ One-step application
- ☑ Excellent flow and leveling
- ☑ Exceptional permeability rating of 7.2 perms aids in breathability which helps prevent blistering
- ☑ Superior dirt pickup resistance allows for the coating to stay cleaner, longer
- ☑ Outstanding adhesion to most roofing materials

Geocel PRO FLEX

ProFlex RV Flexible Sealant

- Bonds to many RV materials
- Adheres to damp, frozen and oily surfaces
- Stays elastic
- Paintable

Geocel Advanced RV EPDM

- Will not harm or swell EPDM membrane
- No additional adhesives or sealants needed
- Minimal Shrinkage
- UV resistant

Geocel Advanced SL EPDM RV Sealant

- Bonds to many RV materials
- No need for cleaners, primers, or additional adhesives
- Minimal Shrinkage
- UV Resistant
- Self-leveling

ProFlex RV Multi-Purpose Brushable Repair Coating

- Stops leaks
- Prevents rust
- Applies to damp surfaces
- Stays elastic
- Paintable

ProFlex RV Instant Roof Repair

- Stops leaks quickly
- Adheres to fiberglass, metal, and more
- Withstands intermittent foot traffic
- Fast curing

COFAIR PRODUCTS, INC.

XTRM™ PLY

PVC ROOFING SYSTEM

15 YEAR WARRANTY

EASY

NO MAINTENANCE

No treatments required - Ever!
Will not chalk, streak or spot,
No special cleaners needed.

MOST REFLECTIVE

109 Solar Reflectivity Index
Environmentally friendly
Reduces cooling costs

STRONGEST MEMBRANE

100% Wear Layer
20% more tear resistance
than TPO and EPDM

EXTREMELY FLEXIBLE
Can be installed on roof transitions

XTRM PLY PVC ROOFING

XTRM PLY is a flexible, durable PVC membrane designed to meet the unique challenges of a RV roof. Unlike other RV roofs, XTRM PLY is a solid material that will not chalk and stain the side of your RV. It does not require periodic expensive re-coating. It is naturally fire retardant and UV resistant. Once installed-easy to patch/repair with PVC cement. Designed to be installed with XTRM adhesive, sealants and butyl tape only.

ALPHA SYSTEMS SEALANTS DEALER PROFIT PROGRAM NEW

SEAL YOUR BUSINESS WITH ALPHA/LCI TODAY!

As you drive across America, 4 out of every 5 RV's you encounter will have a TPO Roof. That's nearly 1.7 million TPO protected RV's. With more than 500 million square feet – or nearly 18 square miles – of SUPERFLEX TPO in service, it's by far the first choice of RV manufacturers. Don't void your customer's warranty by using imposter products. Only use Alpha on Alpha.

Lippert Components now proudly distributes the full suite of Alpha Systems, LLC's products! Alpha's water-based adhesive and solvent-based sealants have been specifically engineered to provide premium performance and flexibility for the demanding roof designs of today's RVs. What's more, using Alpha Systems products won't void your warranty. Lab tested. Road proven.

SEALANTS

Alpha's complete line of advanced adhesives and sealants that stand up to extreme weather, ozone, UV rays and vibrations, include all-weather sealants, solvent-based and water-based adhesives.

BUTYL TAPES

Alpha's butyl tape solutions install quickly and without gaps, assuring for a seamless installation, whether it be on an RV or metal building. Alpha's butyl tapes feature a non-drying compound that has excellent resistance to water, weather, and air intrusion.

ROOFING

The Alpha SuperFlex TPO roofing membrane is used in conjunction with Alpha's water-based adhesive and solvent-based sealants, having been specifically engineered to provide premium performance and flexibility for the demanding roof designs of today's RV. All colors provide excellent UV protection and have color-coordinating sealants.

FREE STORE DISPLAY OPPORTUNITY!

LIPPERT COMPONENTS

SikaSil GP

SikaSil silicone is an acetoxy-curing low modulus sealant used for general seam sealing in interior and exterior applications. It has excellent adhesion to metals, glass, plastic & fiberglass. SikaSil GP has excellent weather stability, is solvent free, and is mold & mildew resistant. Highly UV resistant.

ITEM #	DESCRIPTION	RETAIL
AP017-189150	SIKASIL GP SILICONE CLEAR SEALANT	$7.50
AP017-189151	SIKASIL GP WHT SILICONE SEALANT	$7.50

SikaSil WS-290

SikaSil WS-290 is a one-part, neutral-curing, low-modulus silicone sealant that cures to adurable, flexible building sealant. SikaSi WS-290 performs exceptionally well under dynamic conditions due to its low modulus, high extension/compression, recovery properties and strong adhesion to most building materials. SikaSil WS-290 accommodates long-term movement of +100-50% in properly designed joints and is particularly well suited for use in exterior insulation. UV resistant.

ITEM #	DESCRIPTION	RETAIL
AP017-412128	SIKASIL WS-290 BLK SEALANT	$16.50
AP017-412302	SIKASIL WS-290 LIMESTONE SEALANT	$15.32
AP017-412301	SIKASIL WS-290 M BRONZE SEALANT	$15.32
AP017-412300	SIKASIL WS-290 BRONZE SEALANT	$15.32
AP017-412304	SIKASIL WS-290 COLONIAL SEALANT	$15.32

SikaSil N-Plus

SikaSil N-Plus is a general purpose, neutral cure silicone sealant used for interior and exterior applications. It delivers excellent adhesion to most substrates without surface treatments. SikaSil N-Plus is highly UV resistant with excellent weather stability and is mold and mildew esistant. SikaSil N-Plus offers excellent sealing joint flexibility for dynamic moving parts. Elongation of 430%, 300 psi tensile strength and 30 minute tack free time.

ITEM #	DESCRIPTION	RETAIL
AP017-412406	SIKASIL N PLUS CLEAR SEALANT	$8.50
AP017-415697	SIKASIL N PLUS ALUMINUM SEALANT	$8.50
AP017-412136	SIKASIL N PLUS WHITE SEALANT	$8.50

SikaCleaner 226

Sika-Cleaner 226 is a special adhesion promoting solution for the pretreatment of bonding surfaces prior to bonding or sealing with Sikaflex products. Sika-Cleaner 226 improves adhesion and gives a more weather-resistant bond or seal on a variety of substrates, particularly: metals, many plastics, and many types of paints and lacquer finishes.

ITEM #	DESCRIPTION	RETAIL
AP017-108616	SIKA CLEANER 226 250ML BOTTLE	$23.00

Sikaflex-221

SikaFlex-221 is the most well known brand of one component polyurethane sealant/adhesive in the world. Our workhorse. This fast curing product provides permanent elastic adhesion to a number of surfaces with excellent cut and tear resistance. Considered by many to be the ultimate choice in truck, trailer, RV and bus manufacturing. Designed to resist the shock and abuse encountered over countless road miles, SikaFlex-221 will maintain its strength and adhesion over the long haul. SikaFlex-221 is weather resistant, sandable, paintable and NSF approved for potable water and incidental food contact.

ITEM #	DESCRIPTION	RETAIL
AP017-90892	SIKAFLEX 221 ALUM GRAY SEALANT	$9.50
AP017-90893	SIKAFLEX 221 BLK ELASTIC ADHESIVE	$9.50
AP017-106449	SIKAFLEX 221 CW SEALANT	$8.95
AP017-90891	SIKAFLEX 221 WHITE SEALANT	$9.44

Sikaflex-252

The original elastic bonding adhesive, SikaFlex-252 offers great adhesive strength coupled with elasticity. This combination bonds and seals at the same time, offers excellent gap filling capabilities and compensates for loose tolerances in the building process. Strong enough to sharply reduce or even completely eliminate traditional fastening systems such as welds, rivets, screw and bolts. Excellent Green Strength means reduced clamping time. Bonds to a wide variety of substrates. Some surface prep is generally recommended. Sandable, paintable and NSF approved for incidental food contact.

ITEM #	DESCRIPTION	RETAIL
AP017-90915	SIKAFLEX 252 WHT ELASTIC ADHESIVE	$16.50
AP017-90916	SIKAFLEX 252 BLK SEALANT	$16.50

Sikaflex-291

Sikaflex-291 is a 1-component, polyurethane elastomeric adhesive and sealant. Its fast cure time makes it ideal for applications where speed is important. It has excellent adhesion to gelcoat, fiberglass, metal, and wood. It may be squeezed or brushed in place. Sikaflex-291 can be overpainted after the product is tack-free and can be sanded after full cure.

ITEM #	DESCRIPTION	RETAIL
AP017-90919	SIKAFLEX 291 WHT SEALANT	$13.95
AP017-90923	SIKAFLEX 291 BLK SEALANT	$10.69

Sikaflex-505 UV HV

Sikaflex-505 UV HV is a one-component silane terminated polymer (STP) sealant containing no solvents or isocyanates with excellent UV and weathering resistance. Sikaflex-505 UV HV offers 60 minute tack-free time with excellent adhesion to a wide variety of substrates with little or no surface treatment, has excellent tooling characteristics, and is non-yellowing.

ITEM #	DESCRIPTION	RETAIL
AP017-415763	SIKAFLEX 505 UV HV WHT SEALANT	$11.00

Sikaflex-715

Sika has dedicated considerable resources in developing a roof sealant for EPDM roof membrane. The result is a novel solution in RV roof sealing. SikaFlex-715, is a cross-linking "chemical curing flexible, elastic, and durable roof sealant". This curing process imlparts a highly elastic internal strength not found in traditional RV roof sealant products. SikaFlex-715 will bond to a variety of roofing component substrates. Unlike other roofing sealants, SikaFlex-715 has very low VOC's and won't crack under the most extreme conditions. Traditional roof sealants have high shrink characteristics and crack when exposed to the environment. SikaFlex-715 provides peace of mind.

ITEM #	DESCRIPTION	RETAIL
AP017-187690	SIKAFLEX 715 ROOF SEALANT WHT	$12.95

Sika Multiseal Plus

Sika MutiSeal Plus is a self-adhering, multi-purpose roofing repair tape that, combines an advanced copolymer mastic that exhibits aggressive adhesion with a flexible, non-release, tear proof, UV resistant TPO mem-brane to create a fast, easy to apply, permanent watertight seal. Sika MultiSeal Plus bonds to a wide range of surfaces including challenging roof materials. The flexible non-release membrane allows the product to adhere to itself so that it can be stretched, cut and folded around intricately shaped roofing accessories to stop water penetration

Ultimate™ High Airflow 12 and 24 Volt DC Cabin Fan

Ultimate™

The quiet and compact Ultimate provides airflow equal to much larger fans and yet it draws less than an amp. The grill-free fan has a shock absorbing FingerSafe™ blade that makes it whisper quiet. The 757 Ultimate is equipped with permanent screw-down mount and directly wires to the boats electrical system. The 747 Ultimate comes with a suction cup mount that enables the fan to be moved about the boat. Includes a 6' cord with lighter plug. An optional clothespin-style clamp allows for additional positioning.

Stor-Dry™ Warm Air Circulator

Stor-Dry™

The Stor-Dry low wattage warm air circulator is a "must have" for the winterization season. The Stor-Dry combats mold, mildew and musty odor in any boat or RV. This dual action air circulator uses a low wattage heating element and internal fan to both warm and circulate the air in order to minimize moisture condensation and prevent mold or mildew from forming. Ideal for spaces up to 1000ft³.

LARGE SOLAR KITS

Our largest solar kits. Perfect for full time RVing. The solar all-electric kits are great for systems with large power demands. These kits are easy to install, and include a solar controller, MC4 cables, and all mounting hardware.

Solar AE6 Pictured

Pair with our Inverter Charger to power your AC loads.

Sold separately.

ALL-ELECTRIC KITS

SOLAR AE-6
1140 watts

Suggested: x 6 to 8

SOLAR AE-4
760 watts

Suggested: x 4 to 6

Eliminating the need for conventional battery charging, the solar all-electric kits are great for systems with all electric residential fridges.

- Our largest rigid-panel kits
- 40-amp MPPT solar controller(s)
- GP-CEP-25, 25' MC4 cables, 1 red and 1 black
- Mounting hardware
- 50 Amp DC Breaker
- PV Disconnect

ALL ELECTRIC KIT	PANELS	WATTS	AMPS	CONTROLLER
SOLAR AE-6 PN#GPSOLARAE-6 msrp $4000	6	1140	55.8	GP-MPPT-40 (X2)
SOLAR AE-4 PN#GPSOLARAE-4 msrp $2800	4	760	37.2	GP-MPPT-40

SOLAR FLEX™

These kits with flexible solar modules provide lightweight power and installation versatility.

FLEX-500 KIT

- 500 watts, 28 amps of solar power (5x 100-watt solar panels)
- 40-amp MPPT solar controller
- GP-CEP-25, 25' MC4 cables, 1 red and 1 black
- 50 Amp DC Breaker
- PV Disconnect
- Mounting hardware

Lithium compatible Controller

FLEX-500 Pictured

FLEX-200 KIT

- 200 watts, 11.2 amps of solar power (2x 100-watt panels)
- 30 amp PWM Bluetooth® solar controller
- MC4 cables, 1 red and 1 black
- Mounting hardware

COMPLETE SOLAR SYSTEMS

Includes a Bluetooth® Controller

Lithium compatible Controller

Get freedom to use your AC and DC appliances anywhere with Go Power! complete solar and inverter kits. These kits all include a 30 amp PWM solar controller (now fearuring Bluetooth® Wireless Technology), an inverter remote and install kit.

SOLAR EXTREME

PN#GP82848
MSRP $4600

WATTS	AMPS
570 (3x 190W)	27.9

INVERTER CHARGER

3000 watt pure sine wave inverter charger (with built-in 125 amp battery charger and 50 amp transfer switch)

SOLAR ELITE

PN#GP82847
MSRP $3380

WATTS	AMPS
380 (2x 190W)	18.6

INVERTER CHARGER

2000 watt pure sine wave inverter charger (with built-in 100 amp battery charger and 50 amp transfer switch)

WEEKENDER ISW

PN#GP82846
MSRP $2200

WATTS	AMPS
190	9.3

INVERTER / TRANSFER SWITCH

1500 watt industrial pure sine wave inverter and prewired 30 amp transfer switch

WANT TO LEARN MORE? HEAD TO GPELECTRIC.COM FOR MORE DETAILED INFORMATION.

SOLAR CONTROLLERS

A charge controller is an essential component of your photovoltaic (PV) system. The controller maintains the life of the battery by protecting it from overcharging. When your battery has reached a 100% state of charge, the controller prevents overcharging by limiting the current flowing into the batteries from your solar array.

GP-PWM-30-UL

MSRP $200

BLUETOOTH® ENABLED SOLAR CONTROLLER

- Easy to read backlit digital display
- Lithium compatible
- Dual bank battery charging
- ISW Inverter on/off control
- 4.25 x 7.48 x 1.38 in
- Heavy-duty terminals
- Built-in USB charge port
- Maximum Power Boost tops up batteries at the end of daylight
- **5-year warranty**

Bluetooth® Capabilities

Using the Go Power! Connect app, you can connect to your PWM-30-UL controller to:

- View essential battery stats, including:
  - Battery Voltage
  - PV Charging Current
  - Battery State of Charge (SOC)
- Set the battery type and charging profile
- Turn a compatible Go Power! ISW Inverter on or off
- Toggle Maximum Power Boost mode

GP-PWM-10-FM

MSRP $117.42

- 10-amp, flush mounted digital solar controller
- Easy to read backlit digital display
- Lithium compatible
- Heavy-duty terminals
- Built-in USB charge port
- 4 battery charging profiles (including Lithium)
- **5-year warranty**
- 3.94 x 4.02 x 1.14 in

Lithium compatible Controller

GP-MPPT-40

MSRP $515

CONTROLLER GP-MPPT-40

REMOTE DISPLAY GP-MPPT-R

Using the most efficient charging algorithm for RVs, the GP-MPPT-40 regulates and prevents the solar panel from overcharging batteries.

- Maximum Power Point Tracking (MPPT) charging
- 3 battery charging profiles
- Maximizes all power from your solar modules
- Stackable: add an additional controller for 80A capacity
- Easy-to-read backlit digital remote display
- **5-year warranty**

MAXIMUM POWER POINT TRACKING

WANT TO LEARN MORE? HEAD TO GPELECTRIC.COM FOR MORE DETAILED INFORMATION.

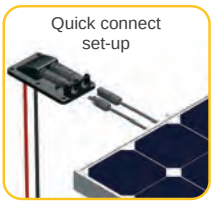
POWER ACCESSORIES

CABLE ENTRY PLATE

MSRP $20

Pair the Cable Entry Plate with a Go Power! Solar Kit to reduce unnecessarily exposed cables on the roof.

- Cuts down on panel installation time
- Protects cable connections
- Connects with industry standard MC4 cables (included in Go Power! kits)
- Comes in lengths 3-25 feet
- **5 year warranty**



GP-CEP

SMART CONVERTER/CHARGERS

Compact and powerful, Go Power! smart converter/chargers offer fast, accurate charging. Designed for 1-bank battery systems. Built-in, 4-stage smart charger helps your batteries last longer. **2-year warranty**.

CONVERTER/ CHARGER	AMPS	MSRP
GPC-100-MAX	100	$445
GPC-75-MAX	75	$405
GPC-55-MAX	55	$240
GPC-45-MAX	45	$210
GPC-35-MAX	35	$200

TRANSFER SWITCHES

The ideal solution to prevent AC back-feed when integrating an inverter directly into the AC electrical sys-tem or generator. **2-year warranty.**

TRANSFER SWITCH	AMPS	MSRP
TS-50	50	$235
GP-TS (PRE-WIRED)	30	$275
TS-30	30	$100

INVERTER FUSES & CABLE KITS

Installation kits include everything to connect your inverter to your batteries: 10’ heavy gauge battery cables, tie downs, ap-propriate inverter fuse, and fuse block. Fits most inverters.

INVERTER FUSE & CABLE KITS	USE WITH	MSRP
GP-DC-KIT5	2600-3000 watt inverters	$365
GP-DC-KIT4	2000-2500 watt inverters	$310
GP-DC-KIT3	1100-1800 watt inverters	$230
GP-DC-KIT2	600-1000 watt inverters	$180
GP-DC-KIT1	100-500 watt inverters	$ 60

INVERTER REMOTES

Controls an inverter with the touch of a button.

INVERTER REMOTES	USE WITH	MSRP
GP-HD-R	GP-800HD, 1000HD, 1750HD, 3000HD, 5000HD	$ 25
GP-SWR-A	GP-ISW200, 400, 700, 1000, 1500, 2000, 3000	$ 40
GP-ISW-R	GP-ISW200, 400, 700, 1000, 1500, 2000, 3000	*CFP

INVERTER FUSES & FUSE BLOCKS

Safeguard equipment with ultra-durable Class-T, DC rated fuses.

FUSES & BLOCKS	AMPS	MSRP
FBL-400	400	$ 90
FBL-300	300	$ 90
FBL-200	200	$ 75
FBL-110	110	$ 75

SOLAR TRICKLE CHARGERS

eco SOLAR SERIES

Go Power!®

Compact, roof-mounted kits are ideal for trickle-charging in the off-season or for charging a smaller battery bank. 80W and 20W kits include digital controller and all mounting hardware.

ECO SERIES	AMPS	WATTS	CONTROLLER	RETAIL
GP-ECO-80	4.6	80	10 amp	$ 440.00
GP-ECO-20	1.3	20	10 amp	$ 180.00
GP-ECO-10	0.7	10	Not Required	$ 70.00

SOLAR CONTROLLER
40-AMP MPPT

Regulates and prevents the solar panel from overcharging batteries. Maximum Power Point Tracking (MPPT) charging and 3 battery charging profiles.

GP-MPPT-40
msrp $515.00

- The most efficient MPPT controller for RVs; ideal for larger (muti-panel) systems
- Accepts series-wired PV inputs up to 150V
- Stackable: add an additional controller, for up to 80A of solar
- Easy-to-read backlit digital remote display
- 5-year warranty

GP-MPPT-R
msrp $ 70.00

MAXIMUM POWER POINT TRACKING

SOLAR CONTROLLERS
PULSE WIDTH MODULATED (PWM)

Regulates and prevents the solar panel from overcharging batteries. Pulse width modulated (PWM) charging, 3 battery charging profiles, improved 4-stage charging, and Maximum Power Boost™, for topping up batteries at the end of daylight. 30 amp and 10 amp models included in most solar kits.

- Easy to read backlit digital display
- Dual bank battery charging*
- Inverter on/off control*
- Heavy-duty terminals
- Built-in USB charge port
- 5-year warranty

**30 amp controller only*

GP-PWM-30
msrp $200.00

GP-PWM-10-FM

SUN CYCLE™ AGM SOLAR BATTERIES

GP-AGM-100-12V

GP-AGM-224-6V

Specifically designed for solar, the AGM deep-cycle batteries offer maintenance-free, sealed construction and integrated carrying handles. UL listed, the battery is available in 6V and 12V models, and comes with a **2-year warranty**.

BATTERY	VOLTAGE	CAPACITY	WEIGHT	DIMENSIONS	MSRP
GP-AGM-100-12V	12V	100AH @C20	67.5 lbs	12x6.6x8.1in	$ 300
GP-AGM-224-6V	6V	224AH @C20	67.3 lbs	10.2x7.1x9.7in	$ 340

IC Series™ INVERTER/CHARGER

A 3-in-1 system combining an inverter, battery charger, and automatic transfer switch to save space and simplify installation. IC Series Inverter Charger Kits are available in 2000 and 3000 watt models, and come with the ICR-50 Remote, 50' of cable, and a 3-year warranty.

- 125 AMP (3000W) OR 100 AMP (2000W) BATTERY CHARGER
- AVAILABLE IN 2000 WATT AND 3000 WATT
- EASY INSTALL: BUILT IN HANDLES
- POWER SHARE TECHNOLOGY
- 100 AMP PASS THROUGH

Included in Solar Extreme & Solar Elite complete systems

Go Power!®

MOBILE POWER SIZING WORKSHEET

How much power do you need? Consider how many days you'll be off the grid and how much power you'll use. Keep costs down by sizing for just what you need. Most Go Power! solar kits and systems are easily expandable as your power needs grow.

Step 1: Fill in the quantity of items and number of hours each appliance runs per day.

12V, DC Appliances	Amps	X Qty.	X Hours Run/Day	= Total Amp Hours
10 Watt Light	0.08			
15 Watt Light	1.25			
Water Pump	4			
12 Volt TV	3			
SC Fan*	4			
Furnace Fan*	8			
12 Volt Stereo	0.8			
Refrigerator	0.4			
Propane Alarm	0.21	1	24	
Other				

*Fan and furnace are not typically run at the same time.

120V, AC Appliances*				
AC Fridge	10			
TV	4			
DVD	3			
Satellite Dish	4			
Microwave	100			
Toaster	66			
Coffee Maker	60			
Blender	12			
Computer	25			
Laptop Computer	5			
Other				
			Total amp hours per day	

*All amperage ratings are based on a 12 volt system.
**Fridge amps based on a 4.4 cubic foot fridge, running 12-hours/day.

Step 2: Total Weekly Amps Calculation

Multiply total amp hours per day from Step 1 by the number of days of use per week (i.e.: weekend camping: multiply total amp hours x 2 days).

Amps Per Day:	
x	
# of Days of Use Per Week:	
=	
Amp Hours Per Week	

Step 3: Solar Power Output

Match your power draw from Step 2 to the product listed below:

Amp Hours Per Week	Recommended Solar Kit (DC only)	Suggested # of 12V Batteries
29	10W Eco Kit	1
55	20W Eco Kit	1
71	30W Solar Flex Kit	1
193	90W Portable Solar Kit	2
197	90W Eco Kit	2
228	100W Retreat Kit	2
236	100W Solar Flex Kit	2
290	130W Portable Solar Kit	2
390	190W Overlander Kit (MOST POPULAR KIT)	2
470	200W Portable Solar Kit	1
470	200W Solar Flex Kit	4
781	380W Overlander Kit + Overlander Expansion Kit	4–6
1411	500W Solar Flex Kit	4
1172	570W Overlander Kit + 2x Overlander Expansion Kits	4–6
1563	760W Solar All Electric Kit	4-6
2344	1140W Solar All Electric Kit	6-8
Recommended Complete Systems (DC and AC)		
390	190W Weekender System	2
781	380W Solar Elite System	4
1172	570W Solar Extreme System	4–6

Please note: Amp hours based on 6 hours of usable light per day.

Go Power!®

A COMPANY YOU CAN TRUST

Since 1996, Go Power! has provided solar power solutions to RVers, campers, and boaters. We have industry-leading warranties and excellent technical support.

Single Ribbed Step Rug

• Catches dirt and debris • Now with Premium TPE backing to help keep the rug in place

The Camco Premium Wrap Around Step Rug helps trap dirt and debris. The improved TPE backing provides more grip between the rug and the step, keeping the rug in place and making sure it doesn't slip around the step. The Wrap Around Rug is easy to install with included springs—no screws, glue or tools required. It is weather and mildew resistant, making it easy to clean.

SKU	Name	Suggested Retail	Case Qty

TREAD LITE® POWER STEP

You don't have to settle for a standard manual RV step. Upgrade to the sleek, stylish and lightweight Tread Lite Power Step to enjoy fast, automatic operation, weatherproof components and LED lighting. Available in a single, double or triple configuration, the Tread Lite Power Step features non-slip coating for excellent traction and obstruction-sensing technology that stops the step if anything is in its way.

QUICK FACTS

- Powerful, heavy-duty motor provides smooth operation
- Weatherproof components ensure durable operation
- 13 pounds lighter on average than the competition
- Obstruction-sensing technology prevents step damage
- Non-slip coating provides excellent traction
- LED lighting makes it easy to see step location at night
- Sleek, stylish and significantly lighter than its steel counterpart
- 8.5" step rise and tread depth
- Available in single & double configurations

KWIKEE® POWER STEPS

Kwikee brand power steps have been the favorite of RVers for more than 40 years. Kwikee steps are versatile, durable and time-tested. Each 750-pound-capacity step is made in America and features air pressed rivets in the pivot points instead of bolts for long-term strength. Kwikee steps automatically extend and retract when the door is opened or closed and also feature a reflective strip for added safety.

The Revolution Step

- Extra sturdy
- 30 percent lighter than competing power steps
- Single and double step configurations
- Only weighs 24 pounds

KWIKEE® STEP CONVERSION KITS

Electric Step Improvements

IMGL
Integrated Motor/Gear Box/ Linkage offers improved performance and longer life.

Improved Motor
40% more motor torque gives step a strong lock-out and solid feel.

Improved Gearbox
Fully-sealed dual ball bearing improves efficiency and requires no maintenance. Case halves seal to keep consistent alignment and protect gear from the elements.

Improved Linkage
Investment cast zinc-plated steel linkage assembly is strong and more resistant to corrosion. The brass spherical outer cage hardened ball in the linkage is stronger, wears longer and will not oblong.

Improved Control Unit Logic
The 9510 Control Unit keeps the step open when the door is open. Step can be locked in the extended position, but cannot be locked in the retracted position. Automatic ignition override makes step follow the door.

MOTOR ASSEMBLY DRAWING AND PARTS KEY NUMBERS

Kwikee Step Controller Test / Reset Procedure

This test will check for the control box being in the Locked Rotor State. This is when the control box does not send out voltage to the step motor on the 2 wire motor plug.

Applicable to control boxes: 909510000, 909510001, 1510000140, 1510000158, 1510000172

Unlocking the step control box from the Locked Rotor State.

Step 1: Unplug the 2 step control plug from the motor,

Step 2: Verify the step lockout switch is in the correct position (no voltage on the white wire) for this test. This is verified by checking the white wire at the 4 way connector for voltage, if there is voltage move the switch to the other position and recheck,

Step 3: Using a voltmeter set on DC Voltage, check for voltage on the 2 pin step control plug that was unplugged in Step 1. There will be voltage on the red lead and ground on the yellow lead during step extension (door open) and it will be reversed on step retraction (door closed).

Step 4: Cycle the entry door open and closed a minimum of 6 cycles, pausing 3-5 seconds between each complete cycle. This gives the step control internal relays enough time to reset.

Step 5: When voltage is detected on the 2 pin motor plug the step control box is now out of the Locked Rotor State. Plug the 2 pin step control plug back into the motor.

If after the 6 cycles there is still no voltage detected on the 2 pin connector, replace the control box.

MOTORIZED STEP ACCESSORIES

Kwikee Step Control With Override & PKD

Designed to replace the step control unit on your Kwikee Step. It will automatically retract and extend the step when the coach door is opened and closed. It also includes a manual override switch.

LC379605 **193.95**msrp

Kwikee 9510 Control For IMGL/9510 Step Control

Designed to replace the control unit on pre-IMGL step units that were manufactured from 1999 to 2005.

LC379146 **145.95**msrp

Kwikee Control Unit For 37 and 42 Series

The Kwikee Control Unit for 37 and 42 Series is designed to automatically retract and extend step when the coach door is opened and closed.

LC379604 **266.95**msrp

Kwikee Step Motor, Gearbox Upgrade Kit

Specifically designed for Kwikee electric step 25 series.

LC379804 **568.95**msrp

Kwikee Step Motor Conversion Kit, 42 Series

Specifically designed for the Kwikee step 42 series.

ONE STEP AHEAD OF THE COMPETITION

MANUAL RADIUS STEPS

Triple 7" Radius Step

Triple 9" Radius Step

Quad 8" Radius Step

Double Radius Step

Lippert Components provides a full line of radius style steps for towable RVs. These steps extend and retract easily with only one hand. All steps have a black powder coat finish that will protect it from the elements. All steps are 24" wide and come with anti-slip skid tape. that are in fact a "step ahead" of the competition. Our quad step features equidistant step treads, taking the guesswork out of the step location.

- New compact design allows user to expand and collapse steps with one hand
- Powder coat finish protects from the elements
- All steps are 24" wide and come with anti-slip skid tape

LIPPERT COMPONENTS

Solid Step

STEP UP YOUR RV EXPERIENCE

SOLIDSTEP GEN. 3 ENTRY STEP

STABLE. STURDY. SOLID.

The SolidStep's innovative design permits the step to operate through a wide range of ride heights. The design also ensures that the steps stay parallel to the ground, reducing the potential for slipping or falling during use. The SolidStep design permits the step to stow inside of the entry door, keeping road debris and corrosion away while simultaneously permitting continuous skirt metal on the RV, enhancing the aesthetics of the coach.

- No bounce, manual steel step with aluminum treads
- Threshold panel behind the top step to protect the trailer sidewall from damage
- Recessed feet prevent trip hazard and maximize clearance for camping spot
- 13" XL top step depth for easy entry and exit
- Aluminum treads that hold up against the elements
- Mounting fasteners provided for either wood or laminate floor applications
- Double, triple and quad variations available
- 400-pound capacity
- Includes floor backing plate

LIFT ASSIST UPGRADE KIT

Now available with Lift Assist option! Featuring a Lift Assist Strut that makes lowering & raising your SolidStep easy!

- The Lift Assist strut keeps the SolidStep from dropping completely when disengaged from the door-jamb.
- The heavy-duty gas strut system that takes the weight off of the SolidStep makes it virtually weightless when it is released to the ground.
- Allows for minimal effort on lowering. Lowering the SolidStep with Lift Assist can even be done with one finger.
- Only available for Gen 3 Triple and Quad SolidSteps

ALL-WEATHER FLOOR TRAY

Designed to collect debris from stored SolidStep treads, the versatile All-Weather Floor Tray neatly captures unwanted debris and keeps RV floors spick and span. The All-Weather Floor Tray can double as a handy place to store dirty shoes or to place pet dishes, stopping dirt and water from invading the RV living space.

- Heavy-duty recycled rubber mat construction won't slide around while in transit
- Neatly catches water, leaves, dirt and other debris from your SolidStep
- Multi-purpose storage solution for dirty shoes or pet dishes, keeping your RV clean

T2.6 AND T5.3 TRAVEL TOILETS

A durable, comfortable option for camping, hunting, road trips and boat trips. Features a larger seat size than most brands, and a larger bowl. Pump flush action effectively rinses the bowl. Detachable holding tank seals firmly to prevent escaping leaks and odors. The holding tank's slick interior surface makes waste removal easier and more efficient. Remove the flush tank one handed by toggling a single spring-loaded locking latch. Features a latchable lid for easier transport. Lid can be completely removed for cleaning. Made of durable ABS resin.

STANDARD-HEIGHT ALL-CERAMIC MACERATOR TOILET IN A FULL-SIZE FIXTURE

For the look and user-friendly performance of an upscale residential toilet with the advantage of low-flush technology, Dometic MasterFlush 8740 macerator toilets, powered with MasterFlush technology, deliver it all. Discriminating owners will appreciate the full-scale residential styling, complete with elongated enameled seat and lustrous, sparkling ceramic finish. The robust effluent macerator operates 30 % more efficiently than previous Dometic macerator toilets. Two flush options promote efficient water consumption.

MotorHome Readers' Choice Awards 2018 Gold Award Winner

Trailer Life Readers' Choice Awards 2018 Gold Award Winner

DOMETIC MASTERFLUSH 8743

- Standard Dometic flush touchpad or Vimar, Gewiss compatible switch panel
- Quieter, shorter flush duration than other macerator toilets
- Two flush options: Normal or Low allow efficient water consumption
- Standard-height toilet with residential-size bowl and elongated seat for premium comfort
- Through-the-floor or through-the-wall discharge fittings
- Available in white or bone colors

DOMETIC MASTERFLUSH 8740

- Electronic flush handle with chrome finish
- Quieter, shorter flush duration than other macerator toilets
- Two flush options: Normal or Low allow efficient water consumption
- Standard-height toilet with residential-size bowl and elongated seat for premium comfort
- Through-the-floor or through-the-wall discharge fittings
- Available in white or bone colors

SLEEK AND POWERFUL

With its European styling and 100 percent vitreous china construction, the Dometic 4410 Premium All-Ceramic Toilet is perfect for motorhomes, bus conversions, and mobile public restrooms. From the leader in toilet sanitation, these RV toilets offer soft lines and gracious curves along with abundant features. With a powerful bowl-clearing gravity flush triggered by the electronic handle or wall-mounted switch it's both simple and convenient to use. The elongated residential-style seat provides all important comfort.

DOMETIC 4410 TOILET

- Eco-friendly, low-water consumption at 0.33 gal. per flush
- Wall-mounted electronic flush switch
- Elongated residential-style seat for the comfort of home
- White or bone colors
- Optional hand sprayer
- Gravity flush system

DOMETIC 4310 TOILET

- Eco-friendly, low-water consumption
- Electronic flush handle in chrome finish
- Elongated residential-style seat for the comfort of home
- White or bone colors
- Optional hand sprayer
- Gravity flush system

DOMETIC

HOME-LIKE COMFORT & STYLE

Enjoy all the best features of a household toilet in your RV with a Dometic 320 Elongated Ceramic Toilet. The elongated, deep ceramic bowl and enameled wood seat offer comfort that far surpasses most smaller RV toilets. The pressurized full-rim flush delivers a bowl-clearing rinse every time. The ergonomic one-direction foot pedal action results in easy, hands-free flushing for added sanitary benefits. The sparkling vitreous ceramic bowl keeps its original beauty for years. 320 series RV toilets are available in White or bone colors, in standard or low-profile heights, and with or without a separately mounted hand sprayer.

DOMETIC 320 SERIES

Enjoy all the best features of a household toilet in your RV with a Dometic 320 series RV toilet. The elongated, deep ceramic bowl and enameled wood seat offer comfort that far surpasses most smaller RV toilets. The pressurized full-rim flush delivers a bowl-clearing rinse every time.

- Deep, 100 % vitreous ceramic bowl
- Full-size residential-style wood seat
- Efficient with water at only one pint per flush
- Rim design prevents spills
- Ergonomic foot pedal: press partially to add water, press fully to flush
- Gravity flush system
- Available in white or bone colors

STAY IN CONTROL

We understand that not everything about mobile living is always glamorous, but that doesn't stop us from making world-class products to match your needs. The Dometic 310 toilet has a true full rim flush ensuring hygiene and preventing odors from entering the RV. The flush begins from the top of the bowl and efficiently removes the contents with ease. The ceramic bowl mirrors that of the residential toilet in regards to depth and maximum comfortability. The 310 toilet comes with a built in foot pedal for flushing. Have complete control over the amount of water used to flush by varying the distance and duration the foot pedal is pressed. Conserve water and stay in control.

DOMETIC 310 SERIES

The Dometic 310 RV toilet series offers the best of all worlds. A value-priced toilet, the 310 model features revolutionary PowerFlush technology and a full-size ceramic bowl to deliver the comfort and beauty of a residential toilet.

- Best-in-class gravity flush
- Powerful swirl-jet cleaning action
- Slow-close enameled wood seat improves comfort
- Water efficient flush uses just one pint per flush
- Ergonomic, pressure-sensitive foot pedal: press partially to add water, press fully to flush
- Gravity flush system
- Available in white or bone colors

DOMETIC

JUST LIKE HOME

With its full-size seat and residential style height, the lightweight Dometic 300 toilet is the perfect choice for campers and other smaller pleasure vehicles. Ensuring an essential home comfort on any trip away, the toilet features a powerful triple jet action flush to thoroughly remove waste from the toilet bowl. This is a bowl-clearing flushing action that many other RV toilets simply can't match. Operated by an easy to use and efficient foot pedal with adjustable water level. The watertight flush ball system maintains water in the bowl at all times, meaning any unpleasant odors are kept firmly in the waste holding tank.

MotorHome Readers' Choice Awards 2018 Gold Award Winner

Trailer Life Readers' Choice Awards 2018 Gold Award Winner

DOMETIC 300 SERIES

Dometic 300 series gravity-flush RV toilets have a powerful triple-jet action flush that removes waste completely. These residential-style Dometic toilets also feature an efficient foot pedal operation with adjustable water level.

- Full-size residential-style seat
- Triple-jet bowl rinse
- Very lightweight
- Water efficient flush uses just one pint per flush
- Gravity flush
- Available in white or bone colors

DOMETIC

DOMETIC 970 SERIES PORTABLE TOILETS

Powerful flushing at the touch of a button without constant pumping or batteries – it's what sets the 970 series apart from other portable toilets.

- High-strength ABS construction withstands harsh environments; smooth, easy-to-clean finish
- Prismatic tank level indicator allows easy tank level monitoring
- Push-button flush clears bowl instantly

DOMETIC 960 SERIES PORTABLE TOILETS

Dometic's original 960 series of portable toilets provides recreational boaters with a simple, self-contained toilet system. The reliable bellows-operated flush rinses the bowl clean every time.

- High-density polyethylene construction withstands demanding conditions
- Easy-to-clean, scratch-resistant finish
- Secure-locking side latches
- Available with 2.5 or 5.0 gal. waste tank

Aqua-Magic® Residence

Residence is Thetford's premium lightweight toilet – and the type of innovation that you've come to expect from the RV industry's only maker of lightweight RV toilets for nearly 50 years!

- Comfortable, ADA-compliant 18-inch seating height
- Contemporary, residential-sized Seat and Cover are easily removed for customizing
- Single-pedal convenience: press halfway down to add water; all the way down to flush
- Waste mechanism maximizes flush performance and eliminates potential trap issues
- Mounting and connections are engineered for accessibility and easy installation
- High-quality polymer welding technology increases strength and durability
- Barb fitting accepts optional Water-Saving Hand Sprayer

Powerful flush provides superior bowl coverage.

Mounting and connections are engineered for accessibility and easy installation

CAMCO

Biodegradable

RV & MARINE TOILET TISSUE

Fast-dissolving, clog-resistant toilet tissue is biodegradable and septic tank safe. Contains no dyes or perfumes. 1 or 2 ply.

CM40276	1 Ply/4 per bag, 280 sheets/roll	$ 3.50
CM40274	2 Ply/4 per bag, 500 sheets/roll	$ 6.00
CM40280	2 Ply/ single roll, 48 rolls per case	$ 1.00

TST® MAX, ULTRA CONCENTRATED DROP-INS™

Resealable bag contains 15 Drop-INs, one Drop-IN treats a 40 gallon tank. Easy-to-use, ultra-concentrated granular formula. Environmentally Safe!

CM41189	TST MAX ULTRA-CONCENTRATED Orange Drop-Ins 15/bag	$ 14.50

CM41178	TST MAX Orange Drop-Ins, 10/bag	$ 11.50
CM41556	TST MAX Lavender Drop-Ins, 10/bag (E/F)	$ 11.50
CM41573	TST MAX Lemon Drop-Ins, 10/bag	$ 11.50
CM41603	TST MAX Hibiscus Breeze Drop-Ins, 10/bag	$ 11.50

TST® SEPTIC TANK DROP-INS™

TST Septic Tank Drop-Ins are an easy, mess-free way to treat your septic tank monthly and help prevent costly repairs. The powerful TST enzyme digests waste, tissue, grease, protein and starches to help prevent back-ups. Drop-Ins are pre-measured and easy to use: simply flush one drop-in per month down the toilet to treat your septic tank. TST Septic is formaldehyde free and biodegradable. One bag comes with 12 drop-ins: enough to treat your septic for one year!

CM41690	Septic Tank Treatment Drop-Ins, 12/bag	$ 25.99

CAMCO

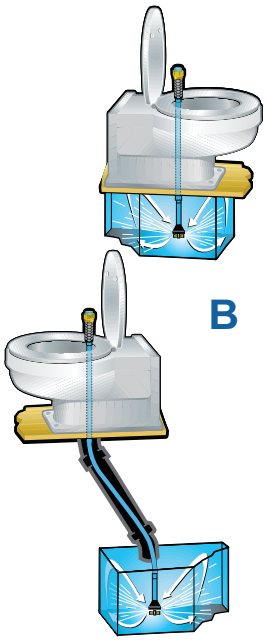
A

Keep your holding tank clean. Our convenient line of holding tank rinsers will dislodge and flush stubborn waste deposits and odor-causing particles. Periodic rinsing is essential for proper sensor probe function.

A. Tornado™ Rotary Tank Rinser

Reach every area of your holding tank. This permanent tank rinser with a 360° rotating head and ten high-pressure nozzles is the easiest, most sanitary way to clean your holding tank. No need for hoses through the windows or devices stuck down toilets. Has built-in a backflow preventer and a vacuum breaker. Kit comes with an exterior access hose for quick hose connection with no mess. Patented.

CM40126 Tornado Kit with 6' hose **$37.50**



B

B. RV Swivel Stik™ Tank Rinsers

Patented holding tank rinsers with shut-off valves dislodge and flush stubborn waste deposits and odor-causing particles left after holding tank is emptied. Powerful rotary cleaning action reaches corners and walls of tank. One-quarter turn shut-off valve at your fingertips. All brass moving parts. Flexible Swivel Stik™ has a flexible 55-1/2" reach for basement holding tanks.

CM40094 Swivel Stik™ **$24.00**
CM40074 Flexible Swivel Stik™ - Patented. **$29.50**

C

C. Holding Tank Rinsers

Completely flush out your holding tank. Easy grip handle and quarter-turn pressure-sealed valve allow complete control of water flow. Side jets clean and rinse the smallest, hard to reach places. Rinser kit includes holding tank rinser plus a 8' hose and Faucet Adapter. Patent pending.

CM40103 Rinser with valve **$9.00**
CM40113 Rinser Kit **$22.00**
CM40083 Faucet Adapter only (carded) **$7.00**

C faucet adapter

B. RhinoEXTREME RV Sewer Kits

All of the features that RVers are looking for in a complete kit. RhinoEXTREME hose will not dent or rust and will not crush if accidentally stepped on. Offers superior abrasion resistance for maximum protection against pinholes and leaks. The 10-ft kit includes a RhinoEXTREME hose with pre-attached Rhino bayonet and lug swivel fittings and 4-in-1 Elbow with adapter, plus four reusable locking rings and storage caps. The 20-ft kit includes all of the above, plus an additional hose with fittings, rings and caps as shown. Ready to use!

Patent pending.

		MSRP
CM39861	RhinoEXTREME Kit - 15 ft	$68.50
CM39867	RhinoEXTREME Kit - 20 ft	$82.50

C. RhinoEXTREME Sewer Hose Extensions

Extend the reach of your RhinoFLEX or other* sewer hose with this handy kit. Includes 5 or 10 foot RhinoFLEX hose with pre-attached swivel lug and bayonet fitting featuring a reusable locking ring so that fittings can be moved to a new RhinoFLEX hose. Patent pending. The removable 4-in-1 adapter allows you to store in 4" square bumpers.

*Works with any sewer hose that has a bayonet fitting.

CM39865	5' Extension (not shown)	$34.00
CM39863	10' Extension	$38.50

All prices listed are manufacturer's suggested retail

A. Revolution™ Swivel RV Sewer Kit

is the complete hose kit that comes with everything you need for a quick, reliable hook-up. Features new pre-attached fittings that rotate 360 degrees. Includes two 10 lb heavy duty vinyl sewer hoses with pre-attached swivel lug and swivel bayonet fittings and 4 storage caps. Other features include translucent elbow and wire guards to protect your hands. Patent pending. Also available: 10' Extension with pre-attached swivel lug and swivel bayonet fittings. MSRP

CM39625	Revolution Kit	$41.50
CM39623	Revolution 10' Extension	$20.50

B. Revolution Swivel Fittings

Add a 360° swivel to any RV sewer hose. Bayonet fitting and Lug fitting include a Twist-It™ clamp for securing fitting to hose. Patent pending.

B1	**CM39471**	Revolution Elbow w/4-in-1 Adapter	$14.50
B2	**CM39481**	Revolution Bayonet Fitting with Twist-it Clamp	$11.50
B3	**CM39491**	Revolution Lug Fitting with Twist-it Clamp	$11.50

C. Sewer Hose Storage Caps

Set of two; one each for bayonet and elbow fittings. Can be used with Revolution, Easy Slip and RhinoFLEX fittings. Patented.

CM39753	Sewer Hose Storage Caps	$6.00

The World's Toughest Sewer Hose™

SCAN HERE to watch the video or go to www.camco.net/products/videos

Camco RhinoFLEX™ hoses are made of heavy-duty polyolefin reinforced with steel wire.

A. RhinoFLEX™ RV Sewer Hose

The world's toughest sewer hose retains its shape once it's set until unhooked and stored. Made with 23 mils of heavy duty polyolefin reinforced with steel wire. 10' hose compresses to 32" and the 15' hose compresses to 45" for storage.

		MSRP
CM39671	10'	$26.00
CM39681	15'	$37.50

B. RhinoFLEX™ RV Sewer Kits with pre-attached fittings

At the RV end of the hose, there is a super-tough bayonet fitting with 4 bayonets for a more secure fit. At the dump-station end we've added a translucent elbow that separates from the 4-in-1 adapter for easy storage. These are ready-to-use kits made with the toughest hose you can buy. Pre-attached swivel fittings feature locking rings so that your fittings stay secured. Bayonet cap and elbow cap also included. Patent Pending.

CM39761	RhinoFLEX Sewer Kit - 15'	$46.00
CM39741	RhinoFLEX Sewer Kit - 20'	$58.00

C. 5' RhinoFLEX™ Extension Kits

Extend the reach of your RhinoFLEX or other* sewer hose with this handy kit. Includes RhinoFLEX hose with pre-attached swivel lug and bayonet fitting featuring a reusable locking ring so that fittings can be moved to a new RhinoFLEX hose. Patent pending.

*Works with any sewer hose that has a bayonet fitting.

CM39765	Extension Kit - 5'	$23.00
CM39764	Extension Kit - 10'	$26.50

D. RhinoFLEX™ Locking Rings

Reusable locking rings work with new and original RhinoFLEX Elbow, Bayonet, Lug or Coupler fittings, allowing fittings to be moved to a new RhinoFLEX hose. Set of two. Patent pending.

		MSRP
CM39803	Locking Rings	$6.00

RhinoFLEX sewer hose fittings are designed to work with the RhinoFLEX hose. Made with UV stabilized resin for long life. Each of the three easy-to-use fittings features a **reusable locking ring** so that fittings can be moved to a new RhinoFLEX hose.

A. RhinoFLEX™ RV Sewer Hose Swivel Elbow Fitting with 4-in-1 Adapter

takes the trouble out of connecting to the dump station. Elbow locks and seals into adapter for a secure and odortight connection, and ***still swivels when connected.*** Translucent elbow detaches from 4-in-1 adapter to store with hose in 4" bumper. Complete with reusable locking ring. Patent pending.

		MSRP
CM39733	RhinoFLEX Elbow	$18.00

B. RhinoFLEX™ RV Sewer Hose Swivel Lug

Allows you to connect your RhinoFLEX hose to any sewer hose that has a bayonet fitting. Reusable locking ring provides a secure odortight connection without hose clamps. Stores in 4" bumper. Patent pending.

CM39773	RhinoFLEX Lug	$13.00

C. RhinoFLEX™ RV Sewer Hose Swivel Bayonet Fitting

is designed with four sturdy prongs that lock into position. Easy-grip wings for quick connect and disconnect. Built-in gasket for an odortight connection without hose clamps. Stores in 4" bumper. Complete with reusable locking ring. Patent pending.

		MSRP
CM39783	RhinoFLEX Bayonet	$13.00

D. RhinoFLEX™ RV Sewer Hose Swivel Coupler

is the easiest way to connect two RhinoFLEX hoses. It provides a secure odortight connection without hose clamps. Stores in 4" bumper. Patent Pending.

CM39821	RhinoFLEX Coupler	$11.00

E. RhinoFLEX™ Wye

Allows two hoses with lug fittings to be connected to the same dump station. Perfect for a motorhome has two separate holding tank valves. Patent pending.

CM39812	RhinoFLEX Wye	$17.50

F. RhinoFLEX™ Swivel Fittings

Transparent or semi-translucent fittings connect sewer hose to waste valve fitting. Features swivel lug and bayonet fittings for a secure connection. Available in 45° or 90° style. Patent pending.

		MSRP
CM39842	45° Translucent Fitting	$9.50
CM39852	90° Translucent Fitting	$9.50
CM39847	45° Clear Fitting	$8.00
CM39857	90° Clear Fitting	$8.00

G. RhinoFLEX™ Elbow & 4 in 1 adapter

- Securely Connects: RV sewer elbow adapter fits securely into dump station connection Fits Four sizes of Dump Station Inlets: fits securely into four sizes of dump station inlets—4-inch NPT, 3.5-inch NPT, 3-inch NPT and 3-inch slip fitting
  Features: Elbow is clear and fitting rotates 360 degrees; built in gasket provides an odor-tight connection
  Features: Elbow is clear and fitting rotates 360 degrees; built in gasket provides an odor-tight connection

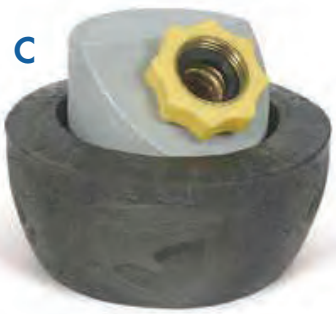
A. **Easy Slip™ 4-in-1 Sewer Adapter with Elbow** Connects hose to dump station. The elbow's tapered end accepts all 3" hoses and slip-over fittings. Adapter fits into 3" slip or 3", 3-1/2" and 4" threaded pipe. Larger inside diameter allows for faster dumping. Elbow separates from adapter for storage in bumper. Patented.

		MSRP
CM39144	4-in-1 Elbow	$15.00

B. **Easy Slip™ Grey Water Drain Adapter** Connect your garden hose between the dump valve and this adapter to drain your grey water tank, or attach it to the sewer hose to rinse hose out. Adapter with Easy Gripper provides airtight odor and leak seal. Fits Camco Easy Slip™ 4-in-1 threaded sewer adapter or standard sponge ring.

		MSRP
CM39111	Grey Water Drain Adapter	$8.50



C. **Grey Water Seal** Get an airtight odor and leak seal when you drain grey water into campground sewer system. With Easy Gripper. Made in USA.

CM39322	Grey Water Seal	$13.00

D. **RV Sewer Hose Fitting Gaskets** Get an odortight connection every time with fitting gaskets. Works with all Camco elbow and bayonet fittings. Includes two bayonet and two elbow gaskets.

		MSRP
CM39834	Gaskets	$3.50

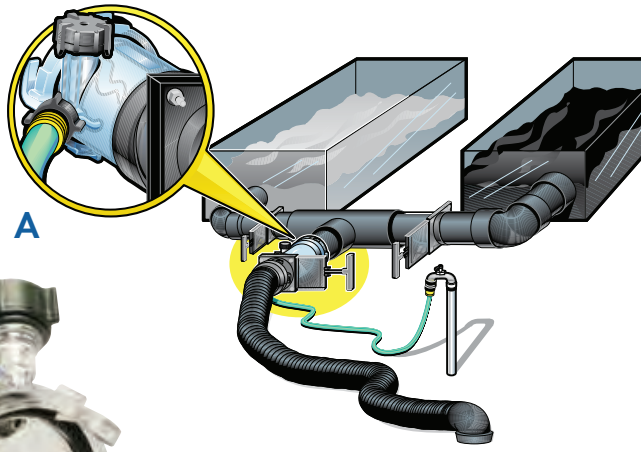
E. **RV Sanitation Gloves** with mountable dispenser. Keep your hands clean from the messy tasks of RVing. These durable all-purpose gloves are perfect for everything from sanitation hose connections to messy clean-ups and pet care. Made of latex-free and powder-free material that grips in wet or dry conditions. Disposable, one size fits all. 50 pair. Patented.

		MSRP
CM40285	Sanitation Gloves	$6.00

SANITATION

Camco takes the guess work out of cleaning your system. Clear, break-resistant polycarbonate adapters make it easy to see when the tank is done rinsing.

SCAN HERE to watch the video
or go to www.camco.net/products/videos



A. **Dual Flush™ PRO** Clean your entire septic system with this reverse flush valve. Forces water back up into plumbing lines to break up clogs in pipes. Allows you to backfill and flush black and grey water tanks, then reverse valve and flush sewer drain hose. Anti-siphon valve and complete valve assembly included. Patented.

	MSRP
CM39062 Dual Flush PRO	$50.00

B. **Dual Flush™** Sprays water into lines to clear out clogged pipes. Get two-way jet cleaning action with this unique holding tank and sewer hose rinser. Transparent 5" long polycarbonate fitting attaches between sewer hose and RV, then hooks to any standard water hose to create a powerful spray that helps reduce odors and malfunctions in RV holding tanks and hoses. Patented.

	MSRP
CM39072 Dual Flush	$25.00

C. **Sewer Hose Rinse Cap**
Thoroughly rinse your sewer hose before storing. Locks onto bayonet fitting securely, and connects to a garden hose. Fits Easy Slip™ , RhinoFLEX™ and standard sewer fittings. Can be left in place as a hose cap during storage.

	MSRP
CM39533 Sewer Hose Rinse Cap	$11.00

D. **C-Do²™ 45° Hose Adapter**
Know when your system is clean with this see-through hose adapter made of break-resistant polycarbonate.

	MSRP
CM39432 45° Hose Adapter	$7.50

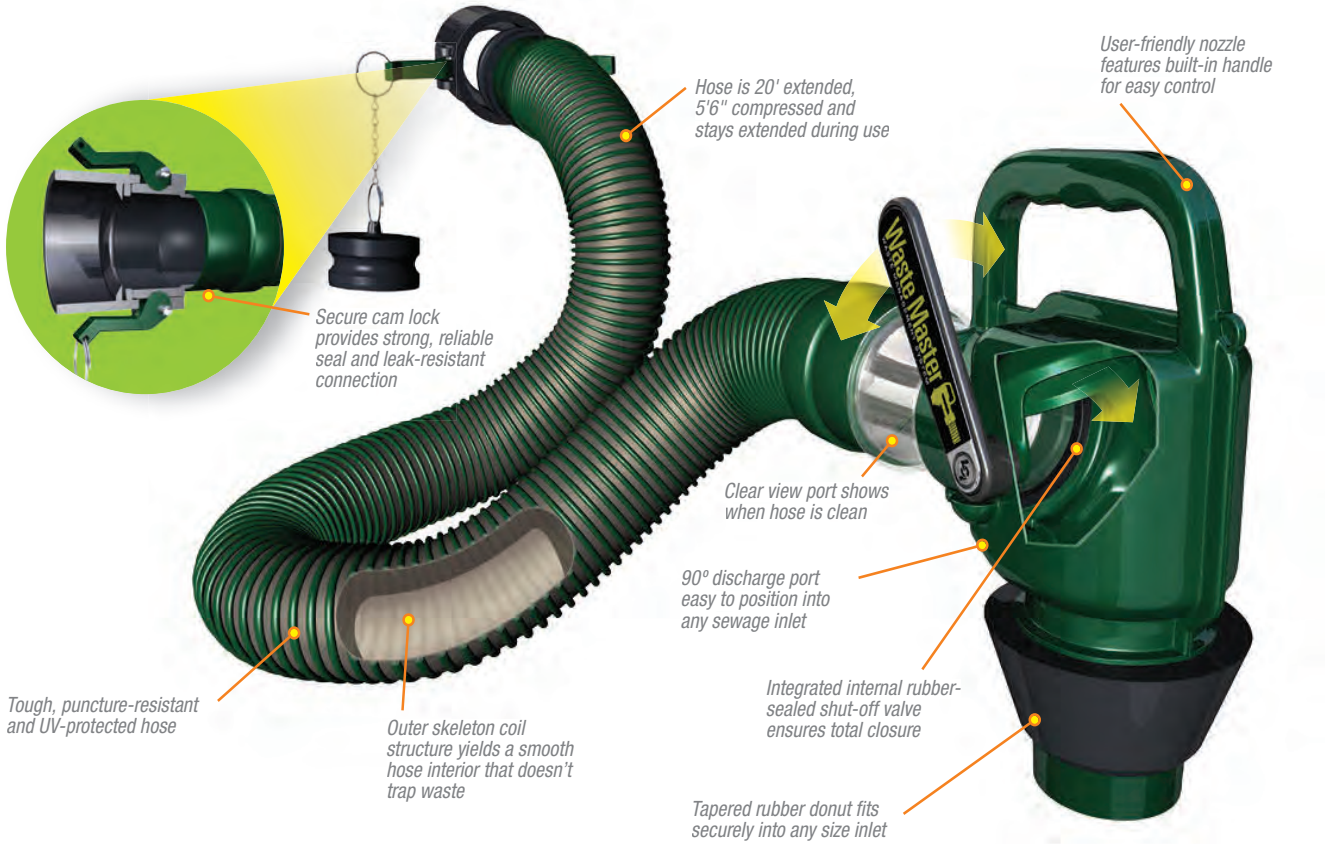
WASTE MASTER®

Goodbye, stinky slinky

Waste Master® WASTE MANAGEMENT SYSTEM



part no.	msrp
LC359724	155.99

Secure Cam Lock

The Waste Master isn't just a hose and nozzle, it comes complete with a time-tested cam lock connector that ensures a leak-resistant connection to the sewer outlet. Traditional RV hose bayonet fittings can leak, but industrial grade cam locks have been used in the liquid transportation industry for decades and are proven to provide a strong, reliable seal.

Tough Clean Hose

Unlike traditional hose coils that trap debris, the patented Waste Master hose is designed with its helical coil on the outside, while the inside is much smoother, preventing waste from getting trapped inside the hose. The UV-protected hose is 5' 6" compressed and 20' extended and features technology that keeps it extended during use to the exact length required.

User-Friendly Nozzle

The permanently-connected nozzle is molded with an easy-grip handle, an integrated shut-off valve and a clear view port that allows the user to see when waste has completely evacuated, helping ensure the tanks and hose are clean. The nozzle also features a 90 degree discharge port that is easy to fit and secure into any sewage inlet.

ACCESS HATCHES

- Original Factory Parts/ Direct OEM Replacement
- Made in USA
- UV stable/colorfast
  – Non-yellowing (white)
  – Fade-resistant (black)
- Key locks are "key alike ready" to match entry door or other compartment locks
- Replaceable Door
- Includes installation kit
- Impact & Road Salt Resistant
- NSF, CSA & TEI Certified
- Paintable

MULTI-PURPOSE HATCH SQUARE HOLE BACK

- Thumb lock
- Cutout Dim: 4.25"h x 3"w
  Outside Dim: 6-1/4"h x 5"w
  Collar Depth: 1"
  Inside cutout for switch: 1.1"h x .9"w

TF94297 Polar White **$21.96**
Replacement door:
TF94176 Polar White **$15.50**

MULTI-PURPOSE HATCH w/ FLAT BACK

- Key Lock
- Cutout Dim: 4-3/8"h x 3-1/8"w
  Outside Dim: 6-1/4"h x 5"w
  Collar Depth: 1"

TF94298 Polar White **$21.96**
Replacement door:
TF94176 Polar White **$15.50**

MULTI-PURPOSE HATCH w/ FLAT BACK

- Key Lock (94310/White)
- Thumb Lock (94311/Black)
- Impact & Road Salt Resistant
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 2"

TF94310 Polar White **$31.96**
TF94311 Black **$30.96**
Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

MULTI-PURPOSE HATCH w/o BACK

- Key Lock
- Cutout Dim: 4-3/4"h x 4-1/4"w
  Outside Dim: 6-1/2"h x 6"w
  Collar Depth: 3/8"

TF94299 Polar White **$20.60**
Replacement door:
TF94180 Polar White **$13.00**

MULTI-PURPOSE HATCH w/o BACK

- Thumb Lock
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 1-1/8"

TF94306 Polar White **$31.96**
Replacement door:
TF94184 White **$19.40**

STORAGE/SEWER HOSE HATCH

- Back plate accepts a 4" rigid PVC or flexible hose to create storage area
- Key Lock (94301)
- Thumb Lock (94302-94303)
- Collar depth of PVC attachment 7/16"
  Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w

TF94301 Black **$34.76**
TF94302 Polar White **$33.76**
TF94303 Black **$33.76**
Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

FUEL HATCH w/ OVAL

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"
  Oval: 5" stretched to 6"

TF94304 Polar White **$37.96**
Replacement door:
TF94340 Polar White **$20.90**

FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: No Collar

TF94305 Polar White **$33.96**
Replacement door:
TF94340 Polar White **$20.90**

EXTRA LARGE FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 9-1/8"h x 8"w
  Outside Dim: 11-3/8"h x 10-3/8"w

TF94313 Polar White **$55.96**

MULTI-PURPOSE/FUEL HATCH w/o BACK

- Key Lock (94308/White)
- Thumb Lock (94309/Black)
- Impact & Road Salt Resistant
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"

TF94308 Polar White **$33.96**
TF94309 Black **$33.96**
Replacement door:
TF94340 Polar White **$20.90**
TF94341 Black **$20.90**

FUEL HATCH w/ SLANT BACK

- Key Lock
- Cutout Dim: 6-3/4"h x 6-3/4"w
  Outside Dim: 9.5"h x 9.5"w
  Collar Depth: 3.25"

TF94312 Polar White **$39.96**

MULTI-PURPOSE ACCESS HATCH

Without Access/Vermin Door:

- Key Lock (94314/White)
- Thumb Lock (94315/Black)
- Cut Out Dim: 6"h x 11-1/16"w
  Outside Dim: 7-3/4"h x 12-5/8"w
  Collar Depth: 1-1/8"

TF94314 Polar White **$53.96**
TF94315 Black **$52.96**

With Dual Access/Vermin Doors:

- Accepts both 30 & 50 Amp cord
- Key Lock
- Cutout Dim: 6"h x 11-1/16"w
  Outside Dim: 7-3/4"h x 12-5/8"w
  Collar Depth: 1-1/8"

TF94316 Polar White **$53.96**
TF94317 Black **$53.96**

REPLACEMENT DOORS

Without Vermin Door:

Fits B&B Molder 8.5" x 8" door:
TF94340 Polar White **$20.90**
TF94341 Black **$20.90**
Fits B&B Molder 6.25" x 5" door:
TF94177 Black **$15.50**
Fits B&B Molder 6.5" x 6" door:
TF94180 Polar White **$13.00**
TF94181 Black **$13.00**
Fits B&B Molder 6.5" x 8" door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

Without Access Port:

Fits B&B Molder 6.5" x 6" door:
TF94178 Polar White **$15.90**
TF94179 Black **$15.90**
Fits B&B Molder 6.5" x 8" door:
TF94182 Polar White **$19.90**
TF94183 Black **$19.90**
Fits B&B Molder 8.5" x 8" door:
TF94186 Polar White **$20.90**
TF94187 Black **$20.90**

Waste Valve Extension Tubes with Handles

- Aluminum tube simply threads onto valve shaft
- Each extension adjusts 2" with threaded stud
- Handle included

CAMCO

RHINO PORTABLE HOLDING TANKS

Transport waste from your RV or trailer to a dump station when you're parked too far away for a sewer hose. Ready-to-use kit includes everything needed for use, storage and maintenance. Heavy-duty, no-flat wheels with bearings make transport smooth and easy. Integrated tank rinser makes cleaning easy. Constructed of extremely durable blow molded, UV stabilized HDPE that won't leak or deteriorate in the sun. Removable steel tow adapter allows you to easily roll the tote tank like a suitcase, or tow it slowly behind a golf cart or vehicle. Integrated ladder hook hangs on RV ladder when not in use and features grooves to securely strap it in place. 2 year warranty.

		MSRP

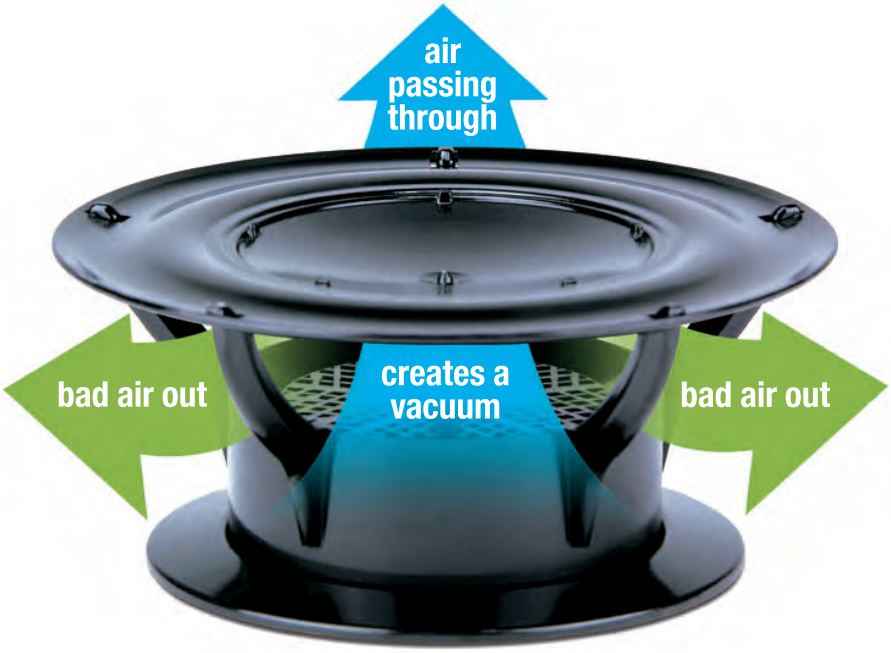
Eliminate tank odors from the source

The 360 Siphon® RV holding tank vent cap eliminates odors from the source — the holding tanks — and exhausts them out through the roof vent before they have a chance to invade the RV living space. By design, the patented 360 Siphon can only create an updraft, expelling odors and fostering an oxygen-rich environment to speed up waste breakdown. Breathe easier and enjoy a healthy, odor-free living environment with the 360 Siphon.



FEATURES

- Sophisticated, patented design with no moving parts
- Made in America of strong polycarbonate
- Easy installation and universal fit
- Works in any wind condition
- Built-in bug screen
- No maintenance

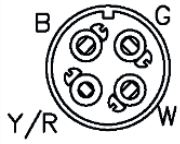
4-POLE SOCKET



- High impact plug interiors are secured with a key and keyway to eliminate twisting (disorientation) and breakage with make and break forces that apply in normal function
- Extended exterior and socket conceals terminals.
- Unique cable clamp prevents chafing, gives more cable support, and saves installation time.
- Integral finger grips for positive pull, difficult to shakes loose.
- Stainless steel spring.
- Dust and water resistant.
- Polarized for proper wiring
- Terminals accept up to #12 gauge wire.
- Two 1/4" diameter mounting holes on 4-pole sockets. 2-7/8" on center. Mounts through 3/8" diameter hole.
- Interchangeable with competitive brands

PL11-402 **$10.60 msrp**

6-Way, Round Pin, Plastic Socket with Rubber Boot-Car End

PL11-613 $15.91 msrp
6-Way, Round Pin, Connector Chrome Plated-Trailer End

Three socket versions to choose from: Exposed terminals, Rubber boot coverage, or Die-Cast shell coverage. High impact plug interiors keyed for proper assembly. Machined brass terminal pins for best conductivity, terminals accept up to #12 gauge wires. Plug available with or without cable guard. Replaceable plug interior helps reduce maintenance costs. Plated steel cable guard prevents cable chafing. Two 1/4" diameter mounting holes on 6-Pole sockets. 2-7/8" diameter on center. Mounts through 1-3/8" diameter hole.

Note: Pollak's® 4-pole and 6-pole interiors are secured with a key and keyway to eliminate twisting (disorientation) and breakage with make and break forces that apply in normal function.

9-Way Connectors and Sockets

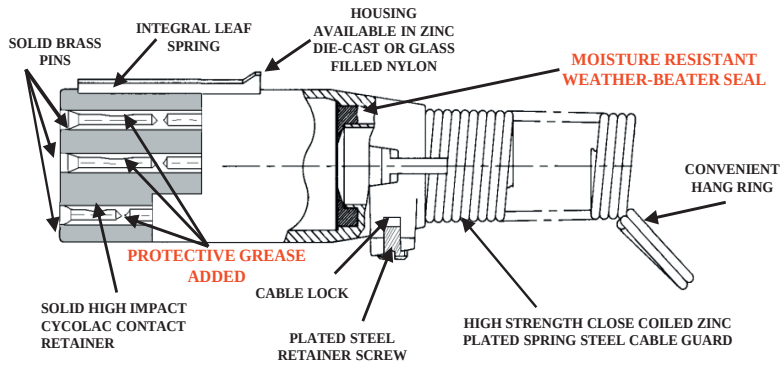
- Staking methods proven in long term usage. No possibility of molding compound contaminating contacts to cause "dead spots".
- Unique method of machining from solid bar (not stamping) and spring loading contacts give long trouble-free service. Over 1.5 million trucks utilize this type of heavy duty connector contacts.
- "Floating Pins" originating with POLLAK® and a standard for the trucking industry are self-aligning offering continuous wiping action and the most positive contact.
- Terminals designed for 2-8 gauge, 2-12 gauge and 5-14 gauge to new industry standard for minimum voltage drop.
- Contacts on both trailer and car side spring loaded. Completely field serviceable.

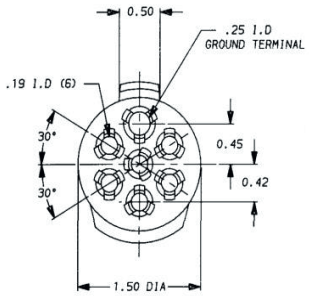
PL12-906 $15.04 msrp
9-Way, RV-Style Trailer Connector (12-24 Volts, 30 Amp) Glass Filled Nylon-Trailer End

PL12-907 $15.59 msrp
9-Way, RV-Style Trailer Socket (12-24 Volts, 30 Amp) Glass Filled Nylon-Car End

7-Way Connectors and Sockets

Pollak®





- *Meets and exceeds all standards of **SAE J560**.*
- *Floating pins for ease of alignment and maximum contact.*
- *Will accept the widest range of wire gauges, from #16 wires to #8 ground wire.*
- *Tapered design fits comfortably and conveniently for easy hand-position pull. Jumbo finger pull grips and two hang-up holes.*
- *High-impact cycolac interior with extended lip for easy removal and replacement.*
- *Solid brass terminal screws.*
- *40 amps continuous duty at 6-28 VDC.*
- *WeatherBeater seal accommodates .450 minimum wire diameter.*
- *Recommended mounting hole is 2" diameter*
- *Interchangeable with competitive brands*

UNIQUE INTERIOR DESIGN ELIMINATES SHORTING OUT-

Non-corroding, shock-resistant interiors with unique terminal reinforcer dams that eliminate short circuiting by preventing contact from spreading. Center pin will take up to 8-gauge wire for battery charge system.

BATTERY ACCESSORIES

Our patented Battery Doctor® switches are easy to install and simple to use.

All of Our Knife-Blade Switches:

- Mount on Negative Battery Post Only
- Disconnect Batteries Quickly and Easily
- Stop Unwanted Battery Drain
- Help Prevent Theft, Tampering and Unauthorized Use
- Improve Safety and Security of Stored Vehicles, RVs and Seasonal Equipment
- Are Rated 250 Amps Continuous and 750 Amps Surge at 12 Volts

FOR TOP POST BATTERIES, LOW VERTICAL OPERATION

Switches recommended to mount on negative battery post to disconnect ground and battery. Easy to reach and operate.

- With ⅝" Diameter Post for Receiving Standard Battery Cable Clamp
- 3" W x 4" L x 2" H

	MSRP
#BD20138	30.96
#BD20138-7	29.46

- With ⅝" Diameter Post, Plus 5/16-18 Stud and Wing Nut for Extra Connections
- 3" W x 4" L x 2 ¼" H

	MSRP
#BD20148	33.06

BATTERY LIFE PRESERVER™ AUTOMATIC BATTERY DISCONNECT SWITCH

This state-of-the-art electronic device automatically monitors your battery capacity. It prevents your battery from going dead by automatically disconnecting the battery at 12.0 volts, therefore reserving enough power to start the vehicle.

- Automatically Disconnects the Vehicle's Battery at 12.0 Volts
- Connect and Disconnect the Battery with the Touch of a Button on the Wireless Remote
- Helps Prevent the Following: Being Stranded, Dead Battery, Jumper Cables, Towing, Emergency Calls
- Anti-Theft Device when Activated
- Easy Bolt-On Installation: Does Not Require Any Cables to Be Cut
- Included 2 Key Fobs and Mounting Hardware
- Side Post Battery Needs #30300 Bolt (Not Included - See Page 25)
- 200 Amps Continuous
- 1100 Amps Peak

PART NUMBER	MSRP
#BD20395	133.26

BATTERY DOCTOR® MINI MASTER BATTERY DISCONNECT SWITCHES

- For Application Up to 48 Volts
- ISO 8846 Approved
- Continuous Rating: 300 Amps
- Intermittent Rating: 1000 Amps/5 Seconds
- Crank Rating: 700 Amps/10 Seconds
- Can Be Used with 1 or 2 Batteries
- Dimensions: 2 ¾" L x 2 ¾" W x 3" H
- Recess, Flush Top Mount
- Label Glows in the Dark
- Removable Backplate
- Cable Knockout Plate on All Sides

WirthCo Engineering, Inc.

700 Easyfit™ Battery Switch

ParkPower® has listened to its customers and has responded to feedback concerning some installations where switches need to be recessed through varying thicknesses of panels. The 700RV Easyfit switch achieves this through an easily removable threaded ring allowing for panel thicknesses up to 3/4" (19 mm). This durable switch is designed with a removable key 45° past the off position, labeled handle and a removable back cover covering exposed terminals. The switch can also be surface mounted offering a unique style compared to other switches available on the market. The 700 Easyfit can easily be retrofitted in place of most European post and lever type switches.

Specifications:

Continuous Rating: 275A DC
Intermittent Rating: 455A DC
Cranking Rating: 1250A DC
Voltage Rating: 48V DC
Operation: On/Off
Mounting: Recessed or Surface
Termination Stud Size: 3/8" (2 x 10 mm)
Tin plated copper studs and nuts
Ignition protected

Item #MPP700RV **42.99** msrp

Battery Master Switches

Unique to the Contour and House Battery Master Switches is the patented contour lock system, allowing the switches to be used as stand alone units, or locked together with other switches. The 701RV also features a control knob which cannot be removed while in the ON or OFF position, but it can be removed by switching to an anti-clockwise 45° position. The 701RV also features removable side plates on 4 sides for access of up to 1/0 cables plus a rear cover insulating the rear terminals against any short circuits.

Specifications:

Continuous Rating: 275A DC
Intermittent Rating: 455A DC
Cranking Rating: 1250A DC
Voltage Rating: 48V DC
Operation: On/Off
Mounting: Recessed or Surface
Termination Stud Size: 3/8" (2 x 10 mm)
Tin plated copper studs and nuts
Ignition protected
Dimensions: 2.75 x 2.75 x 3" H
(69 x 69 x 75 mm H)

Item #MPP701CHRV contour battery **32.99** msrp
Item #MPP701HBRV house battery **32.99** msrp

Contour Heavy-Duty Master Switch

The Contour Heavy Duty Master switch is rated at 600 amps continuous and 2500 amps cranking, it is well suited for higher power loads. The 720RV can be recessed or surface mounted. The 720RV also includes the same style removable side plates and back plate as the 701RV. It also receives the same label system as the 701RV line.

Specifications:

Continuous Rating: 600A DC
Intermittent Rating: 800A DC
Cranking Rating: 2500A DC
Voltage Rating: 48V DC
Operation: On/Off
Mounting: Recessed or Surface
Termination Stud Size: 1/2" (2 x 12 mm)
Tin plated copper studs and nuts
Ignition protected
Dimensions: 1 x 2.75 x 3" H
(102 x 102 x 90 mm H)

Go Power!®

BATTERY MONITOR WITH BLUETOOTH

NEW

The ultimate way to monitor your battery. Compatible with all battery types, this easy-to-use monitor is designed to let you easily view essential battery stats, including:

- ✓ Voltage
- ✓ Current
- ✓ Power
- ✓ Ampere-hours consumed
- ✓ State of charge
- ✓ Remaining time at the current rate of discharge

The NEW Go Power! Battery Monitor Kit (GP-BMK-50) features an easy-to-read backlit LCD display, includes a 500-Amp quick connect battery shunt and quick-connection kit.

GP-BMK-50 $160 retail

Get live updates from your RV remotely using the Go Power! app for Android and iOS devices. Add the Bluetooth Dongle (GP-BTD) for even more flexibility, and connect to your BMK using Bluetooth technology.

GP-BTD $75 retail

SUN CYCLE™ AGM SOLAR BATTERIES

Specifically designed for solar, the AGM deep-cycle batteries offer maintenance-free, sealed construction and integrated carrying handles. UL listed, the battery is available in 6V and 12V models, and comes with a 2-year warranty.

LIPPERT COMPONENTS®

THIN SHADE™

MADE IN USA

SHADE AND PRIVACY
NEVER LOOKED SO GOOD

The revolutionary Thin Shade™ is a pleated window shade that's seamlessly integrated into your RV entry door window frame.

Lippert Components has already prepped more than 100,000 RVs for the Thin Shade. The Thin Shade is a pleated window shade that's integrated inside the RV's entry door window frame, creating a sleek, attractive look. The Thin Shade keeps the sun's rays

out of your RV living space, helping to regulate the interior temperature and can create instant privacy.

- Blocks the sun's rays from entering your RV interior space
- Helps regulate the interior temperature
- Creates privacy when needed
- I ntegrated into the RV door window frame; other shades and reflectors need to be taken off and put back on when not in use
- Easy extend and retract operation; no cords to get tangled or knotted
- Quick and easy installation only into Thin Shade Prepped RV entry doors by Lippert Components; no need to replace the entire RV entry door window

Open to allow sunlight

Closed for privacy

NEW LC786037	Thin Shade Ready - Entry Door Window Shade	$44.95

Not compatible with non-prepped RV doors or non-LCI RV entry doors

BLOCK LIGHT AND HEAT,
CREATE SHADE

Are you one of the millions of RVers without an entry door shade solution? Prevent sunlight and heat from entering through your RV's entry door window and add instant privacy to your home on wheels with the Thin Shade Complete Kit by Lippert Components. The Thin Shade Complete Kit is the first of its kind to offer an integrated blind into the entry door window frame. Sleek and compact, Thin Shade fits in the entry door frame and can be easily adjusted up or down to let the exact amount of shade or light into your interior space, giving you full shade and privacy.

The Thin Shade Complete Kit contains a full window kit with everything needed for a DIY install: inside and outside frame, glass panel, attaching hardware, and Thin Shade blind.

- Easy, DIY upgrade for your RV entry door window
- Provides instant shade and privacy
- Conserve energy by blocking heat from the sun
- Thin Shade's pleated material easily adjusts up and down to let the right amount of sunlight in

Camco Replacement Vent Lids, now available in Black

Camco's Black Vent Lid will replace the broken or damaged old one on your RV. The lid is designed for 14x14 inch vents. The durable polypropylene & plastics withstand weather of any type, and the black color will complement RV's roof. The Vent Lid is made of an impact resistant material and has UV stabilizers added to withstand harsh weather and damaging UV rays from the sun. It comes pre-assembled and includes all mounting hardware for quick, easy installation.

- Made of durable, impact resistant polypropylene or virtually unbreakable polycarbonate plastic (depending on model)
- Includes rust-resistant mounting hardware
- Fits all 14 inch x 14 inch RV vents
- Reinforced center bar for added strength and stability
- Vent lid is pre-assembled for quick and easy installation

FAN-TASTIC VENT Atwood Mobile Products LLC

EZ-BREEZE®

NEW!

From the performance leader in RV ventilation, the all NEW patent pending EZ-Breeze is uniquely designed with a built in rain cover to provide air circulation throughout the RV without ever needing to open the dome. 3 times more airflow than other standard vents. Available in white translucent or smoke transparent.

ORDER NUMBER				MSRP
FV800600	EZ-Breeze®	12 volt	White	$ 110.00
FV800601	EZ-Breeze®	12 volt	Smoke	$ 116.00
FV800500	EZ-Breeze®	Static Vent	White	$ 142.00
FV800501	EZ-Breeze®	Static Vent	Smoke	*CFP

UPGRADE KITS

These kits allow you to take any model of Fan-Tastic 12V vent and upgrade to an array of features and functions. See chart for upgrade features.

ORDER NUMBER		MSRP
FV807359	Upgrade to 7350	$212.50
FV803359	Upgrade to 3350	$144.86
FV802259	Upgrade to 2250	$ 79.75
FV801259	Upgrade to 1250	$ 33.65

REPLACEMENT DOMES

Flat domes available by special order.

ORDER NUMBER		MSRP
FVK8020-09	Black Dome	$ 24.74
FVK1020-00	Clear Dome	$ 34.82
FVK8020-81	White Opaque Dome	NLA
FVK1020-19	Smoke Translucent Dome	$ 38.55
FVK2020-81	White Insulated Dome	*CFP
FVK2020-19	Smoke Insulated Dome	$ 50.90

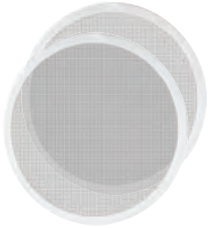
ULTRA BREEZE™

Ultra Breeze Vent Covers from Fan-Tastic vent has revolutionized the design of vent protection. The patented design of Ultra Breeze utilizes airfoil technology for the ultimate vent cover that blocks the rain, not the airflow. For use with all types of roof vents; fits standard 14”x14” vent openings. Installs easily without any drilling and all the hardware is included. 101/4”H X 191/2”W X 23”L. Retains up to 95% airflow.

ORDER NUMBER			MSRP
FVU1500WH	Vent Cover	White	$ 63.16
FVU1500BL	Vent Cover	Black	$ 64.15
FVU1500GR	Vent Cover	Smoke	$ 83.00
FVU1550WH	Bug Screen	White	*CFP
FVU1550BL	Bug Screen	Black	*CFP

POP‘N LOCK VENT SCREENS

Cleaning your screen is now a breeze! Easily pops into your existing Fan-Tastic Fan. No tools or screws needed. Screen covers the screw holes. 2/box.



ORDER NUMBER			MSRP
FVK2035-81	Vent Screen	White	$ 28.26
FVK2035-80	Vent Screen	Off White	$ 28.26

ENDLESS BREEZE®

Powerful 12V portable fan designed to move a large volume of air. Perfect to cool you or your pets. Attaches to pet cages to provide them cool comfort on warm days. Produces 10mph wind.

ORDER NUMBER		MSRP
FVO1100WH	Endless Breeze®	$ 116.35

MAXXAIR
An *AIRXCEL* Brand

MAXXAIR®
The Original Vent Cover

- Protects your RV's interior from rain
- Reduces heat build-up, lets smoke and cooking odors escape
- Designed for installation on non-powered roof vents

SKYLIGHTS

EXTERIOR SKYLIGHT DOMES

These skylights sit outside the RV allowing gentle light inside. Use a clear skylight for a window to the outside, or a white skylight for more filtered light. A smoke skylight can be used in sunnier climates and cuts down UV rays.

Flying Insect Screens Wasps, mud daubers, birds and rodents pose a serious threat to your RV water heater, furnace and stove. They can enter through vents and openings and cause serious damage by building nests that interfere with air flow. Protect your valuable investment by purchasing and installing Camco's Flying Insect Screens. These easy-to-install screens will help ensure that your vents stay free from costly invasion by unwanted pests. All except C, I, J and M-O include installation tool.

Replacement door:
TF94180 Polar White **$13.00**

MULTI-PURPOSE HATCH w/o BACK

- Thumb Lock
- Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w
  Collar Depth: 1-1/8"

TF94306 Polar White **$31.96**
Replacement door:
TF94184 White **$19.40**

STORAGE/SEWER HOSE HATCH

- Back plate accepts a 4" rigid PVC or flexible hose to create storage area
- Key Lock (94301)
- Thumb Lock (94302-94303)
- Collar depth of PVC attachment 7/16"
  Cutout Dim: 4-3/4"h x 5-7/8"w
  Outside Dim: 6-1/2"h x 7-5/8"w

TF94301 Black **$34.76**
TF94302 Polar White **$33.76**
TF94303 Black **$33.76**
Replacement door:
TF94184 White **$19.40**
TF94185 Black **$19.40**

FUEL HATCH w/ OVAL

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: 1-1/8"
  Oval: 5" stretched to 6"

TF94304 Polar White **$37.96**
Replacement door:
TF94340 Polar White **$20.90**

FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 6-7/8"h x 6-3/8"w
  Outside Dim: 8-1/2"h x 8"w
  Collar Depth: No Collar

TF94305 Polar White **$33.96**
Replacement door:
TF94340 Polar White **$20.90**

EXTRA LARGE FLUSH MOUNT FUEL HATCH

- Key Lock
- Cutout Dim: 9-1/8"h x 8"w
  Outside Dim: 11-3/8"h x 10-3/8"w

Atwood FURRION Suburban DOMETIC VALTERRA CAMCO

Do you enjoy taking a cold shower on a winter's day? Neither do we. That's one reason why we are pleased to offer you a selection of durable and reliable water heaters – to ensure you always have hot water on tap. Some think hot water is a luxury travelers can be without. That is not true. If you want to stay healthy on the journey, you need hot water to get rid of bacteria, dirt and grime. Without it, detergent is not effective.

DOMETIC WATER HEATER ELECTRIC RELIGHT

- Durable, powder-coated access doors are included
- 10,000 BTUs heating power
- 10 gal. cut-out (H x W x D): 15½ x 16 x 20¾in
- Also available as 6 gal. 8,000 BTU model (H x W x D: 12½ x 16 x 18 in.)

DOMETIC XT WATER HEATER WATER HEATER, 6 GAL - COMBO

- 6 gal. water heater provides the equivalent of 9 gal. of hot water
- Dual fuel: efficiently powered by LP gas or electricity
- Compact 6-gal. cutout: 12½ x 16½ x 18 in. (H x W x D)

DOMETIC XT WATER HEATER WATER HEATER - COMBO

- 10 gal water heaters provides the equivalent of 16 gals of hot water
- Features pre-installed winterizing bypass kit
- 10 gal. cut-out: 15½ x 16 x 20¾ in. (H x W x D)

XT® WATER HEATERS

- 10 gallon water heaters provide the equivalent of 16 gallons of hot water and the six gallon yields 9 gallons
- Durable,powder-coated access doors are included
- Features pre-installed winterizing by-pass kit
- 10 gallon cut-out: 15½"H x 16"W x 20¾"D
- 6 gallon cut-out: 12½" H x 16½"W x 18"D
- 2 Year warranty

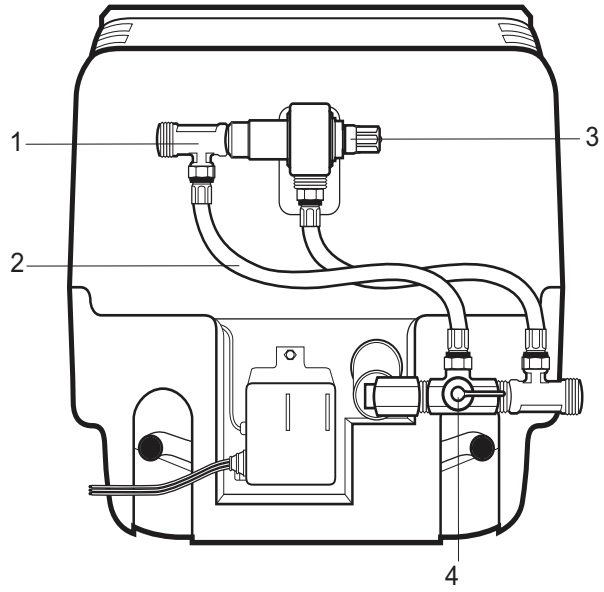
XT WATER HEATER
MPD 92690

REPLACEMENT VALVE KIT
10 GALLON

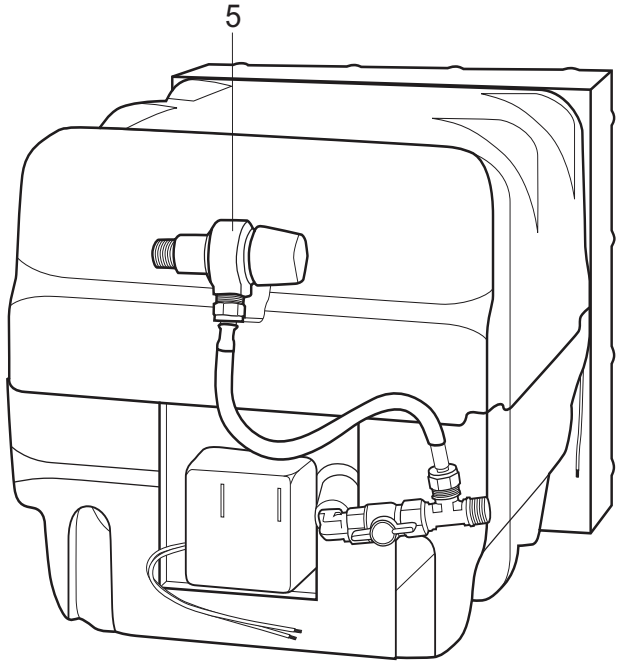
PATENT PENDING

ENGLISH, FRANCAIS (et Canada)

•Installation
Effective 8/25/05



10 GALLON TE
2004-2005



10 GALLON XT
NEW FOR 2005-2006

1. Remove water lines (1), flexible hoses (2), mixing valve (3) and inlet plumbing components (4).
2. Install new mixing valve (5) with teflon tape. Use three wraps and pipe thread sealer to leading threads and install to minimum 35 fl/lbs.
3. Install male/male 90 degree fitting with a minimum of three wraps of teflon tape, stopping at approximately 1 o'clock on last turn.
4. Assemble tee to ball valve using a minimum of three wraps of teflon tape.
5. Install valve/tee assembly to elbow using a minimum of three wraps of teflon tape.
6. Finish turn on completed elbow/valve/tee assembly to horizontal position.
7. Adjust tee and valve so valve handle operates and tee is pointing branch thread upward.
8. Install flexible hose following instructions on hose tag.
9. Reconnect water lines. Apply Valve Position Sticker on back near valve.
10. Pressurize system to maximum 50 psi and check all connections for leaks with leak detecting solution.

NO REPLACEMENT TANK FOR G6A-3E

INNER TANK INCLUDES THE FOLLOWING:

- All tanks include the insulation jacket, rings and gaskets.
- On all combination gas/110VAC tanks, in addition to the items mentioned above, they will also come equipped with the 110VAC heating components attached (junction box, thermostat, ECO and heating element).
- Current combination gas/110VAC models have the thermostat and ECO located on the front side and are not installed on replacement tanks.

Suburban

Porcelain-lined Steel Tank - Reliable and Rugged
WATER HEATERS

DIRECT SPARK IGNITION, ELECTRIC ELEMENT *and* 12 VOLT CONTROL SWITCH **(DEL)**

- ► 12 Volt **ON/OFF SWITCH*** mounted inside for convenient control of water heater gas ignition AND powers the electric element circuit from the comfort of your RV
- ► 1440 watt INCOLOY ELECTRIC ELEMENT allows the use of campground or generator power to heat your water

DIRECT SPARK IGNITION *with* ELECTRIC ELEMENT **(DE)**

- ► Inside mounted switch* for convenient control of water heater gas ignition
- ► 1440 watt INCOLOY ELECTRIC ELEMENT allows the use of campground or generator power to heat your water

DIRECT SPARK IGNITION **(D)**

- ► Inside mounted switch* for convenient control of water heater gas ignition

PILOT IGNITION *with* ELECTRIC ELEMENT **(PE)** *or* PILOT IGNITION **(P)**

- ► Traditional pilot ignition
- ► **PE MODELS** use 1440 watt INCOLOY ELECTRIC ELEMENT allowing the use of campground or generator power to heat your water

Inside Mounted ON/OFF Switch and Doors sold separately. See retailer for details.
Specifications and/or features subject to change without notice

FEATURES *on* ALL SUBURBAN *Porcelain-Lined, Steel Tank* RV WATER HEATERS

- FAST recovery rate
- Convenient exterior gas line connection
- One-piece, die-formed metal control housing protects controls from the weather
- Copolymer insulation jacket specially formed to fit the tank for additional heat retention

TANK WATER HEATERS FEATURE A 2 YEAR LIMITED WARRANTY WITH A 3 YEAR TANK LIMITED WARRANTY
GAS APPLIANCES SHOULD BE INSTALLED BY A QUALIFIED SERVICE TECHNICIAN

AIRXCEL

6 GALLON

SUBURBAN ADVANTAGE
RV WATER HEATER

Replaces Aluminum Tank Water Heaters

PORCELAIN LINED STEEL TANK
Built just like longer lasting residential tank water heaters.

ANODE ROD
Protects against tank corrosion and doubles as a drain.

OPTIONAL ELECTRIC ELEMENT
Take advantage of campsite or generator power to heat water.

INDUSTRY EXCLUSIVE FLUE TUBE BAFFLES
Slows combustion process to transfer more heat to water in tank.

DOOR NOT INCLUDED. SHOWN FOR ILLUSTRATION PURPOSES ONLY.

MODEL#	DESCRIPTION	RETAIL
S5320A	SAW6D, Direct Spark Ign., 6 Gallon	455.00
S5321A	SAW6DE, Direct Spark Ign., Incoloy Electric Element, 6 Gallon	539.07
S5322A	SAW6DEL, Direct Spark Ign., Incoloy Electric Element, 12V Relay, 6 Gallon	600.00
S6279APW	SAW6 Water Heater Door, Polar White	36.90
S6279AEB	SAW6 Water Heater Door, Black	36.90
S6279AAW	SAW6 Water Heater Door, Artic White	36.90

SUBURBAN ADVANTAGE PORCELAIN LINED, STEEL TANK 6 GALLON RV WATER HEATERS

MODEL NUMBER	IGNITION	ENERGY SOURCE	BTU/h INPUT	RECOVERY GALLONS PER HOUR*		
				LP GAS	ELECTRIC ELEMENT	GAS/ELECTRIC COMBINED
SAW6D^	DIRECT SPARK	LP GAS	10,000	8.48		
SAW6DE^	DIRECT SPARK	LP GAS & 1440 WATT ELECTRIC ELEMENT, 120 VAC		8.48	6.10	14.58
SAW6DEL^^	DIRECT SPARK	LP GAS & 1440 WATT ELECTRIC ELEMENT, 120 VAC		8.48	6.10	14.58

^ Requires Switch 234589 (Inside mounted switch for control of water heater gas ignition)
^^ Requires Switch 232882 (12 Volt ON/OFF Switch mounted inside for control of water gas ignition and powers the electric element circuit)
**Recovery rate calculations based on temperature rise of 100° F (input water temperature of 30° F). Varies based on LP supply. Please refer to the recovery chart on the next page of this leaflet for additional information.*

S261618	3" - For 2"-3" Wall Thickness	**$ 50.49**

Showers, baths, dishes and even the laundry can be done with an infinite supply of hot water whenever and wherever, simultaneously from every fixture.

- **60,000 BTU/hr Max**
- **2-stage combustion system**
- **Built-in freeze protection**
- **Direct Spark Ignition**

Easily replaces any 6, 10, 12 or 16 gallon porcelain tank or aluminum models!

UNIT DIMENSIONS:
12.5" H x 12.5" W x 20.0" D

**A Suburban replacement panel and vent cap are required when replacing Suburban 6, 10, 12, and 16 gallon tank units. **When replacing an Dometic/Atwood 6 or 10 gallon unit, Dometic/Atwood replacement panel kit and a vent cap are required.*

FOR A COMPLETE INSTALLATION, CHOOSE:

1 OPERATION METHOD
On Demand Control Center - provides precise temperature control, with reliable and consistent comfort from the convenience of your RV.

Also available in black. Sold separately.

On Demand Control Center White (162291)

2 REPLACEMENT PANEL
Replacement panel must be purchased to replace the existing exterior water heater door.*

Please Note: Replacement Panels are shown with the Vent Cap installed for illustration purposes only. Suburban and Dometic/Atwood replacement panels available. Sold separately.

Suburban 6 Gallon Replacement Panel #6376APW

3 VENT CAP
Length determined by RV wall thickness.

Available in three (3) lengths. Sold separately.

1"-2" Thicknesses #261617

THE NAUTILUS ON DEMAND WATER HEATER FEATURES A 2 YEAR LIMITED WARRANTY
GAS APPLIANCES SHOULD BE INSTALLED BY A QUALIFIED SERVICE TECHNICIAN

CAMCO

A. Water Heater Replacement Elements Replace the heating element in your RV water heater with a UL recognized HWD replacement kit.
Detailed instructions included.

CM02103	Screw-in element 1000W-120V	$13.55
CM02143	Screw-in element 1500W-120V	$11.50
CM04363	Universal element 1500W-120V	$13.27

B

B. Water Heater Tank Rinser
Helps extend the life of your water heater. Water Heater Tank Rinser lifts sediment that collects at the bottom of your water heater and washes it out of your water heater tank.

		MSRP
CM11691	Water Heater Tank Rinser	$11.00

C. RV WATER HEATER ANODE ROD WITH DRAIN Patented magnesium anode rod for aluminum water heaters (Atwood style) preserves the life of your water heater by corroding itself so your water heater tank doesn't. Replace your ½" pipe thread drain plug with the Camco RV Water Heater Anode Rod to extend the life of your RV's water heater. Internal drain valve allows you to drain your water heater without tools.

CM11533	Anode Rod with drain, ½ NPT	$21.00

D

D. Cam Locks Replace broken door latches quickly and easily. Camlocs replace water heater door latch assemblies or gas bottle cover access door latches.

		MSRP
CM09203	Plastic Cam Locks - 2/card	$6.00
CM09213	Steel Cam Locks - 2/card	$6.00

E

E. RV Water Heater Drain Plug Kit Specifically designed for use with RV water heater drain plugs. Angled design conveniently fits in tight spaces and includes prongs for rusted drain valves. Fits both 7/8" and 15/16" drain plugs. Includes two replacement 1/2-14 NTP drain plugs and Teflon® tape.

		MSRP
CM11633	Water Heater Drain Plug Kit	$10.50
CM11630	Water Heater Drain Plugs, set of 2	$5.00
CM11632	Water Heater Drain Plug, 50/box	$92.00
CM11634	Water Heater Drain Plug, 1/2-14 NPT, 1 vented, 1 standard	$10.00

F

F. WATER HEATER DRAIN VALVE WRENCH Open or close stubborn water heater drain valves without scraping your knuckles. Heavy duty, high-impact plastic wrench has an adjustable handle that lets you get at hard-to-reach valves with leverage to loosen stubborn valves. Open handle allows hot water to flow to front of heater, preventing pooling.

CM11653	Drain Valve Wrench	$8.00

All prices listed are manufacturer's suggested retail

WATER HEATER REPAIR PARTS

A

A. Temperature and Pressure Relief Valves

Protect your RV water heater from excessive temperature and water pressure with corrosion-resistant metal T & P valves. Factory set at 150 PSI and 210° F. Crafted with no gaskets, and epoxy-coated probes to prevent corrosion buildup.

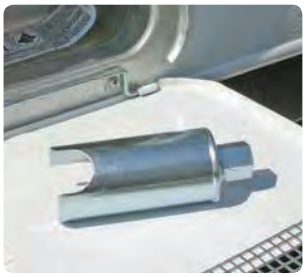
		MSRP
CM10423	1/2" valve with 4" probe 4/ctn	$25.00
CM10421	1/2" valve with 4" probe - Bulk	$22.50
CM10463	3/4" valve with 1" probe 12/ctn	$23.00
CM10473	3/4" valve with 4" probe 12/ctn	$17.06
CM10471	3/4" valve with 4" probe - Bulk	$17.00

B. Anode Rods

Anode rods extend the life of a water heater by attracting corrosive elements in the water, protecting your tank and elements from corrosion.

		MSRP
CM11553	Magnesium - for Atwood ½" NTP .50" dia. 4-½" long/Patented	$19.50
CM11552	Magnesium - for Atwood - Bulk	$18.50
CM11593	Magnesium - for 10-gal Atwood ½" NTP .60" dia. 9.5" long/Patented	$24.00
CM11563	Aluminum - for Suburban (Mor-Flo) ¾" NTP .75" dia. 9-1/2" long	$13.00
CM115621	For Suburban (Mor-Flo) - bulk	$12.00

B



UNIVERSAL T & P VALVE REMOVER

Replace T & P valves faster and more safely. Valve Remover gives you better access to the water heater housing, reducing injuries. Fits Atwood and Suburban (Mor-Flo) water heaters.

CM10552 T & P Valve Remover $18.50

PROFESSIONAL ELEMENT SOCKET

Fits standard 1/2" socket drive to make easy work of replacing screw-in water heater elements. Chrome-plated.

CM09951 Element Socket - Bulk $16.64

C. RV Water Heater Hybrid Heat™

Easily converts any RV LP gas water heater to 120V electricity on demand, helping to conserve propane. Stainless steel heating cartridge heats the water to temperatures ranging from 90° to 150° F. Includes power switch with mounting bracket and adjustable thermostat. Factory preset to 120° F. All necessary power cords and color-coded wire assemblies are included. 15 A/120 V electrical service required for use.

		MSRP
CM11673	6 gallon with 425 Watt Element	$125.50
CM11773	10 gallon with 725 Watt Element	$138.50
CM11674	6 gallon Replacement Element	$25.00
CM11774	10 gallon Replacement Element	$24.50

C

SWITCH FROM PROPANE TO 120 V ELECTRIC ANY TIME WITH THE RV WATER HEATER HYBRID HEAT™

All prices listed are manufacturer's suggested retail

CAMCO

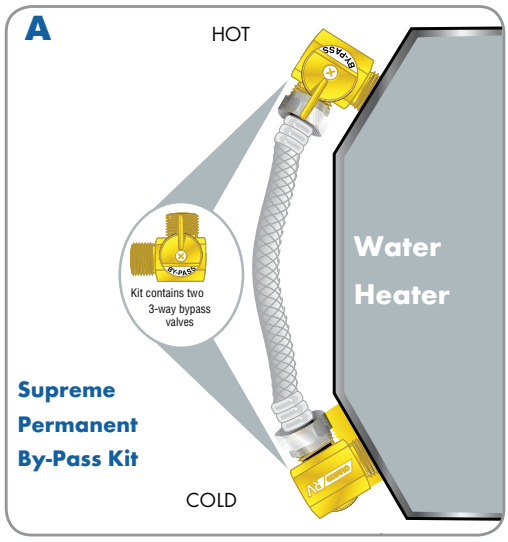
Camco offers a complete line of by-pass kits for a lifetime of durable performance. By-pass kits save antifreeze by allowing your water heater to be bypassed when winterizing.

A

A. Supreme Permanent By-Pass Kit

Simple, permanent installation of this kit reduces the amount of antifreeze required to winterize by bypassing your RV water heater. Save gallons of antifreeze by not filling your water heater with antifreeze when you winterize. Brass valves provide non-restrictive flow. Comes with kink-resistant nylon reinforced hose.

		MSRP
CM35953	With 8" hose for 6 gallon tank	**$27.00**
CM35963	With 12" hose for 10 gallon tank	**$27.00**
CM37463	3-Way by-pass valve replacement	**$13.00**



B

B. Thermocouples

Replace your thermocouple with confidence. Universal thermocouple kits with positioning adapters fit RV gas water heaters and furnaces.

				MSRP
CM09253	12"	universal	kit	**$9.03**
CM09273	18"	universal	kit	**$9.30**
CM09293	24"	universal	kit	**$9.60**
CM09313	30"	universal	kit	**$9.85**
CM09333	36"	universal	kit	**$10.67**
CM09353	48"	universal	kit	**$12.32**

C

C. Gas Leak Detector

Help protect your RV from gas leaks. Gas Leak Detector bubbles at the problem area when gas is escaping.

		MSRP
CM10324	with sprayer 8 oz bottle	**$5.00**
CM10325	with dauber 8 oz bottle	**$4.50**
CM10367	gallon bottle (not shown)	**$18.00**
CM10368	55 gallon drum (not shown)	**CFP**

All prices listed are manufacturer's suggested retail

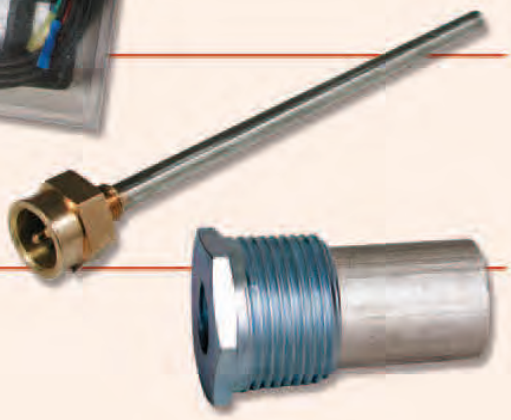
Hott Rod Water Heater Conversion Kit

The most effective conversion kit in the RV aftermarket, the Hott Rod converts your LP hot water heater to an electric operation while keeping your LP system intact. Rated at 400 watts and drawing only 4 amps, the 6 Gallon Hott Rod will provide a faster recouping system and provide free hot water while utilizing a camp site hook up. UL listed and CSA approved, the Hott Rod has a lifetime warranty and typically installs in less than an hour.

***DGR6VP* - 6 Gallon Hott Rod** *119.95 msrp*

***DGR10VP* - 10 Gallon Hott Rod** *139.95 msrp*

PSK1 – Power switch wiring kit. Easy to install, this kit provides an illuminated on/off switch to turn your hot water heater on and off. Includes aluminum bracket, mounting screws and color coded wiring harness and retrofits any existing Hott Rod.
***DGSK1VP* 19.95 msrp**



HR6P2 – Replacement Heating Element for the 6 gallon Hott Rod. ***DGR6P2PB* 54.95 msrp**

HR10P2 – Replacement Heating Element for the 10 gallon Hott Rod. ***DGDGR6P10PB* 64.95 msrp**

SBA34 – 3/4" anode reducer for Suburban water heaters to enhance protection against tank corrosion.
